washington.—Bix states elected governora Tuesday and eighteen edities mayora. Even for an "off-year" the election was unusually devoid of features, but Kentucky furnished a sensation by swinging into the republican column by pluralities of the state candidates ranging from 5,000 to 16,000. The republicans also carried the city of Louisville by 2,500 majority for their mayoralty candidate. Results of the governorality elections were a E. Willson, republicans, estimated plurality 14,000.

Massachusetis—Curtis Guild, Jr., republican; estimated plurality 14,0357.

Maryland—Austin L. Crothers, democrat; plurality, 14,311.

Rhode Island—J. H. Higgins, democrat; plurality, 2,307 with all but one district in the state heard from.

New Jersey—J. Franklin Fort, republican; estimated plurality 7,000.

Missjasippi—E. P. Noel, democrat. The democrats had no opposition, the election being a mere formality.

New York, Nov. 7.—The election in Greater New York has been largely favorable to the democratis. New York county (Manhattan and the Brout) went overwhelmingly for Tammany, Thomas F. Foley for sheriff, the bead of the ticket, having a plurality of 25,723 over M. F. Ihmsen, Independence league and republican, in a comparatively light vote. The fusion between the republicans and the Independence league was a fallure, except in the cases of a few minor of Scials.

In Richmond and Queens, too, the
democrats were generally successful,
but in Kings cousty (Brooklyn) the
democrats, under the leadership of
Senator Patrick H. McCarren, suffered
a reverse. All the republican candidate
and the county ticket, with the
single exception of Clarke, democratlc candidate for district attorney, are
apparently elected. No great issue
was at stake in any of the local elecdons and interest was at a low ebb.
In the stake election Edward T.

tion of Complete Surrender Beaten Only by Two-Thirds Ruis.

Chicago. — The great telegraph operators' strike probably will come to an official end Wednesday. In several cities the unions already have declared the strike off, the latest being Milwaukee, where Tuesday the operators voted to return to work after they heard the report of M. E. Bell, who was one of the conference committee seat to New York.

The calling off the strike in chicago the conference committee seat to New York.

The calling off the strike in chicago local union a resolution favoring an unconditional surrender and termination of the strike received 212 affirmative to 109 negative votes. Because of a clause in the constitution of the union it was held that a two-thirds vote is necessary to carry a proposition to end a strike, and the resolution was declared lost by the narrow margin of two votes.

After the announcement of the result of the vote little knots of strikers gathered in the hall and on the stainways to discuss the situation. A number of the control of the con tle are shown as follows:

# AID TRUST CONCERNS TIMBER FOR ONLY 20 YEARS

MORGAN AND OTHERS DECIDE HELP TWO INSTITUTIONS.

STOCKS MOVING UPWARD

New York—The buoyancy of the stock market Monday refected the ultimate decision of large bankers to support the two institutions—the Trust Company of America and the Lincoln Trust company—which have been subjected to the most severe runs during the last two weeks.

The day was one of doubt and conflicting rumors, and the fact that it passed without an adverse, development is evidence that the worst of the situation is probably over. At a late was reached, largely through the institution of the situation is probably over. At a late was reached, largely through the institute of the situation is probably over. At a late was reached, largely through the institute of the situation is probably over. At a late was reached, largely through the institute of the situation is situated to be subject to the situation of the

stances it was thought advisable by the big men to support them cordially if they would adhere to thoroughly conservative methods and direction in future. Turn in the Crisis Reached.

The achievement of these results, with the steady upward movement of the stock market till near the close, is believed to mark the turn of the crisis. The loss of \$33,000,000 in cash by the clearing house banks, according to their Saturday showing, in spite of \$30,000,000 which had been poured into their tills during the week from the control of \$30,000,000 which had been poured into their tills during the week from the face of the heavy arrivals of \$500,000,000 which had been poured into their tills during the week from \$600. Gold engagements since the bestiming of the present movement now amount to \$32,000,000, which would more than bridge the loss in surplus reaerve last week.

The disturbances which are sweep inguested the exchance market and were indicated by the rise of foreign exchange in New York considerably above the point at which gold could be imported profitably. The fact that it is still coming this way indicates the determination of New York bankers to attempthen their nosition even at a loss. The high rate for bills was caused by the demand for exchange the cover the arrivals of spices.
