Cuban cities have established a reputation for being clean, and are living up to the reputation.

The sight of an automobile killed a horse in Belletontaine. Thus it es-caped breathing the fumes.

A Brooklyn waiter dropped dead hen given a \$3 tip. Another argu ent against the tipping evil.

appropriate.

A betroit woman dropped deed because she was called a crahk, an economic because the was called a crahk, an economic because the was called a crahk, an economic because the work of the women for the

It down from \$400 to \$399.9.

Lack of confidence may cause many of our wos, but overconfidence is quite as bad, as the fruit trees which blossomed too soon might testify.

How will removing the free-lunch counter improve the American salont? If that the not, men would have nothing to 60 in a saloon but drink.

drink.

It is reported that the sultan of Turkey has bought the famous Hope diamond for \$400,000. Presumably its former owner knew enough to require a cash deposit.

a cash deposit.

Russia and Japan have practically forgotien that little unpleasantness.

Mainties and Mainties of Tokyo, and the strain is over.

On account of hard times rigid economy must be practiced in the realm of to look up a chelaper place to boy her eggs and breakfast bacen.

Birmingham Age-Herald: No. new army officer can hereafter be sworn in who is not 5 feet 5 inches high. This rule would have shut out Phil Sheri-dan and one Napoleon Bonaparte also.

That sallor who asked Jeffries to lack his eye as a souvenir of his visit of the Pacific didn't understand the ame. Jeff couldn't think of giving a silow pain if no gate receipts were tvolved.

Heware of the common housefly, He may look inncent and even benign, but the health department, which has pried into the innermost recesses of Mr. Fly's private business, says he is carrying all manner of diseases in his grip.

It'is said that King Edward would make William Waldorf Astor a peer if he were not alraid of offending the United States. However, if England can stand for William as a part of its mobility, there is no reason why we should object. It seems as if the seed of the sympathy.

Six state legislatures out of the 45 in the country have petitioned congress to call a constitutional convergence to call as constitutional convergence to the control of the seed of the sympathy. The country have petitioned conjugate to the conjugate to call such a convention.

of two conventions.

The convention.

Tankee ingrounity is equal to almost anything, as was proved the other day when it was found necessary to put fresh botlers in a New England grain elevator. Instead of stopping the machinery, a railroad locomotive was run alongside of the building, and a connection made between its boiler and the engine inside. Work was continued, and no employe lost a day.

"Every ship in Admiral Evans' feet has beaten its former record by a good margin." That is as much as strategic secrecy can let the American people secrecy can let the American people at Magchaena Bay. The officer who said it added: "The world will be astounded when the facts come out." While we are waiting to be astounded, we can pass the time in being proud.

we can pass the time in being proud.

An interesting contribution to a new work on English synonyme was made by Senator Dolliver of lowa, the other day. Asked by Senator Bason if the provisions of the employers' liability bill would not annul the state, laws on the subject, he replied they would be subject, he replied they would be subject, be replied to an under state is to diaregard it, to ignore it and render it a dead letter, but to supersed it is to overlay it with a greater jurisdiction." Amidst laughter Mr. Bason retorted that it was a distinction without a difference

A first divien Cairo is a joy—the objects of interest are so unceasing and so replete with historical properties. The first thing to stir costs memoring. The first thing to stir costs memoring for the copyright of the opera house, built in fix weeks, so there might be a fitting home of song for the company of great Prench singers brought over by the royal spendering that the stirred properties of the company of the stirred properties of the stirred properties of the Sues cannot be supported by the stirred properties of the Sues cannot be supported by the support of the Sues cannot be supported to the Sues cannot be supported by the supported

celebration attending the opening of the Sues canal. Here was given the first performance of Verdi's open "Alda," written expressly for the occasion. The per-formance was further unique from the fact that Mariotte Bey, the great Expytologist and discoverer of the Resettia stone, gave his stitention to the production, so that every detail of

scenery, costume and jole was historically correct, while the Egyptian museum was ranacked for properties and jewels. It was profubly the great stage production evir seen, or that ever could be given, and was only possible at a time when Ismail spent \$31,000,000 on the celebration attending the opening of the canal that was, first and last, his country's ruin.

first and last, his country's ruin.

In the Monski, as well as other characteristically native streets on the way to the banars, every phase of life may be seen. Open shops, accrety six may be seen. Open shops, accrety six every smoking waterpipes, a constant procession through the streets of donkeys, carts loaded with velled women, camels treading stealthly, one of which was seen daintily nibbing at the flowers of the Parisian bonnet of the lady in a victoria just ahead. In the seen driven along the street by venders, who guide them with a little switch, keeping them under perfect control.

winders, was guies teem with a nutice witch, keeping them under perfect control.

Very laughable is the rivalry between the keepers of the basaars and the control of the c

root of all evil.

A wedding is quite likely to follow mext in the wonderful street procession. First a clown or mountebank, the distriction of the control of the control
