The following were summoned as a jury to inquire into the cause of death of Herman C. Pohlman: Wm. Hicks, Harry Schoppe, Rufus Starck, Ed Lytle and M. French. The verdict was "That Herman C. Pohlman came to his death by being thrown from a horse that Mr. Patten is boarding."

Mr. and Mrs. E. Fenton celebrated their golden wedding Saturday Sept. 16, the two old people having traveled life's pathway together for fifty years bearing each others burden, in sickness and in health, and now in their old age still well and contented as can be expected people of their age can be, he being 81 years old, and the bride 70 days. A company of twenty-two people, relatives and friends, came out from Chicago to assist in the festivities, bringing many presents, and friends here added to the number, especially Sutherland Corps, of which Mrs. Fenton is a member. They remembered her with a new washing machine to aid her in her home work. We wish them many more years of wedded bliss.

Death of Herman Pohlman.
Herman Christoph Pohlman, who was accidentally hurt last Friday afternoon, died Saturday morning.
Deceased was the son of Mr. and Mrs. William Pohlman, and was born at Palatine, January 19, 1883. He attended the Palatine public school, and St. Paul's parochial school. He was a young man who was generally esteemed by a large circle of friends.
He had been in the employ of C. H. Patten the last four months, and while riding a horse Friday afternoon when he was thrown. He was picked up and remained unconscious to the end.
To mourn his loss he leaves parents, three sisters and four brothers besides a host of friends.
The funeral was held from St. Paul's church Tuesday afternoon, Rev. Stanger of Barrington officiating, delivering address in both German and English. A quartet consisting of William Mosser, Lizzie Wienske, Margaret Mundtke and Herman Bicknese, rendered appropriate music.
A large concourse of friends gathered to pay a last tribute to their fellow townsman.

We wish to heartily thank all friends and neighbors who assisted us and who offered assistance during the present bereavement and pass of our son and brother.

William Hill will not back in the sunshine of California this winter because his services will be demanded on several contracts here.

Commodore George Otis entertained a party of gentlemen friends Sunday, by giving them a cruise on the racing Fox in his speedy launch.

George H. Comstock is at Portland, Oregon, where he will remain a short time. He will visit other cities on the coast before returning.

Howard Castle and Frank Castle, of Elgin, are champion tennis players of the Elgin-Aurora contest. Both gentlemen are well known here.

L. A. Jones has leased the residence of Henry Gilly, corner Washington and Elm streets, and will soon become a resident of the north side.

Miss Amanda Kampert is teaching at the pretty little school house near the village. The directors of that district have made an excellent selection.

Remember the "measuring party" at the M. E. church tonight. Everyone is cordially invited. Those who did not receive an invitation or a sack will be given a sack at the door.

Chestnut street will be graveled from Elm street to Williams street. A good piece of grading and graveling is about completed on Franklin street from Elm to North Hawley street.

Autumn Leaf Rebekah lodge contemplate holding a country fair in the near future. These fairs have been held in many of the surrounding villages and attracted large patronage.

Barrington was well represented at the races at Libertyville this week. The contests were the best ever witnessed in this section, liberal purses attracting the very best horses from all parts of the country.

Among those from Barrington at the Libertyville races yesterday were Mr. and Mrs. P. A. Hawley, Mr. and Mrs. T. Lamey, Mrs. Carrie Ken, Kendall, Mrs. C. H. Morrison, Miss Hettie Jukes, J. W. Bennett, Herman Schwenn.

Tuesday evening October 3 a n informal reception will be tendered to the members of the Woman's club and their husbands, by the president, Mrs. M. C. McIntosh, at her home on Lake street. The initial meeting of the club will be held at the home of Mrs. Robert Purcell, Thursday October 5.

Edward Hawkins and B. P. Lyons of Chicago were in the village yesterday "looking around," as they said, in the interest of transportation facilities between Wauconda and Chicago via Barrington. Mr. Lyons is of the opinion that an electric line will be constructed through this territory next year. The gentlemen would not state in whose interest they were examining the route selected by Edward Stees two years ago.

Dr. Simmons has removed his dental office furnishings from the Lagelshute block, to Hyman Hawley's residence, which residence he has leased and will occupy after November 1, when Mrs. Simmons will remove here from Chicago.

Sam Landwehr and Charles Hutchinson have established a reputation as house wreckers. They have cleaned up the school-room addition to Zion church was a splendid ad. for the gentlemen. If they are going to follow the "wrecking" business.

Several complaints have been heard relative to the use of the sidewalks by bicycle riders. There is an ordinance prohibiting the use of walks for speedway. A cement walk is a temptation to riders of the wheel, but the wheels are a nuisance to pedestrians.

The assault and battery case of Houghteling vs. Melnick was called before Justice Alverson last Friday evening. L. H. Bennett appeared for the State, Charles Horgan for the defense. A jury was called, and after hearing the evidence of the parties to the cause returned a verdict of no cause of action.

The case of Thistle Commissioner Riley, representing the township of Cuba, vs. William and Joseph Spunier was called for hearing before Justice Alverson last Friday afternoon when the defendants took a change of venue to Justice Kell at Lake Zurich. The case is set for trial tomorrow afternoon. There are numerous witnesses, and the case will be fought on a question of law.

A Primary Sunday School Teachers' Institute will be held in the M. E. church Wednesday, October 11. The institute is for all the primary teachers of the different Sunday Schools of Barrington. Excellent speakers from Chicago will be present and speak concerning the different departments of primary work. All of the primary teachers are urged to be present and avail themselves of the privileges of this institute.

Baptist Rally.
Next Sunday, as noted in these columns last week, will be observed by the Baptist church as Rally day. The day as observed here and elsewhere is devoted to justice the home-coming of those who have been absentees during the vacation days, and the assembling of the church folks for the church forces for the church year which by common consent everywhere, and in all denominations, seems to begin in the fall. The services are as follows:

10:30 a. m. Subject, "The Renewal of Strength."

11:45 a. m. Bible school, a special service and an important one.

6:45 p. m. The Rally service of the young people; Laura Hawk president.

7:30 p. m. Evening service, "The Young Man in Business." The first of a series of talks for young men on "Christ and the Young Man." Special music by the male quartette of the church, both morning and evening. Strangers will be made welcome to all services.

When things go wrong a man goes down town and gets full and a woman goes up stairs and turns on the briny tears.

OUR FREIGHT RATES LOWEST.

Average Little More than One fourth Those of English Railroads.

A recent special to the New York Times from Washington state that reports recently received from the Bureau of Manufactures show some interesting comparisons of the freight rates in Europe and this country. The average freight rate on English roads is nearly 2 cents per ton mile. The average rate here is 1.33 cents. A ton mile of merchandise or live stock costs 2.94. Against these, the figures for the United States are surprisingly small, being 0.58 cent. On German roads it is 1.43 cents; on French 1.35; Austrian 1.16, and Hungarian 1.30.

England's passenger rates per mile on the same classes as cited for the

United States were 4 cents, Germany's 3.8 cents. For their average day's wages workmen can travel as follows: American, 65 miles; British 35, German 53, French 40, Belgian 35, Italian 38, and East Indian 21.

On American roads locomotive engines average 44 a day, English 41.62, Belgian 41.01, French 40.81, German 42.23, British 91 cents, Belgian 72 cts.

Railroad laborers in the United States get from two to four times as much as laborers on foreign roads. Forty per cent of the gross earnings of American railroads go to labor, while only 25 per cent goes to capital. In England labor gets 27 per cent, capital 38 per cent; in Germany the division is equal.

In the last four years American roads paid \$574,000,000 for cars engines etc. The roads were capitalized at \$12,788,000,000, new \$10,000,000,000 on the basis, in 1903, or \$61,269 per mile. English roads that year stood for \$27,474 per mile, German roads for \$104,723, French for \$113,052, Russian for \$76,000, Austrian \$130,475.

PROGRESSING NICELY.

Work Going Forward at Flagler Iron and Steel Company plant.

The question is often asked by people about this vicinity, "What is going on down at the Highlands? Is that new company going to operate the big plant there?"

In answer we will say that the work of remodeling the plant is going forward as rapidly as plans will permit, and that the company will operate the plant as soon as machinery, now being manufactured, can be installed.

The Flagler Iron and Steel company is not a mushroom corporation. It has ample capital, has general offices in the First National Bank building, Chicago, and offered as follows: H. K. Flagler, president; W. P. Dickinson, John Clancy, R. Dorothy, vice presidents; W. R. Dickinson, secretary. It owns the Kewanee iron mines (500 acres proved ore lands), at Republic, Mich., and the big tube and pipe mill at Chicago Highlands, from which will be turned out iron and steel tubular goods, such as tubes for locomotives, marine and stationary boilers; lap and hot welded pipe for steam, water, gas, oil wells, conduit pipe for all purposes where pipe is used.

The Chicago Highlands mill and lands occupy 50 acres, and are directly connected with the Michigan mine by C. & N. W. and C. M. & St. P. railways, the latter operating over the E. J. & E.

The gas furnaces, gas producers and huge traveling cranes are now in course of construction, near completion, and will be placed in position before snow flies.

Much has been done to the big buildings at the Highlands in the way of remodeling, painting, etc.

When the mill starts it will begin on contracts for all tubes and pipe it can produce in ten months, and will be the only tube mill in the middle west. There is not a tube or pipe mill on the Pacific coast.

The outlook is exceedingly bright for the Flagler company, and its prosperity will give a substantial impetus to property interests at the Highlands and in this village.

Yates Week in Cook County.

It is now stated that Former Governor Yates intends to invade Cook county on a speech making campaign in his desire to obtain the seat in the United States Senate held by Shelby M. Cullom. It has been current report that the former governor had little strength in Cook, and that it was likely the state administration would select some other candidate, like General Hamilton, to oppose Cullom in Cook county and let Yates and Cullom fight it out in the country.

For ourselves we are inclined to the idea that Governor Deeneen is strong enough in Cook county to land with most any good man he decides to help in the senatorial race, whether that man be Shelby M. Cullom, Richard Yates, H. J. Hamilton or L. Y. Sherman, and that the Governor will come pretty near naming the next United States Senator.—Harvard Herald.

A Girl's Opinion.

A little school girl is said to have recently made the following rash statement concerning the sterner sex. Her composition was on men, and this is what she says: "Men are what women marry. They drink and smoke and chew and swear, but they never go to church. Perhaps if they were bonnets they would. They are more logical than women and also more zoological. Both men and women have sprung from monkeys, but the women certainly sprung further than the men."

WAUCONDA MENTION.

Succinctly Told by Our Regular Correspondent.

Geo. Block, of Chicago, was a Sunday caller.

Keep your linen dusters and overcoats handy.

Dr. Dienerich, of Chicago, spent Sunday here.

Father Fox, of Barrington, was the guest of Father Wolfe, Sunday.

Miss Agnes Murray has returned from a trip to Denver, Colorado.

Arthur Cooke is again about our streets after a recent severe illness.

Wm. Tidmarsh, Jas. Neville and Henry Davis were Chicago visitors Monday.

Rev. G. C. Clark, of LaGrange, was the guest of Rev. and Mrs. Cross the first of the week.

Miss Lola Hill was the guest of Mr. and Mrs. C. L. Pratt and family Saturday and Sunday.

Our sports looked out for their interests at the races this week—they all returned rich (?)

Dr. and Mrs. L. E. Golding, of Libertyville, spent Sunday with local relatives and friends.

The Misses Winifred Pratt and Lella Glynn spent Saturday and Sunday with Waukegan friends.

Miss Katie Nicholls has been engaged to teach at the Traut district at Freemont Center the coming school year.

F. A. Harrison has purchased the interest of John Golding, in the firm of Golding & Harrison, and will conduct the business under his own name in this future.

Chester Golding returned to Beloit Tuesday to resume his studies at the college. He was accompanied by his brother Earl, who will enter the academy.

The harvest ball given at the Oakland hall last Friday evening was attended by about fifty couples. Good music was in attendance and a fine time is reported by all.

A \$5,000,000 Park.

Plans are about completed for the organization of a \$5,000,000 company to construct and operate an immense amusement park at Ravinia, Ill., a suburb of Chicago. The principal owner will be the Chicago & Milwaukee Electric Railroad, which has at present a track operating through Ravinia to Chicago, and which will be in operation through Zion City by the middle of November.

It was announced that Frank C. Bostock, "the animal king," and proprietor of the most expensive animal shows in the world, will be managing director of the enterprise, and one of the principal owners next to the railroad. Bostock now runs a hippodrome at Blackpool, England, the Paris Hippodrome, and another in Cleveland, and his successful one at Coney Island.

Another New Yorker who will be interested in the park is Daniel V. Arthur, the theatrical manager.

Everybody Enjoyed the Occasion.

The Baptist society held what they termed an "at home," or rally day, at the church parlors Wednesday evening, and it proved a most pleasant and enjoyable affair.

The rooms were prettily decorated with fruits of the harvest and presented an inviting appearance. Music, refreshments, and sociability were the features of the evening.

Creamery Plant Destroyed.

Starting in the boiler room of the plant, fire destroyed the Diamond Lake creamery company plant between 1 and 2 o'clock last Sunday morning.

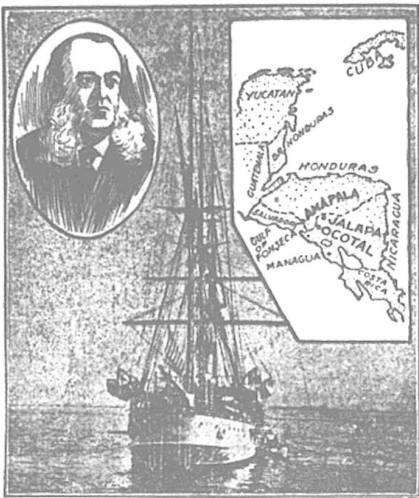

Although all means were used to save the plant, which was equipped with valuable machinery and which has not been long in operation, the flames destroyed the structure completely, the loss amounting to about \$2,000.

H. Knigge, the butter maker, was in charge of the plant. He resided within the confines, and succeeded in rescuing most of his personal effects and the family furniture.

The concern was a co-operative farmers organization, and it is likely that the plant will be rebuilt.

For Sale—A 200 acre farm 11 miles southeast of Barrington. New barn, best dairy farm improvements for 40 cows. Inquire of Miss Eva Castle, Barrington, Ill., or Percer V. Castle, 1030 Chamber of Commerce, Chicago.

STATE DEPARTMENT DECIDES TO INVESTIGATE ALBERS CASE

United States Minister Merry. Map of Nicaragua, Showing Location of Amapala, Ocotlán and Jalapa. United States Gunboat Princeton, Minister Whom It May Convey to Nicaragua and Points to Which He Will Travel to Investigate Alleged Outrage on an American Citizen.

ALBERS DEALT WITH UNJUSTLY.

American Traveler Says Accused Man is in the Right.

It has been decided that a warship shall be sent to one of the Costa Rican ports to convey American Minister Merry northward to the nearest point on the coast of Nicaragua or Honduras to the place where William S. Albers, an American citizen, and his brother are confined pending a trial on the charge of resisting legal process and of insulting the president of Nicaragua.

The gunboat Princeton, now at Panama, is the nearest warship to Ocotlán in the province of Segovia, where Albers is imprisoned. But the last-named town is seventy miles inland over a rough mountain range from the coast and the trail is not passable by any vehicle. Amapala, on the Gulf of Fonseca, on the southern boundary of Honduras, appears to be the nearest port to Ocotlán. The Port Limon company, whose agent Albers was, has sent a lawyer from Philadelphia to Ocotlán to assist in his defense.

Cause of the Trouble.

An American who has been traveling in Central America for the past few months engaged in scientific work, has written a detailed account of the Albers case to friends in Baltimore, which has reached here. He reports as follows:

"The Limon company, of which William S. Albers is the manager, is located at Jalapa, Segovia, near the border of Honduras. This corporation is engaged in gold and silver mining and in raising wheat and tobacco and has made investments in good faith."

"In March, 1905, a company of armed men, alleging that they were sent by the government to confiscate, demanded of Albers that he permit them to enter and carry away his stock of tobacco under seizure."

"Albers replied that he had no contraband tobacco; that he obeyed the law; that he paid the government in full; that he held regular official receipts for all tobacco in his stores."

"He furthermore said that the first man who tried to enter his door would be shot, but that he would permit the leader to inspect the tobacco in order that his assertions might be proved. This was done and no contraband tobacco was found."

Permits Are Refused.

"Following the search of the Limon company's premises, the executive of Managua, the capital of Nicaragua, issued a decree ordering that any one holding tobacco in stock should obtain a permit and that should be fall to this his tobacco would be confiscated, whereupon several Americans holding tobacco applied for the permits and were refused them."

"These American holders, thereupon, arranged to sell their tobacco to the syndicate, with the exception of Albers, but the treatment received from Albers, who had in his place American employees who could have enforced his threats if necessary, caused the syndicate managers to misrepresent and exaggerate the actions of Albers when they reported it to the president."

File Charges Against Them.

"As a result, charges of resistance to authority and violent abuse of the

Schwab's Gently Done Service.

Charles M. Schwab has placed an order for a carved silver-gilt dinner service at a cost of \$150,000. This splendid collection of silver, it is said, will be the finest ever made for a private dining room. It is being manufactured by a firm at Providence, R. I., which makes a specialty of elaborate silverware. With the gold effect the set will make a most striking appearance. Antique lines will be followed in the manufacture and elaborate hand work will be a notable factor in the cost.

Illinois News

SEEK CONTROL OF LEGISLATURE

Illinois Federation Will Place Candidates in Every District.

The convention of the Illinois Federation of Labor, which will convene at Danville Oct. 17, promises to be one of the most important in the history of organized labor in the state.

The question of extending the domain of politics will be brought up for consideration, and James F. Morris of Springfield, secretary treasurer, declares that next year union labor will have a candidate in the field in every legislative district of the state.

In discussing this phase of the question Mr. Morris said:

"The working people of the state have had their eye teeth skinned by the tactics used in both houses of the last session. Had it not been for the assistance given organized labor by the chief executive and the presiding officers of both houses we would have received practically nothing."

"As long as the working people are represented by the champions of railroads and other corporations as they will never get labor legislation."

"I predict the Danville convention will push the matter and that there will be labor candidates next year in every senatorial district of the state."

"We have the votes to select our men without going to the corporations for assistance in choosing the men to represent us in the next legislature."

MAN DIES DENOUNCING SUICIDE

Ends Life After Defining Self-Destruction as Insanity.

After writing the declaration, "I do not believe that a sane and healthy person would commit suicide," Guy Cate, a son of a wealthy grocer of Camp Point, took his own life at the St. James hotel in Quincy, where he had registered as Guy Gates of St. Louis. After writing a note revealing his identity and asking that his father be notified and another saying that he had been driven mad by stomach trouble and was irresponsible for the act to which he felt his mental derangement would drive him, Cate tore the letters into fragments and his identity and the cause of his suicide was a mystery until the tiny scraps were put together. Cate had been employed recently at St. Louis and passed a few days' vacation with members of his family at Camp Point just prior to coming to Quincy to take his life.

DENEEN NAMES ROADS BOARD

Appoints State University President to Highway Commission.

Governor Deneen has appointed Dr. Edward J. James, president of the University of Illinois, Joseph R. Fulkerson of Jerseyville and Dewett W. Smith of Springfield members of the state highway commission. The commission met at the state house and matured plans for the season's work. Governor Deneen also appointed the following to the commission of the Upper Mississippi River Improvement Association, to be held at La Crosse, Wis. Oct. 10 and 11: Frank C. Allen, Moline; C. H. Castle, Quincy; John S. Rober, Alton.

Allege He Got Wrong Mail

United States Deputy Marshal W. D. Mack went to Rochelle and arrested William Wolf, a prominent citizen of the town, who is charged with going to the postoffice there and obtaining mail that was addressed to one George W. Wilson. The letter, it is alleged, was opened by a young woman Wilson was engaged to marry, and the contents are said to have caused the young woman to break the engagement. Wolf gave \$500 bond to appear before the federal court when it convenes here in October.

Yield Confederate Battle Flag

The last remaining Confederate battle flag captured by Illinois regiments in the civil war is to be returned. It now hangs in Memorial hall, Chicago, and was taken by the 8th Illinois from the 12th Virginia cavalry, in April, 1862. Adjutant Harry Lee of Camp No. 8, United Confederate Veterans, will take the flag and send it to the headquarters of the Virginia regiment. It was captured at Poolsville, Md.

Finds \$147 Buried Money

John Attmann, living between Beetham and New Douglas, found \$147 in mutilated currency while digging in a coal house. The bills were rotten but were in good enough condition to insure the possessor getting them redeemed by the treasury department. The finder turned the bills over to a Mrs. N. Cotter of St. Louis, who is a daughter of the deceased former owner of the place.

Plan Soldiers' Monument

A petition was presented to the county board of supervisors by the Citizens of A. R. post asking permission to erect a monument in the court house yard to the soldiers of this vicinity who fell in the civil war. The proposed monument will cost \$1,000 and will be largely paid for by private subscription, twenty men already having pledged \$100 each. Coles county is the home of the famous One Hundred and Twenty-third Illinois Volunteers, General Grant's old regiment.

WINS CUP AT FLOWING MATCH

Cyrus Stark Gains Diploma and Permanent Possession of Emblem.

Politics and politics were mixed with pomp and circumstance at Leonard Wolf's farm, six miles out from Aurora, where the Wheatland Flowing Match association held its twenty-eighth annual session. The question of a champion plowman was decided by selecting a winner in the post-graduate class, and to Cyrus Stark was given the much coveted diploma and the General Andrew Welch cup. Mr. Stark won the same honors last year, and now has permanent possession of the cup.

The plowing match was held early in the afternoon. The women began judging and awarding the honors for culinary art and skill with the needle at the same time, but the large number of entries and the closeness of the competition occupied the time till the middle of the afternoon.

The plowing matches first prize was \$25.00 and second \$10.00. The winners were:

Men's walking plow—Frank Erickson, Du Page township, first; John Erickson, Du Page, second; Morton Fry, Wheatland, third.

Boys under 17, walking plow—Matthew Elpers, Du Page, first; Walter Thomas, Hill, second.

Boys under 17, riding plow—Henry Shoger, Wheatland, first; Henry Lombard, Wheatland, second; Frank Clow, Wheatland, third.

Boys under 17, riding plow—Arthur Shoger, Wheatland, first.

Men's riding plow, single and gang—George Brosman, Wheatland, first; Walter Thomas, Hill, second; Milton Eickelberger, Wheatland, third.

Post graduate class, diploma and cup—Cyrus Stark.

Prize winners class, riding plow—Charles Susemlehl, Wheatland, first; Henry Susemlehl, Wheatland, second; Thomas Quantock, third.

For many of the contests there were a large number of contests offered for every article known to home cooking and home sewing. Nearly 200 ribbons were given out to the successful competitors.

PIKE COUNTY BANK IS CLOSED

Eugene Smith, President, Goes East to Solicit Assistance.

The Barry Exchange bank of Barry, one of the oldest banking houses in Pike county, closed its doors Tuesday and a notice posted on the door announced that it will not reopen.

The failure of the bank, the president of Eugene Smith, the president, who went east to endeavor to straighten out the bank's affairs. Smith assigned all his holdings to W. W. Wilson, a stockholder, and it is expected all the indebtedness, which amounts to about \$100,000, will be paid. The bank was also the owner of the Barry mills and the packing house which was operated by the Hartman Provision Company. It is understood that Smith has gone east to see the Hartman company and endeavor to induce it to assume control of the bank, making house in full in hope of paying all claims in full.

Sunday School Convention

The annual convention of the Sunday school of the Nashville district of the German Evangelical church was held in the church at Cordes. Delegates were present from Centralia, Cordes, Hill, Nashville, Irvington and Cordes. Services in the morning were conducted by Rev. M. Schroeder of Hoyleston. In the afternoon a number of interesting addresses were read. The following officers were elected for the ensuing year: President, M. Schroeder of Hoyleston; vice president, J. W. Gaebe of Cordes; secretary, Miss Bertha Towne of Centralia; treasurer, J. D. Nickel of Nashville. It was decided to hold the convention in Hoyleston next year.

Rose Gunther, aged 12 years, was killed and Albert Guthrie, a farmer, was seriously injured by the explosion of a barrel in a cider mill at Waggoner, ten miles north of Litchfield.

Burglars Rob Jewelry Store

Burglars entered the jewelry store of A. C. Bruce of Cairo, where they stole watches and rings valued at from \$500 to \$700.

Stray Bullet Kills Man

W. O. Bruce of Cairo, who was hit by a stray bullet fired at a negro by George Martin, colored, is dead.

Normal School Attendance

The Eastern Illinois state normal school at Charleston has opened for the fall term with an attendance of 354.

Gets Contents of Gun

John F. Behrensmeier of Quincy, aged 31 years, sent in the bottom of a spring wagon to the marshal of his gun. In passing over a rough place the gun was discharged and he received the contents, from which he survived only a few hours.

General Merchant Is Bankrupt

William H. Eilers, a general merchant of Gillespie, Macoupin county, filed a petition of bankruptcy at Springfield, scheduling his liabilities as \$5,498.89 and his assets as \$5,075.

GET HIGH MASONIC HONORS

Six Members of the Order in Illinois Are Given 33rd Degree.

Six Illinois Free Masons received the thirty-third and highest degree of the Ancient Accepted Scottish Rite from the supreme council for the northern Masonic jurisdiction of the United States in session at Indianapolis. They are J. H. C. Dill, C. H. Morrill, W. L. Sharp, H. Don Platt, J. E. Ingram and S. H. Smith.

Joseph H. C. Dill of Bloomington is the senior of the brethren thus distinguished for long and faithful service to the craft. He was made a Master Mason in 1867, has been an active worker ever since, and since 1893 has been secretary of the grand lodge of Illinois. A. F. & A. M.

Charles H. Morrill is another Master Mason in 1867, and for many years was an active worker in the York rite bodies of Augusta, Ill., and in the Scottish Rite bodies at Quincy, but since 1901 has resided in Chicago.

William L. Sharp has been the presiding officer of the Normal Park chapter, Englewood chapter, and Englewood lodge of perfection, one of the coordinate bodies of Oriental consistory, and is now serving his second term as master of that lodge.

Joseph E. Ingram of Chicago has a similar record in Goussas chapter of Rose Croix, another of the coordinate bodies, and is now for the second time the chapter's presiding officer.

Samuel H. Smith of Chicago, is also a leader in Goussas chapter, but is most widely known as head of Menasha Temple of the Fraternity of the United Order of the Eastern Star, under whose administration that body purchased Old Unity church and, in conjunction with Oriental consistory, established the magnificent quarters now occupied by the two organizations.

VETERANS CHOOSE OFFICERS.

Annual Reunion of 131st Regiment is Held in Kankakee.

The annual reunion of the One Hundred and Thirtieth Illinois Infantry, now in Kankakee, Kan., answered the roll call. At the camp fire addresses were made by Dr. H. D.addock of Chicago, Dr. H. D. Osborne of Kankakee, Ill., and there were recitations by Mrs. George Styles of Moneer and Mrs. Amelia Arnold. Officers were elected as follows: President, John Frith, Watseka; first vice president, John S. Darrough, Watseka; second vice president, Wm. Shortridge, Sheldon; third vice president, F. Frith, Onarga; fourth vice president, C. H. Shively, Chicago; fifth vice president, Garrett Dummerby, Irroquois; secretary and treasurer, H. B. Baldwin, Palatine. A remarkable feature of the reunion is the fact that none of the officers survive.

Bankruptcy Follows Divorce Decree

Mrs. Elka German Brainerd filed a petition in bankruptcy in the office of the clerk of the United States district court at Springfield, scheduled liabilities as \$20,556 and assets \$275. This is a sequel to the bankruptcy proceedings of her husband, Mr. Brainerd, instituted recently, following the granting of a decree of divorce to Mrs. Brainerd in the Sangamon county circuit court.

A voluntary petition was also filed by Robert Padgett, farmer, of Ashland, Cass county, with liabilities of \$2,512 and assets of \$1,652.

Miners Are Killed

Ned Handel was killed, Dan Jenkins suffered fatal injuries and Adam Pfeiffer and Charles Cushing received serious wounds in a coal mine accident at Stonington. The men were working half way down and signaled to be hoisted. The engineer lost control of the hoisting machinery. Two of the men attempted to jump at a landing, while Handel and Cushing were drawn to the top and pinioned by the car.

No More Rewards for Criminals

The Edgar county Board of Supervisors, in session at Paris, voted to do away with all rewards for the apprehension of criminals, the strenuous condition of the county's finances rendering necessary this measure of economy. The board also ordered a special election for October 10 to vote on the question of leasing bonds to discharge the county indebtedness, which now amounts to \$80,000.

Case County W. C. T. U.

The Case county W. C. T. U. elected Mrs. E. M. Dale of Virginia president and Mrs. W. C. Craff of Ashland secretary.

Asylum Has No Locks

The asylum for incurable insane at South Bartonville, is now without locks and bars, the last one having been removed by Superintendent Sells. This is in accordance with a step long in contemplation by Dr. Sells, he having become convinced that more can be accomplished by kindness than by forcible restraint. The inmates now enjoy a large personal liberty, and the effect has been so apparent in a noticeable improvement in their conduct.

U. S. SENATOR TOWNE

Credit Donor's Kidney Pills with a Gratifying Cure.

Hon. Charles A. Towne, ex-U. S. Senator from Minnesota, brilliant orator, clear business man, bristly lawyer, whose national prominence made him a formidable candidate for the presidential nomination in 1904, writes as follows:

"I am glad to endorse Donor's Kidney Pills. The remedy was recommended to me a few months ago when I was feeling miserable; had severe pains in the back; was restless and languid; had a dull headache, and neuralgic pains in the limbs and was otherwise distressed. A few boxes of the pills effectually relieved my ailment and I am glad to acknowledge the benefit I derived."

Sold Rider Haggard.

Rider Haggard heard that a ballet based on "She" was to be produced in Hungary. He wrote for programs and photographs. The reply of the manager was that the illustrious "Herr Author" was dead. Mr. Haggard asked for a denial, but the manager replied that the editors refused to insert it, as they believed it to be an unscrupulous attempt to obtain free advertising for the ballet.

To the housewife who has not yet become acquainted with the new things of everyday use in the market and who is reluctantly minded with the old, we would suggest that a trial of Defiance Cold Water Starch be made at once. Not only is it guaranteed by the manufacturers to be superior to any other starch, but because each little package contains 16 oz., while all the other kinds contain but 4 oz., the lady who uses Defiance Starch will use more. Quality and quantity must win.

Prince of Czár Alexander III.

Stance Paola Trubetzkoy has nearly completed the equestrian statue of Czar Alexander III, on which he has been engaged for several years. Several times he destroyed what he had made and even now he is not satisfied, but the model will have to be finished soon, as the czar is to be cast in the monument in bronze has already arrived in Paris from Milan to take charge of it. Trubetzkoy is the son of a Russian prince, his mother was American and he was born in Italy, where he has spent most of his life. He speaks Italian and English much better than Russian. His work, which betrays the influence of impressionist ideas, is to be placed in front of the Nicol railway station in St. Petersburg.

Faults in College Athletics.

Theoretically a college match provides an opportunity for generous emulation between young men in some form of recreation which they follow for its own sake. This conception is retained in England better than in this country, where the national tendency to make a business of whatever is taken up, works against the best of amateur sport. It is thus that great expenses are felt to be necessary in training; there is a tendency to take professional performances as the standard, and with this goes of necessity a desire for elaborate trappings and the erection of what should be a recreation into a solemn duty of winning. And from this in turn arise most of the troubles which have attended the growth of college athletics.—Hartford (Conn.) Times.

HUNEST PHYSICIAN.

Works with Himself First.

It is a mistake to assume that physicians are always skeptical as to the curative properties of anything else than drugs.

Indeed, the best doctors are those who seek to begin with a little use of drugs as possible and by the use of correct food and drink. A physician writes from Calif. to tell how he made a well man of himself with Nature's remedy:

"Before I came from Europe, where I was born," he says, "I was my custom to take coffee with milk (cane latte) with my morning meal, a small cup (cane noir) after my dinner and two or three additional small cups at my club during the evening meal."

"In time nervous symptoms developed, with pains in the cardiac region, and accompanied by great depression of spirits, hypochondria—in brief, 'the blues'!" I at first tried medicines, but got no relief and at last realized that all my troubles were caused by coffee. I then gave up the use of coffee, substituting English Breakfast Tea.

"The tea seemed to help me at first, but in time the old distressing symptoms returned, and I sought it also, and tried to use milk for my table beverage. This I was compelled however to abandon speedily for, while it relieved the nervousness somewhat, it brought on constipation. Then by a happy inspiration I was led to try U. S. Postum Food Coffee. This was some months ago, and I still use it, with no longer nervousness, nor do I suffer from the pains about the heart, while my 'blues' have left me and life is again a pleasure. I am now able to handle my patients to use 'U. S. Postum' by Postum Co., Battle Creek, Mich."

There's a reason.

O. Remember, 'Tis September.

BY SOLON L. DOODGE.

When you see the sun is sinking in a sea of sickening rays,
And you hear the bull bat's bungle in the beetle haze;
When the butterflies flickering in the fleecy atmosphere
As old katydid keeps kidding of the "yellow and the sore";
O remember,
'Tis September.

When the little pincinnies pick red peppers by the peck
And the butterfly bellows when you look him in the neck;
When the farmers "bug" potatoes with the latest new machines
And the gentle Carrie Nation knocks saloons to smithereens,
O remember,
'Tis September.

When the catbirds' exclamations court contagion from the sky
As the anglers work wonders with the fishermen who lie;
When mosquitoes seed and skelter with their poisoned busy bill
And then sing and stab and sting us until they get their fill,
Please remember
'Tis September.

When you see the sickly sparkle of the f. acillitating dew
And behold the cuckoo cooling and the coon a crooning too;
When the giddy girls go gadding and are looking "just too sweet,"
And the mayor of the Quakers kicks the grafters in the street,
Just remember
'Tis September.

When our rough and ready Teddy takes the toughest trusts in tow
And bull-worm wiggles weakly on the cotton which we grow;
When the jolly Japanese run the F. Russians off the sea,
And it looks a little funny to a man that's up a tree,
Then remember
'Tis September.

A great deal is being said about the New York state girl who faints every time the village band begins to play. There is really nothing strange about that. The wonder is that more people are not similarly affected.

There is one man always deserving of your sympathy and help; that is the poor man unskilled as to trade or profession, who is honestly and laboriously trying to feed and clothe a large family. If you can give such a man work, do so; if he works for you pay him fair wages, and do not make him wait for his money. No more serious problem confronts any man than this. How to feed cloth and educate

a large family of five or six children on average daily earnings of less than a dollar and a half a day.

The report of Grand Sire Wright to the sovereign lodge of Odd Fellows in session at Philadelphia, shows the subordinate lodge membership to be 1,217,145; Rebekah membership 474,659; Exalted Order membership 177,829. It leads all fraternal orders of this or any other country.

Editor Fowler of the Waukegan Sun has entered suit against Editor Just of the Libertyville Independent, and W. E. Davis, Just's father-in-law, for criminal libel, placing his damages at \$20,000. Editor Just ought to be able to pay a small sum like \$20,000 and dwell in unity with Editor Fowler.

The Nunda Herald has purchased a Junior Mergenthaler Linotype machine and now sets more matter than any country weekly in this section. Mr. Healy has made money because he gives the paper his entire attention. He deserves the expensive piece of labor saving machinery now adorning his office.

Get Off Cheap.

He may well think he has got off cheap, who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at the Harrington Pharmacy, guaranteed.

To Number Boxes.

For public convenience and to facilitate a more accurate handling of mail by rural free delivery carriers, it has been decided that each rural mail box in use which, under the regulations of the department, is entitled to service, shall be designated by number. Postmasters have been directed to instruct carriers to review the boxes in use on their routes and to report, on Sept. 26, which of them conform to regulations and are entitled to numbers.

Only those safe, weather-proof metal boxes that conform will be numbered. Others must be replaced with regulation approved boxes. Any tin-smith may make boxes after the stated specifications. Boxes will be numbered consecutively from the first one reached by the carrier. Each owner will be notified of and requested to inscribe their number legibly on his mail box. Boxes subsequently erected will be assigned next consecutive numbers.

Rescind Action.

At a meeting of the Lake County Board of Supervisors held at the county farm, Libertyville, yesterday, action taken at a meeting last Saturday reducing the cost of recording Zion City leases, was rescinded. It was found upon investigation that the Board had no power to make such reduction.

A new cement walk will be built in front of the farm, and the authorities of the village of Libertyville will be asked to extend the water mains past the county property to provide protection against fire.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat or any irritation, better act promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and dust on my lungs; but after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At the Harrington Pharmacy, 50c and \$1.00; guaranteed. Trial bottle free.

Girls, Read This.

We always feel sorry for a girl who is stuck on a fellow who will spend a dollar for ice cream and chocolates and then for a Sunday buggy ride for her on a six dollars a week salary, says an exchange. Somehow, we see visions of barefoot children, a frowsy-headed woman over a wash tub, tin cans for dishes on the table and a combination of corn-cob pipe and a man in the kitchen corner. The young man who lives with his means while he is single, usually has a good bank account after he is married.

Extraordinary Offer.

We will send the Chicago Chronicle daily, except Sunday, and the Review, to any address for one year for \$2.50. The Chronicle is an outspoken Republican paper, complete in all its departments, and carefully edited.

We will only be able to make this offer for a short time, and you should not fail to take advantage of it, and thus secure a daily paper with the local paper at a less cost than the regular price of the daily.

Attacked by a Mob

and beaten, in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve, and in a few days was sound and well. "I use it in my family," writes G. J. Welch, of Tecumseh, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c, at Harrington Pharmacy.

State University Scholarship.

WILMETTE, Sept. 18, '05.
EDITOR REVIEW:—It appears to me that the sons and daughters of my constituents have a right to know at this time that the last General Assembly passed an act authorizing each member of the general assembly to nominate and appoint annually one person of school age, and otherwise eligible from his district who by virtue of the appointment should receive a certificate of scholarship in the state university.

The method of making the appointment is to file with the president of the university on or before the first Saturday in June the name and address of the student named for the scholarship. The candidate must then present himself for examination before the county superintendent of schools in the county where the student resides. The examination is held on the first Saturday in June of each year under rules and regulations provided by the president of the university.

Every applicant must be at least sixteen years of age, and a resident of the county in which the examination is held, and no student who has attended the university shall be eligible to the examination. The student who successfully passes the examination is exempted from the payment of tuition, or any matriculation, term or incidental fee whatever, except for purchase of laboratory supplies and similar fees for supplies and materials, and the privilege is not available in the professional schools.

This law went into effect on the first day of July of this year, and hence was not in force for the annual examination. The practical point to this letter is that Senator Humphrey, Mr. Harlow, Mr. Struckman and myself will each have the right to nominate a person to take the examination next June, and I have thought it fair that the young men and women of the district should be advised on this matter, so that during the current school year they may be preparing for the examination.

Trusting that I may add some worthy young man or woman more easily obtain an education through a free scholarship, I am
Very truly yours,
LOUIS J. PIERSON.
