## Just What You Can Do

WITH

# LIQUID VENEER

Remember, Liquid Veneer is not a furniture polish; neither is it a varnish, but a carefully and scientifically prepared article that acts as a food for the varnish or stain.

It is the only preparation on earth that will remove tarnish and that very undesirable bluish discoloration which often appears on **PIANOS** and other highly polished furniture. It may be used to excellent advantage on picture frames and mouldings, for it will remove every particle of dust and smoke, take off every particle of dust and smoke, take off every fly speck, and bring back all the original luster.

It may be used on **WHITE FURNITURE** without the least danger of discoloring it; on the contrary it will clean and restore it to its former spotless appearance.

**INK STAINS** OFFICE DESKS, ENCASEMENTS and BOOK-CASES may be freed from ink stains and made to shine, if the stains have not become too deeply imbedded in the grain of the wood. **HARDWOOD FLOORS, MANTELS, STAIR BALUSTRADES** and all **INTERIOR WOODWORK** may be easily and quickly cleaned. It removes grease instantly. Gas fixtures and chandeliers may be made bright and clean. It is positively the finest thing in the world for cleaning and polishing **AUTOMOBILES** and **CARTRIDGES**. It will make the enameled parts of a **BICYCLE** look like new.

We now come to another use of this great discovery for which it is simply invaluable and which alone should commend it to every cleanly and intelligent housekeeper. We refer to the work of dusting. Everyone knows that a feather duster or a dry cloth not only scratches furniture but merely removes dust from one article to scatter it through the atmosphere of a room until it is finally deposited on another. Avoid all this trouble by getting into the habit of giving your dusting with a cloth slightly moistened with **LIQUID VENEER**.

## Barrington Local Happenings Told in Short Paragraphs

### Let Something Good Be Said.

When over the fair fame of friend or foe—  
The shadow of disgrace shall fall instead  
Of words of blame, or proof of thine and so,  
Let something good be said.

Forget not that no fellow-being yet  
May fall so low but love may lift his head:  
Even the cheek of shame with tears is wet,  
If something good be said.

No generous heart may vainly turn aside  
In ways of sympathy; no soul so dead  
But may awaken strong and glorified,  
If something good be said.

And so I charge ye, by the thorn-crown,  
And by the cross on which the Savior died,  
And by your own souls' hope of fair renown  
Let something good be said!
