The HOLSMAN Automobile

PERFECT IN CONSTRUCTION, CHEAP IN PRICE and COST OF OPERATING
When you see the HOLSMAN machine it will make you its friend at once
for these reasons:

1. Solid tires, admitting of no punctures.
2. Air cooled. No water to contend with, or broken jackets which occur in
Dusty weather.
3. No live axles.
4. No transmission gears.
5. No drive gears.
6. No speed gears, in fact, not any gears to contend with. No clutches. The
machine rides as easy as the best made carriage and is controlled by two
simple hand levers. Is started, guided, stopped, speeded, reversed and fully
controlled by these two simple levers.

Should you have a breakdown, repairs are quickly secured. However, the
chances of a breakdown are slim in a Holman.
Write me for catalog and descriptive matter.

J. W. Burkitt, Arlington Heights, Ill.

N. B. I'll be pleased to give you a spin in my car and show you the advan-
tages of a Holman. It won't cost you anything. I also have the agency for
the Rotary Shuttle Standard Sewing Machine, the best thing in this line on
the market. Let the ladies come in my place and let me show them.

The Knockers

This town is full of people.
They live on every block.
Who carry little hammers
With which they knock, knock, knock.

They know all the latest scandal
And as regular as a clock
They size the fairest chance they get
To knock, knock, knock.

They knock other people's business
When they can't tend to their own,
And even knock among themselves
Like two dogs o'er a bone.

They knock their neighbors and their friends,
They knock the church and state,
But when they knock at Heaven's door
They'll find they are to late.

The knockers are the meanest men
That live beneath the sun,
Their heads are swelled, their brains have shrunk,
But their tongues forever run.

Some enterprising merchant
In this town should get a stock
Of second handed hammers
For those who always knock.

They could wear them every day
To give their face a saintly cast,
And could trade them off for ear muffs
When election time is past.

—Houghtaling.

"Pneumonia's Deadly Work

had so seriously affected my right
lung," writes Mrs. Fannie Conner, of
Rural Route 1, Georgetown, Tenn.,
"that I coughed continuously night
and day and the neighbors' prediction
—consumption seemed inevitable,
until my husband brought home a bot-
tle of Dr. King's New Discovery,
which in my case proved to be the only
real cough cure and restorer of weak,
sore lungs." When all other remedies
utterly fail, you may still win in the
battle against lung and throat troubles
