CASH DEPARTMENT STORE
DUNDEE, ILLINOIS

Millinery Opening

Wednesday, 23th, Thursday, 27th

Our Millinery Opening is for You.

We do not urge or encourage buying. Our one idea is to show lady customers the new styles. For these two days the young women of our Millinery Department will do nothing but exhibit and explain fall fashions. Seeing what we have, you will know better what you want. All our goods are plainly marked, and you get an idea of prices which, when you do buy, will be helpful. Stray fashions for at least a part of one of these days.

Our Motto: Reasonable Prices and Prompt Service

An Engine Without An Engineer.

An I. H. C. Gasoline Engine

does not require an engineer to run it. It is so simple and practical in construction that it requires very little attention and is easily operated by anyone.

An I. H. C. Gasoline Engine

runs smoothly and produces more power than rated. It is very economical in the use of fuel, consuming less per horse power than any other engine of the same rated capacity.

An I. H. C. Gasoline Engine

is a wise investment. It saves time and money, and increases your profit as a result of the increased production. No progressive farmer can afford to be without an I. H. C. engine. There is one to fit your special need.

Made in the following styles and sizes:

Vertical—2, 3 and 5 horse power.

Horizontal—4, 6, 8, 10, 12 and 15 horse power.

Portable—4, 6, 8, 10, 12 and 15 horse power.

Call and examine an I. H. C. gasoline engine and see for yourself the merits of this engine.

We also handle a full line of Deering Mowers and Binders and Weber Wagons, in fact everything the farmer wants on the farm. Call and examine our stock and be convinced that we are up-to-date implement dealers.

PROUTY & JENCKS.

To Every Boy or Girl
