CHELSEA IS BURNED SYSTEM FROM SEA TO SEA

TREMENDOUS CONFLAGRATION IN SUBURB OF BOSTON.

THREE PERSONS KILLED

Injured Number Fifty—Property Dam age \$10,000,000—Churches, Fac-tories, Public Buildings and Tenements Burned.

Boston. — The greatest fire that has sourged any part of the metro-politan district in ten years devastated the manufacturing, tenement and retail sections of Chelsae, burning over one square mile of territory and teveling many of the city sheat structuring the state of the control of the city of the city

leveling many of the city's best structures, Sunday and Sunday night. Three persons lost their lives and about 50 persons were injured.

The fire started at 10:40 a. m. and was not under control until nine o'clock in the evening, notwithstanding that half of the Boston fire department of the control of th

Wood, commanding the marines considered and Fifth company, stationed at the navy yard, and on request of Mayor Beck the company was sent to the fire under command of Capt. Hill. Rear Admiral Switt of the navy yard also sent out all the men from the receiving ship Wabash who were not alcorated by the command of the command of the collection of the command of the collection of the command of the collection of the

las been intendisorder and the fiames the little for the trops to guard. Prompt Relief Messures.

Boston. — From the embers of Sunday's confiagration in Chelsea there arose Monday a well-or of the control of the control of the cost by insurance companies, whose representatives placed their losses at three millions and a half, and a determination by the city authorities to rebuild the 350 acres swept by the fames where stood, before the fire, properly valued at nearly \$6,000,000.

The Property Destroyed.
Revised Sigures indicated that the losses were divided, according to the various classes of property destroyed, as follows:

Total
The insurance of \$3,500,000 is divided among about 80 companies.

There was comparatively little sutfering reported among the fire victims. So prompt and efficient was the relief work that practically no one was without shelter during the hight. Monday the relief work was taken up by those who handled the Massachusetts fund for San Francisco sufferers.

Earthquake Hero a Suicide, Kansas City, Mo.—Suffering from nervousness which has followed him since he worked at his telegraph key for 50 consecutive hours after the earthquake in San Francisco, Jay A. Gammage committed suicide Sunday.

Gen. B. M. Cutcheon is Dead, Grand Rapids, Mich.—Gen. Byron M. Cutcheon, member of congress from Manistee, Mich., for four terms and one of Michigan's most prominent sol-diers during the civil war, died Sun-day at Ypsilanti, aged 72 years.

CHAIN ALMOST DONE.

ning of Illinois Central's Birming m Division April 19 Completes Trans-Continental Line.

Birmingham, Ala. — The official announcement by the Illinois Central that the new Birmingham districted by the Illinois Central that the new Birmingham of the Illinois Central that the Illinois Central that it can be also attended to the Illinois Central and continental route, for by controlling the Union Pacific, Illinois Central and Central of Georgia, this system will extend from the Pacific to the Atlantic.

extend from the races.

In addition to supplying the last link in this chain, the opening of the Laley rills branch will give the illinois from fields of Alshams, with their immense annual tonnage.

The Central of Georgia terminals here connect with those of the illinoic Central, thus giving a direct connection from all Illinois Central points

with the sea at Savananh over the
Central of Georgia. Connection of
the Illinois Central with the Unton
Pacific thus gives a complete, system
from one ocean to the other. The connection is expected to benefit the
southeastern states and to increase
Savannah's importance as a seaport,
for in addition to making it the terminal for much of Alabama's coal and
iron, it will receive much of the grain
and other tradic of the Mississippi
valley.

and other traffic of the Mississippi valley.

The Mobile & Ohlo will open its new Birmingham branch on April 20 and present plans contemplate having the first trains over both lines reach Birmingham the same day. To this contemplate have been appeared by the desired planned an elaborate reception.

The entrance of the Illinois Central has been accomplished by certain traffic arrangements and by the building of an entire new line from Coriath, Miss., to Haleyville, Ala., a distance of 30 miles.

TO PRESERVE STREAM RIGHTS.

President Sends in Veto Message on Power Privileges.

Power Privileges.

Washington.—In a special message Monday vetoing a dam bill, President Roosevelt warned congress that there are pending in this session bills which propose to give away without price stream-rights capable of developing 1,300,000 horse-power whose production would cost annually 25,000,000 horse-power whose production without the fillustration and privileges and require the grantes to pay for them, and definitely annunced a future policy on his part, with regard to prompt utilization of, construction privileges, by refusing his signature to a bill stying an additional three to a bill stying an additional three company within which to build a dam in the Rainy river.

a dam in the Rainy river.

Iron Chain Deal invalid.

Lincoln, Neb.—Dr. E. C. Spinner of
Chicago must pay back the sum of
\$7,500 received from the Iron Chain,
a Minnesota organization. So declared the supreme court in a decision
rendered Friday. Dr. Spinney is at
the head of a fraternal society, the
Bankers Union. This organization
took over the Iron Chain in 1901. At
the thing the bone office of the liankthat the control of the Control
Nebraska court holds that the
prechase of the Minnesota society was
not valid.

New Treaty with Spain.
Madrid.—Announcement is made in
the official Gazette of a new extradition treaty between the United States
and Spain, negotiations for which have
been going on for some time.

MADE HIS MEANING CLEAR.

Professor's Son Translated Father's Speech Into the Vernacular.

A college professor, in company with his son, was enjoying a walk in the country, when he met an old farmer. It had been a very wet sea-son, and the professor, thinking to start the conversation in a way that would prove interesting to the farmer, remarked:

start the conversation in a way that would prove interesting to the farmer, remarked:
"There has been a rather abnormal precipitation of late."
The farmer seemed somewhat embarrassed, and the professor's son, who used a different vernacular, though he was a student in the college that the contract of the college of the

MACHINE-GROUND PAINT.

MACHINE-GROUND PAINT.

Occasionally one hears the "hand-mixed" paint of the painter elightingly spoken of as "unsclentific" and "not thoroughly mixed." The facts are all on the side of the painter and his hand-prepared paint.

It is the most "scientific" paint there is, because it is made on the spot to suit the particular purpose for which it is to be used. It is as scientific and painter in the second painter in the second painter and the second painter and the second painter turns out is made of gaunier white lead and pure linseed oil. If he does not mix it himself he is not sure what is in it, and consequently his client cannot be sure.

As for not being thoroughly mixed by machinery, that is simply a misstatement. White Lead as made by a statement. White Lead as made by a paste. This paste need only be thinned with additional linseed oil to make it ready for the brush. The thorough incorporation of pigment and oil has already been accomplished before the painter gets it. To know how to tell pure white lead is a great advantage to both painter and house-owner. National Lead Company will send a tester free to anyone wood that we can were be fit for friendship.

It is only by being sometimes alone that we can ever be fit for friendship, companionship, or love.—Bliss Car-man.
