USEFUL SUBSTITUTES FOR THE USUAL HAY CROPS ON ILLINOIS FARMS

By ARTHUR LUMBRICK,
Agricultural Experiment Station,
University of tillinois.

Oving to the fact that clover failed in so many parts of the tasks during the past season there tasks during the past season there is not the past season there is still time to grow another of year. To supply this need, it will be necessary for the farmers to use to the supply the necessary for the farmers to use to the supply the necessary for the farmers to use to show the supply the necessary for the farmers to use to show the supply the necessary for the farmers to use to show the supply the necessary for the farmers to use to show the supply the necessary for the farmers to use to show the supply the necessary for the farmers to use and clanda field peas, it is suggested that the oats be drilled in at the rate of about the same and one will be a to show there were not to show the supplemental to the supplementa

SOME NEW IDEALS

Chairman Home Economics, Genera Federation of Women's Clubs.

Chairman Home Economics, General Federation of Women's Clubs. It is related that one of the early astronomers kept cursing and wishing that he might have been present in the creative days to have offered God a few suggestions. But when the true principles of astronomy began to be understood, the astronomer kept praising God and exclaiming: "Oh, God, how great is thy creation! How indicates the major of the control of the c

NEW IDEALS
OF CIVILIZATION
18. OLAF N. GULDLIN.
Home Economics, General site of worse's Cluba. State of the control of the seed.

With our present day enlightenment we are beginning to realize these seed in the first place, it is not five men's Cluba. State of the control of the carry are kept cursing and wishing night have been present in the days to have offered God pestions. But when the true of astronome kept praising the control of the carry and exclaiming: "Oh, God, is thy creation! How is the control of the carry as But as we realize that our civilization is not the resi one that if we are to have understand the carry as But as we realize that our civilization is not the resi see that if we are to have understand the control of the carry as a finite of the carry as a finite civilization to make raise our civilization is not the resi as see that if we are to have understand the control of the control o

lesephsy the children in school much longer and fitting them for their life work. Germany, realizing that the people must be trained to do expert work, is away shead of us in industrial education. All children at sevenieen years of age, and the sevenieen years of age are in some form of school in Germany; 85 per cent. are the United States of age. What is the Children of the Children of age and in selical at twenty years of age. What is the United States of the Germany in fortry years has grown from a poor nation to the second richest in the world. The German wealth is the product of their industries. Germany is discussed in the world. The German wealth is the product of the German industries have been doubled. The total theorem of all the people has increased from \$1,500,000.000 in 1987, doubling in seven years. We are selling the German industries have been doubled. The total theorem of the German industries have been doubled. The total theorem of the German industries have been doubled. The total theorem of the German industries have been doubled. The total theorem of the German industries have been doubled. The total theorem of the German industries have been doubled. The total theorem of the German industries have been doubled. The total theorem of the second of the German industries have been doubled. The total the second of the German industries have been doubled. THERAPION BOOKING

Pettits for I've and Salve

Sweethearts are always dear, but fives are far more expensive.

Gardeld Tea keeps the liver normal. Drink afore retiring.

A kitten is almost as frisky and senseless as a firt.

emeeless as a fift.

Ought to Be Satisfied.

Aunt Beulah's besetting ain was bousecleaning She cleaned in season and out of season, causing the family much worry when sweeping brought much worry when sweeping brought out sahes gave her the grid.

Why don't you let the maid do those things? she saked.

"Why don't you let the maid do those things?" she saked.

"She's so Carless." groaned Aunt Bealah: "I'd rather have the pain than the dust. I'd rather have the pain, the same than the dust. I'd rather have the pain, the same than the dust. I'd rather have the pain, the Smart fittle Boy Jimped into the conversation. "Well, you've got the pain," he remarked, "what are you kicking about."

JEALOUS.

"My wife is awfully jealous."
"Is that so?"
"Yes: she wouldn't speak to me for three days after I hugged that hunter."
