That state of mind, which let us call the "stagnation of the virtuous," is not entirely confined to boys of nine years. I have seen grown men, women, being accused of stagnation over whose faces passed an expression of mortification. They would accept with more complacency the tribute that they were getting to be devils in their old age—than Karman. In the Atlantic.

The supper, "Cinderella in Fairyland" given by the school at the M. E. church last Friday evening was about of any children's entertainment ever held in Palatine. Prayer Unanswered.
It had been raining all day and little black slink up in the house was anxious to get out and play. His mother, in another room, thought that she heard him talking and presently inquired to whom.

"I was talking to God, mamma," the child replied. "I asked Him to make it stop raining so I could go outdoors, but He didn't think he was very little about it. He never let on that he heard me at all!"

The Lament People.

There is no doubt that the Mayor is one of the laziest people in the world. There is rare case they will not take the trouble to learn why they are young and afterward, if they have learned, they will not exert themselves to acquire their knowledge to the extent which requires a sustained effort. That they possess energy is known in anyone who has seen Mayor La Follette in his office. He is a man of affairs of spirit. They do not mind the trouble if there is only some risk and excitement to be had.

Forget It!

Every one who makes it a little rule to wipe out from his memory everything that has been unpleasant, unfortunate, or even a little bit of trouble in his life, will find that he is a happier man. In the Success Magazine. We ought to forget everything that has been unpleasant. We ought to forget everything that has been a burden. We ought to forget everything that has been a trouble. We ought to forget everything that has been a failure. We ought to forget everything that has been a loss. We ought to forget everything that has been a sorrow. We ought to forget everything that has been a pain. We ought to forget everything that has been a disappointment. We ought to forget everything that has been a failure. We ought to forget everything that has been a loss.
