

BARRINGTON REVIEW

Vol. 26, No. 2 Entered as second-class matter at the post office at Barrington, Ill.

BARRINGTON, ILLINOIS, THURSDAY, APRIL 14, 1910

\$1.50 A YEAR IN ADVANCE.

WET OR DRY?

This Important Question Will

Soon Be Settled for Another

Two Years.

Next Tuesday, April 19, the question of greatest interest at the present time to the people of this community, "Shall this village continue to be a 'wet' or 'dry' town?" will come up for a vote.

On another page of this issue is published a fair sum of the ballot which will be used in this village election. It is to be noted that the ballot will cross after the word no means license saloons and a cross after the word yes means no saloons.

Incidentally, it is stated on the ballot, is easily confused, and, as the election will probably close, a casting of the ballot just the one you wish to vote.

After a two year trial of a dry town, and the endless discussions over the question, it is to be hoped that every man should have his mind settled upon which he thinks is best and the question which he wishes to be accepted by the will of the people.

When you go to the polls next Tuesday day vote for what your judgment tells you is best and you will be a whole lot wiser.

That is our vote.

SCHOOL NOTES.

Written by High School Principal.

On Friday, April 10, the second year of the high school's new location, the new school building, was dedicated.

On Saturday, April 11, the new

concrete, our speakers

and their schools with the

glory, winning second place in the competition for the best school building.

There were many hotels and

rooms, as well as a large number of summer cottages.

On Saturday, April 11, the North Shore Electric company sold to its territory approximately 500 square miles. The total area served by this company is 1,200 square miles, or about one-half the area of the state of Rhode Island.

The new North Shore generating station in the new territory is located at Waukegan, but there is also a generating station at Elgin, and these stations will be connected to the power system.

At the time of the dedication, the power was required to furnish one musical number for the program, and the students of the high school had the honor of performing the same.

A fine time was enjoyed by all the students, ready for the next year, and the new building, returning to "skin" in next year.

The Girls' club met on Sunday, April 11. As it was "look night" each girl was requested to bring a dish to share with the other girls.

Many bright ideas were shown. The girls who were kept at home by the weather, had a good time, and a very pleasant evening was passed.

On Thursday evening, April 11, the girls had a half holiday.

The girls' two weeks vacation, Friday, the last day in school, the girls had a half holiday for the month of March.

Room fire had a half holiday last Friday. The two weeks vacation, Friday, the last day in school, the girls had a half holiday for the month of March.
