New York, Sept. 22.—The funeral cortege with the late Mayor William J. Gaynor's body passed down Broadway on Monday while thousands of persons lined the street with bared heads. THAW'S HOPE IS HIT

INDICTMENT CHARGES FUGITIVE WITH CONSPIRACY IN FLEEING MATTEAWAN.

HINT BRIBERY PROSECUTION

Governor Felker of New Hampshire Announces After Hearing That He Will Give Decision in Extradition Case on Monday.

Concord, N. H., Sept. 22.—Harry K. Thaw and attorneys were disagreeably surprised on Tuesday when William Travers Jerome, deputy attorney general for New York state, appeared at the extradition hearing before Governor Felker and announced that the Dutchess county grand jury had returned a secret indictment against Thaw charging him with conspiracy in connection with his escape from Matteawan asylum.

In making the announcement Jerome said that he is endeavoring to secure an indictment against the man who conceived the plan for Thaw's escape, and for this reason had asked that the indictment against Thaw be kept secret as long as possible.

After hearing the arguments of counsel for both sides, Governor Felker reserved judgment and announced that he would not make public his decision until next Monday at least.

In opening the argument Jerome said that the duty of Governor Felker was to answer the petition of New York for the extradition of Thaw was plain. He then made his announcement concerning the conspiracy indictment.

During the course of his argument against extradition, former Governor Stone of Pennsylvania, chief counsel for Thaw, accused Jerome of deceit and trickery in the conduct of the case.

William M. Chase of Concord, former judge of the supreme court, followed Mr. Stone in arguing for Thaw. He declared that Thaw had been committed. "A man vastly more important than any yet mentioned" has been drawn into the net which New York has spread to catch the persons who helped Harry K. Thaw escape from Matteawan asylum, according to a sensational statement made by Jerome during his plea before Governor Felker.

When he took the case under advisement the governor gave an hint as to what his decision will be.

COAL MINERS GO ON STRIKE

Trinidad, Colo., Sept. 22.—Hundreds of miners in Las Animas and Huerfano counties went on strike today when the night shift quit work at 9 o'clock a. m. on Tuesday, the hour set for the strike called by the United Mine Workers of America.

Several thousand miners in the southern coal fields of district 13, Colorado, United Mine Workers of America, combined with the call for a strike, which has for its chief purpose the recognition of the operators took a positive stand that there will be no compromise with the miners on the demand of union recognition. The other demands of the miners—for their own check weights, privileges to live where they please, trade where they please and employ such physicians as they please—are not receiving much discussion either from operators or from miners.

Quiet English Parish. The tiny parish of Clansborough, North Devon, England, a little village, has a population of only 40, and the parishioners, marriages and burials are not very frequent. Like a Balloon. Apropos of the divorce bill, Dr. Herbert M. Shilbom, the Reno statistician, said with a sigh: "An exhaustive study of divorce statistics forces me to the belief that the average woman's heart is like a toy balloon—lighter than air, and most restless men tied to somebody."

HAPPY OLD AGE. Most Likely to Follow Proper Eating.

An old age advances we require less food to replace waste, and food that will not overtax the digestive organs, while supplying true nourishment. Such an ideal food is found in Grape-Nuts, made of whole wheat bran, by long baking and action of diastase in the barley which changes the starch into most digestible sugar.

The phosphates also, placed up under the outer-coat of the wheat, are ground in the process of making the cereal in white flour because the outer-coat of the wheat darkens the flour and is left out in the process of bleaching. These natural phosphates are necessary to the well-balanced building of muscle, brain and nerve cells.

"I have used Grape-Nuts," writes an Iowa man, "for 8 years and feel as good and am stronger than I was ten years ago." "Among my customers I meet a man every day who is 70 years of age and attributes his good health to Grape-Nuts and Postum which he has used for the last 5 years. He makes Grape-Nuts with Postum and says they go fine together."

"For many years before I began to eat Grape-Nuts I could not say that I enjoyed life or knew what it was to be able to do anything. I was suffering from indigestion, but now my habits are as regular as ever in my life."

"Whenever I make extra effort I depend on Grape-Nuts food and it just fills the bill. I can think and write a great deal easier."

"There's a Reason." Name given by Postum Co. Grape-Nuts, Mich. Read "The Road to Well-being" and you will never read the above letters! A new era of health, vigor, and happiness is being created, tree and all human beings.
