## **Barrington Review**

M. T. LAMEY, Ed. and Pub. ILLINOIS RRINGTON,

In the papers.

The German emperor is probably ready to join the party whose platform is: "Let us alone."

England, which was 100 years in passing the deceased wife's sister bill, is not likely to grant women the ballot this year.

London did not have an adequate water supply till 1906. Two-thirds of it comes from the Thames, the rest from artesian wells.

artesian wells.

The remains exact is one-third consistent of the project of the factory there is more work going on that falk in the enterprise under its present management.

Overcrowding in Scotland is not so bad as it used to be. The proportion prings more than four per room fell enterprise under the proportion in the prings more than four per room fell enterprise are consistent of the proportion in the principle of the proportion in the principle of the proportion in the principle of the pr

We would be deeply interested in Mme. Melba's statement if she meant that the women we know are to be more beautiful 100 years hence than they are now.

Some young Chinese women are re-ported en route to this country to study housekeeping. Can we teach them anything on that subject, or are they probably better capable of teach-

lag us?

A British medical investigator advances the theory that high speeding checks the tuberculosis germ in chauffeurs. It is, however, also conductve to sudden deaths for the intersecting part of the population.

Hereafter near will think twice before they speed a half-dime, for the other day a half-dime of the issue of 1020 sold for \$715\$. But after they have thought twice they will spend it, for there are not any more optias like that in circulation.

cast in circulation.

Of the 1,125,000 persons in Berlin who support themselves or themselves and families only 18,811, or less than 5% per cent have incomes of \$714 or more a year. About 1,065,000 have less than that amount and more than half of these even less than 3214 a year.

year.

A distinguished Methodist preacher,
Rev. Charles Goodell, expresses a
somewhat prevalent notion when he
rises to remark that if the superfluous
money of Mr. Carnegle and of Mr.
Rockfeller is result tained it is inempty of the superfluous of the superfluous
and relieve it of its taint.

and relieve it of its taint.

Prof. Goodwin of New York, who thinks that the organization of the public schools of the largest cities must be revolutionized, says that he would form the public into groups, one for learning trades, another for pregation for commercial life, and a third for the college and university. It is so easy for a ten-year-old boy to de-dide whether he is going to be a haberdasher or a minister!

see day for a ten-year-old not you could be whether he is going to be a habordasher or a minister?

A Japanese lady of rank, who has been traveling in this country, says denote any of the see that the seem of t

as requested nothing to do with fit Tee, rather!

"While the southern states suffer the sigma of night infers we camp! justly point the finger of scorn at any pation on early, ware the Piot. And white there's so much citize and line-senses here in the forth noise of us can afford to point plan finger of scorn at the southern states. Pointing the finger of scorn is poor business, any way, remarks the Boston tolos. It is a great deal better to be charitable to our neighbor's shortcomings and to do all in our power to correct our own.

Every American girl is a queen, according to the old song, but they cannot all have warships to accompany them on their journeys back to the homes of their husbands, like some that might be mentioned.

nat might be mentioned.

In the presence of an ordinary crop
falliure one may remain unmoved, but
recent forest fires will cenne a shortage of Christmas treet. The least that
Santa Claus can do in such circumstances is to permit good children to
hang up mgre than one stocking.

## SOO CITY AND CREW LOST

LAKE STEAMER GOES DOWN IN NEWFOUNDLAND GALE.

No Doubt of Vessel's Fate Re Was Being Taken to the Gulf of Mexico.

Bt. Johns, N. F.—Wreckings which has come ashore at Cape Ray leaves little from for doubt, Cape Ray leaves little from for doubt, which for 20 years piled as an accuraion vessel on the Great Lakes, went down with her crew in the midst of the gale that lashed the Newfoundland coast for two days this week. The steamer was in command of Capt. John G. Dillon of Brooklyn, who was formerly commander of the United States government transport Missouri. A wife and three children swalted his return to the command of the cape when the command of the United States government transport Missouri. A wife and three children swalted his return to the command of the command o

board, and it has been reported that the crew was recently increased to 28 men.

The 650 City was recently sold by the Indiana Transportation Company to Felix lackson of Volsaco, Tex., and was being, taken to New Orleans, where it had been planned to put her years of the company of the comp

Friday a deck cabin and fittings and 16 life preservers came ashore. These all bors the name "Boo City," or other marks identifying them as belonging to the lake steamer. During the day life buors, deck boards and other gear unquestionably belonging to the steam er were washed in.

RAILHOAD TROUBLE ENDED.
entraylvania Road and Engineer
Reach an Agreement.

Washington.—A successful issue of the conference between representatives of the Drotherhood of Locomotive Engineers and of the Pennsylvania railroad lines west of Pittsburg and the board of mediation, consistand the board of mediation, consistand the board of mediation, consistand the board of mediation, consistpart of the commerce commission, and Dr.
state commerce commission and the state
of labor, was reached Priday night and
an agreement proposed by the board of an agreement of the committer Engineers.
Satisfaction was expressed by both ideas' to the controversy at the settlement agreed upon and the agreement and the state of the controversy in writing.

Return Without Treasure.

New York — The Harrard treasure (seeking as they have come to be known, returned supry-handes Bunday night room Kingstop, Janaice, on the glesspor Admisal Doyer, Atter the first chartered vessel, the old-time racer, Mey flower, was shandoned, the mea set out again on their mission, which was to recover the gold sunker in a Spanish galleon off the coast of Jamaica.

Noted Architect Diea.

COUPLE FOUND DEAD TOGETHER

Tragic Demise of Ohio Bank Cashles and Stenographer.

and Stanographer.

Columbus, O.—The bodies of Victor
W. Wentz, aged 33, cashler of the
First National bank of Canal Dover,
O, and Miss Alice Hollinger, a stenographer of 356 Marrhall avenue, this
city, and formerly of Unrichavitie, O,
were found in the Bellwood Ina, a ruconsulty, and formerly of Unrichavitie, O,
were found in the Bellwood Ina, a ruconsulty, Dath,
Coordingto Coordington
Coroner Murphy, was undoubtedly due
to asphyriation caused by an open gas
stove. Wents was a native of Canal
Dover, where his family is heavily interested in the bank of which he was
cashler. He was a thirty-third degree
Scottish Rite Mason.

DYING MAN AT THE THROTTLE

Engineer of Great Northern Train
Found with Crushed Skull.

Found with Crushed Skull.

Minneapolls, Minn.—Unknown to
passengers or trainmen, a dying man's
hand controlled the throttle of the
seat-bound Great Northern coast passenger train as it sped on its way
from Robbinsdale to Clear Water Junction late Monday afternoon. The mas
was George P. Trrin, the engineer,
from the train in Minneapolis.
Irwin was found unconscious and
leaning out of the cab window by bis
ferman, George Ridgeway. Pulling the
limp form of his companion back into
the cab, Ridgeway noticed the engineer's skull was fractured.

Waternay Instituted.

gineer's skull was Iractured.

Waterways League Meets.
New Orleans.—That an inland waterway extending from the Missiasippi river to the Rio Grande will benedit on the Missiasippi river to the Rio Grande will benedit on the Missiasippi valley, was the sentiment of the several hundred delegates gathered here Friday at the fourth annual convention of the Inter-form the Missiasippi valley, was the sentiment of the tower of the Missiasippi valley.

O. B. Davidson of Texas and it was estimated that to complete the work would cost \$4,000,000.

would cost \$4,000,000.

Stammer Claimain Leet.
Daluth, Minn.—A. B. Wolvin of Dithich owner of the stammer N. M. Cleinson, has abandened hope and admits that the vesse is probably at the holtom of Lake Superior with her crew
of 22. S. R. Okamberland or this city is capitain. The Cleinson is a week overdue at this port: She was caught in the iterrific gale of last week on lower lake Superior. The resset is 5,000 tons burden and was coal laden.
