American Minister is Delivered Note to Give to France.

Caracas cablegram: The Venezuelan government on Saturday delivered to Mr. Russell, American minister, a note reaffming the willingness of the government to withdraw its note concerning M. Taigny, French charge d'affaires at Caracas, if the French government likewise would recall its request that Venezuela would not treat further with M. Taigny until he applicated for his statement that the French Cable company had been treated unjustly. The note says the government will permit the French Cable company to transmit cables from Caracas and coast offices if the company will undertake to make a satisfactory arrangement with the state of the company will proceed with the execution to the mandate closing the offices of the company.

ADVISES MINERS TO BE FIRM

ADVISES MINERS TO BE FIRM

"Stern Conditions" Should Meet an Attempt to Force Down Wages. Linton, Ind., dispatch: In an address before 18,000 persons from Linton and a dozen near by towns President John Mitchell of the United Mine Workers a dozen near by towns resulent Juin Mitchell of the United Mine Workers urged a stern resistance against any effort for reduction in miners' wazes effort for reduction in miners' wazes.

"So far as my advice can control the actions of the miners there will never be another reduction in wages. It realize that the conditions of the market have an influence on wages, but I believe that the operators are better off when they pay higher wages. A determined resistance should be made against reduction, and any further attempt to force down the scale of wages should be met with stern conditions. I am not satisfied with the present conditions.

SEACOAST FORTS ARE EXPENSIVE

Many Millions Will Be Necessary to Complete Work Under Way.

EXPERIMENT ON FIRE CONTROL

Cost of Actual Construction of Sys-tem Will Probably Exceed the Esti-mate of \$4,263,364—Dependencies Are included in Scheme.

Washington dispatch: Sixteen million dollars will be necessary to complete the engineering work of fortinplete the engineering work of fortinthe engineering work of the forting the states under the Briston of the United
States under the plans of the report of
Brigddier General Alexander Mackentie, chief of engineers. There has already been appropriated for this purpose \$12,693,434. Permanent projects at thirty-one different points have
been adopted, and most of them are
well under way.

The defense of the great lakes and
the St. Lawrence river is under consideration.

The estimate for the completion for

The estimate for the completion fo he coast fortifications does not con The estimate for the completion for the coast fortifications does not contemplate anything more than the projects outlined by the Endicott board. Modern appliances and additional projects which may be adopted by the Taft board, appointed last summer, and the fortifications of the insular possessions, may increase the estimates when additional work is approved by congress.

resumates when additional work is ap-proved by congress.

Over \$4,000,000 is Needed.
It is estimated that \$4,263,364 will be required to put into execution by the engineering department the schemes of the artillery and signal corps for fire control of the seacoast defenses.

"While the general principles of the fire control system have been satisfac-report says." the ctude details, on which costs largely depend, are still in a condition of experimental devel-opment by the artillery, and it is an-ticipated that the cost of actual con-struction will probably largely exceed the above sum when such development is complete."

It is stated that the reconstruction

It is stated that the reconstruction of the works destroyed by the storm of 1900 at Galveston is nearly completed, but the barracks and quarters and other post buildings are unpro-

and outer tected.
Work has been progressing on the fortifications for the defenses of Ma-nila bay and Subig bay, Caba, and on the purchase of sites for fortifications

nits bay and Sung say, Cuck, and on the purchase of sites for fortifications in Hawaii.

The total estimates for fortification works under the engineering depart-ment for the fiscal year 1907 amount to \$11,424.153.

ment for the fiscal year 1907 amount to \$11,243.153.

River and Harbor Estimates.
Expenditures on river and harbor improvements in the United States reached \$22,283.623. This does not include \$2,285.073 under the Mississippi River opminission and \$97,575 and \$10,000 to \$10,0

DEATH OF KINDERGARTEN HEAD

DEATH OF KINDERGARTEN MEAD
Miss Allison, Formerly of Chicage,
Succumbs at Pittsburg.
Pittsburg. Pa. dispatch: Miss
Georgia Allison, for several years
head of the kindergarten schools of
Pittsburg and Allegheny, died Monday at the Mercy hospital from an
operation for appendicitis. Miss Allison was well known in Chicago. She
graduated there some years ago from
the Kindergarten college of Chicago.
Her home was in Decorah, lowa.
Miss Allison was engaged to marry
Guy L. Bayley of Californis, and the
wedding was to have occurred on
Thanksgiving day. She had made out
her list of wedding guests, which included most of her former classmattes
at Chicago; also her teachers.

Vetaran Returns to Congress.

Gen. J. Warren Kelfer will be a motable figure in the coming congress. Like Gen. N. P. Banks and Galusha A. Grow, Gen. Kelfer returns to congress after an absence of twenty years to represent the Springfield, Ohlo district. Like Banks and Grows, he was once speaker of the house. He was so to be seen to be seen and topons and topons than when he presided over the sessions of twenty-two years ago. He was always a conspicuous man and is the more so now because of his white hair and beard, which were taway and brown in the days of his speakership. He clings to the garb of the 'old-time stateman and wears at all times an old-fashioned awalow-tail coat out much like he dress coats of today.

Some doctors said I had blood poison, and others that I had bardered to the medium of the my skin now looks as clear as a baby's, and I tell them sail that Cuticura Solament del It."

Ording of Famous Pen Name.

ment did it."

Origin of Famous Pen Name.
Miss Alice French chose her pen name of Octave Thanet in curious fashion. Octave was the name of one of her schoolmates and was selected because it gives no hint as to whether the person who bears it is a man or a woman. Thanet was adopted from a passing railroad car that Mise French chanced to see and is pronounced with the accent on the second syllable. Born and educated in New England, the writer has lived most of her mature life in the west and in the south, which has made her familiar with widely varying phases of American civilization. Her first magazine story was written shd accepted in 1878.

cepted in 1878.

Compliments Between Statesmen.

When the late Russell Lowell was American minister to England-he one day received from Lord Granville, then foreign secretary, an invitation to dinner. His lordship ladd in his note that he was rash enough to sak, at a comparatively short notice, for the pleasure of the company at dinner of "the most engaged man in London." Mr. Lowell replied: "The most engaged man in London saccepts with the greatest pleasure the kind invitation of the most engaging." Mr. Lowell's phrase. "most engaging." Mr. Lowell's phrase. "most engaging." Selicitiously described Lord Granville when socially inclined, but often as other times would hare been much out of place.

OLD FARNHONED FARE

OLD FASHIONED FARE

Hot Biscuits, Griddin-Cakes, Pies and Puddings.
The food that made the fathers strong is sometimes until for the children under the new conditions that we changing crititation is constantly bringing in. One of Mr. Bryan's neighbors in the great state of Nebraska writes.

sringing in. One of Mr. Bryan's neighbors in the great state of Nebrasks writes:

"I was zaised in the Bouth, where hot biscuits, griddle-cakes, pies and puddings are eaten at amost every meal, and by the time I located in Nebrasks I found myself a sufferer from indigestion and its attendant lilling different seasons and the attendant lilling seasons are supported by day and sleep-leasness at night, loss of desh, impaired memory, etc., etc.
"I was rapidly becoming incapacitated for business, when a valued friend suggested a change in my diet, the abandonment of heavy, rich stuff and the use of Grape-Nuts food. I followed the good advice and shall always be thankful that I die sortened of others, the beneficial effects of the change were apparent in my case almost immediately. My stomach, which had rejected other food for so long, took to Grape-Nuts most kindly; in a day or two my beaches was gone, I began to sleep healthfully and before a week was out the scales showed that my lost weight was coming back. My membry rul. Felt in body and mind. For three years now Grape-Nuts and I am, always insists on having it. It beeps her as healthy and hearty as a they make them." Name given by Focusm Oo.
