SALEM CHURCH CELEBRATES

Over \$200 Is Raised at the Golden Jubilee Services for Less Prosperous Churches.

On last Sunday morning a large congregation gathered in the Salem church to attend the jubilee celebration. Rev. E. Busse of the Ashland Ave. Chicago congregation was the speaker of the day.

After the usual song service, prayer and scripture reading and an anthem by the choir, Rev. Busse addressed the congregation. He referred to the long and useful life of Bishop R. Dulis who served the church for fifty years. He referred very touchingly to his own experiences in the past with the Barrington congregation. This congregation, too, has a history of fifty years. Of the charter members of fifty years ago, or nearly so, eight persons are still members of the congregation viz: Mr. and Mrs. H. Lander, Herman Hinkle, Henry Kampert, Mrs. Adeline Bauman, John Lander, G. H. Miller and Mrs. Mary Brandt. Seven Sunday School scholars of fifty years ago were present namely: Henry Elfrink, Louis Elfrink, J. H. Lander, F. H. Frye and wife, Mrs. H. L. Solt and Mrs. Mary Gieske. One object of the meeting was announced as being the raising of a fund to assist some poor congregation in paying for their churches. In about 25 minutes over \$200 was secured in cash and subscription. This has been swelled to \$235 and will no doubt reach the \$250 mark when all have been heard from. Seldom has that amount of money been so cheerfully and freely offered. The meeting was a success in every way and was enjoyed by all who were present.

Barrington, Ill., Nov. 15, '05.
I would like to say that the article on "Coffee" printed in THE REVIEW last week is very true. I have had coffee from every dealer in town and from the wagon man and find that the Barrington 25c coffee beats the wagon man's 25c coffee all to pieces. Have also had better coffee for 20c than the wagon man gives for 25c. A READER.

BARRINGTON LOCALS.

An Entertainment and Social will be given in the Methodist church on Friday evening, November 24th by the Mercy and Help Department of the Epworth League. Everybody is most cordially invited to attend. The admission will be free, but a collection will be taken to assist in the work of the Mercy and Help Department.

Wm. Gooly and Frank Brown, convicted last week of the Farn robbery and torture case, attempted to escape from the Woodstock jail, but owing to the cowardice of one of their confederates, who confessed, the plot was foiled by Deputy Sheriff Wandrak, and instead of gaining their freedom they were at once taken to Joliet to serve indeterminate sentences. Saws were smuggled into them by the aid of a book, and they were caught in the work of sawing their way out.

Northwestern College at Naperville has just recently been remembered by a gift of \$25,000 from Dr. Albert Goldsmith of Chicago. The doctor is well known in Barrington. In addition to this the college has received a gift of \$25,000 from Andrew Carnegie, and the Young People's Alliance is raising another \$25,000. A science hall will be added to the college in the near future.

Stranger Among Strangers.

The noon train from Chicago Tuesday brought a 14-year-old boy just recently arrived from Europe. He was on his way to his uncle in some town which came very near spelling Barrington and the immigration officers at New York wrote his destination on a letter head of the Department of Labor and Commerce and it read Barrington, Ill. The boy could talk neither German or English, and he was a puzzle to Station Agent Powers. Fortunately Charles Dill's barber could talk his language and the facts were ascertained. He was entertained by Mr. Dobrowsky during the night and next morning was taken to Langenhelm to find his uncle, but yesterday morning he came back to this city and was taken in charge by Supervisor Lamey and sent to the Austrian consul at Chicago in care of Marshal Donlea.

LIQUOR DEALERS FACE HOT FIGHT

Anti-Saloon League Plans Local Option Campaign for Illinois.

PROPOSE TO RAISE BIG FUND

Leaders Look to Secure \$100,000 with Which to Carry on the Battle in the Legislature and Say They Can Get Larger Sum.

Peoria, Ill., dispatch: Local option in Illinois and a fight to the finish was the slogan sounded Monday evening at the opening meeting of the Illinois Anti-Saloon League. The Liquor Dealers' Protective Association will be met at every point.

Flushed with success of overthrowing Governor Herrick of Ohio, for which they claim the credit, the national and state officers in attendance at the meeting here declare they will win their fight in Illinois. Plans looking to the raising of \$100,000 to aid the cause will be started at this convention. This is the sum said to have been set aside by the liquor dealers when they met in Peoria several months ago.

"If they increase their fund we will do the same," said National Organizer Baker. "We propose to win this fight and to do it quickly. There will be no middle ground and victory now is almost in sight. We are going into the next state legislature and fight harder than we did last spring and we came pretty close then. We hope to win this time."

Reform Leaders are Lauded. "Thank God for the folks, for the Hanley, for the La Follette and for the Roosevelt of today." This sentiment is the climax of the address by Rev. P. A. Baker of Columbus, Ohio, national superintendent of the Anti-Saloon League. The large audience at the meeting here cheered the meeting of the political reformers with hearty applause.

The speaker called attention to the danger which the liquor dealers are saying that the final success may bring a relapse due to ultra-confidence.

"As ministers of the gospel," said the speaker, "we should teach the people that the final success may bring a relapse due to ultra-confidence. As ministers of the gospel," said the speaker, "we should teach the people that the final success may bring a relapse due to ultra-confidence."

Tells of Ohio Campaign. "Now, as to the Ohio campaign. It was positively a nerve-racking campaign. The tariff and railway legislation, which were looked upon as the probable issues, were cast aside by Secretary Taft in his speech in an Ohio town, when he declared that would not vote to continue the boom in power in Cincinnati. This sounded the keynote for the campaign and the Anti-Saloon Association proceeded to carry out the intention to clear the offices of the objectionable men."

Governor Herrick interfered with the process of the legislature on the local option measure. The Anti-Saloon Association had demanded that Herrick be not nominated, but party leaders cast aside these pleadings and nominated him. They predicted his election by \$2,000. That sounded good, but the moral conscience of the people had not been learned. They had learned that no man is strong enough in himself to defy the people. Election day came around and Herrick was defeated, running from 55,000 to 80,000 behind his ticket."

RESENTS INSULT BY MINISTER

Town Marshal Called a Pumpkin Head

Shapla Parson's Face

Chillicothe, O., special: The village of Frankfort is excited over the sensational encounter between Rev. M. Wilson of the Presbyterian church and Strawder McNeal, who is the marshal of the place. Frankfort is a dry town but there has been a great deal of whisky and beer imported, and in the pulp Rev. M. Wilson blamed the marshal for it. The pastor ordered the marshal to be a pumpkin head and toward for falling to do his duty, and the marshal, who was present, jumped from his seat and called the pastor a liar. A riot was imminent, but the marshal left the church without trouble. Next morning the two men met in front of the postoffice and the marshal signed the minister's face. Hylanders interfered and there were no arrests.

IS NO RESPECTER OF PERSONS

Clark Refuses Roosevelt's Unpaid Message and is Discharged.

Norfolk, Va., dispatch: Because he failed to receive and transmit a message from President Roosevelt to Mrs. Roosevelt during the president's recent southern tour a Western Union night clerk here has been dismissed. The clerk insists he merely carried out the rule not to accept any unpaid messages, but the explanation is not accepted by the officials of the telephone company.

A GIANT LAID LOW.

Crippled and Made Ill by Awful Kidney Disorders.

John Forsyth, fruit raiser, Webster, N. Y., says: "I used to lift railroad ties easily but wrenched my back and began to suffer with backache and kidney trouble. I neglected it until one day a twinge felled me like a log and made me crawl on hands and knees. I was so crippled for a time that I could not walk without sticks, had headaches and dizzy spells and the kidney secretions were muddy and full of brick-dust sediment. Doan's Kidney Pills made the pain disappear and corrected the urinary trouble. I have felt better ever since." Sold by all dealers. 50 cents a box. Foster-McBurg Co., Buffalo, N. Y.

Spread of Steam Power.

In 1845 the world had not a single steamship on the ocean, a single mile of railway and a single spot of telegraph upon the continents or a single foot of cable beneath the ocean. In 1905 it has 18,000 steam vessels, 500,000 miles of railway and more than 1,000,000 miles of land telegraph, while the very continents are bound together in instantaneous communication by more than 100,000 miles of ocean cables and the number of telephone messages sent aggregates 6,000,000,000 annually, and one-half of them in the United States alone.

Defiance Starch

should be in every household, none so clear, bright, and pure for all uses as this. It is the best of all brands of cold water starch.

To read "The World's Work" is to watch modern civilization and the significant happenings in every branch of human endeavor.

All Up-to-Date Housekeepers use Defiance Cold Water Starch, because it is better, easier and more of it for same money.

Have Proved Their Worth.

The campaign undertaken by interested publications to undermine the faith of the people in proprietary medicines has drawn forth the following from a high medical authority: "It must never be forgotten that the interest of the manufacturer is to put out a remedy which is not only meritorious but safe. With a small army of enemies constantly on the alert, ready to seize upon and magnify every unfavorable circumstance, how few are the cases of accident or injury from the use of proprietary medicines. Complaints in regard to the use of such remedies are exceedingly rare and utterly insignificant, in comparison with the amount of harm that millions of people who avail themselves of these remedies."

Theodore Roosevelt's article in the November "Rough Rider" describes "A Wolf Hunt in Oklahoma"—The account of his hunting trip made last April. It deals with an entirely different sort of hunting from that told of in "A Colorado Bear Hunt," which appeared in the October number, for this time, instead of being in the mountains, it is on the broad plains.

Insist on Getting It.

Some grocers say they don't keep Defiance Starch. This is because they have a stock of medical other brands containing only 13 or 14 in a package, while they would be able to sell the same money.

The November Magazine Number of "The Outlook" contains many illustrated articles in addition to the usual historical treatment of the events of the week and editorial comment on political, economic and literary matters.

Potatoes are in great demand, owing to the rot, which has affected the crop so seriously this fall. A jump of 5 and 10c. a bushel in one day is a common thing and the indications are that the tubers will be worth \$150 a bushel by next March.

After a lover's quarrel an Elgin young man sent the girl half a dozen boxes of face powder with a note explaining that he had probably carried away that much on his shoulders, and felt it should be returned to her. Reconciliation is now entirely out of the question.

Judging from the frequency of assaults made upon Americans in Mexico of late, there may be something in the notion that our Latin-American neighbors are getting restless under the growing influence of foreigners in their affairs. The latter day prosperity of all South America has been augmented by the investment of foreign capital, and in Mexico more especially United States capital has been freely expended in railroads and various industries. Commercial jealousy may be at the bottom of the racial hatred which ends in frequent outrages.

Great events often hang upon trifles, and an ingenious story comes from Russia to account for the sudden and mysterious change that came over the peace conference at Portsmouth. White says that the American mosquito made him so anxious to quit the country that he agreed to anything in order to get away and the Japs finally came to his terms for the same reason.

Washington hotel men expected a crowd of 500 or 800 bankers at the convention of the American Bankers' association held recently in that city and, figuratively, stood on their heads when they were asked to give accommodations to over 4,000. Seldom do landlords make a mistake on that side in sizing up a bank roll. Usually it is too small to fit their imagination.

The steamer Hobdian, which escaped from the harbor of St. Pierre through blasts of flame and showers of burning ashes when Mount Pelee burst forth in eruption, has been wrecked and abandoned on the desolate coast of eastern Siberia. Here is a chance for some poet to depict in thrilling measures the irony or the kindness of fate, whichever way he looks at it.

International Live Stock Show at Chicago, Dec. 24 to 28th.

The International Live Stock Show opens this year under conditions more favorable than ever. The Coliseum, a handsome new structure built for this purpose, will be complete and used for the first time.

The display of live stock is to be so complete that it promises to even excel the perfection of former years.

Professor Herbert W. Munford of Illinois is quoted in the following short but pithy comment on the International:

"It is at the International that breeders and buyers mingle and to mutual advantage. The breeder becomes better informed as to approved market types, and thus the International becomes a potent factor in giving direction to the breeders' efforts toward live stock improvement." Low rates over the North-Western Line from all points west will be announced soon.

There will be a series of "Popular Monday Evening Lectures" in the Methodist church, to which everybody is most cordially invited. Preceding each lecture there will be a short musical program. The admission will be free but a collection will be taken each evening to defray the expenses of the lecture course.

Mother's Meetings

A great deal of interest is being taken in the Mother's Meetings, held each Wednesday afternoon at the Barrington School.

The purpose of these Mother's Meetings is to bring the home and school into a closer and more helpful relationship. We aim at a better knowledge of the child, in order that his development in the home and school may be more wisely determined.

The meetings with a few exceptions, will be held on the first Wednesday of each month in the Assembly Room of the Public School Building, at 3:30 p. m.

We hope that each mother, realizing what her help means to the child and to those who deal daily with her child or children, will consider it her duty to attend, and, setting aside these dates, will make a strenuous effort to do so.
