**ECZEMA GONE, BOILS CURED**

"My son was about three weeks old when I noticed a breaking out on his face, shoulders and breast broke out about a week ago. It was very bad, and in a few days became a solid scab. I became alarmed, and called our family physician, who at once pronounced the disease eczema. The bill of the fellow was under his treatment for about three months. He was very discouraged, and as I had read the advertisement of Cuticura Remedies and testimonials of a great many people who had used them with wonderful success, I dropped the doctor's treatment, and commenced the use of Cuticura Soap and Ointment, and in a few days started a marked change. The eruption on his face was almost healed, and his shoulders, arms and breast were decidedly better. When he was about seven months old all trace of the eczema was gone.
