HOMEMADE TOPS.

There are many styles of tops, probably more than you ever dreamed of an dit will surprise you to hear that the owners of some of the most currous forms are bearded men who take the work of the sound of the sou

make good spinners, but unless you file their pivot ends to points they will not spin in one spot but will glied outer the table top in spirals. This decreases the length of time which they will spin, but makes the tops none the less interesting. Great fun may be had spinning these around the balance-wheel top, while the latter is spinning.

halance-wheel top, while the latter is apinning.

A large upholstering tack or a rug tack (Fig. 3) is a good upinner. While the clockwork wheels are spun by large the property of the superior of the upper sond of the proper holding the spinning point between the tumb and first finger, as shown in Fig. 4, then giving it a quick turn and droping it upon a table. The tack top is an eccentric spinner. First it hops shout in a very lively fashing it is hope shout in a very lively fashing the spinning it gains the balance and for some seconds spinn quite as steadily as the clockwork balance and for some seconds spinn quite as steadily as the clockwork balance wheel top. The tack top can be spun upon its head as well as upon its point.

point.

The top in Fig. 6 is made of a half of a spool and a short piece of lead-penell. Saw a spool into halves, and then tajer one half from 'tip beveled and to the center. Sharpen the pead to 'be of the spool until its point projects just a state.

then hiper one half from the pen-cel to be center. Sharpen the pen-elt to k point, and push it through the spoot until its point profects fisst a trific.

The merry-go-round shown in Ng. 7 is a new top idea, and it is not hard to make. You will require a cardboard disk it inches in diameter, which can be sent from the cover of a large card-board from the cover of a large card-come light-weight cardboard for the making of the hourses and riders. Fig. 4 shows the details, Tack the center

They Who Do Not Hide Their Love and Sympathy When It Is Most Needed.

Love and sympathy are common chough, perhaps, but, oh how pittinity allow they sometimes are to gladden our homes! Pamilies will go through life loving each other, ready to make almost any sacrifice for each other, and yet holding back the expression of this love and readiness to serve, as though they were something to be able to be a server of the summary of the will be overshadowed by, a cloud of reserve, abiding just as strong and reserve, abiding just as strong and freezerve, abiding just as strong and the property of the strong this, thank Ged! There are some whose lives are as open and sunty as days in June, and between whom and those around them there is no timidation around them there is no timidation around the strong the

It's always too early to rip, but sever too late to mend.

She Had Such a Dreadyll Accident.
An Emporta girl met a friend the other day and said, "Why weren't you at the party last night?" The friend replied, "Ob. I had a dreadful accident i sat on the lawn and a secident i sat on the lawn and a readyll on the said is could not get my new kirm, over the bite."—Kanssa City Sta?
