EVELYN IN COLLAPSE

RUMOR PREVALENT THAT MRS

HUMMEL MAY BE INDICTED

Faces Prosecution for Perjury-Closing of the Case Delayed— Thaw Sends Moncy to Flood Sufferers.

New York.—Reports that Mrs. Eve-lyn Nesbit Thaw has collapsed and that Abe Hummel faces prosecution for perjury as a result of his testi-mony about the amdavit accusing Harry Thaw of cruelty toward Evelyn were prevalent Tuesday. Little defi-uitle information on either report could be gleaned, but it appeared certain that the woman who bared her inner-most life to save her husband had broken down after showing unusual fortitude in the ordeals of the witness stand.

It is rumored Attorney Delmas will begin proceedings to have Hummel indicted for perjury on his testimony. Hummel's criminal record will also be used to discredit his reliability as witness.

be used to discredit his reliability as a witness.

By prolonging his cross-examination of one of the seven alients introduced by the defense to testify that Harry K. Thaw was insane when he shot and killed Stanford White, District Attorney Jerome made it impossible for the defense to finally close its case Tuesday.

Pittaburg, Pa.—Mayor George W. Guthrie, of this city, received a letter from Harry K. Thaw Tuesday in which a check for \$100 was inclosed to sid persons suffering from the flood of last week.

week. The mayor replied that no fund had been raised in Pittsburg but that one had been raised in Allegheny, and asked what disposition should be made of the money.

Honduras and Balvador.

Puetto Cortez, Honduras, via New Orieans—A turn of sinister and wide-spread s'gnificance was given to the Central American war Tuesday by the finding, on the persons of captured Nicaraguan soldiers, of proclamations promising them the loot of the first cities which they can capture in both Honduras and Salvador.

This proclamation at once amounted to a practical decidence of the control of the contr

GREAT BOOM IN JOLIET

Public Improvements and New Indu tries Make a Big Demand for La-bor, and Growth In Population Makes a Demand for Houses.

Last fall the mills of Joliet demanded 2,000 additional men. Business was greatly hampered by the lack of employes. The business men of Joliet were uncertain how to get the required help, but by judicious advertising succeeded in supplying the want. Now comes the demand for more places for the people to live in; more houses, more, apartments. Not-withstanding the healthy growth of the city in the last few years there is a scarcity of "bediess." This is the The latest industrial development is the determination of the United States Steel corporation to construct 400 coke ovens at Joliet so as to supply coke direct to the great steel plant and to utilize the gas from coke manufacture in generating steam and for other uses. The steel plant employs over 3,000 men, and produces 6,000 tons of steel daily. The construction of the coke ovens will require hundreds more workmen, and when they are in operation many men must be employed to tend them. All these men must have homes.

The work of track elevation in Johiet is going rapidly forward. The temploy of the deep men must have homes.

When "Bull Run" Russell, who dled a short time ago, was with the German army in 1570 he reported a long interview with the crown prince (Frederick), some expressions in which gave bmbrage to Bismarck. Bismarck sent-for him, lost his temper and said: "I suppose you couldn't resist showing your importance by reporting all that that 'dunderhead' confided to you?" Russell replied: "Your excellency knows that I always respect confidences; there is much that you have said to me yourself that I have not reported." Bismarck: "Pout!" Anything I say to you you may baw! from the top of St. Pail's. "I thank your excellency; said Russell. "I shall such at your services of the premission to eccord your opinion of the crown prince."
