control at the mining center of dwalsh has managed to live through criticism, and now appears to be a firmly established institution.

Within the last few days the new chairman of committees of the senate Beaator Pearce, has come live what the committee of the senate Beaator Pearce, has come live had stayed a week end at the state hotel at Gwalla, and has now told a public meeting in this city how he found prevailing conditions, any a Melbourne letter to the London Chronicle.

Senator Pearce found that the manager of the hotel was paid a good sair and had no interest in around the sair and had no interest in around the manager of the hotel was paid a good sair and had no interest in around the sair and had no interest in a stilled thours. The hotel was strictly for public convenience, and there was no more incentive to make men drisk beer than there was for a station maler at a railway station to sell tukets. The result was that there was no sign of drunkenness about the town. When a man was disposed to drink the strict of the strict was machinery for exercising control over him. All that had to be done was for the manager of the hotel, and then the barraan received instructions that he was to be served with only two long heers a day—one when going on to his mining "shift" and one coming off. The manager, or the barraan need be informed as to who was on the list—except, and Senator Pearce with a sly smile, when the proscribed man himself lectured his fellows on their disguating intemperance in calling for more than two drinks a day. On Senaday not a drink was a day on search and supplying a splendid table and excellent beform in a splendid table and excellent beform a splendid table and excellent beform a splendid table and excellent beform a spl

To Mine Russian Copper.
According to advices from St. Petersburg to the London Times, a syndicate has been formed there for the exploitation of the rich copper mines in Russian Turkestan. The syndicate has acquired rights over 15,000 across of territory. The district is said to comprise the finest copper producing here in the whole of the Russian empire. The company will shortly be formed with an initial share capital of 1,500,000 rubies (\$750,000).

Historic Ground May Be Park.
The historic pitals of Abraham will be desteade as a national park at the celebration next year of the three-burnedth ansiversary of the founding of Quebec, provided those most promisent in the commemoration are able to have their way. At present the plains are marred by a rife factory, and instead of listening to the demand that they remove to another site, the owners of the plant demand more room.
