

WILL AWARD PRIZES AT THE COUNTY FAIR

Expect Larger and Better Exhibits—Replete with Sports and Amusements.

More than 2500 prizes will be awarded this year at the Lake county fair, which opens at Libertyville September 2 and continues until September 5. It is confidently expected that the exhibits will be larger and better than in any previous year. A special effort is being made to enlist the efforts of women to make complete the displays affecting them.

In the field of sports the fair will be the greatest ever held. With a purse of \$6500 a lively, snappy card is assured. The two feature events are the 224 trot Thursday with a purse of \$800, and the 224 pace Friday, with a purse of \$600. There are twelve entries for the former and ten for the latter, and such horses as Charlie, Dean of Palatine and Harry Purnell and Dick McMahon of Libertyville have entries. The rest of the card is up to this standard.

The baseball games will be: Wednesday, Rockefeller vs. Lake Zurich; Thursday morning, North Chicago vs. Highland Park; Thursday afternoon, Deerfield vs. Waukegan; Friday afternoon, Libertyville vs. Antioch. A polo match, a trap shoot and possibly motor-cycle races are promised.

The midway, replete with numerous attractive shows and rides, will be as clean as honest effort can make it.

The fair gains special importance this year from the fact that it will centralize efforts towards farm improvement in organization, and the employment of a soil doctor for Lake county farms. Stanley F. Morse, the farm expert now at the helm, will be present at the fair, as will more than 100 committees heading the organization plan. Leaders say that Lake county never attempted a more important task than this of aiding the farmer, since to aid him aids every citizen.

WEIGHT LIMIT GREATER

Milk producers in the vicinity of Cary held a picnic yesterday in Abbott's grove on the banks of Fox river.

SUCUMBS AFTER YEARS ILLNESS

John Martin, Resident of this Village, Died Early Yesterday Morning.

John Martin, a resident of this village since 1904, died yesterday morning at 4:45 o'clock at his home on South Hawley and Lill streets. His death was caused by uraemic poisoning. He had been ill for three months and had been operated on several times without any lasting benefit. He went to the Augustana hospital, Chicago, February 5 this year and received treatment there for nine weeks. Late, he had been somewhat better until three weeks ago when he strangled himself while assisting Mr. Beinlich in installing a water system in his residence. He was obliged to take to his bed then and remained there until his death occurred yesterday.

Mr. Martin was born February 4, 1884, in Bourbon, Indiana. His parents died when he was quite young, and he was raised from the time he was nine years old by an uncle, Edward Ruff, who lived at Sapulpa, Oklahoma. Mr. Ruff had been here for the past two years.

The past 10 years Mr. Martin has spent in this village with the exception of one year in Oklahoma. He was employed for some time as an engineer at the local plant of the Bowman Dairy company and also worked in the same capacity at the Barrington laundry.

Mr. Martin was married in Chicago March 1, 1904, to Miss Carrie Wessel, daughter of the late Mrs. Caroline Wessel. He is survived by his widow and three children, Mearl, Everett and Viva.

He was a member of Barrington Epworth League and was elected to the presidency of the Epworth League was held on Tuesday evening at the home of Miss Gertrude Hager. The usual business was transacted, after which a social time was enjoyed.

The following young ladies from this vicinity are attending the Lake County Teachers' Institute at Waukegan this week: Miss Edna Kampert, Cora Kellogg, Aucabell Welch and Jessie Lines.

A business and social meeting of the Epworth League was held on Tuesday evening at the home of Miss Gertrude Hager. The usual business was transacted, after which a social time was enjoyed.

The ladies of Duxos society of the Baptist church will meet tomorrow afternoon at the home of Mrs. Mary Collins, the president of the society. Mrs. Collins urges all members to be present.

The engagement is announced of William E. Webb, Jr., of Chicago to Miss Blanche Lucia also of Chicago. Mr. Webb is a son of Mrs. W. E. Webb of Mossey Hill farm, northeast of town.

Miss Mae Daily, daughter of John Daily of Cuba township, who has been a teacher in the North Chicago schools for a number of years, will take charge of the South school in that city this fall as principal.

The Women's Foreign Missionary society of the M. E. church will hold the last meeting of the year at Mrs. Ernest Riekes' Tuesday, September 2, at 7:30 o'clock. Mrs. O. F. Mattison is leader. Officers will be elected for the coming year.

Mrs. C. A. Kedall, Charles Abel, Mr. and Mrs. George Banks and F. J. Alverson enjoyed a 160 mile automobile trip through northern Illinois and southern Wisconsin Sunday. Among some of the places they visited were Racine, Wisconsin, and Fox Lake.

Rev. O. F. Mattison, who has been pastor of the local Methodist Episcopal church for the past six years, was unanimously invited by his parishioners, at the fourth quarterly conference held Wednesday evening of this week, to continue his work here.

Mr. and Mrs. C. K. Kent and J. K. Orvis of Wauconda visited this village Tuesday evening. Mr. Kent and Mr. Orvis being engaged in distributing advertising matter promoting the former's sale of lots on Labor day. Mr. Kent advertises the event on page five of this issue.

Hiram Davis, brother-in-law of A. D. Church of this village, died Saturday noon at his home in Hebron, Nebraska. The funeral, which was held Tuesday, was unattended by Barrington relatives. Mr. Davis was once a resident of this vicinity and visited here for some time about two years ago.

PROGRESSIVES TO HOLD GATHERING

Big Event Will Be Held in Chicago August 30.

PROMINENT MEN WILL SPEAK

Bull Moosees Plan Celebration in Honor of the First Anniversary of the Birth of New Party—Expect Large Attendance.

Springfield.—The first celebration in Cook county and the state of Illinois of the birth of the Progressive party will be held in Chicago August 30. The event will border on a national affair, insofar as that already Progressives from five states have agreed to speak at the meeting, which is expected.

Progressive day, as that name will be known, has been planned for months by the Cook county organization and although the latter body undertook the task alone it now has the moral as well as other support from the national and state organizations and the Chicago Progressives.

Efforts being made indicate that it will be the greatest rally of its kind, with greater political significance, ever held in the state of Illinois, and the promoters expect no less than 300,000 to participate. The main event will be the open air meeting and speech, will be held in a grove in Riverview, while a banquet will be served in the Casino to prominent Progressive men and women from all over the country.

The needs of the new party will be celebrated in song and speech, special arrangements have been made now for appropriate songs. The speakers to include among others Miss Jane Adams, James R. Garfield of Ohio, Henry J. Allen of Kansas, and Alderman Charles E. Merriam of Chicago.

While the jubilee has been promoted and organized throughout by the Cook county organization, the Chicago Progressive club has volunteered to aid in every particular to make the affair a gigantic success. Its plans include receptions to the leaders and "open house" in the club rooms. Besides Illinois, delegates are to come from Michigan, Wisconsin, Iowa and Indiana.

One of the features of the day will be an automobile parade. Several hundred cars will take part in the pageant, escorting the speakers and prominent visitors from other states to Riverview. Progressive members of the legislature, the board of county commissioners, the county council and the state and county committees, will also occupy autos in the parade. In addition to the various open air features in Riverview park, many receptions, conferences and entertainments are being planned. Senator Clyde Jones, of the coastwise, will be at the Casino banquet.

Arrangements for the affair are in the hands of an executive committee, the chairman of which is Charles J. Ryberg. Other members of the committee are Mrs. John F. Bass, vice-chairman; Charles R. Riddle, president; Mrs. Marion E. Merriman, recording secretary; A. F. Nussek, corresponding secretary; Mrs. Thomas W. Allison; Miss Harriet Vinton, John Simon and DeWitt Taylor.

The programme committee, which will publish a souvenir for the occasion, is composed of Charles F. Thomas, chairman; Elton C. Armstrong, Charles L. Anderson, Fred C. Ebdle, Sherman M. Booth, George E. Fernald, Henry Nelson, John R. Swift and John H. Taylor.

Illinois Will Pay for Road.

"Not one cent of the cost of construction of the by-road to the state biological laboratory is to be paid from the funds raised by subscription and appropriation by the county board. The entire cost of the construction is to be paid by the state," said the reply of President J. H. Hobbrook of the Springfield Commercial association to complaints by members of the road committee or that work on the new concrete main road from the grounds had been neglected by the board.

At the time the main road was planned there was no provision for state aid. The state gave \$7,500 to be used in making a paved highway from the state laboratory to the road with the Peoria road. This was confirmed by former state highway engineer, Arthur N. Johnson, who added that work on the main road had been halted because of a lack of material and funds.

Harry M. Stape, secretary of the commercial association, said that about \$2,000 will have to be raised to complete the main road, which has cost more than expected, but work will soon be resumed.

B. M. Winston on Park Board.

Governor Dunne has announced the following appointments:

H. M. Winston, Chicago, member of the Lincoln park board.

John E. Patterson, Decatur, public administrator of Macon county, vice John B. Pfeifer, resigned.

John Edmunds, Lincoln, public administrator of Logan county, vice John S. Halle, resigned.

Alfonso Laurini, Chicago, assistant superintendent of the Illinois fire insurance agency (south side), vice A. Barnes.

Banks Show Deposit Decrease.

The 67 state banks in Illinois carried aggregate deposits of \$710,258,921.84 on August 11, according to a recapitulation of the resources and liabilities of these institutions, issued by State Auditor Brady and based on the latest reports of the auditors to his call for a statement of the condition of each bank on that date.

The aggregate deposits show a decrease of \$3,883,860.65 since June 6, when the next preceding statement was called for. Decreased deposits is explained as a result of the tightness of the money market influencing depositors to withdraw their money in order to invest them while securities are low and interest rates high.

The heaviest decrease in deposits is found in demand checking accounts, which dropped from \$774,455,521.60 on June 6 to \$752,524,660, a decrease of \$25,929,894.58. Deposits of certified checks decreased "704,876.58, and cashier's checks \$1,111,091.49. In the same period of time certificate deposits increased from \$67,249,672.80 to \$70,035,024.44, and demand certificate deposits from \$16,734,023.38 to \$18,890,765.60. Deposits subject to notice increased from \$292,923,883.15 to \$292,435,531.21.

The total capital, surplus, contingent and undivided profit in the 67 banks was \$139,463,599.22, an increase of \$2,115,066.85. The total assets, however, decreased, from \$83,705,219.92, the per cent of reserve to deposits being 25.72.

The conservatism of state bankers is shown in the changes in outstanding loans. While loans on real estate were increased \$597,807.30 to \$1,000,000, and loans on collateral security increased \$67,098.83, other loans and discounts decreased \$5,830.01 and overdrafts were decreased \$154,015.60.

Cash on hand increased currency, \$48,805,627; gold coin, \$46,011,985; silver coin, \$41,378,500.20; minor coin, \$2,233,303.32.

Alfalfa Growers Elect.

Illinois Alfalfa Growers' association members, in electing officers at the close of their third annual meeting at Springfield, reorganized their organization with a view to preaching the "gospel" of alfalfa throughout the state. A. P. Grout of Colon, on whose farm the association was founded in 1911, was re-elected president for the coming year. Other officers remained the same.

Vice-President—E. D. Funk, Bloomington; Secretary—H. A. McKeen, Springfield.

Secretary—C. C. Perver, Springfield; Executive Committee Members—A. N. Abbott, Morrison; Fred L. Hatch, Springfield; J. T. Wilson, Winchendon; J. P. Mason, Elgin; George F. Tullock, Rockford.

It is probable Dixie will be the association convention city in 1914, though the selection of the place was left to the executive committee, which declined to do the same. The association was invited to meet there and officers were inclined favorably toward that city if plans can be made to that end.

The day following the opening banquet was occupied almost entirely with discussions of alfalfa and the art of growing. President Grout presided throughout the day. Such phases of the alfalfa industry as the adaptability of corn belt land, hard pan, inoculation and lime, cultivation, sweet clover and its relation to alfalfa, alfalfa and its feeding in connection with dairy, sheep and swine were discussed.

The speakers list included:

L. M. Gilmour; H. J. Anderson, Champaign; Charles E. Palmer, Noble; E. D. Funk, Bloomington; H. E. Young, Chicago, editor of Farmers' Review; Prof. L. A. Clegg, Springfield; S. S. Seiter, Mt. Carmel; George F. Tullock, Rockford; Prof. W. C. Coffey, Urbana; A. J. Lovejoy, Roscoe, and others.

Postpone Soldiers' Reunion.

The committee in charge of the thirty-first annual reunion of the Southern Illinois Soldiers and Sailors' Reunion association has announced that all preliminary arrangements have been completed. In order to postpone the reunion until the date of other gatherings in Illinois during the month of August, the reunion has been postponed until September 3 to 5, and will be held at Johnston City. Among the speakers who have accepted invitations to attend are Governor Dunne, United States Senator Sherman, Illinois Attorney General W. T. Stead and Congressman R. P. Hill of Marion.

Potter Accepts Management.

Frank Potter, who retired August 11 as state superintendent of insurance, has accepted the position of manager of the Association of Legal Reserve Life Insurance companies of Illinois, and will establish his headquarters in the La Salle hotel, Chicago, October 1.

New Incorporations.

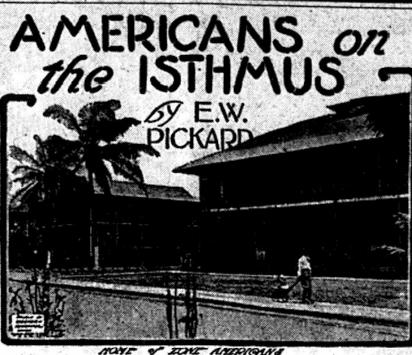

Secretary of State Woods issued certificates of incorporation to the following:

Diamond Remedy company, Dixon; capital \$15,000. Incorporators—Frank C. H. Gray and H. E. Sennett.

Glencoe Garage and Livery company, Glencoe; capital \$5,000. Incorporators—Thomas M. Whiston, Isaac S. Brill and Isaac B. Lipson.

Stahl company, Quincy; capital \$2,500. Incorporators—George H. Stahl, J. Russell.

ALLOTS CROP FUNDS

APPORTIONS \$46,000,000 TO BE DEPOSITED IN WEST AND SOUTH.

DISTRIBUTED IN 27 STATES

Government Has Chosen a Special Representative in Each City Who Will Serve in Conjunction With Clearing House Body.

Washington, Aug. 25.—An official statement of the apportionment of the \$46,000,000 crop-maturing fund, so far completed, to be deposited in national banks, was issued by Secretary of the Treasury McAdoo on Tuesday.

The total amount allotted to date is \$46,500,000, of which \$42,700,000 goes to the 27 states, and the remaining \$3,800,000 to the thirteen eastern states and the District of Columbia.

The southern banks have asked that their share of the funds be deposited in August and September, and those in the West, October and November. As far as possible, the funds will be allowed to remain on deposit on an average of four or five months. All of it is to be returned not later than next April, and the southern bankers, who get the money first, will begin to turn it into the treasury in monthly installments.

In each depository city the government has chosen a special representative who will serve in conjunction with a clearing house committee of five to掌管 all the agricultural records, received in, secured for deposits, and all paper before being accepted, to be unanimously recommended by this committee.

Following are the amounts allotted to each of the western states, the cities designated as depositories and a partial list of the government's representatives:

Illinois, \$4,000,000, Chicago, J. V. Farwell.

Indiana, \$1,050,000, Evansville, J. W. Lehman.

FAMILY IN AUTO WIPE OUT

Husband, Wife, Two Children and Sister-in-Law Killed by Train in Pittsburgh.

Pittsburgh, Pa., Aug. 25.—A whole family was wiped out on Tuesday when an automobile in which were J. F. Rowan, his wife and two children and his sister-in-law, Mrs. Allen Woodsmith, all of Brackenridge, Pa., was struck by a special train occupied by R. L. Donnell, general superintendent of the West Penn division of the Pennsylvania railroad, and received an inspection trip at Lane station, Lanserville, one half mile east of Butler Junction on the Butler branch of the West Penn railroad.

Rowan, his wife and one child, one year old, were killed instantly, the other being slightly injured when she was struck by a bullet. ILLINOIS HAPPENINGS

Galesburg.—Howard Clayton, son of Martin Clayton, a farmer, was killed on a farm near Tennessee when lightning struck a house in which he with eight others had taken refuge from the storm. Charles Cook was shocked but will recover.

Springfield.—On recommendation of the board of pardons Governor Dunne denied either a pardon or commutation of sentence to Henry Gard, convicted in Knox county of selling liquor in anti-saloon territory.

Elgin.—Injuries sustained when he was accidentally thrown from an automobile while changing seats with his wife, resulted in his death. He was buried in the cemetery.

Springfield.—The new state fish and game commission started on the first inspection trip of state fisheries and embarked on the government boat Ranger, to be gone two or three days. In the party were Commissioners C. J. Dittmar, J. B. Wayne, W. M. Meekins and W. C. Tamm. The money will be turned into the treasury.

Springfield.—The new state fish and game commission started on the first inspection trip of state fisheries and embarked on the government boat Ranger, to be gone two or three days.

Springfield.—The Knights of Pythias here, held by the police, who are investigating the body, with a fractured skull, was found at the foot of a flight of stairs.

Harisburg.—The long drought was broken by a heavy rain accompanied by an electrical storm. Lightning struck the courthouse and a new dwelling of Thomas Lomax, doing considerable damage. Shade trees were shattered and many telephones were burned out by lightning.

Springfield.—Jessie Gilage, who is said to have served as "wheel" for Frank alias Hobie, a Miller, aclairvoyant, during the alleged process of fleecing Mary E. Rapp, a customer of \$5,000, will be returned to Chicago from Cleveland, where he is under arrest, to face trial on a charge of mail robbery. Governor Dunne issued a requisition on the governor of Ohio for his return.

Chester.—John Gutwin, a hack driver, twenty-seven years old, was shot in the abdomen by City Marshal Edward Burton, died at his home. Burton, 52, was shot in a vendett of嫉妒的 homicide. Gutwin had been drinking and was warned by the marshal to cease abusing his team and conduct himself properly. An altercation ensued in which Gutwin attempted to strike with a stone, but before he could reach it a stone was shot him. Gutwin left a wife and three small children.

Harrisburg.—A three-year-old daughter of Noah Maddox, thirty-five, a prosperous farmer, was taken to a hospital, having been bitten by a number of rabbits. Her father died after being kept shackled and muzzled for more than ten hours. Maddox had recovered. His daughter was bitten by a dog eight weeks ago. It was believed that Maddox had recovered. He went violently mad, frothed at the mouth and snapped at everything who came near him.

Murphyboro.—Continued degradations of a freight house has alarmed the residents of Carbondale and Makanda towns to such an extent that bloodhounds have been brought in an effort to apprehend killer. Peter Garley and his family awoke to find their home in flames and barely had time to escape. Garley and his son-in-law discovered that the house had first been robbed and then set on fire. A woman who was attracted to the scene and joined the sheriff and bloodhounds in pursuit.

Bloomington.—J. H. Finch of Urbana has in his possession a Masonic apron which was made by Martha Washington, wife of George Washington, and which she presented to the grand master of Masons of New York. Finch's apron is a duplicate of one made by Martha Washington for her husband.

Springfield.—Albert W. Webb, a former resident of Chicago, where until May 31, 1913, was in charge of the American Auto Supply company, will be brought back from England to face a charge of mail robbery. It is alleged that on May 31 of this year Webb defrauded with \$3,600 belonging to the company.

Springfield.—When he saw a crowd gathered about a Chicago & Alton freight engine, which had exploded, a Negro porter, Carter, a young business man of this city pushed through the crowd and found a man who had been ground beneath the wheels. Young Mr. Carter helped extricate the body of the victim, and was overcome when he saw the man was his father, J. C. Carter, the father of prominent grain dealer of Gird, and his son was also shot with him in business.

Quincy.—Fire, which started in Old Quincy's livery barn quickly spread to adjoining buildings. The livery barn will be razed to the ground.

TICE LAW MADE CLEAR

What Illinois' New Good Roads Statute Will Do.

State Highway Department is Created and Funds Are Provided for Building and Maintaining Roads and Bridges.

Writing in the Edwardsville (Ill.) Intelligencer, Nelson L. Ryder gives a careful analysis of the new good roads law recently passed by the Illinois legislature. His article in part follows:

What is known as the "Tice bill" is an act amending, revising and systematizing the road and bridge law, as heretofore administered by local highway officials, and in addition, providing for the state to aid in the construction and maintenance of highways.

It creates and defines the duties of a state highway department, consisting of three highway commissioners, a chief and assistant engineer and necessary employees, as state officers, and of a county superintendent of highways, as county officers.

The state department is a non-partisan board, appointed by the governor, with the approval of the senate.

The county superintendent is appointed, and his salary fixed and paid by the county board, his term being six years.

The appointment is to be made in the fall of each year by the county board, within ninety days from July 1, shall certify to the state highway commissioner from three to five names of residents of the county who are considered desirable candidates for such office, the state commission then determining by competitive examination the person or persons best fitted for the office and certifies same to the county board, who appoint from that number. If no one be found qualified, the county board may submit a further list and if no one is then

Nelson L. Ryder.

found qualified, a non-resident of the county who has had a satisfactory examination may be appointed.

The law continues the present system of highway commissioners, with a provision that one commissioner may upon majority vote of a township be substituted for the board of three. Where township organization exists, the supervisor of the township is made responsible for the road and bridge fund. But little change is made in the duties of such officers, except that all contracts in excess of two hundred dollars must have the approval of the county superintendent of highways, who is to be given power to supervise the construction of all bridges and other important work.

Road and Bridge Taxes.

No substantial change is made in the method of levying taxes for roads and bridge purposes, but the labor system of paying such taxes is discontinued. The tax is to be levied on each township which is liable for such taxes, and is raised to fifty cents on each one hundred dollars valuation. There is also a provision that when damages are to be paid on account of changes in roads, an additional levy of twenty cents per hundred dollars may be imposed.

An election may be called in the township for the purpose of authorizing a bond issue for the building of important bridges or other expensive works. A poll tax of one dollar to one dollar is substituted for the tax which may be imposed by the township, which is raised to fifty cents on each one hundred dollars valuation. The management of several hundred acres planted to cultivated crops necessitates the use of a large amount of machinery, which is liable for taxes, with a minimum of expense required, an intelligent and systematic oversight, and in this department Mr. Allen is ably assisted by his son Ralph, who has had a course in farm mechanics in the University of Illinois.

twelve cents on each one hundred dollars of the latest assessment roll, where the levy of road and bridge tax in such town for the two years last past has each year been for the full amount of the assessment, and the major part of such levy is needed for the ordinary repair of roads and bridges, there is also a provision that the county may, if the board deems it expedient, build a bridge in any town or road district at the sole expense of the county.

State Aid Roads.

These provisions of the act which create the state highway department and provide for "state aid roads," declare a distinctly new policy on the part of the state, and provide a method by which it is to endeavor to control construction, and, when constructed, to maintain a system of roads throughout the state, varying from fifteen to twenty-five per cent of the road mileage of a given county, according to the size of the county.

The "state road and bridge fund" consists of all moneys appropriated by the state for road and bridge purposes. It is estimated that for the following year \$400,000 will be available from the registration fees for motor vehicles or automobiles, and an appropriation of \$100,000 to the state aid road fund was passed by the legislature but vetoed by the governor. Appropriations from the general fund will probably be made for succeeding years.

This state fund is allotted to the county board, which levies the road and bridge tax levied in each county bears to the whole road and bridge tax levied in the state.

When an improvement on a state aid road has been determined upon, proposals are invited by the state highway engineer, and the contractor bids are obtained, the contract is awarded and the contractor, upon execution of proper bonds, proceeds to build the improvement, which is, upon completion, inspected by the state highway engineer, and if in compliance with the contract, paid.

Considering the amount which may be allotted to a county from the state aid fund, and that it is entirely probable nearly all counties will take advantage of the law, it can readily be seen that it will be many years before all the roads which may be selected as "state aid roads" will be improved.

Nevertheless, the law will operate to produce a connected system of highways, built under competent and efficient supervision, and furnishes a method for the beneficial distribution of the state aid fund, and the ways of the funds, raised from automobile licenses, and enables the state to bear a portion of the burden heretofore borne by the local municipalities.

WHEN GOOD FARMING SHOWS

Results Are Most Apparent During Unfavorable Seasons—Allen Farm a Fine Example.

By M. A. M'KEEENE, Secretary Illinois Farmers' Institute.

Fairly good crops are produced in any section of Illinois when the season is particularly favorable to that section, even though the best methods of crop production are not followed, but it is the most reasonable to suppose that results of good farming are most apparent.

The beneficial results of good farm management are very apparent on the farm of Ralph Allen, near Darien, in Tazewell county. Mr. Allen has adopted the methods of modern agriculture and each year he treats forty acres of land with 1,500 pounds per acre of raw rock-phosphate. He practices a systematic rotation of corn, oats, wheat and clover, and a common with the increased fields in the locality which will yield 25 to 30 bushels.

"Turkey Red," and is entirely free from mixture with other varieties, cheat and weeds. Besides the increased yield, the wheat on the treated land will be raised for seed, and the increased yield on the other fields an advantage that is appreciated by those desiring to get threshing over as early as possible.

The management of several hundred acres planted to cultivated crops necessitates the use of a large amount of machinery, which is liable for taxes, with a minimum of expense required, an intelligent and systematic oversight, and in this department Mr. Allen is ably assisted by his son Ralph, who has had a course in farm mechanics in the University of Illinois.

An election may be called in the township for the purpose of authorizing a bond issue for the building of important bridges or other expensive works.

DRAPING MOTOR VEIL

AUTO NECESSITY HAS BEEN MADE A THING OF BEAUTY.

Charm is All in the Manner in Which the Clifton is Adjusted, and Femininity Has Made the Most of It.

The motor car is responsible for a lot of the most alluring little styles that were ever. All the clever little caps and bonnets are so becoming and comfortable there is no telling what the world is doing to the feminine world in the matter of headgear.

When a man gets himself up for motoring he usually looks like a death's-head at the wheel or a monster from some other planet. You look and think of dusty roads, flying gravel, and broken speed. But the auto togs of women are delightfully suggestive of pleasant drives and jolly times.

It is the veil that makes possible this triumph for the gentler sex. And here is the very latest way of doing it.

It looks like the Persian veil or
