An Anti-ducide Fence.

One of the strangest fences on two ord is that which the common council of toakers. N. Y. has just ordered in toakers. N. Y. has just ordered in toakers. N. Y. has just ordered of the control of toakers. N. Y. has just ordered of the control of toakers. N. Y. has just ordered of the mortal coil by lesping into the Port Field reservoir, one of the reservoirs supplying Y. sers with water. Sometimes the bodies have been recovered quickly, but on a few occasions the corpses were in the water for a day the reservoir is a big item and is expecially to be guirade against since the city found it necessary to husbend every drop of its supply. So the council has appropriated \$4,000 to build a wife netting fence around the reservoir. When it is completed any olde of suicide bent will find a barrier that feet high between him and step list.
