A Reform Sirocco Has Struck Wide-Open Shanghai

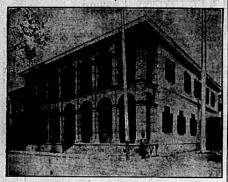

(Copyright, 1997, by Joseph B. Sewies.)

Shanghai, China. — The greatest importal sensation at present agitating the cent is not being craised by a missionary, but by an officer of the United States government, Judge L. R. Willier of the new circuit court for China. With the majority of foreigners resident is port cities, Judge Willier is today probably more unpopular, even, than it is port cities, Judge Willier is today in the missionaries, and for largely the same reason probably more unpopular, even, than are the missionaries, and for largely the same reason probably more unpopular, even, than are the missionaries, and for largely the same reason probably more unpopular, even, the same compilals, is the way of cleaning up the American reputation out here, said improving moral condition, Judge Willier has votupult almost over night.

The shame of Shanghai is laternational; in every part of the civilised world Shanghai is known as a wide-open city. As one resident expressed it: "There is no public sentiment lier." Shanghai is known as a wide-open city. As one resident expressed it: "There is no public sentiment lier." Shanghai is known as a wide-open city. As one resident expressed it: "There is no public sentiment lier." Shanghai is known as a wide-open city. As one resident expressed it: "There is no public sentiment lier." Shanghai is known as a wide-open city. As one resident expressed it: "There is no public sentiment lier." There have a non-induction of the city of the business and to the city of the business and to the vice of Shanghai. The gamblers, paneders, directon consults have had almost a monopoly of the business end of the vice of Shanghai. The gamblers, paneders, directon consults have had here and almost a monopoly of the business and other vice of Shanghai. The gamblers, paneders, directon consults have not. For 69 years, then, the abandoned women of this chief

were quite willing to let America bare the blame for all their mish-harrior.

How Missionaries Wen Unpopularity, a Against this infany missionaries have for year protested and blabored have for year protested and blabored have for years protested and blabored in vain. Bhanghal, like all other tracky ports in China, is an internative of the control o

port of the orient have been claiming, proceeding the protection of the stars and stripes, the protection of the stars and stripes. The result is that nowhere in decent control of the stripes of the control of the cast are the stripes of the control of the cast are the stripes of the control of the cast are the cast of the stripes of the cast are the cast of the cast of the cast of the cast are the cast of the

to, young new who are known thus to have contrarenced a handamontal Anglo-Rance conception of decency? Shall all the accepted traditions of respectable accepts traditions of respectable accepts to handamond in order to win the approval of these young men away from home? Ordinarily, the missionaries decide in the negative. Thus there is a gulf fixed between the two classes of white men in Asia; and so mutual criticism in begotten. In the society which has dominated Bhanghai the hissionary, whatever his standing at home or his personal qualities, has been "personal configure will alter with the newlychainged conditions remains to be seen.

democracy about the tables of chance and mischance. Back of the worst of these feecing schemes were alternated and mischance. Back of the worst of these feecing schemes were alternated was akilifully conducted, Robert E. Lewis, the Young Men's Christian secretary, being one that association secretary, being one production of the control of the contr

by Americans, official and unofficial.

The day after his arrival be calmigrance of the calmigran connect that American layers who expected, to practice in his court must pass examination as to their professional qualifications, and present certificates of their moral character. That would seem an innocent enough procedure, warranted by practices of their moral character. That would seem an innocent enough procedure, warranted by practices of the season of them failed ignominiously to attain an average of 60, out of a possible 106. It is said by those close to the judge that had these men passed the examination, all but one passed the examination, all but one passed the examination. At least one of them is a renegate from the Philippines, and had before felt Judge Williey's hand.

Construction of the season of the season of the way as a sensation for Shanghai. The rejected men had been doing.

ALL THINGS IN PROPORTION.

nvalid's Meal Evidently Had Not In-cressed Good Humpr.

For many weeks the irritable mer-chant had been riveted to his bed by typhold fever. Now he was conva-lescing. He clamored for something to est, declaring that he was stary-

leschig. He camores to bus starying,
to est, declaring that he was starying.

"To-morrow you may have something to est," promised the doctor. The merchant realized that there would be a restraint to his appetite, yet he saw, in vision, a modest, steaming meal placed at his bedaide.

"Here is your dinner," said the nurse next day, as she gave the glowering patient a spoonful of taploca pudding, "and the doctor emphasizes that everything else you do must be in the same proportion."

Two hours later the nurse heard a frantic call from the bed chamber.

"Nurse," breathed the man heapily, "I want to do some reading, bring me a postage stamp."

HAVE CRAZE FOR FORMULA. Smokers Follow Fashions in the Use of Tobacco.

"Make me up a package of tobacco according to the formula used by Edwin Booth," said the man with a southern accent. That is the third man who has saked for that kind of tobacco today," said the dealer, "it is strange that people from remote parts of the country as well as New Yorkers make a fad of buying the same brand of tobacco that Booth smoked. And it tan't always the Booth smoked. And it tan't always the Booth smoked. And it inn't always the Most and they want. I have filed ways the bacco of many famous persons. Smokers the country over have heard of this collection of recipes and one feature of every man's trip to. New York is to try a pipeful of spme big man's favortite tobacco. In finest cases this special mixture is so strong that the nerves of the average smoker cannot attend it. He has to give up after a few pipefuls and go give up after a few pipefuls and go be soon to polish mixture, but he has the store the product of the store the same the same the same the same them.

dation for the business buildings.

Heid Up.

"Stop!" shouted the man on the country road, holding up a wraing hand. Muttering something about rural cops, the automobilist obeyed.

"Tura around and come back to town with me," said the stranger. "You were going at least 35 miles an hour.

"You were going at least 35 miles an hour.
"You were going at least 35 miles an hour.
"You were going at least 35 miles an hour.
"You were poing at least 15 miles an hour.
"The "Town at resched the village.
"Me" replied the passenger. "No.

Ensuing comment is purposely omitted.—Philadelphia Public Ledger.

Beiling a Rat.

You have probably read or heard that the best way to rid a house of rats is to catch one and lasten a bell about its neck. A boy in Delaware tried the experiment two months ago. He was badly bitten in making the bell fast, but be turned the rat loose and expected the tinkling of that bell would have great results. It did have. In the first place, the rig who wore it was constinity on the more all night, and the tunkling bell kept the family awake, and in the next the sounds bounds accorse of new rats to the sounds accorse of new rats to the sounds accorse of new rats to the sounds accorse of new rats to the sounds. He was the boy lied a harmonica to another rat's tall, the rodents would have had a dance every night.

She Was Willing.

have had a dance every night.

Bhe Was Willing.

"Yes." says the husband. "I have consented to accept the nomination."

"I am so glad the party is beginning to recognize your merit," beams the wite.

"Now my dear," the husband continues, "you know that political achairs are not love feasts, by any means, You must expect to see me swillied and attacked in a scandalous manner. No doubt the opposition will try to dig up sensational rumors about me, and all that sort of thing, but you must inpot—

me, and all that sort of the must not—
"""
"Well," she interrupts, "I am really glad of it. You have always been strangely silent about whether or not you ever were engaged to anyone before you met me."

Conductor, then at the other end, of the clar: "And mothers Ill"

A Definition of Second.

How have the hypothetical extensions the same the production of second tists and the exponents of mahalier beneated themselves or humanity at large by sowing the seeds of doubt broadcast in the world? The list scientists do not fall in this category, for they are believers in the real same of the word; they know too much, they have seen too many mysiorieus manifestations of the Divine densities power than the second too, have written a great inhay, hoots and some of them have win what the world at large lightly calls lame. According to the ordinary measures that are applied in such cases, they have been extremely successful, but real success means the benefit of humanity is some form or other. If no such the state can be shown as the result of the third that the second to the second

WHEN A "HUNCH" HELD GOOD

Beton-Wing Tings.

Beton-Wing Tings.

Key Spence, a well-known horseman of Mexico, Mo., won 1,000 at the Louisville, Ky., race meeting abort time ago as the result of a "hunch." Mr. Spence has a large breeding stable of "runners" near, Mexico, and attends all the big racing events in the country. Not long since he was in Louisville and entered the betting the country. Not long since he was in Louisville and entered the betting the country. Not long since he was in Louisville and entered the betting the country of the country. Not long since he was in Louisville and entered the betting the country of the country of

"BOO-HOO" Shouts a Spanked Baby.

Colley's, but it crees and noo hoos like to soothe its tender, lacerated feelings.

Thank Heaven it has at last struck a man with "back hone" enough to call a pade a "pade" and who believes in a pade a "pade" and who believes in a pade a "pade" and who who colleys with its "timost disregard for the facts," may say no such letter exists. Nevertheless it is a mass of letters and other data, new-paper comments, etc., decouncing the "relieve" methods of Collier's. This volume is so large that a man could attend you've to be a large that a man could attend you've to be proposed to be a large that a man could attend you've to be proposed to be propo

A Doctor of Divinity, now Editor of a well-known Religious paper, has loss after the well-known Religious paper, has loss after the well-known Religious paper, has loss after the well-known Religious Press of the Country and others, including ourselves. Also regarding still so the brought by Collier's methods. For commenting upon its methods. These are his sentiments, with some very emphatic words left out.

"The religious Press owes you a check of the well-known with the well-know

and fostered either by individuals or by the public, itself.

No annouscements during our entire business career were ever made claiming "medicinal effects" for either Postum or forspeNus. Medicinal effects tuse of medicines.

Thousands of -visitors go thru our entire works such month and see for themselves that Grape-Nuts contains absolutely nothing but wheat, barley and a little sait; Postum absolutely and a little sait; Postum absolutely eart of preparing these simple ele-ments in a scientific manner to obtain the best food value and favor, re-quired some work and experience to accept.

the best food value and flavor, required some work and experience to acquire.

Now, when any publication goes far enough out of its way to attack us because our advertising is medical." It cause our advertising is medical." It was to a superior of its properties of its properties. We do claim physiological or bodily results of favorable character following the adoption of our suggestions regarding the discontinuance of coffee and foods which may not be keeping the superior of the perfectly have no addres to offer the perfectly have no addres to offer the perfectly healthful person. His or her health is evidence in itself that the beverages and foods used exactly fit that person. Therefore, why change?

But to the man or woman who is alling, we have something to say as a line of the perfectly of the perfectly in food and the result of proper feeding. In the palpably ignorant attack on

such as white bread, potaloes, free, partly cooked cereals and sich.

Starchy frood is not diseased in the upper atomach belt jussed on into the upper atomach belt jussed on into the upper atomach belt jussed on into the testines, where, ig a healthy legified, and, the transformation of the scarch into a form of sugar is completed and them the food absorbed by the blood.

Weakened, a part of the starchy food will lie in the warmth and moistures of the body and decay, generating guise and irritating the-enacous surfaces including the colon shad the appendix, becomes involved. Disease sets up a periodicities with the surface of the international process of the body and the proposition of the surface in the process of manufacture?

When the symptoms of the trouble make their appearance, would it not be good, practical, common sense, to the continued of the starch has been transformed into a form of sugar in the process of manufacture?

Now human food is made up very largely of starch and is required by international starch and starch and starch and starch and starch and starch and is required by international starch and is required by international starch and is required by international starch and international starch and st
