Rash Covered Face and Feet—Would Cry Until Tired Out—Speedy Cure by Cuticura.

"My baby was about nine months old when she had rash on her face and feet. Her feet seemed to irritate her most, especially nights. They would cause her to be broken in her rest, and sometimes she would cry until she was tirred out. I had heard of so many cures by the Cutteurs Remedies that I thought I would give them a trial. The improvement was noticeable in a few hours, and before I had used one box of the Cutteurs Oliment her feet were well and have never troubled her since. I also used it to remove what made and would like a charm, as it cleansed and would like a charm, as it.

You Will Prosper in the Southwest

If you purchase a farm now, while the land is cheap, you will soon see grow up around you a community of properous, energetic men, who, like yourself, have seen the possibilities of the Southwestern farmer, and have taken advantage of them. This very condition, which is rapidly forming all over the Southwest, makes the value of land increase rapidly, to the certain profit of those who own it. The Southwest will be as well settled in a few short years as the older States are today, and those who see that condition now will have cause to repote them.

Proportion of Security, 3 to 1 with Rising Values

Due serially from three to thirteen years. Interest payable semi-annually at The American Trust & Savings Bank, Chicago.

Issued by the Denver Reservoir Irrigation Co., Having A ROCKY MOUNTAIN WATER SUPPLY

The Company owns eight reservoirs and two very large reservoir sites (the larger to be completed at once), thus storing water for use late in the season.

It is a very and late water, for which there is almost unlimited demand, besides stored water to be successful to the company. The desired is monoitately north of the city of Denver, the capital of the State of Colorado, a city of southern for monetage on all of the property, canals, reservoir. The bonds are secured, fire growing to the property, canals, reservoir, also, by collateral security in the sum of mortgage liens deposited with The American Trust & Savings Bank, Chicago, water, on larm lands to secure deferred payments for a perpetual supply of reservoir water agregating one and one-quantum three than mortgage are estimated worth three times the amount of the bonds.

The lands thus mortgage are estimated worth three times the amount of the bonds and rapidly increasing in value.

Hon. Eleved Mead, Chief Irrigation Expert of the Department of Agricalture, Washington, has examined these properties at our request, We quote from him as follows:

"In conclusion, it is my conviction that this Company has an assured supply; that it has an assured market for water, and that the price which can be obtained for water makes its securities an absolutely sale investment and the enterprise one having every promise of a handsome return for its owners."
