## WET WEATHER

Too Moist in Atlantic and Gulf Districts, With Drouth In Texas.

NORTHERN CORN IS HOUSED

Late Plant is Maturing Slowly in Up-per Ohio and Missouri Valleys— Smut is Reported in Dakota Spring Wheat—Other Crops.

Wheat—Other Crops.

Washington dispatch: The weekly summary of crop conditions issued by the weather bureau is as follows:

"Except in New England and the northern part of the middle Atlantic states, where in week ended Sept. It are not the middle atlants. It is averaged considerably cooler than under the states, where in week ended Sept. He week being decidedly warm over the greater part of the central valleys, gulf states and eastern Rocky mountain slope. Light to heavy frosts occurred in the Rocky mountain regions and also in North Dakota, the lake region, New England and the norther portion of the middle Atlantic states, but they resulted in no serious injury. A marked feature of the week was the excessive precipitation, accompanied in places by high winds, in the lower Missouri valley, where much damage was done, especially in central and western Missouri and eastern Kansas.

Wet Weather Dose Darrane.

Wat Weather Does Damage.
Wet weather also proved detrimental over a large part of the middle Atlantic states and in portions of the middle Atlantic states and in portions of the provided at the states and in portions of the states. As while drouth continues over portions of Texas. Generally favorable weather prevailed in the central guif states. Tennessee and most of the Ohio valley and middle Atlantic states. Favorable weather also prevailed in California and showers relieved drouth conditions to a greater or less exient in Washington and Oregon.

or less extent in Washington and Oregon.

"While corn has experienced favorable conditions over a large part of
the corn belt, late corn in the upper
Ohlo and Missouri valleys is maturing
slowly and the crop in the lower Missouri valley has suffered seriously
from excessive rains and high winds,
especially in Missouri and Kansas. In
the first-meetioned state a large part
of the crop has been blown down or
badily damaged, much is under water,
and that in shock is beginning to
modd. Over the northern part of the
corn belt from twothirds to threefourths of the crop is now safe from
frost.

courths of the crop is now safe from frost.

"Notwithstanding frequent showers in the spring wheat region, thrashing of spring wheat has been general, shock thrashing in Minnesota being nearly completed. Considerable smut is reported from the Dakotas.

Bail Weevil Gets in Gotton.

"While a slight improvement in the condition of cotion is reported from portions of Louisians and northern Texas, the crop as a whole over most of the belt has experienced little or no change, with a tendency toward deterioration. Premature opening is extensively reported in the eastern and western districts, but only few complaints of this character are re-

## MITCHELL ISSUES CALL TO MINERS

Representatives of Anthracite Districts Are to Assemble at Shamokin.

SIMILAR TO FORMER ACTION

Plan to Formulate Demands, as Was Done Before the Great Strike of 1902, Which Will Be Sent to Op-

Shamokin, Pa., dispatch: President John Mitchell of the United Mineworkers of America has announced that the convention of mineworkers which demands and an announced that the convention of mineworkers which demands are string will be held here on Dec. 14. The mineworkers of the three districts all shortly elect delegates to represent them at the meeting.

The décision to hold a convention was returned of 26°C, when a convention with the convention will expire March 11 net year.

Builds Up Union.

President Mitchell has been in the anthracite region for the last two months holding meetings every day for the purpose of strengthening the union. After the 1902 strike there was a considerable falling off in membership, As a result of the campaign the basiers' leader is waging many of the organization are returning.

Among the demands that the convention will probably formulate are an eight-hour workday for all classes of miseworkers, recognition of the union and a yearly agreement with the coal companies similar to the one existing in some of the bitunious coal fields of the middle west.

coal seids of the middle west.

Pittsbury, Kan, dispatch: The district boars, Kan, dispatch: The district boars, and the workers has voted to be considered by the workers has voted to be compared to the coal pushing wage question and all danger of a strike in this district over that dispute was averied. The operators will pay the miners for the time actually consumed in pushing cars to and from the room to the switch on the main entry.

switch on the main entry.

Illinois Strike Still On.

Springfield, Ill., dispatch: Striking chain-machine miners of the Chicago and Alton subdistrict, who have refused to stand by an agreement entered into between the state execution of the state execution. It is against returning to work despite the advice of President Mitchell and Vice president Lewis of the national organization. An appeal will be made to President Mitchell to intercede.

SAYS HERRICK DID NOT CHEAT.

Ohio Governor's Secretary Brands the Story as Political Falsehood. Cleveland, Ohio, special: Governor Herrick has declined to discuss the re-Herrick has declined to discuss the re-port, that he had cheated his step-mother out of an estate. Judge Gallo-way, the governor's secretary, how-ever, when shown the dispatch assert-ed that the charge was a plair lie. The governor never cheated any-body, he said, and if he follows the advice of his best friends he will put a rosp-to the campaign of libel and vilinfication which is beng conducted by his political fees. Such faisehoods as this should be stopped once and for all.
