## YANKEE DOODLE

ing our Pourth of July dinner, which is a living a great excession to board a faith. Little did anylody dream at the little with a few did not seen at the little way in the little way. The little buy is which we were refulling at anche was up to this time considered one of the most dangerous results of the control of the little way. The little way was not little with the little with the little way was a seen and the little way who was looking through the glass modeled bindrived of the awarthy and to show the little way who was looking through the glass modeled bindrived the shall be little with the little way which was a little way which was a little way which was a little way which was the little way was a little way which was the little way was a little way which was a little way was a little way which was a little way was a little way which was a little way was a little way

o longer in doubt. Several hun-marched toward the canoes, danc-and relling like a crowd of black ons. A few minutes later fully canoes were launched and min-with the Jerce looking crowd.

### THE ALL SILENT FOURTH OF JULY

boys eading this placard which vetoed ir joys! ly slept sweetly, for no thunder-
