

# BARRINGTON REVIEW

VOLUME 26, NUMBER 30

BARRINGTON, ILLINOIS, THURSDAY, OCTOBER 21, 1913

\$1.50 PER YEAR IN ADVANCE

## PROGRESSIVES AND REPUBLICANS RALLY

Progressive Meeting Packed the Village Hall to Utmost Capacity last Monday Evening.

## REPUBLICANS MEET NEXT NIGHT

Frank H. Funk Here a Few Minutes—Mr. Peck Speaks for the Republicans.

Last Monday evening 350 voters of this village, together with a dozen women and a number of children, filled the village hall to overflowing to hear the Progressive speakers' version of the present campaign issues. Frank H. Funk, candidate for governor, was probably the man of greatest interest, but as he did not arrive until 10:20 and departed at 10:40 he only had time to say a few words. The burden of his argument was: "Get away from the old parties; they are both rotten." With Mr. Funk was William H. Malone of Park Ridge, candidate for member of the state board of equalization. In a short talk he spoke in favor of the abolition of that office.

The meeting was opened at eight o'clock, Robert Mickey, senior, of Barrington township, acting as chairman and introducing the speakers. George E. Colby, a Chicago cartoonist, first gave a talk which was quite amusing. The first speaker to be announced was Lawrence P. Boyle, candidate for congressman at large. He talked for about half an hour but was unable to arouse a great deal of enthusiasm. He did not discuss his own candidacy and did not touch upon the pertinent points in the controversy between the leading parties. These two men left for Palatine, where another meeting was to proceed, on the 8:45 train, and the Barrington school band was obliged to entertain until about 9:30 when Charles E. Merriam of Chicago and E. C. Armitage, candidate for congressman from the seventh district arrived and gave 10 minute addresses which were along the same lines as those that came before and after them.

The Progressive speakers were carrying on meetings in this village and at Palatine and Arlington Heights that evening and were obliged to do some hustling in order to make all three towns. But for that they might have been able to give the local voters enlightenment upon the third-term party's state and national platforms, and what they propose to accomplish.

## The Republican Rally.

Tuesday evening the Republicans had their meeting. Three speakers, William Busse of Mount Prospect, candidate for county commissioner; Raymond G. Kimball of Chicago, candidate for member of the state board of equalization; and Ralph L. Peck of Palatine, were present. How-ard Castle presided over the meeting and the band was present to furnish entertainment when the speaking got too tiresome, but such was the evident interest in the addresses that the speakers had a very long time of it. The audience was not nearly so large as at the Progressive rally on the previous evening, perhaps because this later meeting was not so well advertised and perhaps because there really are more Progressives than Republicans in this village.

William Busse was the first speaker, and told principally about the extravagance of the last county board over the Barrington regime. He presented facts and figures to substantiate his claims. Mr. Busse has himself been one of the members of the county board from the country town for a good many years, and is thoroughly familiar with all of the work of this and previous boards. None were present who could doubt the truth of the statements he made. After Mr. Busse, Mr. Kimball spoke for a few minutes. He said that he thought the important thing to Cook county voters at the coming election was the county and after that the state ticket. He had a few words to say about his own office and closed with a promise of honest and efficient work, if elected.

Mr. Peck, the third and last speaker, gave the principal political address of the evening. Mr. Peck was born and reared in this village and was probably personally known to most of the voters present, which added interest to his address. He made quite a lengthy argument and brought out several points with telling effect. The burden of his discourse was: "Support the Republican county and state ticket." He concluded his address by saying that many of the Progressive candidates were not only "bad politicians" but also "bad men" and that the Republican party was the only one that stood for the people.

## TO IMPROVE ROAD.

County Line Road to Have Counting of Crushed Stone to McHenry County Line.

The county line road is going to be rebuilt with crushed stone from this village west to the McHenry county line. The work will commence at once. The decision to make this improvement has been brought about through the concerted action of the highway commissioners of Barrington and Cubes townships, landed residents west of the village, and some of the prominent residents of the village. The crushed stone will be furnished by the state. Governor Deneen gave his personal attention towards securing it from the state highway commission. About \$4,000 has been made available for the work through subscriptions and the action of the highway commissioners. P. A. Hawley has been instrumental in raising subscriptions in the village and deserves considerable credit for his share in the work.

The Barrington Improvement association was largely responsible for the inauguration of this improvement. This association was organized last summer to promote interest in work for the advancement of the village in public matters. It is essentially a commercial club, so organization long needed in the town. B. H. Hammon is president, J. C. Plagge, vice president, and H. P. Castle, secretary.

## Epworth League Social.

The Epworth league of the Methodist church held its monthly social rally on Tuesday evening last at the home of Miss Irene Keeler, one of the new members, on Russell street. There was a fine representation of young people present, members of the league and invited guests, to the number of thirty or forty. Miss Alberta Horn presided during the meeting and Mrs. Keeler had charge of the program. This consisted of piano music by Miss Keeler and solo singing by Mr. Chalkey. A guessing contest tested the wit of all present. After this nice refreshments were served, followed by games of a diverting kind. The evening was a very enjoyable one and Mr. and Mrs. Keeler proved themselves excellent as host and hostess of the company.

## Improvement at Laundry.

Work has been commenced on the erection of a new boiler room at the Barrington laundry. A new engine and boiler will also be installed. During the time that these repairs are being made the laundry will not be operated, but Mr. Gieske announces that he has made arrangements whereby the Crystal Lake and Woodstock laundries will take care of his work, and he will call for and deliver your laundry as usual. Deliveries will be a little late, he says, but he will be running again in a week or ten days.

## Large Number Registered.

The boards of registration of Barrington and Cubes townships met last Tuesday and made a final revision of their poll books. In the former township 500 names were registered and 317 in the latter. This is the largest number on record in each precinct and it is expected that a large vote will be polled.

## Frank Waterman Injured.

Frank L. Waterman has been confined to his home since last Thursday when his back was injured while passing over a bad culvert in an automobile. The accident happened about four miles north of Libertyville while Mr. Waterman and A. W. Meyer were on their way to Waukegan.

## Births.

A daughter was born last Friday to Mr. and Mrs. Edward Hansen of State Street. Miss Hansen was formerly Miss Lizzie Melner, daughter of Mr. and Mrs. John Melner.

## Elgin Better Market.

Butter is still quoted at 29 cents on the Elgin board of trade.

## Take Notice.

Anyone having an account against me is requested to mail me an itemized bill at 1111 N. Main street for the winter. H. D. WETMORE.

The bankers of the state showed their high opinion of Andrew Russell when they elected him president of the State Bankers' association. Mr. Russell is a clean and patriotic citizen of progressive kind. He is the Republican candidate for state treasurer. If you want the best kind of a man in that office you should place an X in front of his name on the ballot November 5. No matter what ticket you vote do this—Advt.

## FARM AND DAIRY NEWS.

Notes and Comment of Interest to Local Farmers and Milk Producers.

Wetmore and Stanley advertise a big auction to take place next Thursday, November 7. The Richard Wierbich farm sale Monday well, the sale totaling about \$5,000. William Peters was the auctioneer. Mr. Wierbich will leave in two or three weeks for Montana where he has purchased a farm.

The Hawthorne Farms company received 93 colonies of honey bees from Ferry, Michigan, last Sunday. They were unloaded Monday and taken to the Richmond hill farm. The company had 120 colonies before, some of them being located at the Richmond hill farm and others at the East farm. Tuesday the company received a carload of Holstein cattle from New York for the East farm.

The Illinois state highway commission has published a bulletin on modern bridges for Illinois highways. "To encourage the construction of better highway bridges." It is profusely illustrated and explains in a clear and concise manner the construction of up-to-date bridges. It should be studied by every highway commissioner in the state.

Better bridges are needed by the traffic of today. A wise economy demands them. Good bridges are an essential factor towards future road improvement.

## SHORT LOCAL ITEMS.

The local lodge of Odd Fellows expects to entertain the members of the Waukegan lodge next Thursday evening.

The monthly meeting of the W. C. T. U. will take place next Monday evening at 7:30 o'clock at the home of Mrs. Edward Groff.

The village hall has been occupied every night this week thus far and is rented for tonight and the remaining two evenings of the week.

The Women's Foreign Missionary society will hold the November meeting next Tuesday at three o'clock at the home of Mrs. E. M. Smith. The study of the text book, "China's New Day," will be commenced with Mrs. J. L. Schwenn as leader of the program.

A number of local Catholics will delegates from the Epworth league will attend the district rally for the Chicago northern district at the First Methodist church at Ravenswood tomorrow evening. Among the speakers will be Dr. Sheridan, the general secretary, and Dr. Brummitt, editor of the Epworth Herald.

attended the dance given by the Young People's Catholic society at Cary this evening. The dance will be held in Tomsky's hall instead of in the new church hall as was at first announced. Music will be furnished by Wynkoop's orchestra and refreshments will be served at the hall. Tickets cost \$1.00.

Miss Grace Freeman entertained the Annis club of the M. E. church at her home on Lake street Thursday evening of last week. The evening was passed as usual in fancy work and all had an especially good time. There were a number of guests present including Mr. and Mrs. Robert Mickey of Spring Lake farm.

The Young People's association of the Zion church has secured S. L. Umbricht of the Naperville seminary to give a series of three lectures on Palestine at that church. The lectures will be given on the following evenings: November 8, November 22, December 6. A season ticket will be sold for 50 cents and 20 cents will be charged for single admission.

R. W. Gray of North Crystal Lake the promoter of the moving picture shows given here, has purchased a lot of second hand theatre chairs which are in very good condition, and is trying to persuade the village board to buy them for the hall. They are quite reasonable and would be particularly useful when the hall is used for entertainments and mass meetings.

About 20 ladies of the local Order of Eastern Star went to Waukegan in automobiles last Friday evening and were entertained by the lodge in that village. Supper was served at six o'clock and degrees were presented in the evening. Members of the North Crystal Lake lodge were also present. The banquet served was certainly a credit to the Waukegan ladies. The night was beautiful and all enjoyed the visit and the ride.

## THE BALLOT THIS FALL.

Six Parties on Ticket—Also Women's Ballot and Public Policy Ballots to be Voted.

The size of the ballot to be voted this year will be somewhat smaller than it was four years ago. There will be six party names at the head. Republican, Democratic, Progressive, Prohibition, Socialist, Socialist Labor. In Cook county there is also a column for an independent ticket, but it contains no names.

There is a woman's ballot containing the names of the candidates for trustees of the University of Illinois, and a public policy ballot wherein are presented three proposed questions of public policy. The first question is in regard to the submission to the voters at the next state election an amendment to the state constitution providing for the classification of property for purposes of taxation, with taxes uniform as to each class; the second question is in regard to the revision of the primary election law and the third question is a proposal to create a legislative committee to investigate the most practical means of shortening the election ballot. The judges in both the Barrington and Cubes precincts have received the specimen ballots and voters will find one posted in front of each polling place, where it may be examined.

## CHURCH NOTES.

### SALAM.

Sunday worship at 10:30 a. m. and 7:30 p. m. Sunday school at 9:15 a. m., J. C. Plagge, superintendent. K. L. C. E. meets at 6:45 p. m., S. Gieske, president. Prayer services Tuesday and Wednesday, 7:30 p. m. Choir meets Friday evening. General missionary meeting held first Wednesday each month at 1:30. Women's Missionary society meets first Thursday of each month, Mrs. H. B. Scott, president. Mission band meets first Sunday of each month at 1:30.

Monthly offering of the church is taken on the second Sunday of each month. Sunday school council meets first Wednesday evening of each month at 7:30.

The pastor will gladly respond to calls for service. Phone 115-M. Herman H. Thoren, Salem parsonage.

### METHODIST.

9:30 a. m. is the Sunday school hour. There are classes for men and women and for pupils of all ages. Attendance last Sunday was 97. This is due to the faithful work of the teachers who are doing their best for the pupils. The leading thought for next Sunday's lesson is "Jesus the Light of the World." Visitors and friends are always welcome to any department of the school.

At 10:40 a. m. there will be public worship and a sermon followed by the communion. The subject of the sermon will be "Light From Four View Points on the Person of Christ." At 7:30 p. m. there will be a service and sermon on "Men's hearts falling them because of fear and for looking after those things which are coming on the earth." The relation of these words to present pre-election conditions will be discussed.

At 8:20 p. m. the Epworth league will meet. Miss Lucile Peckham will lead.

Monday evening the Bible study class will meet at eight o'clock.

Wednesday evening a praise and prayer service will be held.

### ZION.

Sunday school begins at 9:30 a. m. and German preaching at 11 o'clock. Young People's meeting at seven p. m. followed by an English sermon. Prayer meeting on Wednesday evening at 7:30 in the church and choir practice on Friday evening at eight o'clock.

The Young People's association monthly business meeting next Tuesday evening will be at the home of Mr. and Mrs. Fred Benson.

### BAPTIST.

Communion service the first Sunday morning of each month. The monthly convocation meeting is observed the Wednesday evening preceding the Sunday communion.

Sunday morning preaching at 10:30 o'clock. Sunday school at 11:40 a. m. Evening praise and preaching service at 7:30 o'clock.

The weekly devotional meeting will observe the church at three o'clock Saturday afternoon.

Sunday morning sermon subject: "The Infidelity of Life." Communion after the Sunday morning service.

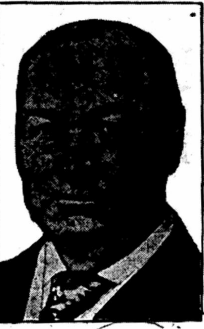

Communion meeting will be observed at the church at three o'clock Saturday afternoon.

Continued on fifth page.

## SHERMAN IS DEAD.

Vice President Lame in Fight for Life—Will Not Change Ticket Used Next Tuesday.

After a long illness, James Schoolcraft Sherman, vice president of the United States and Republican candidate for re-election to that office, died at his residence in Utica, New York, last night of uremic poisoning caused by Bright's disease.

James S. Sherman.

No attempt will be made to substitute a name for Mr. Sherman's on the ticket presented to the voters next Tuesday. Legally, the vote is cast for the electors in each state.

The national committee has power to fill vacancies, and will meet in Chicago November 12 and select Mr. Sherman's successor.

## BARRINGTON'S CANDIDATES.

Village Has Five Local Men on Ballot at the Coming Election—All Are Prohibitionists.

Five residents of the village of Barrington are candidates for county or state offices on the Prohibition ticket this fall. Frank H. Plagge is candidate for member of the state board of equalization from the tenth district, A. W. Meyer a candidate for representative from the eighth senatorial district, Dr. D. H. Richardson a candidate for clerk of the circuits court of Lake county, J. F. Gieske a candidate for representative from the seventh district and H. J. Lagace who is a candidate for county commissioner in Cook county. Voters in Barrington township may vote for the latter two, while the first named three will appear on the ballots to be used in Cubes township.

A. W. Meyer is the only one among these men who stands a chance of winning. In the eighth senatorial district there are four candidates for representative who are considered to be in the fight; two Republicans, E. D. Shurtliff of Menomago and James H. Vickers of Harvard; one Democrat, Thomas E. Graham of Ingleside; and Mr. Meyer, the Prohibitionist; and there are three to be elected. Mr. Shurtliff's election is conceded and Mr. Graham's is almost equally sure, while Mr. Meyer and Mr. Vickers have almost an equal chance.

## Face Coal Panic.

Local coal dealers are entirely out of hard coal and orders given two months ago remain unfilled, without any promise for immediate relief. It is a situation which seems to be generally about the country, and is really alarming when it is considered how short a time must elapse before real winter weather will arrive.

## The Right Man for State Treasurer.

The primary election last April was a fair contest in which all citizens had nearly equal chance. Andrew Russell, the Jacksonville banker, secured the Republican nomination for State Treasurer by a great plurality of votes. In Cook county with no machine backing, and only his personal merit in his favor he received the handsome vote of over \$5,000, while his nearest competitor got only 33,000 votes. He thus became the Republican nominee by a landslide endorsement of Republican voters. It is to be hoped that he will have as good support on November 5, and will be elected so richly deserved. His high character and splendid record for honesty and efficiency while he had the same office a few years ago is a guarantee that he is the right man for the place. All good citizens should place an X in front of Mr. Russell's name on the Republican ballot. Vote for Russell and thus elect the steadiest man—Advt.

Graylake wants a laundry. At the present time there are three laundry agencies in this village and the laundry of that place believes that a good laundry will be a dying proposition.

## SUDDEN DEATH OF A FAMOUS DOG FANCIER

Alexander Smith, Manager of Victory Kennels at Honey Lake, Three Miles North of This Village, Is Dead as the Result of an Accident Tuesday Evening. Driving home from this village at about six o'clock he collided with Arthur Jayne, who was going in the same direction, and his buggy was thrown out and his neck broken.

## WORLD'S AUTHORITY ON AIRRAILS

Man Killed in Tip-Over was Foremost in This Country Among Breeders of Blooded Cattle.

Alexander Smith, a world renowned dog fancier and manager of the Victory kennels at Honey Lake, three miles north of this village, is dead as the result of an accident Tuesday evening. Driving home from this village at about six o'clock he collided with Arthur Jayne, who was going in the same direction, and his buggy was thrown out and his neck broken.

At the inquest held yesterday morning Mr. Jayne gave the only testimony received. The story told was to the effect that, while driving home he heard a rig approaching behind him, and realizing that the driver was coming at top speed he pulled out of the road as far as possible. Notwithstanding the wide berth he gave him, the occupant of the other rig drove so that the front wheel of his buggy struck Jayne's buggy, forcing Jayne into the fence and upsetting the other vehicle. The occupant remained lying on the ground where he was thrown when the impact took place, and when Jayne tried to arouse him and could not do so he went to the Winnecke residence, which was near the scene of the accident, to secure assistance. The horse driven by the other party followed him and then returned to the place where his master was lying. Jayne went back and caught the horse and Mr. Winnecke recognized it as the one which Mr. Smith had purchased. It was not until then that Mr. Jayne learned who the injured man was. He drove to Mr. Smith's residence where Dr. Shearer was summoned, and accompanied by Mrs. Smith returned to the spot where the collision occurred. Dr. Shearer arrived and pronounced Mr. Smith dead, stating that his death had been instantaneous. Mr. Winnecke hitched up and took the body to the family residence at the kennel farm. The coroner's jury yesterday morning returned a verdict of accidental death in accordance with the facts as related by Mr. Jayne.

Mr. Smith had been the manager of the Victory kennels since last June when they were first established here. He was the world's foremost authority on the Airraide dog, of which breed these kennels made a specialty, and his loss will be keenly felt by all dog fanciers, and especially by his late employers, Mrs. A. V. Crawford and C. H. Perrin, who will find it almost impossible to secure another man who can fill the position of manager of their kennels in a satisfactory manner. In which Mr. Smith has done. He was born in Scotland 49 years ago, came to this country 17 years ago, going first to Montreal where he was engaged in the same calling, at that time including the breeding of blooded horses with his other work. While there he had charge of the Colne kennels, recognized as the finest in the world. After that he went to York, New York, where he had charge of the Graystone kennels, and then to the Mountaineer kennels at Glenwood, where he was employed when he was engaged by the Victory people.

Mr. Smith leaves a wife, one son, Alexander, junior, who attends school in this village, and one daughter, Loyal, who is assistant postmistress at Glenwood.

The funeral services were held at his late residence this morning at 10:30 o'clock; Rev. G. E. Lockhart, pastor of the Baptist church here, officiating. Miss Myrtle Plagge and Mrs. Charles Thies sang. The remains were taken to Chicago by a noon train for interment in Rosehill cemetery.

## Prohibition Rally.

There will be a Prohibition rally in the public square, in this village, Saturday evening, November 2. Alonzo E. Wilson will talk on "The High Cost of Living." Fred D. Squires' subject will be "Why Chafe Is the Man." Rev. G. E. Lockhart will also address the meeting. The Barrington school band will furnish music. All are invited.

## Special Maps for Postmasters.

The government has let the contract for the printing of 125,000 special maps for the use of postmasters in computing rates on parcel post packages.

If you want a map of the country for the ball tonight, see Math Peck.

## Advertising Is an Investment —not an Expenditure

**A. SCHAUBLE, BARRINGTON**

## HE TAKES NO CHANCES

Small Boy's Prudence May Have Saved Him, but He Still Had the Best.

The Rev. John H. Underwood, one of Princeton's most eloquent and earnest ministers, said the other day in a temperance address in the spring: "I pointed out that drunken husbands kill, every year, with revolvers and bullets and clubs, 3,500 wives. That 3,500 babies are killed by drunken fathers who crush them in bed. That 10 per cent. of our divorces are due to drunkenness."

Mr. Underwood paused, then added: "I heard recently of a little boy who was a warm and sure temperance man. His father was a drunkard and it was feared that the suit would soon find its way to the law. But a week after the lad had got the suit he was still wearing it."

"Good for you, Johnny!" said a city missionary to the little chap. "Still wearing your suit, I see?"

"Yes, sir," the archbishop explained. "I sleep in it."—Chicago Record-Herald.

### Different Youth.

"Good morning, Mrs. Alice," said a grocery boy awaiting an order from a lady in a suburban town.

"Please call me Alice," answered the lady. "That's my name."

"But I don't know you well enough to call you Alice!" rejoined the youth, confusedly.

### Important to Mothers

Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Fletcher*.

In Use For Over 30 Years.

Children Cry for Fletcher's Castoria.

A woman's second thoughts are nearly always the most unsatisfactory.

Mrs. Winslow's Soothing Syrup for Children teething, soothes the gums, reduces inflammation, cures colic, cures wind, etc., in a few minutes.

Many a bewitched man has been known to tell barefaced lies.

### CURES BURNS AND CUTS.

Chloroform applied to the skin instantly cures cuts, burns, abrasions, etc., in a few minutes.

A woman always suspects another woman who never sheds tears.

## WOMEN SHOULD BE PROTECTED

Against So Many Surgical Operations. How Mrs. Bethune and Mrs. Moore Escaped.

Elizabeth, Mo.—"For seven years I suffered everything."

"I was in bed for four or five days at a time every month, and so weak I could hardly walk. I cramp and had backache and headache, and was so nervous and weak that I dreamed to see anyone or have anyone near me."

"The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it."

"Now I look the picture of health and feel like it, too. I can do my own housework, have my garden, and milk a cow. I can entertain company and eat and drink as well as I choose, and walk as far as any ordinary woman, any day in the month. I wish I could tell to every suffering woman and girl!"—Mrs. Maud BETHUNE, Elizabeth, Mo.

Maryville, Ill.—"I have taken Lydia E. Pinkham's Vegetable Compound for a very bad case of female trouble, and it made me a well woman. My husband was ill broken down, the doctors said I must have an operation, and I was ready to go to the hospital, but decided to try this Pinkham's Vegetable Compound. I got along so well that I gave up the operation and was saved from the operation."—Mrs. Maud BETHUNE, Maryville, Ill.

Chicago, Ill.—"I have taken Lydia E. Pinkham's Vegetable Compound for a very bad case of female trouble, and it made me a well woman. My husband was ill broken down, the doctors said I must have an operation, and I was ready to go to the hospital, but decided to try this Pinkham's Vegetable Compound. I got along so well that I gave up the operation and was saved from the operation."—Mrs. Maud BETHUNE, Chicago, Ill.

## SETTING THE TABLE AND SERVING THE MEAL IN AN ATTRACTIVE MANNER

Formal Dinner Served With a Maid. Flowers obstructed the view of the table, hence they were omitted.

By NINA B. CRIGLER, Instructor in Household Science, University of Illinois.

The setting of the table is, in a general way, familiar to every woman. The table is set and food is served three times a day and three hundred and sixty-five days in the year, not to mention dinner parties, receptions and banquets. This important subject, however, has been sadly neglected, and is, perhaps, the one least considered in the average modern home. It should be one of common interest, for the attractiveness of the table and suitability of dishes and service add much to the pleasure of eating, "the favorite pastime of the American people."

The old adage, "Man works from sun to sun, but woman's work is never done," is sanctioned by every intelligent housekeeper. The home demands six-tenths of the ten hours, a working man's day, to carry on the duties of any well-regulated family. The preparation of the food itself, or cooking, is not a simple or single act. Time is involved; thought is involved; energy, economy and good management are involved. We must not stop here, the service of meals must receive its due proportion, and the attention it deserves. But you say the daily routine is so burdensome that by the time the meal is on the table there is no time for elaborate serving. Do not misunderstand. Simplicity of serving, suitability of dishes, beauty and attractiveness of the table, rather than its elaborate serving, should be considered. Simplicity of serving, suitability of dishes, beauty and attractiveness of the table, rather than its elaborate serving, should be considered.

A very ordinary meal served from the kitchen in individual portions may be made extremely attractive by a well set table, by putting the right things into the right dish, and by well organized serving, correct, simple, convenient and well adapted to any particular meal. As some one has said, most effectively said: "The dinner hour may be a time of conviviality and festivity, or a time of surdness and necessity, depending on the delicacy and plainness of the service."

There are general rules and principles governing the setting of the table and the service of the meal. The following outline of the setting of the table:

Under A, we must avoid cluttering up the green lawn with flower beds, sheared shrubs, and other artificial affairs. A single tree, beautiful in itself, is no objectionable on the lawn.

Under B, the taller trees and shrubs must be in the rear and the whole growth shade down in solid mass to the ground in front, where borders of flowers may be planted. The borders may swing out in curves into the lawn.

Under C, the requirements are that there shall be few straight lines in the natural landscape planting. If the walks are long enough, they should gently curve, and shrub masses may be planted in these curves. The trees and shrubs should not be in rows but in masses and groups curving naturally into the lawn. The angles at the building and ground should be broken by shrubs and flower borders.

There is little excuse for country, home and school grounds being barren and unplanted when they stand in the midst of such a wealth of nature's material for making them beautiful. Fortunately nature has aided the indolent and indifferent man in many cases by growing the trees and shrubs in abundance about his home and school grounds. Where such is the case he ought to be enjoined from cutting them down except to shape their arrangement in harmony with the correct principles of landscape art. Where the native wild shrubs and trees grow naturally on home or school grounds, they should certainly be left with proper arrangement and control. Such native trees as the maple, the linden, the ash, the elm, the poplar, the dogwood, the service berry, the hickory and others, that make up the wild landscape, the acacia, the spirea, the sumac, the chokeberry and elder, may be successfully transplanted from the forest and made to the home and school grounds with little cost except the labor of love.

In school ground planting of trees we have the greatest opportunity to teach the practical lesson of conservation. If a boy helps plant and care for a tree he gets his first good lesson in conservation of natural resources.

## PROPER CARE OF UTENSILS

Success in Serving Appropriate Dishes Depends Very Largely on Perfect Cleanliness.

There may sometimes be observed in the kitchen a host of favors, not a host of favors, but a host of what is appalling. It would be interesting to know in how many cases this comes from the lack of cleanliness in utensils and methods.

Personal cleanliness is, of course, essential in the kitchen, and every good housekeeper endeavors to maintain a high standard in such matters. Some food manufacturers make special effort to secure cleanliness and hygienic surroundings, and the good example they set should be generally followed.

"Food and fingers are carriers of contagion." The proper way of washing the hands, if seriously taught and seriously practiced, in the market and in the kitchen, would go far to remove the source not only of infection, but of each address in the food as are disgusting. In this matter some food manufacturers are cleaner in their methods than are our kitchens. In one large bakery, where information was collected, the rule is in force that every employee shall wash his hands on returning to the room after leaving it for any purpose whatever.

The remedy which the shower bath, offers a great improvement over old methods of washing. Few will have patience to fill and refill the hand basin before the hands are washed at least in clean water, but this result is easily accomplished under the tap. The nail brush and nail cleaner must have their place in the kitchen, and their use must be insisted on before bread or cake is mixed and after work at all soiling in character.

It is not to be admitted that there is need for exerting great care in coughing and sneezing wherever such necessary acts may be annoying to others. When one recalls that an experiment has shown that a fine spray of saliva may be thrown in all directions for a distance of four or five feet, a violent sneeze or cough, and that often the cause of the cough or sneeze is something which can be thus communicated to others, it is evident that there is abundant reason for caution. Particularly in this essential where ever food is prepared, exposed or served.

## HOUSEHOLD QUESTIONS

When beating eggs use pinch of salt and they will be much lighter for cake.

To prevent woollen shrinking hang them on the line dripping wet without wringing the rinsa water out of them after washing.

When boiling shoulder turn off water after boiling half an hour; when boiled piece in oven for 15 minutes and it will be just like ham.

To relieve peevish plants that are drooping put a teaspoonful of ammonia in three quarts of water and water the plants thoroughly with the mixture.

Before you use a new gas mantle, soak it in vinegar and hang it up to dry. In this way a brilliant light is obtained and the burners will last twice as long as usual, even in a drafty room.

Many otherwise good housekeepers are very indifferent about labeling. They must have the most accurate as to what is in each jar or package, and sometimes with disastrous results. All stores should be plainly labeled.

More people spoil their plants by over-watering them than any other thing. To make young plants bloom keep them in rather small pots, shifting only when roots show. Foliage plants should be kept in rather large pots and shifted to larger before they become root-bound. All plants should be well drained.

### Baked Apples With Marshmallows.

Wash and core tart apples and place in an earthenware baking dish with just enough water to cover the bottom. In the center of each apple place a tiny bit of butter and an eighth of a teaspoonful of salt. Cover and bake slowly till thoroughly cooked, adding a little water, if necessary. Before the apples are quite done press into the center of each a marshmallow; replace in the oven; in three minutes remove the cover and let the apples and marshmallows brown carefully. Serve cold with cream. Pears may be cooked in the same way, cutting a slice from the stem end, coring and placing the pear stem end up in the dish—Good Housekeeping.

### Apple Butter.

Apple butter is one of the most wholesome things a child can eat, the dietitians say. Strain to tell, nearly all normal children adore apple butter. To make it, select the best apples, wash, pare, core and place in a large kettle. Add a little water and cook over a low fire for several hours, stirring frequently. When the apples are soft, add a little sugar and a pinch of salt, and cook for another hour. Strain through a cloth and bottle in sterilized jars.

### Salted Bean Croquettes.

To a pint of salt-baked beans add a small amount of the wild hyacinth, the acacia, the spirea, the sumac, the chokeberry and elder, may be successfully transplanted from the forest and made to the home and school grounds with little cost except the labor of love.

In school ground planting of trees we have the greatest opportunity to teach the practical lesson of conservation. If a boy helps plant and care for a tree he gets his first good lesson in conservation of natural resources.

Under A, we must avoid cluttering up the green lawn with flower beds, sheared shrubs, and other artificial affairs. A single tree, beautiful in itself, is no objectionable on the lawn.

Under B, the taller trees and shrubs must be in the rear and the whole growth shade down in solid mass to the ground in front, where borders of flowers may be planted. The borders may swing out in curves into the lawn.

Under C, the requirements are that there shall be few straight lines in the natural landscape planting. If the walks are long enough, they should gently curve, and shrub masses may be planted in these curves. The trees and shrubs should not be in rows but in masses and groups curving naturally into the lawn. The angles at the building and ground should be broken by shrubs and flower borders.

## Smoke Pleasure and other Pleasures for the Man Who Smokes

Lyette Myers.

## Duke's Mixture

There is much pleasure in this pure old Virginia and North Carolina bright leaf. Thousands

**The Clothcraft** guarantee absolutely assures all wool cloth, honest tailoring, lasting shape, satisfactory wear, and service. There's surely a saving for you in Clothcraft clothes at \$10 to \$20.

They are bound to give you full one hundred cents worth of insured value for every dollar.

Our fall shipment is now here for your inspection:

- Bradley Sweaters
- Staley Underwear
- Kneeland and Douglas Shoes for men
- Classmate Shoes for boys
- Winter Caps
- Winter Hats

## VICINITY NEWS

### CUBA TOWNSHIP

Frank Kelsey has appropriately named his farm the Riverview Farm. Miss Helen Riley spent Saturday and Sunday with friends at Jancerville, Wisconsin. Little Ruth McGraw who has been sick since the past two months is able to be out. The Gilroy auction on the old Givens farm in the northern part of the township takes place tomorrow afternoon. The Cuba township board of highway commissioners will hold their regular monthly meeting next week on Monday instead of Tuesday on account of the latter day being the day of the general election. "Bob" Randolph of Chicago is spending a week at the Paddock farm in the northern part of the township. He was employed by Mr. Paddock for several years about 15 years ago and had many friends in that neighborhood who tried to see him again. He is now working in Chicago at the photo engraver's trade.

### WAUCONDA.

Mrs. George Glynn is visiting at Graylake. Robert Hawley of Barrington spent Sunday here. Floyd Carr has accepted a position at Plymouth, Wisconsin. Will Dahms and family and Emil Dahms spent Sunday in Palatine. Born, to Mr. and Mrs. Albert Meather, Saturday, October 20, a son. Mrs. Marietta Wragg of Chicago is the guest of relatives here this week. Mrs. Jessie Golding is spending the week with her son and family in Chicago. James Fuller visited from Thursday to Sunday with relatives and friends in Chicago. Ed Mills, who is in the employ of Rothchild & Company of Chicago, spent Sunday here. Mrs. N. B. Duers entertained her sister, Mrs. Goodwin of North Crystal Lake, the first of the week. Dr. Golding and family of Libertyville spent Sunday with relatives here. Mrs. Jane Neville accompanied them home. L. A. Fairweather, Floyd Carr, Miss Viola Jayne, Lily Sowles and Mrs. Merritt Clark enjoyed an auto-trip to Waubesa Sunday. Meddame Clark, Hicks, Jenks, Hartley and Miss Emily Bates attended a convention of Royal Neighbors at Libertyville last week. Misses Anna Roadnotcher, Ira Turnbull and Lora Harrison accompanied Mr. and Mrs. Hepler to Chicago Sunday. They returned Monday. John Golding and daughter Estella and Mr. David McClain left here Tuesday for Eastis, Florida. Mr. McClain will spend the winter there. Mr. and Mrs. Joe Tomlisky of North Crystal Lake spent a few days here recently. They were accompanied home by Miss Fay Rutherford who will spend the week there.

**T. E. Graham**  
Democratic Candidate for Representative from the Eighth Congressional District.  
GIVE HIM THREE VOTES

### LAKE ZURICH.

Mr. and Mrs. Fred C. Seip were Chicago visitors Monday. Carl Ernst made a business trip to Chicago last week Friday. Gus Neuhause of Chicago visited here with his father Sunday. Albert Prehm has secured a position as fireman on the new railroad. Charles Wolf and Herman Neuhause were Barrington callers Sunday. The village received two car loads of crushed stone this week to be used on Main street. Fred Huntington advertises an auction for next Monday. Froelich and Rilm will carry the sale. Miss Anna Schumacher has gone to Barrington where she is employed in the home of H. P. Castle. Fred Hoelt and T. G. Fox will go to northern Wisconsin soon where they each own 100 acres of land. Miss Maude Wolf returned from Chicago Friday where she had been visiting relatives since Sunday. A dance will be given in Oak Park pavilion Saturday evening. Good music will be furnished. Tickets will cost 50 cents. Mrs. Lou Geary returned home Tuesday from Chicago where she has been in a hospital for about two weeks and was operated upon for appendicitis. Emil Frank spent last week in Michigan where he visited his brother Otto. While there he purchased a car load of apples which he will sell at his store here at very reasonable prices. Call to see them; you may want a barrel. George Meyer's auction sale last Friday was well attended and he realized about \$3,500. He has bought the Wilke property in this village and will move here in about a month, having rented his farm to Henry Wiese who has occupied the Purep place between this village and Barrington. Congressman Foss, while in this village a week ago making a political speech, promised to use his best efforts to secure for us a mail at 11 o'clock a. m. during the winter months which is the service we had two years ago. Lake Zurich would certainly appreciate such a mail service as 11 o'clock is surely late enough for the mail and morning papers to arrive in any village so near a large city. Last winter the mail did not arrive until two o'clock in the afternoon. "Maud" has been hauling material for the new road north of this village the past week. She was taken from Palatine to Barrington and down the E. J. & E. track to this place where she was switched onto her own road again. The piles for the viaduct over the "J" track are all ready and two pile drivers will be started at work in a few days. The railroad seems to be doing a big business with its passenger service on Sundays and a regular daily service was inaugurated yesterday. It will certainly be appreciated. Andrew Russell is a banker at Jacksonville, and bankers all over the state will vote for him, because of his splendid record when he served the state as treasurer a few years ago, and saved the state several million dollars. He is a clean intelligent and upright man of the very highest character. He is the Republican candidate for state treasurer. Be sure and place an X in front of his name.—Adv.

**To the Voters of the Country Towns of Cook County.**  
The Committee of 100 is taking no part whatever in the national campaign. It offers no recommendations as to the candidates for President. It is supporting, with loyalty and enthusiasm, the men endorsed by it in the April primary, namely, Governor Deane and the Cook County Republican Ticket. The Local Home Government is a bigger issue with the voters of the country towns of Cook County than any other proposition in this campaign. The Committee of 100 indorsed and supported in the primaries last April the Republican candidates selected in that primary for members of the county board. More than ever, the Committee is now convinced that the men should be elected on November 5th. There are no two ways about it. The Barzen crowd should be turned out in the interest of sane and common-sense government. The voters of the country towns may differ sincerely as to the candidates for President of the United States, but there ought to be very little difference of opinion as to the county situation. The Republican candidates for County Commissioners, headed by Alexander A. McCormick for president of the County Board, were named by the people in a district primary. They are capable; they are experienced; they have good sense and they should be elected. Every Republican voter of the country towns of Cook County should support these men on November 5th, as should also every independent voter and the independent democrats as well. The Committee is so recommended by the County Board as follows: For President of the County Board, ALEXANDER A. MCCORMICK. For Commissioners: WILLIAM HUBB, JAMES A. ROSE, ALFRED VAN STEENBERG, JAMES CARLSON, WILLIAM C. HARVEY. Respectfully, By Executive Committee, ARNOLD DAVIS, Acting Chairman.

**When Howards.**  
In loving remembrance of our dearly beloved uncle who passed away one year ago today, October 28, 1911. Work of respect are you. From those you left behind. A better uncle there could not be. One more to love and kind. Silently the shades of evening hover o'er the cottage door. But the footstep that we long for sounds his home no more. All is lonely without you uncle. Lonely are our hearts each day. For our uncle who loved us so dearly has forever passed away. His loving niece, ETTA ANDERSON, EDITH JOHNSON, LILLIE RUMBAUGH.

**Saved By His Wife.**  
She's a wise woman who knows just what to do when her husband's life is in danger, but Mrs. R. J. Flint, Bristol, Va., is of that kind. She insisted on my taking Dr. King's New Discovery," writes Mr. F. "for a dreadful cough, when I was so weak my friends thought I had only a short time to live, and it completely cured me." A quick cure for cough and cold, it's the most safe and reliable medicine for many throat and lung troubles—grip, bronchitis, croup, whooping cough, quinsy, tonsillitis, hemorrhages. A trial will convince you. 50c and \$1.00. Guaranteed by Barrington Pharmacy.

Andrew Russell served one term as state treasurer and turned in nearly \$2,000,000 net profit, and by adopting Mr. Russell's advice, the present treasurer will be able to show a larger profit. He is the Republican candidate for state treasurer. He has proven his faithfulness and ability to be ought to be elected. Place an X in front of his name on the ballot November 5.—Adv.

**The Chery Light**  
ON long, dreary autumn and winter nights Electric Light sends out a welcoming radiance. It makes the home brighter and is easiest to read by. In addition, it is the most economical light. If you own a home on one of our distributing lines, we will wire it at cost, allowing you two years to pay without interest. The expense is low. Public Service Co. of Northern Illinois
