

BARRINGTON REVIEW

VOLUME 20, NUMBER 20

BARRINGTON, ILLINOIS, THURSDAY, MAY 15, 1913

\$1.50 PER YEAR IN ADVANCE

BRIEF MENTION OF NEWS ABOUT TOWN

Happenings of the Week Told in Short Paragraphs—What's Doing in Our Hometown Village.

MRS. SPUNNER ENTERTAINS CLUB

Aurand and Garbisch Dissolve Partnership—Young People of St. Paul's Church Will Serve Hot Supper.

Bert Gleason and family moved last week from the Topping house on Gaffield street to Mrs. Barnett's place on Grove avenue and Russell street.

The Barrington band went to Chicago last Saturday morning to play for the teachers at Fullerton hall, in the Art Institute, following a lecture.

Young people of this village will enjoy a private dance at the village hall this evening. Edward Volker has been the moving spirit in arranging for the dance.

Mr. E. McFarland, who conducts a boarding house in the Lamey brick building on Main street, has rented the downstairs store rooms for office, dining room and kitchen purposes.

Dr. C. O. Van Arsdale, the Chicago osteopath who is here Monday and Fridays, moved his office this week from the Grace building on Station street to rooms in the Groff building.

The dance given at the village hall last Thursday evening by the Gem orchestra of Crystal Lake was well attended and that orchestra will give an other dance there next Thursday evening.

The Young People's society of St. Paul's church will serve a hot supper in the church basement next Tuesday evening, May 20, from 5:30 to 8:00 o'clock. The price will be 25 cents a plate.

The moving picture show, reproducing the Hagenbeck & Wallace circus, given here Tuesday was considerably handicapped by the rains and was not very highly praised by local people who attended.

Carpenters are remodeling the John Thiel's home on Grove avenue. It is being divided into flats, one of which will be occupied by Mr. Thiel's father and mother, Mr. and Mrs. William Thiel, who are now living with them.

E. F. Wiesbach is building for G. E. Van Hagen a wagon box to be used for hauling certified milk to the depot. It will be much stronger and more substantial than the manufactured ones many of the local makers of certified milk now use.

Mrs. Anna S. Lin-kog, mother-in-law of Mrs. Godfrey Lissak, who was formerly Miss Magdalene Blocks of this village, died at her home in Chicago last Wednesday and the funeral was held Saturday afternoon and interment was at Rosehill.

H. G. Aurand and Herman Garbisch, who have worked together under the firm name of Aurand & Garbisch for a number of years, doing carpenter contract work and all kinds of building, have dissolved partnership. Each will continue in business under his own name.

Members of the National Horsemen's Protective association met Sunday at Algoma in the shop of Secretary James McKay, a former resident of this village. E. F. Wiesbach, president of the organization, and J. H. and Will Hajo of this village attended the meeting.

Mrs. Mae Lane Spunner entertained the ladies of the Thursday club and invited guests at her home on Lake street this afternoon. Prof. Charles A. Wissell, principal of the Norwood Park school, addressed the ladies and music was furnished by Miss Mary Smith, violinist, and Miss Violet Ulrich, pianist.

Joseph G. Catlow received a letter from his brother, Daniel Catlow of Portland, Oregon, this week stating that he had sold about one-half of his 1,200 acre ranch in that state for \$24,000. Mr. Catlow secured this land from the government about four years ago, himself, wife and children taking up claims of 160 acres each.

J. C. Plagge, a member of the board of trustees of the Western Union college at LeMars, Iowa, and Rev. H. H. Thorne, secretary of education of the United Evangelical Church, with wife that evening, were at LeMars last week to attend a meeting of the board. Mr. Plagge remained Friday evening, and Mr. Thorne Saturday, a week, to give his services. Mr. Plagge, reading the entire time, was to remain in the community.

STREET OILING IS TO BEGIN SOON

Wagon and Oil Are Ready and Street Commissioner Only Awaits Upon the Weather.

Providence took affairs in its own hands again Tuesday and with a good shower of rain settled the dust for a few days. However, as soon as it is dry enough, the street commissioner, Edward Peters, will get busy under the direction of the street committee of the board of trustees, and see that all of the streets in the village are oiled and the dust nuisance permanently settled.

That is, all of the streets will be oiled if the \$1,500 appropriated by the board of trustees holds out, and those familiar with the oiling proposition assert that it will be quite sufficient.

One car of oil had arrived early last week and the work would have been well underway before this time if it had not been for an unfortunate incident which deprived the village of a vehicle for placing the oil.

The citizens' committee, which was promoting street oiling before the village trustees had been persuaded to take up the matter, had made arrangements to rent the sprinkling wagon belonging to August Miller, and changes had been made converting it into a vehicle suitable for distributing oil, and all was ready to commence work when H. A. Grebe announced that he had purchased the wagon and would sell it to the village for \$100. His offer was declined, and the village at once ordered a tank, made especially for street oiling purposes. It arrived Monday and was mounted and ready for service the next day. Many of the business men of the village are hinting that Mr. Grebe acted from selfish motives and had given much adverse criticism.

Mr. Grebe has been circulating a petition protesting against the use of the water fund for the purpose of oiling the streets, and will present it at the next meeting of the board of trustees if he secures a reasonable number of signers, it is said. It is doubtful if there are many who do not favor the use of the money for this purpose, saying that it could be put to good use in other ways without diverting it from its proper channel. It is legal, however, the village attorney says, and now that the action has been taken there is no probability the work will not be carried through.

The first tank of oil, received last week, contained 8,000 gallons and another 8,000 gallon tank is on the way, so there will be no cause for delay once the work is started.

BENEFIT LAWN PARTY.

Barrington Ladies' Announce Social to Raise Money for Baptist Parsonage.

Dealing to assist in raising money to complete paying for the Baptist parsonage, Miss Eva Castle and Madeline R. W. Jones, E. D. Winegar and Howard Castle announce that on next Wednesday afternoon, from 3:00 to 5:00 o'clock, they will give a benefit lawn party on Miss Castle's lawn. Mrs. C. P. Lampman of Evanston, a member of the exposition committee of "The World in Chicago," and in charge of the Mormon booth at the Coliseum, has consented to be present and give a talk.

In the event of bad weather the party will be entertained indoors. A charge of 25 cents will be made. Light refreshments will be served. All Barrington ladies and such men as can come are invited.

W. H. C. Has Birthday Party.

The regular meeting of the Woman's Relief corps yesterday afternoon was combined with a social event of interest, the celebration of the birthday anniversary of five members of the corps, and guests from Warsaw, Indiana, Elgin, Palatine and Chicago were entertained. The ladies whose birthdays were observed were Madeline A. D. Church, August Senn, Mrs. M. M. Miller, John Meier and Charles Senn. A luncheon was served.

At this meeting two new members were taken into the order and applications were received from two others.

Painter Hurt by Fall.

Stepping into a pit in the floor of the creamery where he was working on the Hawthorne north farm, A. G. Houghaling, a Barrington painter, bruised his left leg so badly Tuesday that he was unable to work for some time. The pit was about five feet deep and contained machinery used in the creamery work. Houghaling was looking over the pit, studying his work, and did not realize he was so close to the pit, when a sudden step forward resulted in the fall. He was obliged to call assistance in order to get out.

BARRINGTON, ILLINOIS, THURSDAY, MAY 15, 1913

ANNOUNCE FIRST ANNUAL FESTIVAL

Gathering to Be Held at Northwestern Park, Des Plaines, May 23—Program of Events.

Parents and children are invited to attend the first annual May festival to be given by the schools of Barrington, Palatine, Maine, Elk Grove, Hanover, Schaumburg, Leyden and Niles townships on May 23, 1913, at Northwestern park, Des Plaines.

There will be an address given by Dr. Superintendent Edward J. Tobin, athletic contests for boys and girls, such as jumping, racing and rope climbing; educational contests in arithmetic and spelling and a ten minute exhibition given by each school.

Those going from Barrington will take the train leaving at 9:15 a. m. Fare for children under 12 years of age is 10 cents and for adults and older children 30 cents.

Bring your lunch. Picnic dinner at noon. Plenty of good water on the grounds. Parents are advised to accompany their children as the teachers cannot assume entire responsibility of the large number expected to attend.

The athletic contests commence at 10 o'clock. Following is the program: Dashes—50-yard dash for boys under 10; 50-yard dash for girls under 10; 100-yard dash for girls in the Elgin district have been transferred. A number of them were old men who had managed the same plants for years. Those from the three former towns resigned rather than move. No reason was given for the changes.

Superintendents of the Borden Dairy company's bottling plants at Algonquin, Syamore, Woodstock, Hampshire and Ridgefield and all other towns in the Elgin district have been transferred. A number of them were old men who had managed the same plants for years. Those from the three former towns resigned rather than move. No reason was given for the changes.

Dairymen are much aroused over a bill introduced in the state senate at Springfield by State Senator Hearo of Adams county. The measure is a compulsory tubercular test act and provides rigid inspection of cattle on farms from other states. It is known as Senate bill 336 and dairymen are advised to write to their members in house and senate to oppose the Hearn bill when it comes up for consideration.

NEWS OF THE FARM AND DAIRY

Notes of Comment and Interest to Local Agriculturalists and Milk Producers.

William H. Gabel, president of the Merchants' Transfer company, Chicago, has leased the Manson farm north of this village.

Kane county's soil expert has been chosen in the person of Prof. J. E. Reidheimer of the University of Illinois, and he will enter upon his duties the first of June. Kane county gives \$2,000, the Chicago Chamber of Commerce \$2,000, and the federal government \$1,000 toward the expense of this movement in that county.

R. E. Haeger's big annual sale of Holstein cattle was held at Algoma last Saturday. This was quite an event for Algoma, as it brought buyers from all parts of the United States. Mr. Haeger had an exhibition of the famous "40-pound" cow for which he paid \$7,000, and also the cow of this size.

Superintendent of the Borden Dairy company's bottling plants at Algoma, Syamore, Woodstock, Hampshire and Ridgefield and all other towns in the Elgin district have been transferred. A number of them were old men who had managed the same plants for years. Those from the three former towns resigned rather than move. No reason was given for the changes.

Dairymen are much aroused over a bill introduced in the state senate at Springfield by State Senator Hearo of Adams county. The measure is a compulsory tubercular test act and provides rigid inspection of cattle on farms from other states. It is known as Senate bill 336 and dairymen are advised to write to their members in house and senate to oppose the Hearn bill when it comes up for consideration.

This story is told by an exchange:

A few months ago a dairy cow belonging to Blair Stanton, a Wyandotte county farmer, producing eight quarts of milk a day, lost an eye in the hedge brush. Saddened by her loss, the cow refused to eat, with fallen pride. Then he solved the problem. He provided her with a glass eye. Next day the Jersey was found with the herd grazing in deep contentment. Best of all she regained her milk and started in to make up for lost time. Now she is giving ten quarts of milk a day and is content.

This is the first time the Jersey has been known to do this.

The United States Department of Agriculture, experimenting with a herd of 31 cows, mostly grade Holstein, Jersey and Guernsey, in a New Jersey station, found that it cost 4.00 cents per quart to produce milk. The figures were based on actual cost of growing and harvesting products consumed and labor. The incidental expenses, including bedding, stabling, interest on investment in the animals, depreciation in the value of cows, keep of bull, etc., was figured in, but not interest on land, buildings and dairy equipment. No credit was given the cow for the manure or calf, and neither was the farmer's time for supervision charged for.

The survey, so it is claimed, has been completed at a cost of \$10,000.

The proposed road is intended for both freight and passenger service, and will connect ten Borden condensed milk factories. It will also be so constructed as to allow steam trains as well as electric cars to run over the road.

Some contest for two-room schools.

Some contest for one room schools.

One entrant.

Folk dancing, dramatization and choruses. (Schools desiring to take part must have their application in by May 17 with Chester A. Wells, secretary, Palatine.)

Awarding of prizes.

"America."

There will be a baseball game at 2:30 for the league leaders.

Prizes for both individuals and teams are as follows: First, blue ribbon, 5 dollars

Washington

The United States Supreme court recessed until May 26, without announcing decisions in the state rate or other important cases before it. It is understood an attempt will be made to decide all before final adjournment for the summer on June 9.

Congress soon will be called upon to pass an emergency \$1,000,000 for food, clothing, shelter and medical service supplied by the army and navy to the flood sufferers in the Ohio and Mississippi valleys recently.

The federal government's final effort to delay alien land owning legislation in California was made when Secretary Bryan, in the name of President Wilson, telephoned Governor Johnson, telling him that the Japanese ambassador had earnestly protested against the bill passed by the California assembly and urging him that the governor postpone action by withholding his signature.

The first authentic and official report of the federal government's investigation of the Friedmann tuberculosis vaccine, made public in Washington, has been made to the public health observations so far do not justify that confidence in the remedy which has been inspired by widespread publicity.

No attention will be paid by the American government to President Huerta of Mexico, who definitely rejected the American-Huerta commission that only urgent business would be transacted with him until the United States recognized the *de facto* government.

Undoubtedly the largest winter wheat crop ever produced in the United States was in the Midwest, report the state departments of agriculture. The present high condition has been distanced only four times in the last four years and the acreage has never been exceeded but once.

The Underwood tariff bill, proclaimed by the Democratic party as the answer to its platform pledge to reduce the tariff, was passed by the house. The vote was 281 to 139, five Democrats voting against the bill and two Republicans voting for it.

A strike was declared on the street car lines of Cincinnati by executive division 627. Amalgamated Association of Street and Electric Railway Employees.

Army Aviator Lieut. J. D. Parks was killed when his plane fell at Los Angeles. He had made 108 miles when the accident occurred. Lieutenant Parks was thirty-one years old and graduated from the West Point Military academy in 1900.

Automobile bandits dynamited the safe of the Farmers' Savings bank at Northfield, Ill., and escaped with about \$5,000 in currency and gold.

The burglars did not stop for silver and left several hundred dollars' worth of it scattered about the floor.

There were four men in the party.

Domestic

The Missouri supreme court granted a rehearing in the outer proceedings against the Standard Oil company of Indiana and appointed John Montgomery of Sedalia commissioner to take testimony as to the good faith of the company in severing its connection with any trust.

Weighted down with coins which he had taken in at his saloon, Edward Ruckmar, a saloonkeeper, was drowned in the Ohio river near Evansville, Ind. Ruckmar, with Frank Yeager, was running a trot line, and when both leaned over the same side of the launch to pull in a large fish the boat capsized.

Five employees of the Texas Pipe Line company at Collinsville, Okla., were instantly killed by a stroke of lightning. Two others were probably fatally injured.

Princeton was the varsity boat race at Cambridge, Mass., by a quarter of a length. Harvard was second and Pennsylvania third.

"Gifford Pinchot more than any other man has been responsible for tying up Alaska," said James F. Calbreath, secretary of the American Mining congress, before the senate, territories committee in Washington. He said that former President Roosevelt's executive order of 1906 withdrawing Alaska coal land from entry "varnished a revolution."

Refusing to take a dare, Louis Gruen, 21, the boy's shooting, was given the "shot" and James F. Calbreath, 51, of Newark, N. J., was given the "shot." Gruen, who was at the time of his shooting, 16, was in jail, while James F. Calbreath, 51, of Newark, N. J., was given the "shot." Gruen, 21, was given the "shot." Gruen, 21, was given the "shot."

Mrs. H. H. Astor, wife of a merchant of Chicago, was kidnapped. Jumped over the "shot" and James F. Calbreath, 51, of Newark, N. J., was given the "shot." Gruen, 21, was given the "shot." Gruen, 21, was given the "shot."

Two United States soldiers, Cal. Wright, 21, and John C. Vassar, a bartender, and A. C. Vassar, a professor of Nogales, Ariz., by military authorities on charges of plotting to steal ammunition from the Fifth United States cavalry, on border patrol, and sell it to Mexican insurgents.

Charging government officials with a "propaganda of character assassination" and ridiculing the National Geographic society, Dr. Frederick A. Cook has written to President Wilson asking that a commission of polar explorers be appointed to investigate his claim and that of Admiral Peary to the discovery of the north pole.

The barge strike in New York and Brooklyn became a serious matter when it was found that 1,000 tons of sculps had quite work, practically crippling the "trade."

Fifty Republicans from eleven states met in Chicago and adopted a report to the national Republican committee urging that a national convention of the party be held some time during the year. The report urges representation, disposal of convention delegations, delegates to be elected by direct primary vote, and other matters pertaining to the future welfare of the party may be discussed.

Representative H. Olin Young of Ishpeming, Mich., announced in the house his intention of resigning his seat in the contest instituted by William McDonald, a progressive, saying 458 votes intended for McDonald had not been counted for him and he did not feel justified in holding his seat.

The \$10,000 reward offered by the state of California for the apprehension of the persons responsible for the dynamiting of the gas building in Los Angeles is about to be paid. A bill appropriating that amount was introduced in the assembly and sent to the governor, having passed the senate.

That the sentence of Dennis Jack, a blackbird Pottawatomie Indian, to the gallows for the murder of his wife and son, was commuted from sixty to fifteen years is recommended by the Kansas penal board. His heroic conduct in three prison fires was the reason for the board's action.

Three children are dead and two others are dying in Muncie, Ind., as the result of the overheating of a kettle containing boiling pitch.

A strike was declared on the street car lines of Cincinnati by executive division 627. Amalgamated Association of Street and Electric Railway Employees.

Army Aviator Lieut. J. D. Parks was killed when his plane fell at Los Angeles. He had made 108 miles when the accident occurred. Lieutenant Parks was thirty-one years old and graduated from the West Point Military academy in 1900.

Automobile bandits dynamited the safe of the Farmers' Savings bank at Northfield, Ill., and escaped with about \$5,000 in currency and gold.

The burglars did not stop for silver and left several hundred dollars' worth of it scattered about the floor.

There were four men in the party.

NAVY PLANS STOLEN

SENSATION CAUSED BY THEFT OF DOCUMENTS AS TO DREAD-NOUGHT.

DETECTIVES ARE AT WORK

No Clue is Yet Discovered of This who Took Papers Relative to Giant Battleship Pennsylvania Two Months Ago.

Washington, May 15.—A sensation was caused in navy circles Tuesday when the disclosure was made that important plans, some of which relate to the new dreadnaught Pennsylvania, have been stolen from the department.

It can be said on reliable authority that the thefts began two months ago and that, despite the activity of secret service men, the Bureau's detective agency and the police, no clue to the thief has been discovered. The heads of the department are disturbed, not knowing what document may go next.

According to the Bureau, the plans began to be noticed in February. Most of the thefts have been comparatively insignificant, relating to the manual of the department and similar documents. When, however, plans for some of the work on the new battleship disappeared the situation became serious and steps have been taken to be taken by the department to search for the perpetrator.

Outside aid was called in and for weeks under the pretense of a change of administration detectives have been slipped into clerical positions in most of the bureaus of the department and persons known to have handled the missing documents have been under the closest vigilance.

Knowledge of the situation came out through an inadvertent disclosure by one of the detectives. The department itself refused to say anything on the subject, but it is understood it may be taken to the department to search for the perpetrator.

Outside aid was called in and for weeks under the pretense of a change of administration detectives have been slipped into clerical positions in most of the bureaus of the department and persons known to have handled the missing documents have been under the closest vigilance.

Knowledge of the situation came out through an inadvertent disclosure by one of the detectives. The department itself refused to say anything on the subject, but it is understood it may be taken to the department to search for the perpetrator.

It is asserted that the missing documents consist of confidential plans which those who obtained them, but combined with other plans in the department would practically force the naval constructors to change plans of battleships now authorized. It is to protect the secrets of the department and prevent the loss of the complete plans of new battleships that the department is exerting every effort to prevent a leak.

An attempt is expected to make capital out of the situation in the department by the war propagandists representing manufacturers of war materials, but the theory of those who obtained the documents is that no connection can be established between the theft of the papers and any government having diplomatic conversations with the United States.

Building of the dreadnaught Pennsylvania, part of the details and minor plans of which have been taken, was authorized by the last congress, it was believed, to displace 30,000 tons and will have an armament of 34 heavy guns, exceeding in gun power the battleships of any other nation.

It is understood here that special surveillance has been established over the bureau of construction and repair, headed by Naval Constructor Watt, and the bureau of ordnance, of which Admiral E. C. Twining is in command.

IT'S HARD TO WORK

It's torture to work with a lame, aching back. Get rid of it. Attack the cause. Probably it's weak kidneys. Holding or contorting work is hard on the sides and back. When the kidneys become inflamed and congested, the trouble keeps getting worse.

The dangers of sitting on gravel, drops of water, Bristle's disease, serious. Use Doan's Kidney Pills, a safe remedy for backache or bad kidneys.

An Illinois Case

James E. Poyner, of Newville, Ill., 19 years old, was laid up with a lame back, trouble. My back pain so constant, I could not move. The kidney disease was in a terrible condition. I was cured in a short time with Doan's Kidney Pills. I have had no trouble for four years. I have not been to the doctor since. I have never returned.

Get Doan's at Any Store, No. 1 Box DOAN'S KIDNEY PILLS POSTAGE-FREE BURN CO., BUFFALO, N. Y.

HAVE LONG DURATION OF LIFE

Salt Water Denizens Attain Immense Age, if Scientific Investigations Are Correct.

Water, particularly salt water, seems to conduce to longevity. There are gigantic mussels and oysters whose age is assumed to be comparable only with that of the Cape Verde baboon tree and the banyan tree of California, which live for 5,000 years. Indeed, there appears to be no particular reason why man should ever die, though it is also true that, considering the sort of life a mussel leads, there seems no particular reason why it should ever have lived.

Sea anemones, again, delicate and sensitive though they look when we see them in the rock pools, may attain great age. Sir John Murray, a Scottish naturalist, captured in 1828 a sea anemone of the liver-colored sort so common around our shores. Its age was then estimated at seven years. It flourished in Edinburgh until 1887, and was just attaining a vigorous and sober maturity when, from some unknown cause, it died.—London Mail.

Unnamed Heroines. The anniversary is responsible for the publication of many reminiscences concerning the ladies of the period. What the heroines and the chroniclers most like to dwell upon is the heroism displayed by passengers and crew aboard the vanished liner. There are tales of Major Butt, the Strauss, First Officer Murdoch and many others, who showed the spirit of the hour of trial. But there goes the note unmentioned, as we went almost unmentioned a year ago, the little English woman who said to the officer who would have thrust her into a life-boat: "Oh, no, sir, I'm only a stewardess."

We May Be a Great Doctor Some Day.

William, aged five, had watched with much curiosity the family physician each day count his grandmother's pulse. When the doctor's visits ceased, William felt the responsibility of continuing the daily pulse-taking daily. One morning William's father came into the room and found his young son looking thoughtfully at his tiny watch, his fingers on grandmother's wrist.

"Well, son, what is it today?" inquired the father. William looked grave, but without hesitation replied: "Ten dollars, sir."

Mrs. Winslow's Soothing Syrup for Children, toothache, the gout, reduces inflammation, allays pain, cures warts, colds, etc.

There's many a hitch, likewise, in the business of a teamster.

Why *Clothcraft* Insured clothes cost no more than "take a chance" clothes. *Clothcraft* clothes would be high priced if the makers had to use ordinary methods in their factory. *Clothcraft's* improved science of clothes making, makes it possible to use all wool cloth and produce better clothes for less money. *Clothcraft* ready-for-service clothes at \$15 have no equal.

Youth's, Little Gents' and Boys' black and tan button shoes in new up-to-date shapes at \$1.50, \$1.75 and \$2.00. Douglas shoes for men at \$3.00 and \$3.50 and Kneeland shoes at \$4.00.

A. W. Meyer
Barrington, Illinois

Golding spent Monday and Tuesday in Chicago.

Mr. and Mrs. J. E. Tomasky of North Crystal Lake spent several days here recently.

Mrs. Lizzie Pratt, Charlie Pratt and Freddie Collins of Waukegan spent Sunday here.

Mrs. Lucy Andrews has returned to her home here after spending the winter with relatives at Libertyville.

Mr. and Mrs. E. J. Meyer and Russell of North Crystal Lake visited from Friday till Monday at R. C. Kent's.

Mr. and Mrs. Haggerty and family, F. E. Carr and James Carr Fay took an automobile trip Sunday to Half Day, Everett, Lake Bluff, Lake Forest, North Chicago, Waukegan, Gurnee and Grayslake.

Earle Englund and bride of Des Moines, Iowa, are spending a few days with relatives here. They were married Saturday at the home of the bride in Dundee. They have the best wishes of many friends for a long and happy life.

"Railroad day," held here Saturday, was a success from start to finish. The day was fine, there was a big crowd, the floats were beyond the expectation of any, Uncle Sam and the blind man were ideal, the colored quartet pleased everyone with their fine singing, and the fireworks were grand and beautiful.

SAVING DAD—a Keystone comedy.
Two Shows, 7:15, 8:30. 10c to all

LAKE ZURICH

Mrs. Dora Blankenberg is again occupying her cottage here and will stay until fall.

Mrs. Rosa Scholz has returned home after a three months' visit in Chicago with her brother, Charlie.

Philip Schoefer and Mable Heru visited with Mr. and Mrs. John Smith at Joliet Saturday and Sunday.

Mrs. Tillie Flick and son, Albert, are making their home here again after an absence of about 12 years.

Frank Scram and Miss Lily Anderson of Chicago visited here Sunday with Miss Lydia Hokemeyer.

The Elgin, Joliet & Eastern railroad has a gang of men at work here replacing all of the old rails with new ones.

Mr. and Mrs. Norman Ladd and Miss Emma Schefer visited with the parents of Mr. Ladd and Miss Schefer here last Sunday.

This little village was deserted last Saturday, most everyone going to Waukegan to help our neighbors celebrate the arrival of the new railroad.

The home baseball team will play the Cary team here next Sunday. Last Sunday's game was a one-sided affair, the local boys defeating the Carpenterville team by a 12 to 2 score.

We understand that the Dunbar Musical company will be here again this spring. This company has been here with several troupes, about 50 people in all, several times for the last two years. They come here to do rehearsals before going on the road and usually remain about two months. They are a very nice lot of people and everyone seems glad to have them come again.

At the board meeting last week William Prehn was reappointed village marshal and Carl Ernst was reappointed village treasurer. President Clark also appointed the following committees: Streets, William Buesching, August Froelich and Henry Branding; Licenses, H. L. Prehn, Henry Branding and Henry Stell; village, August Froelich, Henry Branding and Henry Stell; board of health, H. L. Prehn, William Buesching and Henry Stell; finance, Emil Frank, H. L. Prehn and August Froelich.

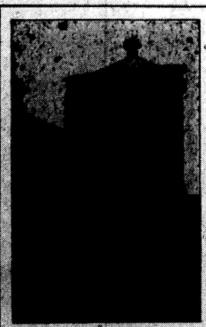

Constipation Cure
Dr. King's New Life Pill will relieve constipation promptly and get your bowels in healthy condition again. The King's Pill will be used, and I advise everyone to use them for constipation, indigestion and liver complaints. Will help you. Recommended by Barrington Pharmacy—Adv.

F. O. Stone

CATERED TO PARTICULAR PEOPLE

Cement Stave Silos

Are as cheap as Wood Silos

AND ARE VERY MUCH BETTER, because they are permanent silos, actually growing stronger with age—they cannot be destroyed by fire and are strong enough to resist any wind—they are absolutely air and water proof and will preserve the silage perfectly under all weather conditions—they are acidproof—they require no attention to keep in perfect condition. THE CEMENT STAVE SILO is a beautiful structure and adds to the appearance of the farm home.

In its moisture proof walls the silage freezes less than in other silos, whether hollow wall, brick, wooden or cement. It is the BEST silo because the first cost is the total cost. No expense for repairs, painting, attention and loss from spoiled silage caused by air leaks.

If you are going to build a silo call on, write or telephone me.
