

BARRINGTON REVIEW

VOLUME 28, NUMBER 24

BARRINGTON, ILLINOIS, THURSDAY, SEPTEMBER, 19 1912

\$1.50 PER YEAR IN ADVANCE

MILK PRICES LOWERED

Bottling Plants Open Contract Books for Winter Supply of Milk—Price Much Lower Than Requested

Monday morning the Bowman Dairy company opened its books at its bottling plant here and its several plants throughout the country. In contrast to its supply of milk for the next six months commencing October 1, offering an average of \$1.70 for the six months, which is 1-6 cents less than last year and 2 cents less than the price requested by the Milk Producers' association. The company also offers a 10 cents a hundred additional for milk that tests for butter fat above 65 per cent. Milk that goes below this test will be paid for at the regular contract price, however. At first most of the farmers refused to sign the contracts, thinking that ten cents would be deducted if their milk failed to come up to this test, but now that they understand the matter many of them have signed up, although a few protest that the price offered is far too low. The Bowman company is paying the same price but offering no inducement for better milk. This company has opened its books Saturday morning. The nearest Borden factory is a Cary.

The price per hundred paid each month and a comparison with prices paid the corresponding months for the last three years follows:

1909	1910	1911	1912
October			
\$1.55	\$1.70	\$1.70	\$1.60
November			
\$1.70	\$1.90	\$1.85	\$1.75
December			
\$1.75	\$2.00	\$1.90	\$1.80
January			
\$1.75	\$2.00	\$1.85	\$1.75
February			
\$1.70	\$1.90	\$1.80	\$1.70
March			
\$1.55	\$1.70	\$1.85	\$1.60

The following are the averages for the four years:

1909	1910	1911	1912
\$1.00	\$1.80	\$1.70	\$1.60

The Bowman people claim that most of their patrons produce milk that will easily test above 65 per cent, and their price is really an average of \$1.80 for the six months. The milk dealers give as one reason for the lower prices the statement that there was an over production of milk last winter. C. H. Potter, president of the Elgin board of trade and prominent in the producers circles, said: "There is a big profit for large dealers at the present time, but little or no money for the producers at the Borden prices. The Bowman people are not giving any too much and the talk that manufacturers are indulging in to the effect that there is an over production of milk is to be taken with allowance." "The prices quoted by the factory owners are the lowest in several years," said J. P. Grier, secretary of the Milk Producers' association, "with the higher cost of production and the burden of the new ordinance in Chicago the 'trust' should have given a better price."

Thirty patrons of the local plant had signed the contracts yesterday. This is far from being one-half of the usual number who sell their milk to the company here, but it is probable that before the week is over the greater majority of the names will be on the contract books. None of the farmers about here are increasing their herds, and many of them are selling some of their dairy cows on account of the low prices and the shortage in the hay crop. It does not look as if the dairy companies will be troubled with an "over production" this winter.

There is talk that a federal investigation of the so-called "milk trust" will be asked by the Milk Producers' association.

WATERWORKS SOCIETY A SUCCESS

The waterworks social given at Seelye park on last Thursday evening was a success, socially and financially. Through the evening was won a large number of people, old and young, and the refreshments and fine band made home made candies were sold by Misses Myrtle Grebe, Malinda Homach and Nellie Berghorn. The proceeds of the social consisted of the members of the Young Peoples' Missionary Society. Those on the program were Dr. H. H. Thorne, Misses Kate Berghorn, Irene Thorne, Malinda Homach and Myrtle Grebe.

Grand Grand Jury Named

Lake county grand jury have been selected as follows: For the October session, John W. Smith; for the November session, John W. Smith; for the December session, John W. Smith.

BECOMES GENERAL MANAGER.

Otto Rieke is Now Head of Nopenz Concern—May Build Factory in Barrington.

Otto Rieke has given up the hardware business entirely and has taken the general management of the American Metal Specialties company, manufacturer of the Nopenz water cooler and of metal display cases for grocers and fruit dealers.

The Nopenz cooler is a device to take the place of a refrigerator, using running water for a cooling agent instead of ice. The manufacturers claim that it will do the work better and much cheaper, and has many points of convenience besides. A number of them have been manufactured and sold this year, three recently being shipped to Stieglitz Brothers at Des Plaines. J. W. Koenig is another Des Plaines purchaser. He has had his cooler for some time and says that he likes it very much better than a refrigerator. Seven coolers are in use in this vicinity.

Mr. Rieke is planning to devote his time exclusively to the conduct of this company from now on, and says that before another season a factory will be erected for the manufacture of these articles. Where they will locate has not yet been decided, but he says there is a possibility that Barrington will be chosen.

The company in now manufacturing three sizes of the coolers for home use and two sizes for stores. The work is now being done on a small scale, some parts of it being done here and some in Chicago. Edward Topflich has charge of the manufacturing and locally. Next year the business will be pushed in earnest, and it is what has been done so far can be taken as a criterion, will become an industry giving employment to quite a number of men. It is hoped that Mr. Rieke will see fit to induce the company to build its factory in this vicinity.

FIRE PREVENTION DAY

Governor Designates Day to Study Conservation of Our Property

Governor Charles S. Deneen has recommended that Wednesday, October 1, this year, the forty-first anniversary of the great Chicago fire, be known as the "fire prevention day," and that "on said day all owners of property shall take steps to see that their buildings be thoroughly inspected for the purpose of discovery and removal of dangerous conditions therein; that the civic authorities concerned in the prevention of fires take steps to call the attention of the people of their community to the common fire dangers and co-operate with them in every possible way in correcting dangerous conditions and that our school authorities, both public and private, shall on the above day conduct such appropriate exercises as will impress upon the pupils of our schools the danger of fire and the methods of its prevention and that in every school in this state a fire drill shall that day be inaugurated and that these fire drills be made a permanent feature and practiced at frequent intervals throughout the school year."

SUPERVISORS MET LAST WEEK

Lake County Board Makes Annual Appropriations—Orders Audit of County Books.

The board of supervisors of Lake county, at the session at Waukegan last week, authorized a committee to receive bids for an audit of all the books of county officers. These books were examined two years ago.

Petitions for and against the proposed new township of Lake Villa were brought before the board, but action on the matter was deferred. The plan is to take 13 sections from the township of Antioch, 12 from Aven and one from Grant, making a total of 26 sections for the new township. It will be considered at an adjourned meeting to convene next Wednesday. The annual appropriations, amounting to \$114,000, for salaries, fees, general expenses, etc., were made, and it was voted to allow the Jane McAllister hospital \$700 for its work this year and the Lake Bluff orphanage, \$2,000.

Automobiles at County Fair

The wonderful increase in the use of automobiles by all classes of people in this section is demonstrated by the fact that of all the vehicles at the recent county fair at Libertyville fully 75 per cent were automobiles. Many farmers want to the fair this year in automobiles, and one would be safe in predicting that in another five years almost every farmer in this part will be driving an auto.

Read the REVIEW next day; they are interesting.

WOMAN'S CLUB WILL MEET

Club Year for Barrington Women Has Commenced—Meeting Will Be Held Soon.

The first meeting of the Portia club for the season will occur this evening at the home of Mrs. Arsett Lines. The club is nine years old and began with seventeen members of which number, nine are now non-residents. This year the young ladies will meet fortnightly instead of weekly. As in other years a varied program will be followed.

The Woman's club is practically disorganized. A business meeting will be held early in October to determine its revival or abandonment. The life of the club has dwindled on account of members refusing to serve as officers, thus throwing the work on a few who have been faithful and active in furthering the work of study and amusement. When the club was organized seven years ago it had for members over forty active, bright women and its future was rosy. But removal from town took more than half of these ladies from the club and not much effort has been made to secure new members among the intelligent women of this community. Those left seem ready to resign, so what might have been a power of great influence for good is about extinct. It is the old story of "interregnum."

The Thursday club's president, Mrs. Sophia Horwath, is in California for the coming year, so that Mrs. Lyman Powers, vice president, will preside and the first Thursday in October the members will gather at her home to listen to a paper written by the president, "Touring California." The twenty-five members are residents of this village excepting Mrs. T. C. Dolan of Irving Park.

Ladies' Aid Society Meeting.

There was a meeting of the members of the Ladies' Aid society of the Methodist church on Tuesday, September 10, at the residence of Mr. John Lawson. The gathering was well attended and a pleasant social time was enjoyed. Each member put in her mite, which brought in a nice sum. There were readings and refreshments to add to the pleasure of the evening. It is the plan to repeat these social functions at least once a month. The society has done some excellent work in this church in years gone by. It is still alive and ready to make itself felt when there is a real demand for its aid.

Fair Will Break Even

Receipts and expenditures of the Henry Street fair, held over the week end, are thought will just about balance, so there will be no surplus, nor will there be a deficit this year. The gross receipts will run about \$5,100, while to this the quota from the state is added, making a total of \$6,000. The total sum up to \$6,000. The expenses include the payment of \$2,102 for premiums, \$1,175 for speed and the other outlays running up to \$3,300.

Bad Roads Cause of Non-Delivery

Because the highway commissioners failed to fix the roads as requested by the government postal department, that part of rural route number one, out of Barrington, from Carpenter's corners across by the Webb farm and around to Hollister's farm has been discontinued. This is the only instance yet where it has been found necessary to enforce this ruling here.

Honors for The Epworth League.

At the north-west sub-district meeting of the Epworth league at Arlington Heights last Friday evening, Lovell Bennett of this village was elected president for the coming year. The league from Barrington was also successful in winning the beautiful banner in the Epworth league contest. It can be seen in the lecture room of the Methodist Episcopal church.

High School Boys Play Ball

Last Friday afternoon the Barrington high school baseball team took the Palestine high school team indulged in a contest for supremacy at the local ball grounds, the result being a 14 to 6 victory for the Barrington boys. Tomorrow afternoon the two teams will play another game here.

Ember Days This Week

This is Ember week, three days, Wednesday, Friday and Saturday being set apart by the Roman Catholics and certain other churches for fasting and prayer. Ember days occur in each of the four seasons of the year.

Home Team Defeated

The Ounce Vibe baseball team lost a game of nine to ten to the Irving Park Rangers last Saturday. This week, Saturday afternoon, they will play the Antioch Telephone company team from Chicago.

BOY MEETS DEATH

Sixteen Year Old Boy Falls from Windmill and Dies Within Short Time.

Christian Reuter, junior, 16-year-old son of Christian Reuter, who lives about three miles south of this village on the Theodore Frye farm, is dead as the result of a fall from his father's windmill. The accident occurred at about three o'clock Tuesday afternoon. Young Reuter climbed the windmill tower to get a better view of a rig which was being driven past at a high speed, and in his excitement lost his balance, falling 30 feet. He died two hours later.

The funeral services will be held Saturday at 12 o'clock at the house and later at the Plum grove church. The boy was a grandson of Henry Reuter of this village.

SHORT LOCAL ITEMS.

Frank Dohmeier has gone to Winnebago to visit the Tuttle's for several days.

Miss Lydia Schumacher and Albert Bauman visited with friends at Hebron over Sunday.

Mr. and Mrs. George Blackman are visiting at Waverly, Iowa, with relatives of Mrs. Blackman.

Mr. and Mrs. R. D. Wells have just returned from a short visit with relatives at Canton, this state.

H. S. Hart returned last Sunday morning from a four days business visit at St. Paul, Minnesota.

Mr. and Mrs. James Locke and children visited with relatives at Harvard from Friday until Sunday evening.

Mrs. T. B. Peckham left Wednesday for Wisconsin where she will visit relatives and friends for several weeks.

E. J. Peake, manager of the Haworth farms returned Tuesday morning from a three weeks visit at Duluth, Minnesota.

Sanford Peck left Monday for Mt. Clemens, Michigan, where he will spend three weeks in the home of improving his health.

Frederic Hans, six year old daughter of Mr. and Mrs. George Hans, who live near Quentin's corners, is a victim of infantile paralysis. Dr. Richardson has charge of the case.

Mr. and Mrs. Verne Thornelyke are now living at the Hayes hotel, Chicago. Mrs. Thornelyke was Miss Jewel Seaver, daughter of Mr. and Mrs. F. T. Seaver of south Hawley street, and was wedded last week.

B. C. Buxton has sold his farm on the county line road about one and one-half miles west of Barrington, to E. R. Hammond and expects to move with his family soon to Middletown, Springs, Vermont, the family home of the Buxtons. Mr. Buxton's father now lives there.

William Lageschulte of North Platte, Neb. is taking to Waukegan at noon today by Deputy Sheriff Griffin. He will be given a hearing in the county court tomorrow to ascertain as to his sanity. He was paroled from the Northern Hospital for the Insane at Elgin about a year ago.

H. S. Hart has closed his residence here for the winter and left for Chicago today, accompanied by his sister, Mrs. Evan Evans, who has been staying here this summer, and James Atkinson, who has been driving Mr. Hart's automobile this year. The family will remain in Chicago until December 1, when they will go to Florida.

Births

Born to Mr. and Mrs. William Huter residing at Chicago Highlands, on Tuesday, September 11, a son.

Also born to Mr. and Mrs. Walter Hennings of Elgin Sunday, Mrs. Hennings was formerly Miss Alma Wolhausen, daughter of Henry Wolhausen of this village.

Mr. and Mrs. P. T. Starck of Chicago are the parents of a son born last Saturday. Mr. Starck is the son of P. A. Starck, one of the leading piano manufacturers in Chicago, and is quite well known here.

Schaubach Installs Muffler

Arnold Schaubach has put a muffler on the gasolene engine at his machine shop, and with a muffler on the engine at the Ideal garage, there is a very noticeable difference in that formerly noisy block.

Elgin Butter Market.

Butter is quoted at 28 cents on the Elgin board of trade Monday, one-half a cent over last week's price.

Special attractions for the ladies will be given at the "Judy" millinery store. Opening of fall and winter millinery on Tuesday, September 24.

CHURCH NOTES.

ST. ANNE'S
Services will be held next Sunday morning at 10:30 o'clock.

BAPTIST.

Communion service the first Sunday morning of each month.

The monthly covenant meeting is observed the Wednesday evening preceding the Sunday communion.

Sunday morning preaching at 10:30 o'clock.

Sunday school at 11:40 a. m.

Evening praise and preaching service at 7:30 o'clock.

Wednesday devotional service every Wednesday evening at 7:30 o'clock.

There will be no services at the church Sunday morning or evening owing to the absence of the pastor. Sunday school will meet as usual.

The Baptist congregation will meet for a Sunday school session in the evening at the Methodist church. It is hoped that a large number will attend this closing Sunday evening series of union meetings.

The pastor will occupy his pulpit as usual morning and evening a week from Sunday.

There will be no mid-week devotional meeting next Wednesday.

SALEM.

Sunday worship at 10:30 a. m. and 7:45 p. m.

Sunday school at 9:15 a. m., J. C. Plagge, superintendent.

K. L. C. meets at 7:00 p. m., S. Glaske, president.

Prayer services Tuesday and Wednesday, 7:45 p. m.

Choir meets Friday evening.

General missionary singing held first Wednesday each month at 1:30.

Woman's Missionary society meets first Thursday of each month, Mrs. B. H. Sodi, president.

Mission band meets first Sunday of each month at 1:30.

Monthly offering of the church is taken on the second Sunday of each month.

Sunday school council meets first Wednesday evening of each month at 7:45.

The pastor will gladly respond to calls for service. Phone 115-M. Herman H. Thorne, Salem paragon.

Rev. Fred Hume of Chicago will preach at Salem church next Sunday morning in German. In the evening a representative of the Anti-Slavery League of Illinois will speak, and in view of the interesting developments of the campaign this year he will have some special features of the present situation to present. An offering will be taken for the cause he represents. Go and hear him.

METHODIST.

Sunday school will meet for bible study at 3:30 a. m. next Sunday. There will be special exercises in recognition of the semi-centennial of the signing of the Emancipation proclamation. It is much desired that the full orchestra shall be present. Also every member of the school, to hear the announcements for rally day, September 29, and to hear in the special services.

The lesson subject will be "The Feeding of the Five Thousand."

At 10:40 a. m. there will be public worship and preaching. Members will be received into the church from probation and by letter. Everybody is invited. Strangers are always welcome.

Mason Co. will have charge of the Epworth league devotional service at 6:30 p. m. The topic will be "Opposition to Truth Arising Out of Selfishness."

Union services of the Methodist and Baptist congregations will be held at 7:30 p. m.

The mid-week prayer meeting on Wednesday evening will be the last of the prayer service before the conference. It is hoped that the attendance will be full.

Tuesday evening, September 24, at eight o'clock the business meeting of the Epworth league will be held at the paragon. The usual social feature of the meeting will occur at the church October 15. At that time a general invitation will be extended.

Ideal Thrashing Nearly Finished

This week will practically see the end of the thrashing season in this vicinity. Few threshers around here have more than a week's work left. Thrashing has been a long job this year. Grain is heavy and plenty, and up to the last three weeks the work had been greatly delayed by the weather. Ideal thrashing weather has been given us since that time, however, and the outfit in this section have been kept very busy. Some farmers who threshed early, especially those a little further south, have been having a hard time to keep the grain from heating, but little trouble has been experienced lately by farmers living in this community.

1913 Calendar at REVIEW office

BOND ISSUE IS SOLD

Trustees Dispose of Village Bonds to Pay for Sewer System to Chicago Firm—Other Work Performed.

The board of trustees of this village met at the village hall Monday evening with all present except Trustee Martin. The meeting was one adjourned from the regular session held on Monday evening, September 2. The minutes of the last meeting were read and approved and the following bills allowed: Henry Johnson, labor on street and repairing water mains, \$62.40; Ewing & Stoner engineering services, 298.93; William Glack, freight 11 cars of crushed stone, 130.87.

Total 498.20

New bids for the purchase of the bonds to be issued to pay for the sewer tank and outlet sewer system had been called for, and three were in the hands of the board for consideration. The bid of Charles S. Kildner & Company of Chicago was the best received and the same was awarded to this firm. The Barrington Bank offered to purchase the bonds at par, and furnish the bonds. One Chicago firm also offered to purchase them at par, the bonds to be furnished by the village; while the concern to which the issue was disposed of offered to purchase the bonds at par, give a bonus of about \$28 and pay the interest accruing from the time the bonds will be dated, July 1, 1912, until the time when the money is turned over, which will probably be about October 1. The interest for this period will amount to \$125. The trustees decided to issue bonds to the value \$12,000, which is \$1,000 less than the amount voted upon. They think this sum will be ample to cover the cost of the improvement. The work is now well under way, most of the material has been delivered, and a payment will probably be made as soon as the money is received. The contractor plans to complete the work by November 1.

A. M. Lanyon, the contractor who is doing the work referred to, presented a bond at this meeting, made out in the sum of \$5,000 and signed by the Massachusetts Bonding & Surety company. The bond guarantees the completion of the work in accordance with the contract. It had been pronounced O. K. by Village Attorney Castle and, upon motion by Trustee Peters, seconded by Trustee Plagge, the bond was accepted and instructions given that Mr. Lanyon's certified check, which accompanied his bid, be returned to him.

The committee on public buildings, instructed at the last meeting to contract with the Public Service Company of Northern Illinois for the re-wiring of the village hall and the installation of four ornamental drop lights, carrying 150 watt tungstens, in the council chamber, and 15 30-watt power lights in other parts of the building reported that they had secured a price of \$60 for the work. This is a reduction of \$15 from the estimate presented by the company to the board at a previous meeting.

There was no further business and the meeting was adjourned. The next regular meeting will be held Monday, October 7.

SCHOOL NOTES.

The first grade has an enrollment of 42. Who says Barrington is not "progressive"?

The high school has an enrollment of 61, the greatest number enrolled for a number of years.

There is a strong possibility of a beginners band being organized soon. About 18 of the smaller boys are anxious to get instruments and begin work at once.

Some of the pupils are looking forward to the beginning of manual training and domestic science. The work will probably be commenced about the first of October.

There will be an evening picnic on the school lawn Thursday, September 26, given under the auspices of the school board. There is a full program arranged for the evening, including a full concert by the band under the direction of W. N. Sears. Ice cream is a la mode, 10¢ per cone, games and many other interesting things will be on hand for the picnicers. The picnic is cordially invited to assist the band to make the evening pleasant and enjoyable for all.

The ladies of this vicinity will find Miss Jones supplied with a larger and more complete inventory this year than ever before. Don't fail to visit her store and inspect the goods which will be to the advantage of all. Opening day, September 24.—Adv.

eign Items.

Politics

Gov. Sincere E. Baldwin was re-
nominated without opposition at the
adjourned session of the Democratic
state convention at Hartford, Conn.
Other state officials and several presi-
dential electors also were named.

Washington

General Stever, commanding the
American forces at Douglas, tele-
graphed the war department that Gen-
eral Orozco, leader of the Mexican re-
bels, was captured on American soil by
Capt. Thomas F. Mitchell in command
of an American patrol between El
Paso and Douglas.

The collier Proteus, newest and
most modern of the auxiliary vessels
of the American navy, was launched
at Newport News, Va.

Intervention by the United States
in Santo Domingo for the protection
of neutral interests is imminent as a
result of the seizure of custom houses
by the Dominican-Haitian frontier
rebels. These custom houses by
treaty are under American super-
vision.

Earth slides in Colorado cut on the
Panama canal have amounted to 16-
500,000 cubic yards since the excava-
tion of the cut began. These slides
represent not less than 20 per cent.
of the total quantity of earth and rock
that so far has been removed from
the cut.

Domestic

Miss Theodora Booth, daughter of
Gen. Ballington Booth, head of the
Volunteers of America, with two wom-
an friends, was badly shaken up in an
automobile smashup at East Lake,
N. Y. Both automobiles were moving
slowly at the time of the collision and
some of those in either car was badly
injured.

Bartam C. Spencer, convicted of
the murder of Miss Martha Black-
stone, a school teacher of Springfield,
Mass., was electrocuted at Boston,
Tuesday. Spencer displayed to the last
the nerve which has astonished the
prison officials. His spiritual adviser
was a Christian Science reader.

At the close of the first day devoted
to hearing testimony in the suit
brought by the government at Cham-
paign to dispossess the International
Harvester company on the grounds
that it is a trust, it was an-
nounced that George W. Perkins,
Charles Dearing and John D. Rockefeller
would not be called to the wit-
ness stand, because if they testified in
the civil suit they would be immune
from criminal prosecution.

Thomas Wilson, factory manager
for a Postville (Mich.) automobile com-
pany, was killed when the machine
was driving turned over in a ditch
near that city.

James Williams, a negro murderer,
killed in the electric chair at the state
prison at Auburn, N. Y., after deliver-
ing a rambling vocabulary.

Care, a petted Italian poodle, pet
of Miss Helen Tark, has been returned
to Farmington, the president's summer
home, and there is joy in the presi-
dent's household again. When Miss
Tark was out motoring a few days ago
she learned from the car and driver
that the dog was missing.

Howard W. Gill, Baltimore aviator,
killed in the electric chair at the state
prison at Auburn, N. Y., after deliver-
ing a rambling vocabulary.

David A. Spencer of Cleveland was
arrested to death and Mrs. Fred M.
Spencer of Indianapolis, was drowned
when the motor launch in which they
were riding was overturned in Lake
Michigan. The launch was overturned
when it struck a log in the water near
Cleveland, O.

Charles H. Spencer of Cleveland was

Spencer of Indianapolis, was drowned
when the motor launch in which they
were riding was overturned in Lake
Michigan. The launch was overturned
when it struck a log in the water near
Cleveland, O.

MEMORY OF WISE IS HONORED

THE memory of Lieut. Lucien Bonaparte Wise, U. S. N., promoter of the
Isthmian canal as it is being constructed, has just been fittingly honored
by the erection of a bust at Panama city facing the Pacific ocean entrance
to the canal. Lieutenant Wise was born in 1844 and died in 1909.

11 MARINES DROWN

SAILORED BOYS OF LAKE BLUFF
TRAINING SCHOOL DROWN IN
LAKE MICHIGAN.

WERE ON PLEASURE CRUISE

Small Boat Founders in Gale on Lake
Michigan—Naval Board Makes In-
vestigation, but Finds It Blame for
Disaster.

Chicago, Sept. 17.—Eleven boys
were drowned on Sunday when the
recreation cutter of the United States
naval training school, near Lake Bluff,
was swamped on a sand bar 300 yards
off Lake Bluff.

Twenty-three boys, one able sea-
man, who was a petty officer, and an-
other petty officer, set forth early for
a pleasure sail. They became help-
less in a gale, fought their way al-
most to the shore, and the tragedy oc-
curred within one hundred feet of
frantic people on the beach.

All but one was able to swim un-
der ordinary conditions, but could do
nothing against the high wind and
heavy surf.

In full view of hundreds of people
along the shore the boat capsized.
The lake was alive with struggling
boys. Many of them had never been
in rough water before. They were of
the newest recruits.

They struck out strongly for the
shore, but there was an undertow in
addition to the heavy waves.

Chicago, Sept. 17.—A naval board of
inquiry gave its findings in the investi-
gation of the wreck of the 30-foot cut-
ter and the drowning of 11 recruits of
the naval training station at Lake
Bluff, Ill.

The report does not censure Chief
Gunner's Mate W. E. Negus, who took
the 25 recruits out into the lake and
who tried to save them.

No blame is placed on any shoul-
ders. The findings say that 11 re-
cruits were drowned, while on duty,
because of the gale and rough sea.

The board heard witnesses who re-
counted the struggle of Mate Negus
and some of his crew to save the 30-
foot cutter when it was driven before
a 40-mile gale, past the beach of the
naval academy and onto a sandbar
near Lake Bluff.

Mem. Says Forewell.

Tokio, Sept. 17.—Phillander C. Knox,
special envoy of the United States to
the funeral of Emperor Meiji, was re-
ceived in farewell audience by
Emperor Yoshihito and later was a
guest at a luncheon in the imperial
palace.

Three Polish in Ascending Mountain.
Juneau, Alaska, Sept. 16.—The
bodies of Leslie Oliver, John Shat-
lock and Dell Lincoff, young men of
Juneau and Douglas, who were seen
on September 5 on Snow Mountain
and were lost, were found Friday.

Victor Allen "Not Guilty."
Weymouth, W. Va., Sept. 16.—The
jury which heard the evidence against
Victor Allen, charged with killing Com-
munist Charles W. M. Foster, re-
sponded to the verdict of not guilty.

NOGI AND WIFE DEAD

JAPANESE GENERAL AND WIFE
TAKE OWN LIVES.

Hero of Port Arthur Commits Suicide
in Grief for Death of Late
Ruler.

Tokyo, Sept. 16.—Forced by cen-
turies old tradition to end their lives
with the sword and driven to their
death by grief over the passing of
their beloved emperor, Mutahito,
Gen. Count Maresuke Nogi, hero of
Port Arthur, and his wife, the Count-
ess Nogi, buried themselves on sharp
blades in the main hall of the palace
and died by their own hands here
Friday.

Darkness had fallen and General
Nogi and the countess sat and await-
ed the signal they had agreed upon to
announce their leaving-taking. This was
the booming of a single gun from the
palace grounds at Tokyo, which was to
let the people know that the body of
the emperor was starting on the im-
perial car for its last resting place.

As the boom of the gun resounded
through the clear, still night, General
Nogi rose and, grasping in his hand
a short sword, plunged it into his
throat, while the countess stabbed
herself through the body.

The tragedy created a profound sen-
sation and expressions of sorrow were
heard on every hand.

Gen. Count Nogi was a national
hero in Japan. He captured Port Ar-
thur from the Russians in 1905, and
received the proposal of surrender of
that fortress from General Stossel.

LAST OF ALLEN GANG TAKEN

Chiefs of Clan That Slew Five in Vir-
ginia Court Arrested at
Des Moines.

Des Moines, Ia., Sept. 17.—Sidna Al-
len and his nephew, Wesley Edwards,
outlaw clansmen long sought for the
quintuple murder in the courthouse
at Hillville, Va., when Judge, pro-
secutor and others were slain, were ar-
rested here Saturday and taken on a train to
serve their lives in Virginia.

Accompanying them and the two
detectives who made the arrests were
Miss Madeleine Iroler of Mount Airy, N. C.,
who had told the detectives to the
hiding place of the alleged assassins.
She had told the Missouri Saturday
and Des Moines that she was engaged
to marry Edwards.

"I have been promised the reward
for the arrest of these two men," she
told Chief Janney just before leaving
for the train. "I am going back to
claim my share of it."

No Tariff on Medicines.
Washington, Sept. 17.—James H.
Curtis, acting secretary of the treas-
ury, took an advance step to encour-
age learning of foreign languages by
the American people. He authorized
dictionaries to be admitted free.

State Estate Division Aways.
New York, Sept. 17.—Charles H.
\$7,500 of the \$10,000 estate of Cou-
ess Rose Stash has disappeared occa-
sioned the attention of the American
trust company and estate division
being made to open the money.

LINE IS PATROLLED

U. S. TROOPS TO PREVENT MEXI-
CAN REBELS FROM CROSS-
ING BORDER.

THREE SLAIN AT PHOENIX

Arrest of Street Brawlers Leads to
Death of Police Chief—Official
Stabbed While Aiding Comrades
Who Also Gave Lives.

Washington, Sept. 18.—Orders were
issued on Tuesday by the war de-
partment to General Stever to
parallel the movement of the rebel
forces along the frontier in Mexico.
The arrival on the border line of the
two additional regiments recently or-
dered there will make the task not
quite impossible, although it will be
still one of great difficulty, demand-
ing the daily and nightly movement
of the whole army in patrol.

General Wood estimates the length
of line to be guarded at about fifteen
hundred miles, but the rebels appear
so suddenly and so often at different
places that the task of keeping up
with them has become almost hope-
less. This patrol duty has become
particularly important by reason of
the rebel practice of simply passing
over into the United States if hard
pressed, and if they are not captured
they return to their friends on the
other side.

Beginning today and continuing un-
til orders to the contrary are given
the frontier troops will be on the
march. If armed bands are taken
they will be disarmed and held sub-
ject to the terms of peace.

It is not known to the war de-
partment where General Orozco is. There
have been reports that he is on this
side of the border, where several of
his lieutenants have been captured.

The optimism of Madero that the
war will end when Orozco is captured
or surrenders on this side of the line
is not shared by the military officials
here. The Madero government, it ap-
pears, has not been able to suppress
the disorders, even near the capital,
and it is feared that later in the sea-
son there will be a withdrawal of
the rebels from the frontier for a junction
with the rebels of the south under
General Zapata.

The massacre of the Tigre mines es-
timate that the loss so far known has
amounted to about \$40,000, but the
mines themselves suffered no mal-
treatment. One Japanese was killed
by a Tiger by a bursting shell. The
Mormon colonies in Sonora have been
ooted by both Rojas and Salazar.

Douglas, Ariz., Sept. 18.—Sixty wom-
en and children from El Tigre and
Nacozari arrived in Douglas on Tues-
day. The refugees had crossed the
international border in automobiles.
They report that Generals Rojas and
Salazar are marching in the direction
of Nacozari and they asserted, from
the position of the troops, it was evi-
dent they intended to join forces and
attack the town.

Employees from four mines were taken
to Nacozari to help protect the
property of the Nacozari Mining com-
pany.

The refugees report that a crippled
Dane named Mattson was unable to
keep up with the other refugees from
the Mormon colony. They believed
he had been shot by Daniel Olvera,
a well known mining man, has been
missing for several weeks. He also
is believed to have been killed.

An American soldier who shot a
Mexican officer at Nacozari, he told
there. The officer died and it is ex-
pected the American will be shot
by Mexicans.

Mexican railroad bridges have been
destroyed by Gen. Campa's soldiers.

Phoenix, Ariz., Sept. 19.—American
Mexicans and their untrained
countrymen engaged in a battle on
Tuesday over the management of the
celebration, which was held on City
Hall plaza.

Policemen Williams and J. Valen-
teaux gave two of the bravest
and got them as far as the prison en-
trance when their prisoners drew
knives and plunged them into the
breasts of the officers.

Chief of Police Moore, attracted by
the noise, came up just as the two po-
licemen had fallen. He was attacked
by the two Mexicans, who plunged
their knives into his body.

Although mortally wounded, Moore
opened fire and one of his bullets
pierced the heart of Scott Price, a
young American who was in the
throng that had to his own care
the plaza to witness the celebration.

The dying chief staggered after the
seeing assassins, but another Mexican
ran up behind him and drove a knife
between his shoulder blades. Moore
fell dead and his murderer escaped.

City to Seize Car Firm.

Duluth, Minn., Sept. 19.—The street
car strike took a new turn when the
city council's resolution instructing
the city legal department to begin an
action to take over the Duluth street
railways as city property, took effect.

Give \$100,000 to Poor.
Philadelphia, Sept. 19.—One hun-
dred thousand dollars for a home near
this city for poor and deserving La-
tines of all ages and both sexes is
the principal bequest in the will of
the late E. E. Atkins of this city.

Feared Spread of Rats.
Charleston, W. Va., Sept. 19.—Gen.
Charles O. Elliot, commanding the
West Virginia troops in the field, ar-
ranged to carry out an order from
Gloucester extending martial law to
the late in the Kanawha coal country.

Whenever You Use Your Back

Doan's Kidney Pills. This
good remedy cures bad kidneys.
A TYPICAL CASE—
W. M. Richardson, Warren, Indiana, says:
"I feel lame and my back aches. I
do not know what it is, but I feel
that I am getting old. I have been
suffering from kidney trouble for
many years. I have tried many
remedies, but nothing has helped
me. I have heard of Doan's Kidney
Pills, and I have bought a box. I
have taken them, and I feel better
than I have for many years. I can
do my work now, and I feel like a
new man. I have written this to
tell you how good they are. I have
been suffering from kidney trouble
for many years, and I have tried
many remedies, but nothing has
helped me. I have heard of Doan's
Kidney Pills, and I have bought a
box. I have taken them, and I feel
better than I have for many years. I
can do my work now, and I feel like
a new man. I have written this to
tell you how good they are. I have
been suffering from kidney trouble
for many years, and I have tried
many remedies, but nothing has
helped me. I have heard of Doan's
Kidney Pills, and I have bought a
box. I have taken them, and I feel
better than I have for many years. I
can do my work now, and I feel like
a new man. I have written this to
tell you how good they are. I have
been suffering from kidney trouble
for many years, and I have tried
many remedies, but nothing has
helped me. I have heard of Doan's
Kidney Pills, and I have bought a
box. I have taken them, and I feel
better than I have for many years. I
can do my work now, and I feel like
a new man. I have written this to
tell you how good they are. I have
been suffering from kidney trouble
for many years, and I have tried
many remedies, but nothing has
helped me. I have heard of Doan's
Kidney Pills, and I have bought a
box. I have taken them, and I feel
better than I have for many years. I
can do my work now, and I feel like
a new man. I have written this to
tell you how good they are. I have
been suffering from kidney trouble
for many years, and I have tried
many remedies, but nothing has
helped me. I have heard of Doan's
Kidney Pills, and I have bought a
box. I have taken them, and I feel
better than I have for many years. I

NEWS ABOUT TOWN

Short Local and Personal Items—Brief Paragraphs About the Visitor and the Visited.

Edward Olcott visited with Miss Tallian Dunn at Cary Sunday.

Mrs. P. Jacobson and daughter Nina were Chicago visitors Monday.

Bert Henderson of Harvard called on relatives and friends here Tuesday.

Mrs. W. J. Cameron returned home last Friday after a few days in Chicago.

George Shufeldt returned last Friday from a week's visit to his home at Red Moon, Oklahoma.

R. W. Gray will give a picture show tomorrow evening as usual at the village hall.

Mr. and Mrs. G. W. Spunner returned home this week from a two months' visit in the west.

Miss Margaret Lamphere of Wauconda was a visitor at the Martin home here the first of the week.

George Preston will attend a meeting of the National Union, a secret society, in Chicago tonight.

Mrs. E. W. Lumm and mother, Mrs. Margaret Matthews of Cary visited with friends here last week.

Mr. and Mrs. Albert Schultz have moved from Blue Island to Chicago, and now live at 7533 Green street.

Mrs. Emily Hawley left Monday evening for North Dakota to be gone two weeks, visiting on her ranch.

Messrs. and Mesdames Enell and Robert Frick visited Sunday with Mr. and Mrs. Rudolph Zurlinden at Cary.

George Froelich, junior, has gone to Nye, Montana, where he has accepted a position as a teacher in the public schools.

Nearly a score of Barrington residents attended the dance at Murphy's pavilion, Wauconda, last Saturday evening.

Misses Virginia and Constance Purcell went to Boone, Iowa, Monday where they will spend a week with Mr. and Mrs. James Markley.

L. R. Lines left Tuesday morning for Michigan where he will spend a week visiting at Ithaca, Jackson, Detroit and some of the other principal cities.

A basket social and dance will be given at the Spring Lake covenanter next Saturday evening. Hunter's orchestra of Elgin will furnish the music.

The high school boys brass band will give a picnic lawn social on the school lawn next Thursday evening. The details of the affair are given in article in the school notes.

Mr. and Mrs. Howard Castle and daughter went to Elgin Friday for a visit of several weeks with Mr. Castle's parents. Mr. Castle will be in Barrington Monday evenings.

E. D. Prouty returned Saturday after three weeks spent at Loma, North Dakota, where he owns a farm. A. G. Gieske, who also possesses land there, returned the next day, after being gone a week.

Bert Bennett, a Hall signal workman is the employ of the C. & N. W. railroad, has had charge of a line gang near Clinton, Iowa, for the past six weeks and returned to his home here last Saturday.

John Dickson has purchased a 100 acre farm in Watonsa county, Minnesota, and expects to move there with his family some time this month. He wishes to dispose of his village property at Lake Zurich.

August Miller went to the Hahnemann hospital, Chicago, Monday where he was operated upon yesterday to remove a tumor at the outlet of the stomach. The operation was successful and he was doing well when last report was received.

Arnold Schauble installed one of his engine power Barrington gasoline engines last Saturday for William Greber at Lake Zurich, and Thursday of last week he installed one at Cary for William Zitek.

Barton Plagg left Saturday for Lake Zurich, where he and his cousin, Barton Plagg, who went there a few days back, will each take up a course of instruction which includes drill and swimming manual training, etc.

Mr. and Mrs. G. E. Lockhart are spending a short vacation with friends at Lake Zurich, Illinois.

William Greber, a former resident of Mr. Lockhart's, will be visiting. They will leave Sunday for their home.

John Greber made his first trip to Chicago in the years last Sunday. He was on his way to the city.

William Greber, who has been in the city for some time, will be visiting. They will leave Sunday for their home.

36 inch Floral Swiss, 5c.

The Men Who Succeed
as heads of great enterprises are men of great energy. Success, today, demands health. To all is to fail. It's utter folly for a man to endure a weak, run-down, half alive condition when his feet in short order "Four bottles of this medicine I ever took," writes Chas. H. Allen, Sylvan, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders, and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at the Barrington Pharmacy.

Unclaimed Letters.
The following letters remain in the Barrington post-office unclaimed for the week ending September 14, 1912.

Brueck, Jones
Geo. Jahnke
John Nailing
Edward O'Rourke (2)
Dr. C. O. Van Andale
H. K. Brockway,
Post Master.

Gito Stenger of Chicago called on old friends here Friday.

What We Never Forget
according to science, are the things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grandmother used to cure our burned, itched, scalded, skin eruptions, cuts, sprains or bruises. Forty years of cures prove its merit. Unrivalled for piles, corns or cold sores. Only 25 cents at the Barrington Pharmacy.

Hard Times.
"Well," said Hinkley stably to the old countryman to whom he was giving a lift over the highway, "how's farming around here?" "Bad," said the countryman, "powerful bad. What with the farm hands turnin' shufflers, and the farmers turnin' garragers, farmin' sort of went out of fashion."—Harper's Weekly.

From Smiles to Thrills.
"Fashions change in politics as well as in literature." "Yes," replied Senator Sorghum. "Candidates used to appeal to an audience with humor or sentiment. Now we are compelled to give 'em mysterious plots or studies in current slang."

Up-to-Date Burglars.
Burglars who forced an entrance into a Jew's office in New York a few days ago carried with them an electrically driven drill for boring into the safe, which they proceeded to use successfully after connecting it with an electric light socket.

Our First Newspaper.
The first American newspaper was published in 1704 and to 1788 there were 75 published, 16 of which were conducted by women and 14 of which were the firm champions of liberty and equal rights.

Then and Now.
"Sometimes I feel sure," said Bilkins, "that I once sat on a throne and waved a scepter." "And now?" remarked his chummy wife, "you are going to stand on the back porch and wave a rug beater."

Laughter Like a Bombshell.
One good, hearty laugh is a bomb shell exploding in the right place while spleen and discontent are a gas that kicks over the man who shoots it off.—De Witt Talmage.

Electric Street Sweepers.
The municipality of Berlin has found electrically driven machines for cleaning the streets much cheaper than the old horse carts. There are now twenty-four storage-battery machines in use. The electric machines do so much work that each machine is supposed to save about \$12.3 a day by comparison with a horse-driven water cart.—The Electrical Review and Western Electrician.

Clothes.
He—"Did you ever observe what a difference clothes make on one's mind? Now, when I am in my riding togs, I'm all horse; when I have on my business suit, my mind's full of business; when I get into my evening dress my mind takes a purely social turn." She—"And I suppose that when you take a bath your mind's as utter blank?"—Stray Stories.

Verona's Municipal Pigeons.
The municipality of Verona has expended 50 francs (two pounds) in acquiring snail for the pigeons of the city. Having thus become state supported, they are immune from the molestations of wanton destroyers, who will now be punishable by law.

Nautical Distinctions.
"How do you tell the difference between a yacht and a sailboat?" said the old man to the tourist mind. "By looking into the pantry," replied Captain Cluet. "If she carries plenty of refreshments and seagulls, she's a yacht. If it's mostly plain victuals, she's a sailboat."—Exchange.

Perhaps.
A Boston minister has jumped into the spotlight by making the statement that American women wear too many clothes at summer resorts. This is the last objection we expected a minister to make. Perhaps the women whom he observed are inclined to freckle.

Justifiable.
"Why, it is a nasty old photo. It's not like me. I am better looking than that," said a woman at Lambeth who, when charged with disorderly conduct, handed the magistrate her photograph to look at. "Look at that," she said, indignantly, "and see if you wouldn't swear if you were took like that."

Still Unexplored.
All the opportunities for adventure are not over, though the north and south poles have both been conquered. In Africa there are 20,000,000 square miles of land as yet unexplored. In Liberia a tract of 20,000 square miles which is unknown.

The Difference.
When a man falls on a bit of orange peel, the first thing he does is to look back to see what it was; but the first thing a woman does is to look around to see if anyone saw her.—The Titler

Horticultural.
One may hardly call a hen on her nest an eggplant.

Group Photos
The next time you are ALL together have that group picture taken you have talked about. There is always a LAST time when you meet. I will come to you if you can't come to my studio.

Collins' Studio
Palatine, Illinois

Record of Longevity.
A remarkable record of longevity is to be found in some of the rural parishes of France. In the village of St. Thomas de la Piche there have been only 14 parish priests in 300 years, the fourteenth being still in possession. The parish of St. Germain du Val, in Paris, has had only three pastors in 100 years, while that of Olivy en Argois has had but five in 130 years.

Street Rules in Paris.
It is a misdemeanor to throw a piece of waste paper upon a Paris street. If a policeman sees you drop a piece of paper he walks up to you, puts you on the shoulder, begs your pardon for addressing you, tells you you have violated the law and asks you to pick up what you have thrown down.

Oh, That Accent.
"How do you know she is an American?" "I heard her talking French."—Judge.

Cut Shows Barrington Portable Gasoline Engine with Screen Water Cooling Tank

The Barrington Portable Gasoline Engine is mounted on heavy, substantial steel trucks. They are especially built and balanced for portable engine work and will stand perfectly stationary on a level floor without blocking, when running at full speed and under load. The materials used in their manufacture are the best that money will buy. Equipped with friction clutch pulley, screen-cooling water tank with circulating pump, gasoline tank, speed lever, battery complete, magneto and all necessary accessories. The engine is fitted with a volume or throttling governor; this governor is a centrifugal high speed governor, being run two revolutions to one revolution of the engine, thereby maintaining a regulation that will govern on less than one hundredth part of an inch; and we guarantee the speed of this engine to be as regular as any steam engine ever built. Can be changed from 125 revolutions to 400 revolutions while running. Ask your neighbors about them.

This Engine has Been On the Market for Nearly Ten Years and Over 200 Are In Use

The New Holland Grinder

The New Holland mill will do the work quickly and with less power than other grinders, preparing the grain so that the stock will get the most from the ration and you will get all the profit there is to be had from the grain you feed.

The Ohio Ensilage Cutter

The Ohio Ensilage Cutter with self feeder and blower is the best machine on the market for filling silos and is strongly recommended by many local users. The farmer who buys the Ohio will make no mistake.
