## PALATINE LOCAL NEWS

Gathered and Compiled by A. G. Smith, Local Editor.

Mrs. Jaeger expects to move to Chicago to reside.

Remember the prize masquerade to be given by Palatine Camp 6365, M. W. A., on February 17th.

Miss Bessie Pliny has decided to work in Chicago having secured a position with Armour & Co.

The Court of Honor will install officers, initiate some candidates, and enjoy a lunch at their meeting Saturday night.

The medicine show is drawing good crowds and money each night. One would think the country was apt to be filled by the number who appear to be ill.

Dr. Wood writes that he and his wife arrived in Los Angeles, Cal., after a pleasant trip and are enjoying life at Long Beach where they are having pleasant summer weather.

A new company is circulating a petition in Arlington Heights to run through that village with an electric railway. The company is incorporated and the parties interested men of wealth. The road will go as far west as Barrington and perhaps from there north to the lake resorts.

### Mrs. Lyman Peck

Mrs. Lyman Peck was born near Elmira, N. Y. December 12, 1829. On June 29, 1850 she married in New York state to Lyman Peck. In 1855 they came west, settling in Schaumburg, Ill. where they lived three years and from there went to Bloomingdale, Ill. In 1861 they moved to Palatine where they have since resided. She died at the home of her daughter, Mrs. Warren Taylor in Chicago, where she had gone for better care in her illness, on January 16, 1905.

Beside the husband she leaves two daughters, Mrs. Taylor and Mrs. Wm. Nason to mourn her departure. The funeral service was held at the Methodist church last week Thursday and the remains were laid to rest in Hillside cemetery. Mrs. Peck was an exceptionally kind hearted woman, generous and neighborly. She was uncomplaining in illness and her thoughts were always for the comfort of those about her.

### Caught the Housewives.

People of Palatine are fond of resting their weary bones on a downy bed of feathers and resting their weary heads on pillows filled with the same material so when two smooth faced, healthy looking fellows went around to the good housewives a few days since offering to renovate their feathers and exhibiting bottles of down they were readily given the ticks and pillows to make into downy beds of ease.

The fellows would ask to inspect the feather beds or pillows on upon receiving same would thrust a hand into the feathers and in the first draw would show the owner a worm of the dreaded moth tribe. They were well supplied with these worms and never failed to make one appear with the feathers. This was enough for the women. The feathers must be cleaned and away went the fellow to renovate them. They were taken to an empty barn which had been rented and here they opened the casings, helped themselves to a few feathers sew up the ticks with an old sewing machine they had purchased and returned the feathers "a little short of weight owing to the refuse taken out" and after giving thanks for money received went forth to seek more victims. The sewing machine when running sounded like a renegade and was the only machine the fellows had.

After two days of business they hired a lively rig, forgetting a two week's board bill, and drove to Arlington Heights where they left the team, for which the liveriesman was truly thankful. It won't be feathers next time but plenty will be caught just the same, whatever is presented to them.

### About Reached the Limit

According to prominent creamery men, members of the Elgin board of trade, butter has about reached the highest point to which it will go this season, the indications being that the output will steadily increase from now on and the price will lower correspondingly. Dairy men say that the scarcity of butter and its high price is natural for the season, and they look for an early change in the market. Reports from the other markets say that receipts are steadily increasing, and that there is a ready sale for all offerings. The same is true of the Elgin market, except that from now on there will probably be an increase in production.

ing, and that there is a ready sale for all offerings. The same is true of the Elgin market, except that from now on there will probably be an increase in production.

At a meeting of the Illinois County and Probate Judges' association, held at Springfield, Tuesday, Judge C. S. Cutting of Cook county and Judge D. L. Jones of Lake county were elected vice-presidents of the association.

### Called Before Judge Mack

Justice of the Peace Gould of township of Barrington, south section, had an interview with one of the judges of the Cook county courts the other day. A case was brought before Justice Gould and the summons made returnable at 8 o'clock a.m. The defendant resided in Chicago and to reach the court of Justice Gould at such an early hour was impossible.

It was shown that the justice rendered a judgment at the hour of 9 o'clock sharp.

Judge Mack cited the justice to appear and show cause why he conducted his court work so promptly as to shut out the defendant. A reprimand was administered.

### DEATH OF A PIONEER

Mrs. Catherine Dunn of Cary Deceased this Life Aged 76 Years.

Mrs. Catherine Dunn, a pioneer of McHenry county, passed away at her home at Cary Station, Saturday evening, January 21st. She had been in feeble health for a number of years and her death resulted from a complication of diseases.

Catherine Keenan was born in County Meath, Ireland, March 1, 1829 and was married to Dennis Dunn in the month of April 1850. Shortly after their marriage Mr. and Mrs. Dunn emigrated to this country locating in the state of Pennsylvania where Mr. Dunn secured employment as a miner. Later they came west and took up their home at Cary Station. The Chicago & North-Western Railway had just completed its line to Harvard and Mr. Dunn accepted a position with the company, taking charge of the fuel and water supply for locomotives at that point, and continued in the service 23 years when he retired to engage in farming. He departed this life February 20, 1902.

Mrs. Dunn was a loving wife, an affectionate and kind mother and a devoted member of St. Ann's church of this village.

Five sons and one daughter survive, Dennis, John and Joseph Dunn of Cary Station; Thomas Dunn of Des Plaines, all of whom hold responsible positions with the C. & N. W. Ry., and James Dunn, who has been an officer on the Chicago police force for a number of years past; Mrs. James Neely, of Cary Station, the only daughter, who was a great comfort to the mother in her declining years, sacrificed many pleasures so that she might attend to her every need.

The remains were brought here for burial Tuesday. Funeral services were held in St. Ann's church, Rev. J. F. Quinn of Woodstock, assisted by Father Linden of Des Plaines, celebrated a regular high mass which was attended by a large concourse of friends and neighbors from Cary Station.

Interment in Evergreen cemetery.

### E. F. E. Club Entertained

Miss Jennie Lins had the pleasure of entertaining the E. F. E. C. January 20. The club is composed of a number of bright, pretty girls who are diligently studying "The Year of Wakefield," and under the capable management of their president, Miss Bernice Hawley, are gaining a most thorough acquaintance with that delightful English classic.

The girls were so commended for their energy and enterprise in keeping up an organization for the promotion of knowledge of the best literature. Two often girls, when liberated from the trammels of school life, are so delighted with their new liberty that they proceed, as fast as they can, to forget all they ever knew.

The object of the E. F. E. C. is evidently to guard against such a lapse, and the knowledge, both social and literary, thus gained will be a lasting benefit, besides the enjoyment these meetings incidentally bring to entertained and entertainer.

Elgin is in the clutches of the grip. Hundreds are undergoing the tortures of the disease which saps strength and vitality. The man, woman or child who has escaped the germs is to be congratulated and should observe unusual care not to expose him- or herself to the severity of the weather. The grip this season seems to attack its victims in a vicious manner and physicians say their patients are completely prostrated.

Arthur Smith of Cary and Miss Edith Smith of Nunda, were united in marriage at the home of the groom's parents in Cary last evening. The ceremony was performed by Rev. H. H. Mr. and Mrs. Smith will make their home at Cary on their return from a short wedding trip.

Howard A. Sporgie, who was assistant states attorney under Charles S. Deenen, may be an excellent lawyer, but if he is correctly quoted in the Sunday Record Herald, he is a little rusty as to justice court practice in Cook county. According to the gentleman "venal justices are located at Des Plaines, Glenview and Barrington," and they are growing fat on the pockets of the people to them by Chicago collection agents. Such might have been the state of affairs some time ago but now the position of rural justice is an empty honor.

It is said the Chicago & North-Western Ry. will extend its new line on the Milwaukee division, north from Lake Bluff to Milwaukee, the object being to run through trains between the two cities without a stop. Surveyors are now at work near Waukegan on the proposed extension.

### Thursday Club

The pleasant home of Mrs. Emily Hawley was thrown open Thursday afternoon to a large company of club members and congenial friends.

The occasion was one of great pleasure and was enjoyed by all as only a company of merry people can enjoy themselves. Flowers abounded in profusion and the decorations were of pink, white and green.

The usual form of program was carried out after which "Happy Recollections" were related in a very vivid manner by members of the club. This was followed by a contest game entitled "Menu" and the prize for the most correct answers being awarded to Miss Laura Sparger.

### TO REVISE THE LAW

Bill Proposed to Change Jurisdiction of Cook County Justices.

The better element of the Chicago bar association and a host of business men of that city are sponsors for a bill in preparation to be presented to the legislature which, should it become a law, would change the jurisdiction of police magistrates and justices of the peace in Cook county.

The bill has many good features and is necessary. Those responsible for the necessity of such a bill are the throat lawyers, unprincipled collection agents, dishonest constables grasping loan sharks of the city, and last, but by no means least, justices and police magistrates of outlying towns in the county who have sacrificed their honor (if they ever had any) for the almighty dollar.

The promoters of the bill have a cause. They have an overabundance of evidence to substantiate their case. The principal and perhaps the main abuses complained of are the fee system and the countless jurisdiction of the justices. The people of Cook county have been harried almost to death for thirty years by a law which gives every justice jurisdiction over the whole county.

It has been in the power of anybody to get a judgment against any busy man for \$200 by suing him in a justice court 40 miles away and five miles from any railroad; because it would cost the defendant that amount to fight the case.

The proposed bill is to revise the law and give justices jurisdiction only in the "district," or township in which they reside and are elected. The bill if passed will also take the title of "justice of the peace" from the police magistrates and give them jurisdiction over police courts of their respective villages only.

Not a few of the unprincipled attorneys and constables who have lied the badists to gain a judgment, and immediate execution from the rural justice will find their fat pickings cut off.

The story is going the rounds of the politicians in the state that Yates, appointees will not be disturbed in their office holdings during the next two years and the appointees are hoping it's true.

### Not a Ghost of a Show

The Chicago Inter-Ocean says: "There is not a ghost of a show for the passage of the primary election bill prepared by the sub-committee of the republican state committee when it is introduced in the legislature. The only question will be who can get at it first with knife and axe, or club. In its present form the state committee bill seems to please no one. The sub-committee that drew the bill proposes to have the present primary law in Chicago practically introduced. The country members will not consent to this. They say that if the rest of the state must accept direct primary, so will Chicago. If there be any primary law at all enacted, it will bear but little resemblance to the state committee bill."
