JUVENILE CHARGE ROSS EMPLOYER

Jewish Boy Takes Money from Barrington Township Farmer—Approved by Marshall Peters.

Herman Hitzman, who lives in Barrington township just north of the township line and six miles south of this village, was robbed this morning of seven dollars, a gold watch and other jewelry by a farm hand who had been employed by him for a few days.

The employee, a boy, was captured about ten o'clock by Marshall Peters, while on his way to the depot, where he said he intended to take a train for Chicago. He was of Jewish nationality and gave his name as Jacob Cohen; said that he was a little over 15 years old and that his father was Morris Cohen, a tation of Berwyn. He left home, he stated, because he could not get along with his brothers and sisters, of whom there were several, and came to Chicago a short time ago. An employment agency agreed to find him a job in the country and he was brought out here to work for Mr. Hitzman. He started in there Saturday, he said, but decided that he wanted to return home and his employer would not allow him to do so, after which he took the money and jewelry and went to a nearby farm house where he found a milk team coming to this village and was given a ride to town. He was emphatic in his denial of ever having been in trouble before and promised to go home and go to work if he is allowed to do so.

In the meantime Mr. Hitzman had gone to Palestine to intercept the boy in case he tried to catch a train from that place. When notified that the lad had been caught he returned here on the noon train and then it was learned that John Cohen was a charge of the Cook county juvenile court, and was placed here by them. He was returned to their charge.

His mother plans to move to this village where she will live in one of the Klingenberg cottages on Cemetery street with her brother and mother.

Miss Myrtle A. Leonard, daughter of Mr. and Mrs. William Leonard, and Emil Wiencke, son of August Wiencke, both prominent Cuba township families, were married in Chicago yesterday at 12:00 at the home of Louis Wiencke, brother of the bridegroom, Rev. G. E. Lockhart, pastor of the local Baptist church performing the ceremony.

The young people will make their home on the Doran farm at Honey Lake, which place they will conduct the coming year.

Male Team Run Away.

Two of R. R. Hammond's teams took affairs into their own hands last evening and traveled as they desired. One team, tied in front of the bakery shop, broke loose about 8:00 o'clock and departed southwards. They were discovered some hour later near Dundee. About 9:30, as the driver of the second team was leaving this village, the team became unmanageable and ran down the road at a speed which would equal anything that travels on four feet. The driver was able to stop them before he reached home and no damage was done.

The trustees approved the president's appointment of the following judges, and clerks to serve at the election next Tuesday: judges, John C. Plagge, Emil F. Schaefer and Herman Schmecker; clerks, A. L. Robertson, F. L. Waterman and John L. Meiners.

A. M. Lanyon was allowed \$500 of the money due him on the septic tank and sewer system of this village, leaving a balance due him of \$500. This latter amount will be held until the system is put into operation. A bill from Ewing & Stone for \$108.00 due them for sewer service in connection with the sewer service and one for \$80.00 from the Pacific Plank Tank Co. to pay for apparatus used for the septic tank were also considered, but were laid over until the next meeting. A bill from The Public Service Company of Northern Illinois for \$109.22 for excess pumping for the last six months, was allowed. This was about \$50 more than for the excess pumping amounted to for the corresponding period last year, while the railroad company has considered less water this year than it did last year, which is evidence that the individual consumption is increasing. The meter proposition was again discussed and the trustees seem to be seriously considering the advisability of installing meters in all the homes.

George Atkins, in a address to the board, demanded that the trustees give the residents and lot owners of the new Landover subdivision—N W Barrington, Mr. Atkins termed it some attention and assistance in improving the subdivision. Mr. Atkins has erected the first house there and has it nearly ready for occupancy, and he wants lights right away, he says. He also spoke of the need of a sewer system and gravelled streets. The members of the board seemed thoroughly in accord with his views and before he finished talking to them a motion had been made placing the lighting matter in the hands of the proper committee.

The need of a fence around the septic tank was mentioned and upon motion of Trustee Lapachinski the president of the board, chairman of committee on drains and sewers and chairman of committee on streets and sidewalks were given power to instruct the street commissioner to go ahead with this work at once, under their direction. It is their plan to erect a four-foot woven wire fence with barb-wire strand on top.

No other business coming before the meeting the trustees adjourned until April 17, when they will meet to consider the return of the village election to be held April 15, and adjourn also.

Barrington received a page advertisement in the magazine section of the Sunday Tribune this week, in the way of a write-up of local interest. IAPS FILE PROTEST

OBJECT TO PROPOSED CALIFORNIA ALIEN LAND LAW.

Ambassador Chinda Calls at State Department and Holds Extended Conference With Bryan.

Washington, April 8.—Baron Chinda, Japanese ambassador, called on Secretary of State Bryan and during an extended conference presented a protest against the proposed California land laws.

The only alternative to the Japanese were known to this government two weeks ago. Mr. Bryan said the negotiations were still in the conversational stage.

The protest from Japan in some quarters is construed to indicate that Japan believes there is to be a new policy by this government affecting foreign relations under which it will be possible to obtain concessions which were not obtainable under the policy of Colonel Roosevelt, later adopted by President Taft.

Indicated by Japan's protest is a desire to raise an issue with the United States. In this case no one can afford to show the end.

President Roosevelt answered Japan when it was endeavored to have the federal government take California by the throat in the school question and sent sixteen battleships to the Pacific coast. For a long time the purpose of the famous cruise around the world was kept secret, but it was finally admitted that it was an object lesson to Japan, a lesson that taught the eastern nation that the "Japanese question on the coast" had ceased to be a matter of diplomacy.

Lascurain will serve out the uncompleted term of the late President Madero.

This arrangement, it is said, has been offered to the Constitutionalists now fighting the Huerta government in northern Mexico.

The decision of the present provisional president is said to have been occasioned by the recent uprising of Zapata in the south, which places the Huerta forces between two fires.

Road Officials' Train Wrecked

Hagerstown, Md., April 8.—A special train of the Western Maryland bearing President J. M. Fitzgerald and other officials of the road and a party of capitalists ran into a head-on wreck at Hancock, Md., Sunday.

Twenty-five persons were killed, when an entire train with its locomotive, plunged through a railroad bridge over the Congo at a height of 150 feet from the water below.

EXTRA SESSION ON

BOTH THE SENATE AND HOUSE ARE CALLED TO ORDER AT NOON.

SPEAKER CLARK RE-ELECTED

Representatives Take Oath of Office But Usual Drawing for Seats Is Omitted, Owing to the New Arrangement.

Washington, April 8.—The extraordinary session of the Sixty-third congress convened on Monday.

Popular interest centered in the house of representatives, where Representative Champ Clark, Democrat, was re-elected to the speakership shortly after the session opened. Representative James R. Mann of Illinois, Republican, was placed in nomination for that office by the minority. He received a rousing demonstration, but was overwhelmingly defeated.

Other officers selected by the house were as follows: Clark, South Trimble of Kentucky; sergeant-at-arms, Robert E. Gordon of Ohio; doorkeeper, Joseph J. Sinsott of Virginia; postmaster, William M. Dunbar.

No election of officers was held in the senate.

The convening of congress today was auspicious in Democratic history. It marked the first time in nearly a score of years that Democrats have had complete control of the senate, the house of representatives and the presidency.

The presidential proclamation directed that both houses convene at noon and promptly at 12 o'clock the gavel of Vice-President Marshall fell in the senate. A new chaplain, Rev. F. J. Prettyman of Washington, delivered the invocation. The roll of senators was called in the usual way and committees appointed to notify the house and the president that the senate was ready to transact business.

After the roll call the election of speaker took place.

Then came the swearing in of members. As the clerk called each state and the names of members in the death of the state, the delegation presented itself at the bar of the house and swore to perform its duties well and faithfully.

Henceforth it had been customary to make the selection of seats the next business to be taken up by the house at this point. This time there was no drawing for seats, as it had been determined that members should have choice of seats on arrival each day. Only to Leaders Underwood and Mann and Chairman Fitzgerald of the appropriations committee was conceded the right to pick and hold a seat.

Representative Henry, who was chairman of the rules committee in the last congress, then presented a set of rules for the guidance of the house. They were practically the same as were in effect at the last session. The rules were adopted. Other routine business of a formal character was then taken up.

25 Die in Congo Train Wreck

Boston, Delphian, Conn., April 7.—Twenty-three persons were killed, when an entire train with its locomotive, plunged through a railroad bridge over the Congo at a height of 150 feet from the water below.

When the train struck the bridge, it was completely wrecked. The locomotive and two other trains were destroyed.

WOMEN AT CAPITOL

SUFFRAGISTS STORM CONGRESS WITH BIG PETITIONS.

Campaign of Revenge for Sentence Given Mrs. Pankhurst Is Begun by London Anarchists.

Washington, April 8.—The capitol was stormed Monday by suffragettes at the opening of congress. They presented petitions for the enactment of a constitutional amendment resolution authorizing equal suffrage rights for women.

Members of the house and senate presented the suffragettes with about 150 reserved seats in the galleries from which point they witnessed the opening ceremonies.

Among the congressional ladies who appeared in the demonstration parade up Capitol Hill were Mrs. A. B. Pitts, sister-in-law of Speaker Clark; Mrs. William Kent, Mrs. William D. Stephens, Mrs. Evria A. Hays, Mrs. Julius Kahn, Mrs. Edward Keating, Mrs. Ed Taylor, Mrs. Selton Ridge, Mrs. Genevieve Stone, Mrs. Clara B. Taylor, Mrs. Robert La Follette, Mrs. Albert Cummins, Mrs. Miles Pondexter and Miss Elsie Hill, daughter of former Representative E. B. Hill.

London, April 8.—The campaign of revenge for the long sentence imposed upon Mrs. Emmeline Pankhurst, which the suffragettes threatened, is proceeding actively and seemed likely to spread Sunday.

Improved Roads

Road work is now done at wrong time of year.

Reports made to the legislative committee which investigated road conditions in Illinois show that the chief work on the roads of the state is done at the wrong season of the year. Road experts say that most work should be done in the spring, when the roads are softening up and should be improved for the summer and fall traffic. Work done in the fall is less because winter rains and frosts and spring rains and thaws undo it all. Altogether 1,543 rural letter carriers reported to the Tice committee that work was done on roads on their routes in the fall months. Fewer than one-third of the rural carriers reported work done in the spring and about the same number reported work done in the summer. It thus becomes apparent that one of the reasons that Illinois roads are bad is that they are worked at the wrong season of the year and there is no authority in the state which can correct this evil.

In twelve counties the state most of the road work appears to be done in the spring. These counties include Champagne, Cook, Livingston, McLean, St. Clair and Vermilion.
Good Roads Percentage Small.
Rural mail carriers to the number of 2,724 who travel over 56,528 miles of public highway report that only 8.425 miles of roads are improved. This is 12.7 per cent of the mileage on the routes reported. It is safe to say that this improved mileage is all there is in the state and it is a small amount when compared with the total of 94,000 miles of highways in the state. Approximately one-fifth of the improved roads are macadamized and four-fifths are gravel.

Volunteers Drag Roads.
The fact that the road building system of Illinois is not able to cope with the problem of improving the highways of the state is proved by the reports sent to the legislative investigating committee by rural mail carriers. These show that farmers voluntarily do 72 per cent of the road dragging and that only 15 per cent of the dragging is done by paid labor.

WORDS & TRUTH

FROM

W A S H I N G T O N T E M P L E

PRIDE—JEALOUSY—ANGER—MURDER

NO children were born to Adam and Eve in Eden. They had labored with sweat of face for quite a time before their first-born came. Doubtless he was birth-marked with a jealous and unhappy position. Told with sweat of face, conducted to fruitfulness in those who knew a happier lot in Eden. Fault-finding with each other, resentment against the Creator, discontent, quite probably marked their offspring—Cain. Such is the course of sin.

Daughters also were born to them, and later another son, Abel, of a very different disposition from their first-born. The experience of life may have mellowed their hearts. They remembered an intuition of good connected with their sentence, namely, that the seed of the woman should bruise the serpent's head. Abel's disposition indicates that he had a contrite heart, and desired to please God. Years passed. Cain and Abel were inspired by the promise respecting the seed of the woman, and the hope for recovery by Divine favor. They approached the Lord with offerings to receive a blessing. Abel's offering of animal the God accepted because it typified the necessity for the death of Jesus as the basis for forgiveness of sin. God's rejection of Cain's offering teaches that without shedding of blood there can be no remission of sin. Cain should have rejoiced with his brother, and should have procured an animal for acceptable sacrifice. Instead, Cain allowed anger, malice, hatred and strife to burn in his heart, and became a murderer.

St. Paul says that Abel's blood cried to God for justice against Cain, but Jesus' blood cried to God for mercy on the sinner. Every injustice, figuratively, cries to God for justice. By a special covenant of sacrifice, Jesus and His elect Church lay down their lives sacrificially for Adam and for His race—Romans 12:1. These "better sacrifices" completed. Restitution follows—Acts 3:19-21.

PASTOR RUSSELL.

MEISTER REFUSED LIBERTY WHEN HE IS OFFERED BAIL

Father of Girl Who Complained Against Him Plays a Coup Upon Him.

CLAIMED THAT HE WAS A PAUPER

Court Would Have Been Forced to Release Him Providing He Could Not Get Bail.

An exceedingly clever coup was played in county court today when Roy Meister, a Barrington young man who was placed in jail six months ago on complaint of a Barrington young woman, was refused his liberty by County Judge P. L. Persons. The attorney for Meister had sought to secure Meister's release under the Poindexter Act.

Under this act, if it could be proved that Meister was a pauper and could not secure a bondsman, it would be necessary that he should be released. Meister had claimed that he could not get a bondsman. At this point the father of the girl who had made the complaint against him, appeared and offered to sign his bonds. It was not through any love of the young man that the father offered to do this, but simply because it would remove his son from the county jail.

Meister refused to accept bond under these circumstances and the court refused to release him. If Meister secured bonds, judgment could be collected against him. It is said the father of the girl has stated that his offer to sign the young man's bond will stand and for this reason the young man must either agree to pay the judgment or remain in jail indefinitely.

On the face of it, the offer of the father to sign the bond of Meister, looked very strange, but a closer investigation shows it to be an unusual, clever coup, one which Meister will have difficulty in getting around.
