clined to spare her from psychological rivisection. Perhaps man is an open book and so perfect within that he offers no temptrition to the moralizing scientist. However, it is pertinent to note that at the present time the na-tional administration and at least half tional administration and at least half of the states are trying to humanel men into doing what is good for them and to prohibit them from doing what it is said by the men themselves they harm themselves in doing. The spectacle may not have any mystery in it for a scientist. measure in though I the specific may be a be a made in the case of the case of

The Vacation state.

In cpite of the piceletions which had reference to the money pressure the outsplan European stemers at the being the late of the control of the control of with Americans. If the records of three are not between the part, there will rejusted by his marked deeding some and the american will rejusted by he marked deeding some seat of an outlier alread. The state of an outlier alread.

provides that national banks receiving deposits of redensi funds must pay 1 per cent interest on such deposits. This clause gives governmental approval and indorsement to a questionable principle. In the competitions likely to arise in banking for an increase of bankess interest on deposites in sometimes path by several banks in which the result that as the interest to paid mounts higher and higher the banks involved increase the rates of interest on the money which they lead to cover these higher rates and in su doing intellections of the banks in order to get even for the high rates they jury must also take specialistic risks, and in every financial trouble like that of last October it is noticed that those banks which pay light interest on deposits are most seriously involved.

Jewelry

If you want to know just 'what's what" in fashionable jewelry, come to my store. You can't go wrong by choosing an article from my assortment. All prices, from the cheapest that's good to the best that's made.

Watches and clocks that are uaranteed to keep correct time. Repairing a speciality.

Burkhardt

The Best Man

For the first time in his life John Ambion found himself in New York. It was a warm spring day—much too warm and too gistons to spend in visiting a round of sunfy offices. He would make a holiday of R and let but his was a warm and the sun and after some search through the various competitionest of his leather wallet he drew out a diagy visiting card. "Thus" he mused. "Thus' a surjet I had his saddress. "Richard Malloney,' that's all R says, though that some

Molloney, 'that's all it says, though, that's all it says, though, that's all it says, though that's unit. If the card back thoughtfully, 'if was something about Washington,' its erdected. But the 'something' had eluded him lampishly. He'drew a map out of this lampishly. He'drew a map out of this procket and studied it carefully. With an air of triumph be at length pounced upon the words "Mount Vernon." He had it!

Should be consult a telephone directory? What was the use? It would be more fun to give lick a surprise. Dick was just the kind of follow to pulcy the unsexpected. "You'l Way," said John, laughing, "you'll be my best man, of course."

A Sane Fourth.
"A Sane Fourth."

A Sane Fourth was been pleaded for of late years as the day approaches. The many accidents and deaths on record on account of celebrating the holiday with the noise of direworks and fire-arms, are an argument in favor of observing the national day with sanity. Two methods are offered; and the same and the same are deather than the same are same and the same are deather than the the s
