## VILLAGE LAUNDRY IS HIGH GRADE ONE

Patrons of the Barrington Laundry Have Had Opportunity to Compare Work With Others.

### IMPROVEMENTS HAVE BEEN MADE

J. F. Gieske Has Agencies in Ten Towns and Does a Large Amount of Work Every Week.

The Barrington laundry, which has been closed and the work sent to Crystal Lake and Woodstock for the last two weeks, will be ready to resume operations again next week. J. F. Gieske, the proprietor, states. The work rooms have been increased by one-third, a new boiler room built, and a new 33 horse power engine and 50 horse power boiler installed, and Mr. Gieske is confident that they will now be able to turn out work quicker and better than ever.

During the two weeks when the work of patrons of this laundry has been sent out of town, little enough have learned that Barrington has an ideal laundry when it is compared with those in other towns. People who have had no experience with other laundries have been heard to criticize the work of Mr. Gieske's laundry, although there has been little enough reason to do so. Laundry work done at home is often much worse than that turned out by the steam laundries but escapes without censure, probably because it is not human nature to find fault with a home product, be it ever so much inferior to the same work done by people who make it a business. Those who have had experience with various laundries in other villages and cities are unanimous in their praise of the local institution.

The fact that a laundry in a village of the size of Barrington has as large a business as that conducted in any town or city in this section indicates that its work is up to, and above the standards. Mr. Gieske has agencies at Woodstock, Lake Zurich, Palatine, Arlington Heights, Des Plaines, Park Ridge, Edison Park, Norwalk Park, Cary and Genoa, and does practically all of the business from these places. The improvements which he is completing were made necessary by the large and continually growing volume of work which he is receiving, and when he starts up his business again he will be prepared to take care of the work which he receives to the speediest and most satisfactory manner.

Installs Sewer Without Permission. A. M. Layton, the contractor who is installing Barrington's sewer system, is also doing work of the same sort at North Chicago, and a Waubesa paper last Saturday contained an interesting story of how he drove away the company's guards and completed the work under the E. J. & E. tracks which he was forbidden to do.

According to the story the railroad company had not given its permission to the city or to the contractor to place the sewer under its right-of-way. The work had to be done and when Mr. Layton reached a point where it was either do the work without permission or stop work he drove away the company's guards, in the absence of their foreman who had gone to Waukesha for further orders, and completed the work.

### Had Narrow Escape

While repairing a gasoline engine at Palatine, Harold G. Seebach caught his coat on a shaft while the engine was running and it wound up, tearing the coat and shirt from his body and severely straining his left arm and bruising his side and shoulder. The engine was stopped when the clothes were caught and the shaft and presented the igniter from working. As a result of the accident he has been unable to work for several days and considers himself quite fortunate that it was not more serious.

### Gray's Picture Shows

There will be no moving picture show in the village hall next Wednesday evening. Mr. Gray, the picture man, has the hall reserved for every Wednesday and Friday evening, but has kindly given way to the Woman's Relief Corps next Wednesday. He gave a good show last night and will give another tomorrow night, and Friday night of next week. After next he will resume his schedule of shows a week.

It is reported to you that if it would be paid you to read the side sheet weekly, in consequence, may be so able to read. For no other reason, unless it pays the price to whom it is sent—that's one of those ineffectual means to increase sales of this.

## STANDARD SCHOOLS ARE LABELED

Two Schools in Cuba Township Are Entitled to Bear Plate Designating Them as "Standard."

According to a recent bulletin issued by the state bureau of education all one-room country schools meeting the requirements of a "standard school" will bear a plate setting forth that fact. Lake county now has 18 standard one-room schools, two of them, the White and Porter schools, being in Cuba township. Among the specifications which determine a standard school are the following:

An ample playground; good approaches to the school; convenient fuel houses; the building sound, in good repair and painted; improved heating arrangements—a jacketed stove in the corner of the room instead of an unprotected stove in the center; floor and interior of the building clean and tidy; suitable desks for children of all ages properly placed; a good collection of juvenile books, maps and dictionaries; a sanitary water supply; the school well organized, with a regular attendance, and at least seven months school every year; the teacher must have a high school education; receive a salary of at least \$300 a year, and be ranked by the county superintendent as a good or superior teacher. State school inspectors will make an inspection of rural and village schools the first of next month and it is expected that Lake county will add several more to its list of standard schools.

### BUESCHING-KOCH

Lake Zurich Young People Married at Home of Bride's Parents Near Here Tuesday.

Miss Martha Koch, daughter of Mr. and Mrs. Christopher Koch who live east of this village, was wedded last Tuesday afternoon to Fred Buesching of Lake Zurich. The ceremony took place at the home of the bride's parents in the presence of their immediate relatives. Rev. J. J. Heinrich, pastor of St. Peter's church at Lake Zurich, being the officiating clergyman. Miss Koch has been employed in and near Lake Zurich for a number of years and is highly esteemed by all who know her. Mr. Buesching is a son of William Buesching of Lake Zurich, and was born and raised there, his father owning a farm just east of the village. He is an industrious young man, well liked by the residents of that place.

The young couple have taken the management of the Lake Zurich Golf club and will make their home there.

### Ladies' Social Circle Meets

The Ladies' social circle, connected with the Ladies' Aid society of the Methodist church, had a meeting on Tuesday afternoon, at the house of Mrs. C. O. Winter. There were present about twenty-five ladies. A very pleasant social hour was spent at the conclusion of which the hostess served light refreshments. There was a short program, literary and musical. Mrs. Charles Thies sang several pieces, Mrs. Ida Bennett gave a reading, and Mrs. Winter had charge of an exercise calling attention to many bright sayings of children.

### Reaper Show Interesting

In spite of the disagreeable weather, about 150 men attended the morning picture show given at the village hall last Tuesday evening by the International Harvester company through the courtesy of Jenks & Rohlfmeier. "The Romance of the Reaper," depicted the harvesting of grain from the earliest periods down to the present day, showing obsolete and modern machines and picturing the various methods and processes employed in this and foreign countries. It was an instructive show, and proved very interesting to those attending.

### Say Winter Will Be Warm

A warm winter and a short one is the prediction of the local weather prophets. They base their forecasts upon the fact that last winter was exceptionally cold and that the summer was cool. According to statements the cold weather will not commence until after the first of the year and will be ended before March.

### Unclaimed Letters

The following letters remain in the Barrington post-office unclaimed for the week ending November 16, 1912. Harold W. Dahl. Mrs. M. R. DeBoe. Miss Pauline F. Johnson. E. L. Thompson. F. O. Williamson. Mrs. Nora Wood.

## NEWS OF THE FARM AND DAIRY

Notes of Comment and Interest to Local Agriculturalists and Milk Producers.

The date of the auction advertised by W. F. Thies has been changed from November 25 to November 19. Mrs. Mary Shufeldt will have a sale Saturday, November 16.

The auction held by H. V. Stanley and H. D. Wetzmore, last Thursday, was well attended and the offerings brought good prices. The sale amounted to over \$5,000.

E. K. Magee, manager of the Hartwood farms, states that they have just made a sale of a pure-bred Holstein bull calf to E. W. L. Ames, proprietor of the Oak Hill farm at Wheaton, receiving for the calf, which was 15 months old, \$500.00.

Preparations are now being made for the annual International live stock exposition, which will be held in Chicago from November 30 to December 7. It is planned to have the largest display of horses, cattle, hogs and sheep since the inception of that magnificent enterprise, and the largest list of entries on record has been made.

### SHORT LOCAL ITEMS

The shingles on the depot roof were replaced with roofing paper the first of the week.

E. F. Wiseman & Company have been doing the mason work at the Barrington laundry.

A number of students from Chicago University came to this village Saturday, and took a hike through the country.

Henry Ellers and family moved last week to the farm in Barrington township, which Mr. Ellers recently purchased from J. H. Landwer.

Monday and Tuesday evenings, December second and third, have been selected as the dates upon which the local Order of Eastern Star will give a play at the village hall.

Miss Gertrude Hager entertained the Anns club of the Methodist Episcopal church, at her home on Main street, last Thursday evening. Thirteen members were present and all had a very delightful time.

A basket social will be given at the Barrington Center church tomorrow evening by the teacher and pupils of the Barrington Center school. Miss Florence Dalschner, of Dundee, teaches the school.

Local friends of Rev. Robert L. Kelly, who was a pastor of the Baptist church here a few years ago, have received announcements of his marriage, in Chicago, November 6th, to Miss Leona Blanche Haer, whose parents live in that city.

Rev. O. F. Mattison was in Chicago Monday, in attendance of the meeting of the teachers and pupils of the segregation of vice. The meeting was held in the city council chamber and was addressed by a number of prominent ministers and citizens.

The Illinois grand lodge of the Independent Order of Odd Fellows will convene at Springfield next Tuesday for the annual session. E. C. Groff is a delegate from the local lodge and Miss Elvora Arps of Palatine is a delegate from the local lodge of Rebekas.

Irene Hanna, four-year-old daughter of Mr. and Mrs. George Hanna, who live four miles east of this village, has been suffering from infantile paralysis for about six weeks. Dr. W. W. Sheppard was called Tuesday and says that she is affected with a peculiar condition of the disease which doctors do not consider entirely curable.

The Dorcas society of the Baptist church has not yet fixed the exact date of its forthcoming bazaar, but it will be held in the church parlors early next month. One of the features will be a display of hand embroidered work suitable for Christmas gifts, and of a class not easily procurable in the stores.

The Woman's Relief Corps will give a bazaar and chicken pie supper at the village hall next Wednesday afternoon and evening, Nov. 20. The bazaar will commence at three o'clock in the afternoon and they will commence serving supper at five o'clock. The supper will cost 35 cents a plate. Everybody is invited.

Charles Jahnke, John L. Melmore and P. A. Hawley of this village were called this week as jurors in Federal Judge Carpenter's court in Chicago, where George W. F. Plimack is on trial charged with the theft of \$125,000 from the Chicago sub-treasury, February 19, 1907. Mr. Jahnke and Mr. Melmore were assessed, and Mr. Hawley held over last evening.

## FUND FOR TELEPHONE EMPLOYEES

Chicago Telephone Company and Associated Companies Provide \$100,000 for Benefits.

A fund of \$100,000 for pensions, sick benefits, and life insurance will be available on January first for the 115,000 employees of the Bell telephone system and associated interests, and their families and dependents, amounting altogether to more than a quarter of a million people.

This \$100,000 fund will be made good from year to year by annual appropriations on the part of the American Telephone and Telegraph company and associated companies, and the Western Union Telegraph company and the Western Electric company.

This provision is made entirely at the expense of the various companies interested in this work, and no amount of any kind from the employees themselves. The application of these varied benefits will be strictly democratic and will be for the benefit of all employees of every rank. The plan will provide for free change of employment from one company to another, with full credit for combined terms of service.

In announcing the new pension, disability and insurance plan, President B. E. Sonny of the Chicago Telephone company, says: "The five Bell telephone companies, with headquarters in Chicago—the Chicago Telephone company, Central Union Telephone company, The Cleveland Telephone company, Michigan State Telephone company, and Wisconsin Telephone company—will adopt the pension, disability benefits and insurance plan in behalf of their employees."

"The approximate number of employees in the five companies operating in the five states of Illinois, Wisconsin, Indiana, Michigan and Ohio is 29,000."

"The telephone companies are among the largest employers of labor, and the pay rolls are unusually large—the equivalent of 50 per cent of the gross receipts. This is a larger distribution of the gross revenue among the employees than any other industry."

"The pension, disability and insurance plan now put out by the telephone companies is another evidence of their determination to retain the services of their employees who can give the best results, and to look after these employees when they are disabled, or are no longer able to work."

### LAKE ZURICH

Get your patent medicines at Emil Frank's.

Carl Ernst made a business trip to Chicago last Friday.

Mr. and Mrs. William Tank were Chicago visitors Monday.

Fred Blaine and Lydia Hokeneyer were Palatine visitors Sunday.

Emil Frank, John D. Fink and H. L. Frehm made a trip to Chicago Wednesday.

The five-inch well at the local creamery has given out and Mr. Patton has had to apply for city water.

William Graber and Carl Ernst attended a meeting of Lounsbury lodge number 751 A. F. & A. M. at Barrington last Saturday evening.

The work on the new road is progressing rapidly and it is hoped that the bridge over the E. J. & E. will be completed soon. The company has rented a room in the old Ficke hotel for a ticket office.

Plans are being completed for a new four room brick school house at Lake Zurich. It will be equipped with a modern heating and ventilating system, and will cost about \$7,000. The actual work of construction will not start until spring.

Fred Hoeth, T. G. Fox and George Steinhilber left for the Wisconsin woods last Monday. Mr. Hoeth and Mr. Fox have each bought 180 acres of timber land of which they intend to clear about 40 acres. They expect to be gone about two months.

The passenger engine on the new railroad was put out of commission Sunday by a "key stick" and "head" had to be taken around to the Lake Zurich-Fulton side, by way of Barrington, and made 1/200 passenger service until the other engine could be repaired.

A petition is being circulated asking Governor Dohen to pardon Ray Meester, who is confined in the county jail, at Waukegan.

Elmer Witt was arrested and given a fine last Tuesday at Crystal Lake, Tuesday when he indulged in a brawl with one of the employees in the Brothers' confectioners store in that village.

### Wreck Involves Big Loss.

The freight wreck near Fox River Grove last Thursday morning entailed a loss to the railroad company of about \$60,000, it is said. Enough sugar was scattered upon the right of way to supply all of the people in the county for a year, and those living in that vicinity were given all they could save. Other cars contained furniture, which was almost totally wrecked and there was one car load of automobiles. The company has laid off many men recently to make up for this loss, they say.

### Owl Club Dance

The Owl Club give a dance at the village hall this evening. Another dance will be given there by this club on Wednesday evening, November 27, Thanksgiving eve, after the moving picture show.

At this latter dance, prizes will be given for the best couple of waltz and for the couple dancing the two-step the best. The music for this dance will be furnished by a female orchestra headed by Mrs. Herman of Woodstock.

In addition we give you a free notice in the REVIEW, which circulates in every community in the vicinity. This notice is really worth as much as the bill. BARRINGTON REVIEW, J. B. Printing Department, Barrington, Illinois.

## DAIRYMEN PLEASED WITH MERIT PLAN

Majority of Local Milk Producers Express Satisfaction With Test and Scoring System.

### ONE GETS TWENTY-SIX CENTS MORE

All But Seventeen Patrons Get Extra Ten Cents—Farms Will Be Inspected This Month.

Patrons of the local factory of the Bowman Dairy company received their checks this week and had their first opportunity to determine how the new merit system of payment works out. Under this system the company is paying for the six winter months an average of \$1.70 per hundred for the milk, (which is the price paid by most of the other companies), but offers 10 cents per hundred additional to all farmers whose farms, upon inspection, score 85 per cent, the score card issued by the Chicago board of health being used. A test for butter fat is also made, and two cents more for 1.5 per cent milk test, 3.5, and two cents for each additional one-tenth per cent, while a reduction of two cents will be made if the milk goes for 3.5, with a reduction of two cents for every one-tenth per cent below that figure.

Of 90 dairies sending milk to the factory here 79 scored 85 per cent or over, but six of these lost the extra ten cents because the test showed an unnecessary amount of sediment in the milk. Few lost on the butter fat test and a number gained from two to 10 cents by it. No man receiving 16 cents extra upon this test.

The contract price for September was \$1.60 per hundred, and there were few who received less than this for their milk, while many were paid considerably more. The lowest man, L. L. Porter, received \$1.86, which is 26 cents above the contract price. Mr. Porter secured 10 cents upon the scoring of his dairy and 16 cents for the butter fat test.

As a whole the milk producers seem decidedly well pleased with the result of the system this month, and most of them express themselves as being satisfied with a plan which pays in accordance to the quality of the milk produced and the conditions under which it is produced.

Harry Frick, manager of the local factory, sees that the farms will most likely be inspected again this month, a new score card, which will be a little more exacting in its requirements, being used. "The conditions will not be hard to meet, however," he says, "and all milk producers who conduct their dairies with a proper degree of cleanliness and care will easily secure the premium."

Lecture at M. E. Church. Rev. L. F. W. Leersmann, D. D., district superintendent of the Chicago northern district, was at the Barrington Methodist church last evening and gave a lecture on the subject of "Modern Methods of Bible Study."

The address dealt largely with the literary features of the bible and was very interesting and instructive. There were about forty persons present. The lecture was given in connection with the study of bible study now being pursued under the direction of the pastor of the church, Rev. O. F. Mattison.

### Attend Lodge at Palatine.

Seven members of Lounsbury lodge A. F. & A. M. attended an entertainment at Palatine last evening given by Palatine chapter number 206 of the Royal Arch Masons, to which lodge they all belong. Four of them were accompanied by their wives. They were Messrs. and Mesdames L. A. Powers, F. T. Seaverns, Ray Cannon and W. A. Shearer, and Messrs. J. H. Furby, F. O. Stone and E. Wilmer. The attraction was Chicago Ladies' orchestra.

### Has Good Card Rack.

V. D. Hawley made a shipment of 25 of his new dustless pocket post card rack as a Canadian hobby, last week. Post card men who have seen the rack speak of it in the highest terms, saying that it is the best article for the purpose they have ever been shown. There is only one other manufacturer of post card racks in the United States, it is said, and desires to obtain his product is far inferior to Mr. Hawley's. It looks as if Mr. Hawley had hit upon a "good thing."

### Eight Dishes Market.

Butter advanced one cent on the English brand of trade Monday, being cleared from \$2.00.

There are now on the government's pension roll 228,000 soldiers and sailors, 321,832 dependents and widows and 362 army nurses, according to the annual report of the pension bureau. These include 497,000 survivors of the Civil war, and 228 widows of the War of 1812. To provide for all of them this year, \$151,565,141 has been appropriated, a decrease of \$3,276,096 from last year.

President Taft and the international relief board of the Red Cross society have issued an appeal imploring the American people to aid the sick and wounded soldiers of the Balkan war. Contributions should be sent to the American Red Cross, Washington.

President Taft issued a Thanksgiving proclamation setting aside November 25 for the observance of that day.

### Domestic

There will be no special session of the Forty-seventh Illinois general assembly to elect two United States senators, one to fill William Lorimer's unexpired term, and the other to succeed retiring Senator Cullom. Attorney General Stuedel held that a special session would not be legal unless newly-elected members of the legislature were seated.

Col. Pascual Orozco, father of the leader of the Mexican revolution in the north, was arrested at El Paso, Tex., by the military authorities and detained at the guardhouse at Fort Bliss. Army officers and secret service men refused to receive the charge on which he is held.

Four white women and a baby and their negroes in the death roll of a recent collision between freight and passenger trains on the Tazoo & Mississippi Valley railroad at Mena, 17 miles from New Orleans, and 48 were killed and 25 were fatally.

South-bound Louisville & Nashville passenger train No. 7 was held up and the mail car was robbed by two masked bandits at Mount Springs, Ala. It is not known exactly how much loot they secured. One report was that the loot amounted to \$40,000 cash.

The north-bound Shasta Limited on the Southern Pacific was held up at Delta, Cal. Three bandits took part in the hold-up, and in the fight that followed a brakeman of the train killed one of them. The other two escaped with several packages of registered mail.

### Balkan War

The official Mir, in an extra edition, shows plainly that Bulgaria will join Serbia to defend Austria to prevent the allies from securing a seaport on the Adriatic, even though such action may plunge entire Europe in war.

Austria has presented a short ultimatum to Serbia and declines any lengthy negotiations. The envoys of Italy and Austria at Belgrade have presented their demands to the Serbian prime minister, Pasich, who refused to accede to them, and left at once for Uzbuk to confer with King Peter.

The outbreak of cholera in Constantinople is assuming serious proportions. Twenty-three cases have occurred among the troops along the Tchatalia lines. There are many more suspected cases among the wounded.

The United States has identified itself with the Balkan situation by ordering two of its most powerful armored cruisers, the Tennessee and the Montana, from Long Beach to Constantinople. It is probable that one of the cruisers will go to Constantinople and the other to Beirut, where there is a very large share of American civic and educational interests.

The Turkish cabinet, after a long conference, decided to accept the offer of the great powers to arrange an armistice with the Balkan allies and to abide by whatever conditions are imposed. This decision means that the Turks admit defeat.

### Personal

William Vincent Astor will celebrate his twenty-first birthday this week. Friday he will assume full legal control of the \$100,000,000 Astor estate, and will be the youngest man in the world to have in his possession such a fortune.

### WRETCHES FIGHT FOR FOOD

Starving and Shivering, They Beg in Vain for Relief—No Medical Assistance for the Wounded, Who Perish by Wayside.

Paris, Nov. 13.—Jean Rodos, a staff correspondent of the Temps, who has reached Constantinople from the war zone, sends a vivid picture of the misery of the Turkish soldiers and the disorganization of the Turkish army.

"I have witnessed the failure of the 'Turk as a soldier,' says Rodos. 'We have seen him dying of hunger, worn out by fatigue, wrecked by suffering, and running away after having abandoned his place in the combat.'

"I have never seen a more poignant picture of human distress than that presented by these unhappy men, thrown into one of the most terrible wars in history without food, without medical attention, almost without chiefs, almost without arms. At Seidler I saw a soldier whose right hand had been severed by a bullet, who was begging for medical help, the bleeding stump around which he had tied a piece of twine.

"I saw long lines of famished men, who came to our tent begging for a crumb of bread and staggering away without a murmur of complaint when told that we had none to give. I saw a thousand wounded leaving a train of blood as they dragged themselves toward Tchobur. I saw hundreds of others fall by the wayside dying from wounds and fatigue.

"At Tchobur a column of soldiers, terrible in appearance, staggered through the streets in a driving rain and wind storm. No one paid any attention to them. They had no shelter, nothing to eat. From a nearby bakery an officer threw out handfuls of bread and the soldiers fought for the loaves. More than half of them got nothing, and turned away, ragged, pallid, and weak.

"All the houses were closed. Practically all the population had fled, and those who remained barricaded themselves within, trembling with fear. The soldiers knocked vainly at the barred doors.

"Groups shivering in the cold tried the doors of stables to seek refuge; even the stables remained inhospitable. Refugees smashed their way into shops and devoured all they found, including raw vegetables and candles, and sucked at pieces of greasy wood.

Over and Over. 'So you are going to be a grand opera singer?'

The Alternative. 'Will they hang your client?'

### NAZIM PASHA

Nazim Pasha, minister of war, was in general command of the Turkish forces in Thrace, which were so decisively defeated by the Bulgarians.

The wanderer succeeded in getting into a house where we were staying, drenched to the skin and teeth chattering. 'Take all my money; take my clothing, if you will,' he cried, 'but I beg of you to give me some bread.'

"I questioned him. He said he came from Asia Minor and had not eaten for eight days. I gave him a slice of bread and a chocolate tablet, and he went away to join the remnants of the retreating army, of which this was the end.

"Thus did the Turkish soldier appear to me. He seemed to have no understanding of the great drama in which he was participating, but his infinite misery and his horrible animal distress were enough to break one's heart.

"I do not know whether the accusations of a massacre are exact, but as far as I have observed, I can affirm that not only have the Turks committed no excesses but I believe that no army in the world under such frightful circumstances would have been more moderate, more docile."

Properly Qualified. The Youth—Sir, I came to ask your consent to my marriage with your daughter.

His Coming-Out Sermon. The Youth—It is, and in addition to that, it is sufficient to enable me to stand an occasional touch from my wife's father.

Maybe She Has. Gladman—I think my wife has decided to give up bridge and afternoon tea.

The Result. 'No shame for me!' declared John.

## 17 DIE IN WRECK NEAR INDIANAPOLIS

Score Injured When Train Goes Into Open Switch.

ENTIRE FAMILY WIPED OUT

Passenger on the C. H. & D. Road Crested into Standing Freight While Going Forty Miles an Hour—Brakeman Slough.

Indianapolis, Ind., Nov. 13.—Traveling at a speed of forty miles an hour, eastbound Cincinnati, Hamilton & Dayton passenger train ran into an open switch in Irvington, a suburb of this city, today and crashed head-on into a C. H. & D. freight train, killing at least 17 persons and injuring a score.

Most of the dead were in the first passenger coach which was telescoped with the baggage car. One engineer is believed to be in the wreckage, as well as one of the conductors. Firemen and police worked with axes for more than two hours before the first body in the passenger coach was uncovered.

The Injured. Conductor Williams, of passenger train; Brakeman Bert White of passenger train; Albert Allen and wife, Los Angeles; Chris Imholt, Cincinnati; J. L. Palmer, Nashville, Tenn.; Mrs. Clayton Cheyne and baby, Jackson, Ky.; Clayton Cheyne, Jackson, Ky.; Fred Hutchinson, Bremen; Mrs. C. Imbert, Cincinnati; Charles Chen, thirteen years old; Jefferson, colored, porter; two unidentified men, an unknown woman.

Fred Emerson, German on freight, Indianapolis; Fred Patterson of Madison, Va., trainman on passenger, back hurt; Willis York, engineer on freight train, leg broken; Burton Jones of Dayton, Ky., baggage man, badly hurt; Mary Hutchinson, Madison, Va.; Mrs. W. F. Sells, Sycamore, Ill.; Mrs. Mary Sears, Indianapolis; Harry Sells, 2347 Indiana avenue, Chicago.

Missing. Cox, passenger; J. P. Skillman, Indianapolis, brakeman.

Switch Was Left Open. The westbound freight ran down past the switch and then backed in so that the locomotive faced the engine of the passenger train which was going out. The switch was left open so that the passenger dashed without warning or obstruction into the other train on the siding.

Carl Gross, head brakeman on the freight train, whose duty trainmen say it was to see that the switch was closed, is being sought for an explanation.

Entire Family Wiped Out. The entire family of Clifton Cheyne of Jackson, Ky., was wiped out and Mr. Cheyne's father is dying under the wreckage. The groans of the old man could be heard, but desperate efforts failed to locate the victim.

The bodies of the Cheyenes were dragged forth one by one. Clifton, the father; his wife, two children and a brother were discovered; when the crash came the aged father was pinned under seats. He was terribly crushed but life survived and the aged Cheyne, conscious and suffering, could be heard calling for help.

The wreck caught fire and the flames were threatening to eat their way to the spot where the old man was imprisoned and burn him alive.

Ask Women Police for Capital. Washington, Nov. 13.—Women police are being urged for the national capital by prominent clubwomen. A social betterment committee, headed by Mrs. Henry F. Blount is in charge of the movement. The opening shot in the crusade will be fired November 19, when Mrs. A. H. Wells, the woman policeman of Los Angeles, will give a lecture.

Run on French Gold Coins. New York, Nov. 13.—New York is being emptied of French gold coin. This is one of the results of the Balkan war. French gold can be more readily exchanged in Europe than American money.

Fire Destroys Stove Plant. Philadelphia, Nov. 13.—Fire destroyed the plant of the Abraham Cox Stove company, this city. Several hundred employees escaped in safety. The plant is the largest of its kind in the city.

Russels Will Build Ships. St. Petersburg, Nov. 13.—The naval estimates for 1915 include \$24,000,000 for shipbuilding.

More Likely. 'A famous author says he always takes off his left shoe before starting to work.'

'Ah! An eccentricity of genius, I presume?'

Golden. 'People who talk merely for the purpose of attracting attention to themselves seldom get the kind of attention that is worth anything.'

## CONCERNING "FOUL AIR."

This is the season when many house-holders shut windows and bar doors against the "raw fall air."  
Unfortunately for this plan, fall air is the only air to be had at this time of year. You may take your fall air "raw" and fresh or you may take it close and cooked—but fall air you must have, unless you quit breathing.  
Raw air is better than foul air. For every cold caught out of doors, twenty are caught in the house, and usually in close, badly ventilated rooms. Fresh air is just as necessary in fall as in spring. In winter as in summer; and those who try to starve their lungs of oxygen always pay the price.

## WHAT OTHER EDITORS SAY

Arlington Heights Review: The defeat of County Commissioner Buse is a matter of keen regret to his numerous friends in this part of the county as well as a general matter of county service. Mr. Buse has had a lot of experience with county affairs and has always been found on the right side. He will be heard from again when they find out where they are at.  
Chicago Inter Ocean: President-elect Wilson has asked the newspapers to help him find out what the Democratic leaders and the business men of the county think about calling an extra session of Congress next summer to revise the tariff. He has received few or no requests for one so far—none by wire and so far as he knows none by letter.  
The country will be pleased to learn that Governor Wilson evidently appreciates what will be the delicacy of his position as the most distinctly "minority" President for half a century. The increasingly visible truth is that the people elected Governor Wilson to make sure of putting an end to the third term idea, and that the Democratic party can claim no distinct popular mandate for revolutionary dealings with the tariff or anything else. It has just a commission to carry on the national government.  
If the Democrats are really smart they will let everything wait until they come into power in due course and the regular order. While the Democratic President will be inaugurated on March 4 next, the new Democratic Congress would not, normally, begin work until the December following. That would give the people thirteen months to look about them, get their bearings, take stock of the situation, enjoy their present prosperity, and take a much needed rest.  
For seven years this country has been afflicted with political turmoil and chaos. The Inter Ocean believes it voices the feelings of the overwhelming majority of Americans when it says that their chief desire just now is for a rest from political controversy.

Insured Experiences.  
A remarkable series of experiences was carried out in England during the winter of 1911-12 by a British Army Surgeon, Dr. H. B. Banks & Co. The results of these experiences are published in our book "Insured Experiences" of three thousand one hundred and thirty-two cases of the various forms of influenza.

## Porto Rico's New Wonder.

From far away Porto Rico come reports of a wonderful new discovery that is believed will vastly benefit the people. Ramon T. Marchan, of Barcelona, is doing splendid work here. It cured me about five times of terrible coughs and colds, also my brother of severe cold in his chest, and more than 20 others, who used it on my advice. We hope this great medicine will yet be sold in every drug store in Porto Rico. For throat and lung troubles it has no equal. A trial will convince you of its merit. 50c and \$1.00. Trial bottle free. Guaranteed by Barrington Pharmacy.—Adv.

## Marshmallows.

In a mountain camp this summer the cream was met. The campers simply couldn't get it. They didn't even have the canned variety. A box of marshmallows was on the table when the campers sat down to lunch and one of the women looking into her cup of chocolate minna cream, began to eat a mallow. It didn't exactly go to the spot. Neither did the watery chocolate in disgust she put the two together. The marshmallow went floating in the cup of chocolate, when presto! there was something white and frothy. "That was cream!" Necessity and accident are indeed the mother and the father of invention. Those people learned before their lunch was over that marshmallows take the place of cream. They do! They do indeed!

# AMBITION TALKS

BY HARLAN READ

**DETERMINATION IS THE CHIEF FACTOR IN SUCCESS.**  
It is the determination to succeed in spite of the lack of advantages that is at the root and base of every true success, and it is because of this fact that opportunity knocks at the door of every man.  
There is much that may be true, with the influence of heredity, through which men and women are cursed for generations by the sins of their forefathers or blest by their virtues, but heredity itself cannot furnish cords strong enough to bind forever the hands of the man or woman who is determined to overcome it.  
The uttering of Demosthenes became the world's greatest orator.  
Martin Luther, a miser's son, in the days when to be King was all, and beggar, nothing, became the most influential man in Europe.  
Andrew Carnegie, taken from school at the age of eight to earn his daily bread, has lived to give away \$140,000,000, that others may have the educational advantages that were denied him.  
James Gordon Bennett, founder and editor of the New York Herald, and one of the few literary men of the United States who has ever been able to pay his debts, failed five times before succeeding.  
But these men had determination—that's the thing. It is worth more than all the other advantages of the world combined.

**Pigeon Descended Chimney.**  
When a resident in the London road, Reading, England, came downstairs recently, he found perched on the bar of the grate in the drawing-room a pigeon which had come down the chimney. It had brought with it a considerable quantity of soot. When the occupier opened the window the pigeon made "a coo-coo."

**Flagged Train With Shirt.**  
Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "It was a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50 cents at the Barrington Pharmacy.—Adv.

#### METHOD OF LOSING FRIENDS

Chronic Grumbler Quickly Becomes Known as a Person Whom It is Well to Avoid.

The chronic grumbler is not a good companion nor is any way an admirable person.

We fly from her as from a contagious disease. Nothing as certainly affects one's spirits as being in the constant company of a person who has a grievance.

The cherishing of discontent with stances, business, dress, or being in life soon robs us marks the countenance of worry and ill temper.

#### KNOW WHAT YOUR IDEAL IS

First Step to Real Success, Though Few Go on to Realize Its Importance.

Several years ago when I filled a position which brought me many visitors each day, and many more letters in the same time, I was overburdened with requests for advice from persons who wished "to succeed," "to accomplish," "to attain." But, as strange as the statement may seem to you, I can truthfully say that not one per cent—of one in a hundred of these earnest seekers was able to state exactly what he or she really wanted.

They were dissatisfied and discontented, and felt the vague urge of unrest pushing them forward to further endeavor and attainment—but it stopped right there. Ninety-nine out of every hundred did not know what they wanted.

They asked not only for advice regarding the means of accomplishment and attainment, but also for information as to what they should really desire.

"Hilly," you exclaim. Not a bit of it. I venture to say to you—yes, you who are now reading these lines, are much better off regarding clear ideas and ideals. You want, and want of course—but just do you want? Have you a clearly defined idea, and a clear-cut ideal of the object of your desires? Floor bright now, have you?—William Walker Atkinson, in The Nautilus.

#### NO NEED TO WASTE MONEY

Father's Common Sense Answer Should Have Driven Nonsense From the Mind of Son.

A certain well known actor—an established star of the first magnitude, in fact—has a son who has always given the father a great deal of trouble. Despite his inherited talents, which would insure him permanent employment on the stage, the son shows a fondness for living on the income of his parent. He can see no reason why both of them should work.

One time the father got tired of advancing money to the son. An arrangement had been threatening for a long time. Finally, the father said of the climax when, in response to a written "touch" for \$50, he sent the boy a \$5 note, with the added advice that that was the last money he should ever advance to him. To this threat the son sent the following answer:

"If you do not send me the \$50 I requested I'll use this \$5 in the purchase of a revolver and blow my brains out."

The father, in reply to this tragic note, sent back this one:
