BARRINGTON, ILLINOIS, FRIDAY, APRIL 20, 1906.

The Pride of the Pacific Coast is Visited by an Earthquake, Followed by Fire.

San Francisco, California, is in ruins. Early Wednesday morning the city of 412,000 souls was rocked like a cradle by an earthquake. Building after building collapsed, burying thousands. The fire which started wiped out three-fourths of the city, sparing neither the mansions of the rich or the hovels of the poor.

Three Barrington families are anxiously awaiting the time when telegraph messages can be sent to the stricken city. W. Welch's mother, sister, brother and other relatives reside in the ruined city, L. A. Jones has a son there, and Mrs. Geo. Wagner's brother was spending the winter there.

The choir rendered an Easter an-them in the evening. For the use of this anthem we are particularly in-debted to Prof. Stackman.

The "Necessity of Christ's Resur-rection" was the theme of the paster's address in the forenoon, and a large audience listened attentively.

Tuesday evening of each week is the regularly chosen time for prayer-meeting. Those exercising in the German meet on Wednesday evening.

"The Unreasonableness of Urbellein the Resurrection" was the theme of the eyening sermon. The attendance was yety good. Glad to see so many strangers attend so regularly.

By a two-thirds vote the time of campmenting was changed from the last week in June to the last week in August. This will no doubt accom-modate many of our farming commu-nities who have found it almost im-possible to leave their work in June.

# THE OLD BOARD GOES BACK

Exciting Village Election Held in Barrington Tuesday florning.

The election on Tuesday proved a most interesting one, and the result demonstrated the fact that some lively husting was done on that day, as well'as previous to that time. Good men were up on both tickets, but the old members were returned to office by the following rote:

PEOPLE'S NOMINATION TICKET.

FOR TIGHT OF THE CONTROL OF PARTY 188, FOR TRUSTEE—Henry Donles, 188, FOR TRUSTEE—HENRY DESCRIPTION OF THE CONTROL OF THE

It was clearly a contest of those favoring granting license to sell liquor in the secretary content of the secretary content in the secre for the principle of the thing, and they ran a good race. The result would indicate that the people of Barrington thought they had to choose between two good sets of men, and gave the experienced men the preference.
