ANNUAL CARY-BAZAR OCCURS NEXT WEEK

Four Joyous and Happy Nights for
People of Cary and Surrounding
Community.

The second annual bazaar will be given by the people of the Catholic parish at Cary will be held next week—November 26 to 29 inclusive—at the hall of the new church.

There will be a dozen or more booths, beautifully decorated and illuminated, where confectionery, fancy work, etc., will be sold, and two excellent orchestras, Moore's and Wynkoop's of Woodstock, will furnish music for three hours continuous dancing each of the first three evenings, during which all bazaar business will be stopped.

Wednesday evening a reception will be given in honor of Father J. M. Loughran of Crystal Lake and other priests who will be present. Thursday evening a Thanksgiving dinner will be served from 6:00 to 9:30 o'clock. Friday evening has been dedicated to the Catholic orders, and organizations in Chicago and towns in this vicinity of the Catholic Order of Foresters, Knights of Columbus and Daughters of Isabella will send delegations. Light refreshments will be served each night. The last evening will be devoted to a general social time and the saying of good byes.

It is the aim of the pastor and parishioners to duplicate the grand success of last year, which is still fresh in the memory of Barringtonians. From a financial standpoint it is of last year surpassed the most sanguine expectations—the gross receipts amounting to a little over \$2,600. It became necessary to run it over a fifth night in order to satisfy the anxious patrons. No one who had the good fortune to attend will forget the magnificent entertainment given by the world famous Paulist choristers, who opened the bazaar by entertaining the immense throng that crowded the then unfinshed and picturesque new church edifice. Cary and vicinity was accorded an honor that was vied for by the capitals of Europe.

While the provision of such magnitude has been made this year for the entertainment of bazaar patrons, yet very suitable arrangements have been made, with a varied program every evening which is expected to suit young and old.

The prizes are many and costly and even more magnificent than last year. Among the more beautiful articles of bazaar ware are four diamond rings, cut glass and hand painted China to the value of \$300, gold prizes to the extent of \$100, four beautiful large dressed dolls and a multitude of other prizes equally handsome, all of which have been donated.

The decorations and electric display likewise are calculated to surpass those of last year. It is estimated that the decorations of hall and booths with other expenses will cost in the neighborhood of \$500.

PLAN LAKE COUNTY CORN EXHIBIT

Donald Blair, Farm Expert, and the Lake County Agricultural Society Promote Big Exposition.

Lake County is to have a corn exposition and short course in agriculture to be held at Libertyville January 12 to 17.

As now planned it is said to be the largest exposition of its kind ever held in northern Illinois. Farm advisors, Mr. McHenry County, Eckhardt of DeKalb county, Crandall of Will county, Heeton of Dupage county, Headleman of Kane county and Bishop of Livington county, are to be in attendance, giving talks on various subjects. Prof. P. G. Holden, the "Corn King of Iowa," has consented to be at the show for at least two days.

Monday is chosen as preparation day; Tuesday, farm improvement and domestic science day; Wednesday, dairy day; Thursday and Friday, school days, and Saturday, corn day. There will be from 200 to 400 ten-car samples of corn on display and at least 100 samples of oats in competition for prizes. The exposition is patterned very largely after the National Corn show, the largest organization of its kind in the United States, and the bounds of the school district will be of a special interest to the students.

The school district is to be represented by a sample of ten ears of corn, and it is expected the competition between the schools will be very close.

A department is devoted to commercial exhibits.

Arrangements are being made at the present time to secure the best speakers in the agricultural world.

Paint Mail Boxes White.

The postoffice department has sent out an order requesting that all post offices of rural routes paint the boxes white, and place their names on the same in black letters about two inches high. This order has been issued to every postmaster where there is a rural route. This was done in order

AGED CITIZEN DIED LAST WEEK

Charles Wool Passed Away Thursday—Funeral Held Sunday—Was Nearly Ninety-Two.

Charles Wool, a resident of this village for 25 years, and of the vicinity for nearly 50 years, died Thursday morning, November 13, at 9:00 o'clock following an illness of nearly a year. The real cause of his death was senility. He was nearly 92 years old and had been in failing health for several years. During the last ten months he has been confined to the house.

Mr. Wool was born June 1, 1822, in Chazy, New York state. He came to Lake county in 1869 and purchased a 235 acre farm in Elgin. He was a well known man in Lake Zurich, which contains a part of his present estate. He retired from active work in 1885 and came to this village purchasing the place on Main street which has since been his home. He was married to Alice Platt Wool, widow of a deceased brother. She died about 10 years later and on Christmas eve, 1870 he was again married, taking as a bride Miss Emma Cruger of Lake Zurich, who survives him. There are no children nor other near relatives. A niece, Mrs. Kate Runyan Johnson of Portland, Oregon, came Thursday and will remain a week.

The funeral was held at the house Sunday afternoon, Rev. O. F. Matteson, pastor of the Methodist church, officiating, and interment was in Evergreen cemetery.

SAVE TIME IN TELEPHONING

Company Advises Abolishing Use of

Word "Hello"—Suggests Better
and Quicker Form.

Telephone companies throughout the country are endeavoring to interest their subscribers in an effort to conserve every mite of energy which will aid in improving their service.

One of the most valuable requisites to telephone service is time. Time is, or should be, most valuable to everybody. Sad to say few of us appreciate it, as a telephone company does.

One company is advising its patrons against the use of the word "hello" so commonly used by telephone users in greeting one another over the phone. This company takes the form of a question to the telephone user.

"This is Smith and Co., Jones speaking" or "This is Miss Smith speaking." When a person calling hears this he should answer in the same manner, as, "This is Mr. Long of Short and Co." In this manner the company says, better service and fewer busy signals will be noticeable. The use of "hello" necessitates a second question and further explanation.

This suggestion sounds like common sense. It would save time for everybody. Nowadays, it is true that many persons answer the telephone according to the method urged by the company, but there are still many who cling to the old fashioned "hello" through habit or carelessness.

Everybody is anxious to secure good service. Here is an opportunity for all to aid the company in producing it.

Dix-Stenson Nuptials.

Fred Dix was married November 5 to Miss Besse Stenson of North Crystal Lake. Mr. Dix came here from Boscobel, Wisconsin, in July a year ago and has made his home since that time with his sister, Mrs. E. C. Thies. Madames E. F. Kirby and A. C. Lines of this village also are sisters.

He has been employed for some time at the local sub-station of the Public Service company but since his marriage has moved to Crystal Lake where he is chief operator at the substation there. He still does some work at the local plant, however.

His bride is an operator in the Crystal Lake exchange of the Chicago Telephone company, and is a popular young lady of that village.

During his residence here Mr. Dix has made many friends, all of whom are extending him the heartiest congratulations.

Although married over two weeks the young people kept the fact secret until a few days ago.

Frank Just, former publisher of the Waukegan Sun and Lake County Independent, has purchased the mile race track at Libertyville, paying \$25,000 for it. The property originally belonged to Mr. Just does not state his purpose in buying the track but admits he has a plan in view. There is talk that the automobile road races which have been held at Elgin may be shifted to Libertyville. The track contains one of the finest trotting parks in the United States. Some notable races were held there a few seasons ago and破例地展示了家庭成员的肖像。

At least four of the local churches will join in a union Thanksgiving service at the Salem church next Thursday morning at 10:00 o'clock. Rev. H. H. Thores, pastor of that church will preach the sermon. The union service was planned recently by the pastors of the Salem, Zion, Baptist and Methodist churches. The pastors extend a cordial invitation to everyone.

Mark Bar Passes.

It is rumored that after January 1 the Chicago & Northwestern railway company will issue no more trip passes to employees or members of their families for points inside this state or outside.

The proposed action of the company follows the interpretation of the Illinois public utilities act by attorneys of transportation companies, who say that the act will not only end the passes for outsiders but will eliminate the force ticket for employees from president down to members of their families.

FIRST ENTERTAINMENT TONIGHT

First Number of Lyceum Course Was Postponed—Will Be Held Tonight.

The first number of the high school lyceum course, which was to have been held Tuesday evening, was postponed until this evening on account of the inability of the entertainer, Mr. Kemp, to be here that evening.

Quoting from their advertising matter, Mr. Kemp "is a natural born comedian and brings to his audience those are treat—pure fun. His humor is delicious. Everybody likes his funny people, but best of all they like him. To have the blues while Kemp is around is out of question. His smile that pushes back the clouds and radiates sunshine and good fellowship. Many have said 'It's worth the price just to hear Kemp laugh.' But he is not always laughing and making others laugh. His fine sympathetic nature, wide versatility and keen perception enables him to interpret the more serious side of life in a way to delight the popular as well as literary audience."

The entertainment tonight is the first number of a five-number enter-

tainment course which the high school will have this winter under the management of the Redpath Lyceum bureau. And the name "Redpath" in-

cludes the class talent.

The next number will be given by the Harmony Concert company on December 8.

MANY EXHIBITS AT STOCK SHOW.

International Live Stock Show Breaks

All Records in Regard to the

Number of Exhibits.

With its \$75,000 offered in prizes and its entries closed, the International Live Stock exposition which will be held the dates of November 29 to December 6 inclusive, at the stock yards, Chicago, has broken all records in every department in regard to the number of exhibits. Every breed of cattle, sheep, swine and horses will be represented on a much larger scale, than ever before. And, as is the case with every other animal, the more valuable it is, the more valuable to everybody. Sad to say few of us appreciate it, as a telephone company does.

NEIGHBORHOOD ITEMS

The village of McHenry will soon

have gas. The Western United Gas & Electric company is now extending its main line from Crystal Lake to that

village.

Allen Crichton of Carpentersville an

employee of the Adams Express company in Chicago, was attacked Tuesday

night of last week while at his work and stabbed with a knife. He was seriously injured and taken to a hospital.

30 PERISH ON SHIP

THE H. B. SMITH SINKS IN GALE ON SUPERIOR.

Many Bodies of Sailors and Wreckage from Vessels are Found on the Shore.

Marquette, Mich., Nov. 15.—Thirty lives were lost and another great loss added to the list caused by the recent lake storms, when the Henry H. Smith, carrying 10,000 tons of ore, was lost off Keweenaw Point on Lake Superior.

The Henry H. Smith, with Capt. James Owen in command, loaded here and waited two days for the storm to abate.

The Smith failed to reach any port on Keweenaw shore, and marine men say it is highly improbable that it is the only member of the Canadian Wreckage. A large cargo was found late in the day. It is believed the Smith sank at Standard Rock, about thirty miles from Marquette. The Henry H. Smith was of steel, 565 feet long, 55-foot beam and 30-foot depth. The ship was lost on Nov. 13, which adds to the total of disasters which occurred on Lake Huron during last Sunday's storm and the end is not in sight. Bodies of sailors of five and perhaps six vessels were found on the shores of the lake. Wreckage of other boats still missing.

The Henry H. Smith was last sighted on the lake, and the crew was cast to the waves. The ship had been sighted off the Keweenaw Point, and it was believed that the crew had been adrift in the open sea.

The alleged forged letter end of the imbroglie developed another sensation. President Wilson, as well as Senator Lewis, received a letter from Harry M. PRESIDENT GETS MISSIVE SIGNED

BY S. MAULTHROP—WARNES HIM OF "EXPOSURE."

WARRANT FOR THE WRITER

Writer of Missive Is Said to Have Filled Letter Written to Henry M. Pindell by Senator J. Hamilton Lewis.

Washington, Nov. 15.—The nomination of Henry M. Pindell of Peoria as ambassador to Russia was not to be the senator Monday, and despite persistent rumors that his nomination had been indefinitely postponed. See also "Pindell's Plan." It was believed that he had been adrift in the plan of the Pinoza editor.

A member of the foreign relations committee is authority for the "understanding," as he puts it, that Russia has entered a protest to the railroad tracks, where his body left on the railroad tracks in the hope that it would be so managed as to conceal the crime.

Spencer heard the verdict read to him in the courtroom and became a white animal as he became at any stage of his arrest.

"They'll hang me!" he shouted. "By God, they got me!" Then he cursed the judge, his own lawyer and himself.

Spencer sank fainting into his chair.

It was several minutes before he could be partly revived. And then he began moaning, a low, indistinct, almost gibberish succession of incoherent thoughts.

"How does that jury know I wasn't insane? I was insane—I am crazy. They said I was just acting—well, maybe I was and maybe I wasn't—the jury doesn't know what to make a guess and they string me up."

THREE DIE IN RACE RIOT

Deputy Sheriff and Two Negroes Shot to Death Near Base Field, Miss.

Baileysville, Miss., Nov. 17.—Virgil Stamps, deputy sheriff and city marshal, and two negroes were dead and more trouble is imminent as a result of a race riot at Bensenville, Ill.

The dead negroes are James Fuller and Samuel Tillman. The trouble took place at the logging camp of R. J. Allman, near here, where about three hundred men, mostly blacks, were employed.

Cocaine crazed, Fuller is said to have sworn to kill his paramour. For several days the negro had been causing trouble.

Spencer sank fainting into his chair.

It was several minutes before he could be partly revived. And then he began moaning, a low, indistinct, almost gibberish succession of incoherent thoughts.

"How does that jury know I wasn't insane? I was insane—I am crazy. They said I was just acting—well, maybe I was and maybe I wasn't—the jury doesn't know what to make a guess and they string me up."

The letter received at the White House declared that the writer had correspondence between the president and Senator Lewis which he would bring up in his defense.

The letter to Senator Lewis referred to letters that had passed between the senator and Secretary Bryan and to letters that had passed between the senator and Secretary McAdoo and to correspondence with Roger Sullivan and William O'Connell which would be given to the writer.

Senator Lewis said Pindell's letter

would be put in the hands of post-office inspectors, the threats contained in them being in violation of the postal laws. The letters were posted at different stations in New Jersey.

Is Your Body Poisoned?

Well kidneys keep the blood free of uric acid, a body poison that is constantly forming leading to body trouble.

Stagnish kidneys allow the uric acid to accumulate causing rheumatic attacks, headache, dizziness, gravel, urinary trouble, weak eyes, dropsy, and heart disease.

Doan's Kidney Pills restore the normal blood-filtering action of the kidneys. This drives out uric acid and ends acid poisoning.

FIFTIETH ANNIVERSARY OF GETTYSBURG DEDICATION.

On the recommendation of Governor Dunne the immortal address of President Lincoln at the dedication of the Gettysburg national cemetery was read in the schools of Illinois on November 15, the fiftieth anniversary of its delivery, as a fitting observance of that historic event. The following is the Gettysburg speech:

"Four score and seven years ago our fathers brought forth on this continent a new nation conceived in liberty and dedicated to the proposition that all men are created equal."

"Now we are engaged in a great Civil war, testing whether that nation or any nation so conceived and so dedicated, can long endure. We are met on a great battlefield of that war. We have come to dedicate a portion of that field as a final resting place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this."

"But in a larger sense we cannot dedicate—we cannot consecrate—we cannot hallow—this ground. The brave men, living and dead, who struggled here, have consecrated it above our poor power to add or detract. The world will little note, nor long remember what we say here, but it can never forget what it did here. It is for us, the living, rather, to be here dedicated to the great task remaining before us—that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that these dead shall not have died in vain; that this nation, under God, shall have a new birth of freedom; and that government of the people, by the people, for the people, shall not perish from the earth."

SEMI-MONTHLY PAY LAW VALID

Act Passed by Last Legislature
Constitutional.

ATTORNEY GENERAL'S OPINION

Railroads Had Claimed That It Was
Unconstitutional and a Burden to
the Interstate Commerce
Merces Act.

Springfield.—The act passed by the legislature this year providing that railroads shall pay their employees in Illinois semi-monthly, was pronounced constitutional by Attorney General Lucifer as an opinion rendered to the state board of railroad commissioners.

Complaint had been made by many railroad employees that some of the railroads running into or through Illinois were paying employees on divisions of which one terminal was in Illinois and the other in another state, only once a month and making the payment in another state. The railroads claimed that the law making the payment of employees semi-monthly was unconstitutional, as it was a burden on the interstate commerce law.

The railroad and warehouse commission asked Attorney General Lucifer for an opinion on the subject and the attorney general rendered one, in which he held that the new law is not a burden on the interstate commerce law, and that therefore it is constitutional, and that all railroads violating the law are subject to prosecution.

It was claimed by some of the railroad employees that the railroads had extended their runs so that they reached across the border line of a state adjoining Illinois so that they would not be obliged to pay them but once a month.

Dunne Still Opposed to Special Session

In spite of numerous demands for a special session of the legislature, prospects are that none will be called. Governor Dunne announced in Springfield that he had no intention of calling a session in the near future and was not certain that he could do so at all.

Indications are that the governor is no more favorably impressed with the idea of a constitutional convention than he has been in the past. He declared himself flatly against a convention in an address at the Washington birthday banquet of the Creve Coeur club in Peoria. So far as is known he has not changed his views since that time.

It is understood now, as it has been for several months, that Governor Dunne will call a special session only in the event that a sufficient number of members are lined up to insure the success of the initiative and referendum and the tax reform bills favored by the legislature. The bills, which have a home rule clause put back into the public utility law and those who desire a constitutional convention will not have a chance to put their propositions through unless the governor's "pet" bills are assured of favorable action, some of the legislators assert.

Representative Lucas Butts of Peoria, chairman of the legislative committee which is investigating the Chicago voting machine contract, conferred with former Governor Charles S. Deneen, counsel for the committee, regarding the financial end of the inquiry. It is expected that civic organizations will come forward with funds to continue the investigation. The committee has spent all but a few hundred dollars appropriated for the investigation.

Meeting in Centralia.

The annual meeting and banquet of the Marion County Bar Association was held in Centralia. President Frank W. Ladd presided. "President, Move Immediately Upon Your Work!"

Among the speakers were: Levi M. Kazy, Charles F. Dow, T. E. Merritt, William G. Wilson, George W. Smith, Roscoe D. Wyatt, Earl C. Huggins, Charles Whan, June C. Smith and J. Lloyd Haley.

A large representation of the bar in southern Illinois was present.

The Basement Philosopher

"No, Nels, my friend," said the janitor to his sorrowful Scandinavian assistant. "No, Nels, I would not make a complaint to the police." He shook his head slowly and solemnly. "No, I would not," he repeated. "Not that I judge the police and all that sort of thing, but I have to dedicate a portion of that field as a final resting place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this."

"But in a larger sense we cannot dedicate—we cannot consecrate—we cannot hallow—this ground. The brave men, living and dead, who struggled here, have consecrated it above our poor power to add or detract. The world will little note, nor long remember what we say here, but it can never forget what it did here. Teachers Visit Museum.
Forty Lutheran teachers attending the state teachers' convention visited the State Museum of Natural History at the suggestion of Professor Scholten of the local school. After a few minutes spent in a general orientation inspection, as each one individually was prompted by curiosity, they gathered in the entrance hall and listened to a general description of the museum by the director. Then they passed to the various exhibits, pausing long enough to obtain a general idea of the nature and purposes of the various collections.

Some were most attracted by the complete mineral exhibit. Others were especially interested in the rich fossil collections, while still others were most taken with the various exhibits of the natural history.

Some time was spent around the large topographic map, 10 by 17 feet in size, the largest topographic map of the state of Illinois found in any city in the United States.

Plans are being made by the principals and teachers of the various schools in Springfield and neighboring towns to visit the school museum, while the teacher has expressed his willingness to give descriptions of the museum and lectures on the various exhibits.

May Discontinued Passes.

Employees of railroads throughout Illinois are considerably disturbed over the possibility of the newly created state public utilities commission prohibiting the use of railroad passes after the first of next January.

Many attorneys who have examined the act creating the public utility commission have expressed the opinion that the interpretation of the position of the act bearing upon passes rests largely with the commission.

This section prohibits rebates or discrimination of any sort. It was not designed to be an anti-pass clause and no one suspected such an interpretation of it until some time after its passage, when it was realized that the bill did not all that was certain that it did.

Indications are that the governor is no more favorably impressed with the idea of a constitutional convention than he has been in the past. He declared himself flatly against a convention in an address at the Washington birthday banquet of the Creve Coeur club in Peoria. So far as is known he has not changed his views since that time.

It is understood now, as it has been for several months, that Governor Dunne will call a special session only in the event that a sufficient number of members are lined up to insure the success of the initiative and referendum and the tax reform bills favored by the legislature.

The legislature turned down an anti-pass bill, but the public utility commission interprets the non-discrimination clause of the new act to passes, even employees and officials of railroads will be compelled to pay railroad fares the same as the general public.

Representative Lucas Butts of Peoria, chairman of the legislative committee which is investigating the Chicago voting machine contract, conferred with former Governor Charles S. Deneen, counsel for the committee, regarding the financial end of the inquiry. It is expected that civic organizations will come forward with funds to continue the investigation. The committee has spent all but a few hundred dollars appropriated for the investigation.

Improving New State Park.

Engineers of the state highway commission are engaged in making property surveys of St. Louis Rock, the new state park of Illinois. It has drainage, sewers and roads, and as soon as the necessary data is secured, the state park commission will meet with the township highway commissioners relative to the improvement of roads leading up to the park.

One road, leading from Dens Park bridge to Utica, will be the first to be improved under the new state law.

ally if a fellow's got something good to sell he wants somewhere near what it's worth. If I found a six thousand dollar diamond ring I wouldn't sell it for twenty-five when I could hook it up for ten dollars. Same way if I owned a gold mine that the finest experts claimed would produce a million a day—I wouldn't peddle the stock at five cents a share to get money to develop it and keep it out of the hands of the combines. I'd develop it myself, my fingers first. I don't want my bargains too big. I'm fond of 'em when they get over a certain size. I may lose money that way, but I'll be saved lots of it too. Still, if I did happen to buy a gold brick that some sandy mustached guy had swiped from the sub-treasury, and found out it was a fake, I'd be a fool to sell it for a dollar. I wouldn't make a complaint to the government. "No, you never holler. Some of these days you may buy an orange grove in Florida and be sort of disappointed with it, but you'll stand a better chance of trading it off for another side unimproved if you haven't got a dollar to start with."

"In the next place, Nels, I would be a fool to buy a 'sandy' mustache."

FEED THE BIRDS.

The cold winter days are almost upon us and many of our little feathered friends of the summer have gone south for the winter, but there are a number that are still here and will remain with us. It will cheer and inspire one to see these happy, optimistic little fellows flitting about, matter how cold or blizzardy the day. But remember when the ground is covered with snow and the grain and seeds and insects are no longer available for food the birds will perish unless we come to their aid.

Prepare a feeding place now and remember them every day. Almost any form of a feeding table placed high enough from the ground will answer. Even a place in the yard where food is regularly scattered will bring them. Sometimes this feeding place may be a plaza where the birds may be seen through a window. Hang a piece of suet in a tree near the house. Tie a meat bone where it can be reached. To many it is a constant delight, day after day, to watch these little visitors come and go. If you have never given yourself this pleasure now is the time to begin.

HOW TO TREAT YOUR TOWN.

Praise it, improve it, talk about it. Trade there and induce others to trade there. Be public spirited. Take a home pride in it. Boost its business men—don't call your best citizens imposters and frauds. Tell of its natural advantages. Support the local institutions that benefit your town. When strangers come to town, use them well. Look ahead of self when all the town is to be considered. Remember, it is your home, and if you cannot be a booster—MOVE.

MAY BE RALEIGH'S SETTLERS

Group of People in North Carolina Hard to Account for in Any Other Way.

There lives in the woods and swamps of Robeson county, North Carolina, a strange group of people, in appearance somewhat resembling Portuguese or mulattoes. Their manners, customs, and personal appearance are unlike those of any other race on the American continent, says the Southern Workmen, and intermarriage with their neighbors is limited to the extent which necessities demands. Harking back to 1517, it will be recalled that one of the expeditions of colonists sent out from England by Sir Walter Raleigh arrived on Roanoke Island, North Carolina, under the command of Capt. John White. Capt. John White never saw his people after he left them on Roanoke Island and returned to England for supplies. When he returned the little band it is supposed, had gone to the mainland and became part of an Indian tribe. It is now believed that the descendants of this tribe of Indians are at this time living in Robeson county, where more than thirty families have names similar to those of White's colonists.

He Had Heard It.

It was during the lunch hour and over general business men were sitting at a table. Outside the air was soft and balmy, and everything in nature was so sweet allurement to the boy's railroad ticket and beat it for the woodshed. "It is a great unmarked one of the party, reflectively glancing through the open window. "There is nothing so appealing as the call of the wild." "It may strike you that way, old fellow," responded another with a faint smile. "But right here I hold the privilege of casting a dissenting vote." "You don't know what you are talking about, Jim!" emphatically declared the first. "Did you ever hear the call of the wild?" "Yes," replied Jim, with something akin to a sigh, "from the head of the mountain the other night, when I didn't get home till one o'clock in the morning."

Saved His Foot.

H. D. Ely of Banton, O., suffered from horrible ulcers on his foot for years, and was advised to go to a doctor, but he refused and reluctantly tried Buckle's Arnica Salve as a last resort. He then wrote: "I used your salve and my foot has soon completely recovered. Best remedy for burns, cuts, bruises, eczema. Get a box today. Only 25c. Recommended by Barrington Pharmacy."—Adv.

Notes of Comment and Interest to Local Agriculturalists and Milk Producers.

The department of agriculture at Washington has reported the seizure of seventy-five cases of evaporated milk alleged to have been shipped by the Borden Condensed Milk company from its St. Charles plant. The government agents say the cans were found to be short of label weight. The product was released to the consignee under bond of \$300 to obey the law.

Circular No. 115, "How and Why to Test Dairy Cows," and Circular No. 115, "Cows vs. Cows," published by the Illinois Agricultural Experiment station, and written by Prof. W. J. Fraser, have just been translated into the Russian language. The translation and distribution of these circulars have been made by a society in Russia that is trying to improve agricultural conditions among the peasant farmers of Russia.

At the Land show, to be held at the Coliseum, Chicago, November 20 to December 7, the University of Illinois will have an extensive exhibit. In corn work it will show the results of special breeding, the components of a better corn, samples of corn, feed and value will be shown on charts. Animal husbandry, dairy husbandry and other departments will have instructive and interesting exhibits.

At a special meeting of the board of directors of the Milk Producers' association, held at the Sherman house, Chicago, November 8, a brief prepared by G. A. Beverly of Elgin for the Northern Illinois Breeders' and Dealers' association protesting to Governor Dunn against his proposed quarantine regulations regarding dairy cattle, was indorsed. Dairy farmers of northern Illinois, who have seen so much of the humbuggery and unreliability of the tuberculin test, have no use for it in any way.—Milky News.

CATHOLIC BAZAR AT CARY.

Continued from first page.

the cause of Barrington, for it will be needed to keep abreast with the already past success flushed Caryites.

For the convenience of Barrington people a train will leave Chicago every evening at 10:40 for Cary, stopping at Barrington and other intermediate points.

The Cary parish has had a wonderful growth. Two years ago Rev. J. M. Loosergan and Rev. Joseph L. Gies were appointed by Rt. Rev. P. J. Muldoon to conduct St. Ann's of Barrington, with Cary, Crystal Lake, Algonquin and Dundee as missions. Before this appointment was made the people of Cary and vicinity attended St. Ann's church, which thus became the mother of churches, as ecclesiastic are in course of erection. The new will be, in Algonquin and Dundee.

St. Peter's and St. Paul's, as Cary's church is named, whose cornerstone was placed in July of last year, rapidly took form, and was dedicated June 29 of this year, in the presence of a large concourse of people, by Bishop Muldoon. The church proper is of Spanish mission style, situated on one of the most ideal locations in Cary. The beauty of design at once attracts the visitor. The total property valuation is slightly over \$20,000 and consists of a residence and church with a spacious hall beneath for society and entertainment purposes, all of which is beautifully electric lighted and heated throughout with steam. Those who profess to know claim it to be the largest and most beautiful church edifice between Chicago and Woodstock.

One month after dedication the combined parishes were divided and Rev. J. M. Loosergan assumed the pastorate of Crystal Lake, Algonquin and Dundee while Rev. Joseph L. Gies, formerly assistant, was made pastor of Barrington and Cary, which position he occupies today.

DON'T TRIFLE WITH COUGHS OR COLDS.

Many Have Filled Consumptive Graves Because They Neglected a Cough or Cold.

You never know how soon a cold will become a serious malady. It may be in the head to-day; in the lungs to-morrow and the next day you may be fighting deadly pneumonia for your life. It's much the same with a cough. Infamed and cough-worn throat and lungs offer the best chance to consumption germs to begin their murderous work. There's only one way to prevent these deadly diseases getting a hold on you. As soon as a cough or cold attacks you, take Dr. King's New Discovery.

"I take great pleasure in recommending your Dr. King's New Discovery for the benefit of suffering humanity. It's a thoroughly reliable remedy for all coughs, croup and lung troubles. We have used it in our family for fourteen years with the best results. It saved my mother when two doctors gave her up. She had a very severe case of pneumonia and was in bed seven weeks and part of the time 'out of her mind' so that she did not know me. I told father to get me two 50c bottles of Dr. King's New Discovery, which he did, and on taking it she soon began to improve, and four bottles cured her entirely. You may publish this if you wish and I will answer all inquiries, with postage closed for reply.

"Yours respectfully,
"Wm. Cogger."

A. E. Loomis and family of Barrington township will leave in a few weeks for Alabama where they will make their future home.

Miss Pearl Benson left for Randolph, Nebraska, Monday to spend the winter with her aunt and uncle, Mr. and Mrs. Fred Lageschulte.

Dr. Todd J. Wilson of Chicago was a visitor at the home of Rev. and Mrs. George H. Lockhart of Grove avenue the latter part of last week.

Mr. and Mrs. J. H. Conrath of Woodstock were visitors here Friday. Mr. Conrath is district manager for the Chicago Telephone company.

Mrs. Helen E. Fowler departed for her home in Denver, Colorado, yesterday after a two months visit with her daughter, Mrs. W. A. Shearer.

Mr. and Mrs. G. W. Spunner expect to leave about the middle of next month for Ave Maria, Florida, where they will spend the winter months.

Mrs. T. B. Peckham of this village received the sad news a few days ago of the serious illness of a sister, Miss Hannah Stewart, who is in Pasadena, California.

A daughter was born to Mr. and Mrs. Louis Knight Tuesday, November 18. They reside on the Shop farm west of this village, owned by the Hawthorne Farms company.

Elmer Kampert was taken suddenly ill last Friday and went to St. Anthony's hospital, Chicago, where he was operated on for appendicitis. He is getting along nicely.

Rev. O. F. Mattison and wife were in Evanston on Monday and Tuesday. The former took occasion to inspect the new dormitory buildings of the university being erected on the lake shore there.

Mrs. Sarah E. Howarth of Los Angeles, California, announces that she has removed from the Victoria hotel to the Stillwell, 338 South Grand avenue, and requests her friends here to take note of the new address.

Mr. and Mrs. B. L. Witham, late of Bozeman, Montana, are visiting with Mrs. Witham's sister, Mrs. B. A. Schroeder. Mr. and Mrs. Witham later will go to Effingham, this state, to take a post graduate course at the Illinois College of Photography.

Mrs. John Fanning, who has a summer home north of this village, has issued invitations to the marriage of

her daughter, Miss Agnes R. Fanning, to Edward M. Fleming, which will take place at her home, 2 West Walton place, Chicago, Saturday evening, November 29.

Mr. and Mrs. R. H. Kimberly of Chicago visited friends and relatives here Sunday, and drove out to the old Kimberly place at Honey Lake. The Brown Land company, by whom Mr. Kimberly is employed, is exploiting land in central Montana and Mr. Kimberly left for that country Tuesday for his last trip of the season.

SHORT LOCAL ITEMS.

The winter train schedule on the Chicago & Northwestern went into effect Sunday.

A basket social and entertainment will be given at the Humphrey school, district number nine, Tuesday evening, November 23. Miss Fannie R. Ries is the teacher.

H. B. Banks & Company, who have conducted a men's furnishing store and tailor shop in the Abbott building on Cook street for over three years, have disposed of their equipment and closed their shop. They closed out their stock of merchandise some time ago.

St. Paul's parochial school was opened last week with an attendance of 11 children in the day class which takes up German and catechism study. An afternoon class in English has been organized which meets every Tuesday, Wednesday and Thursday from 3:45 until 5:00 o'clock. There are five pupils in this class.

E. F. Wiesman, who has had charge of the mason work on the Hammond farm west of town, has completed his work for this season. He put down over 30,000 feet of cement floor, laid up 10,000 building tile and built 20,000 cubic feet of concrete wall. Mr. Wiesman is at the present time "building" a large concrete bridge over Flint creek for G. E. Van Hagen.

A farmers' meeting will be held at the new red Kirschner of Cuba township tomorrow afternoon which every farmer in this vicinity is invited. Donald Blair, Lake county farm advisor, will be present to get acquainted with the farmers in this vicinity and will give a talk on farm conditions and "soil doctoring", as well as answering any questions those present may desire to put. The meeting will begin at 1:00 o'clock.

Henry Gotschalk had the misfortune of breaking both bones in his right leg just above the ankle yesterday morning while removing a scaffold from one of the new buildings being erected on the farm of R. R. Hammond, one mile west of this village. He only fell about six feet. Miss Gotschalk seems to be rather unfortunate as he had a similar accident about two years ago, breaking his left leg. He was taken to his new home on Williams street where he is getting along as well as could be expected.

Indiana Coal at \$4.00. We will receive a carload of good Indiana coal next week, which we will sell from the car at \$4.00 a ton. Call on us for telephone or your order (telephone number 98-W) at once and we will notify you when our arrival.

PLAGUE & COMPANY

Public Auction. Tuesday, November 21, at 10:00 o'clock, Mr. A. E. SAVE YOUR MARCO COUPONS

IS SEASON FOR BEAUTY

FEMININE FINERY NEVER SO LUXURIOUS AS NOW.

Showing of Imported Frocks by One New York House Reveals the Extravagance That is to Be Marked.

The shops are all displaying feminine finery calculated to arouse the enthusiasm even of the most indiffer- ent observer, but one house on lower Broadway had on view last week a collection of imported frocks which struck the high note of the season with regard to extravagance. Elsewhere were found some very beautiful, but nowhere else were so many superb creations shown in one group.

Every famous French dressmaker was represented by the best of his or her productions, and looking over the scores of elaborate models and reading the price labels, one could not help exclaiming over the extravagance which can justify a shrewd buyer in catering after this fashion to American women. The only conclusion is that American purses must be full and American husbands and fathers must be very indulgent.

But if this is to be a season of unusual extravagance it is also to be

Chantilly Lace and Chiffon.

a season of exceptionally beautiful clothes. This fact has been evident since the first few models began to appear on the seas, and the collection of frocks referred to above emphasized it, underscored it, put exclamation marks after it.

After a general survey of the exhibit, one was left with a dazed impression as of a riot of velvets and furs, chiffons and laces—wonderful gleaming embroideries and supple silk-en stiffs in lines of indescribable beauty. But closer study revealed the unity in variety and resolved the bewildering confusions into their component parts.

Our sketch shows a gown of chantilly lace and chiffon. A bright bit of color was added in the way of a deep reddish-purple belt and garlands of roses of harmonizing tones. The blouse and tunic were of white chiffon.

The profusion of intricate embroidery and beads is one of the most pronounced features of the handsome evening frocks and a quantity of dull gold and silver embroidery, that leaves a distinct impression. Velvet and fur are omnipresent, and brocades are claiming a sure hold than was accorded to them when manufacturers and dressmakers combined to push them last year.

MANY NOVELTIES FOR FALL

Wonderful Selection From Which the Woman of Fashion May Pick Her Favorite.

Mildy of fashion who is seeking for novelties in fall fabrics will have a wonderful selection to choose from this year. The soft colors which blend so well in furs show to special advantage in the new materials. Kittens' ear cloth, a soft, velvety material, just what the name implies, is a triumph in the new designs. It is a soft, light, airy, cloth with the luster and drapery of charmeuse, chenille cloth which is rich, soft, and velvety, and peluche de laine bid fair to be some of the most used materials of the season.

The demand for soft clinging folds and draperies this year has taxed the manufacturer's skill to the greatest degree. The result from the loom is a marvel of art, even the stiff brocade of silver and gold, and by contrast, the center of old, has been transformed under the deft finger of the weaver into a pliable material with a softness that falls and drapes at the modiste's will. The brocade of this fall is of a royal richness, with a riot of color and fanciful designs. One beautiful design was woven of gold and claret, the warp being of one and the woof of the other. Over the background was brocaded a design in plain claret. The complete effect was an impression of veiled light.

Pompons With Beads. Pretty pompons for slippers are made in this way: Gather a doubled strip of chiffon about three inches wide when folded—into a roseette. Make a little satin rose of the same color.

If you are not versed in the ways of making roses from satin, make two rosettes, as you made the chiffon one, one smaller than the other, and fasten them together, and they will look flow-like like.

Use bright crystal beads for the flower center, and dot beads around the edges of the petals of the satin rose. Pure, clear glass beads give the best effect, but gold or silver beads would also be pretty.

To Strengthen Silk Stockings.

To save silk stockings, first buy them large, almost a full size larger than you wear in a cotton or lisle stocking, next darn loosely the heel and toe, and places for garter catches, all before wearing the stockings. This prevents holes from appearing in heel and toe and the knee from having runners. Rinse out in cold water after each wearing, and the stockings last two or three times longer than when these precautions are not taken.

Have a Waistcoat.

Have a waistcoat for your autumn suit. All that you need is a yard and a quarter of silk in Scotch plaid, checked brown and old rose or black and white and this you divide evenly and pin at the shoulders to a narrow strip which extends around back or neck—then apply a piece of black or white lace and button together at front center and make a perfect waistcoat effect.

to fit any glasses can be made on the lines of that shown. It is cut out, and the top edge is pinned forming the body of the case and folded over flap, and the other two pieces of the sides. After the material has been cut out, it should be lined and then sewn together, the seams being hidden with a fine silk cord which is carried round the edge of the flap. This flap can either be made to fasten with small buttons and buttonholes, or two snap fasteners, but possibly from an old kid glove, can be used. A long loop of ribbon (the ends of which are sewn in) on either side of the case is provided with which it may be carried slung upon the wrist.

The colors of the materials are a matter of choice, but dark green silk lined with soft silk of a lighter shade of the same color, and ribbon and cord of an old gold color, would be a strikingly pretty and effective combination.

To Dress the Neck. A band of fancy ribbon for the neck, topped with a narrow edge of fur, fastens at the left side under a fast or the ribbon, one edge of which is fur-trimmed. On this type of neckwear does narrow fur trimming allow to better advantage than a gartered draped collar. Many such collars are of embroidered net or chiffon. Some of these have a wide throat band of black velvet, together with a fichu-labot finish.

How Good Refines Us

TEXT—He shall sit as a refiner and purifier of silver.—Malachi 3:2.

Some Good Advice. The restaurant manager stood behind the cashier's desk, wearing his stock-in-trade smile for each customer.

An old gentleman came up. "I notice," said he, fumbling for his wallet, "that you advertise to make your own pie."

"Pardon, sir," answered the manager proudly, "we do."

"Will you permit me to offer a suggestion?"

"Certainly, sir; certainly. We should be most happy to have you."

"Well, then, let some one else make 'em."

FACE ITCHED AND BURNED

820 No. Union St., Aurora, Ill.—"My infant started with a little pimplle and it always itched and burned terribly. I scratched it and in a few days my face was all covered with sores. It ran up to my eyes and the sores, after I could not see for a right time, were liable to go any right. I couldn't go to bed, being afraid of getting the clothing all soiled, although I had my face all bandaged."

"I was given two jars of salve but it kept getting worse. It was something like a running sore, because every time I used some of the salve I had to wrap bandages around my neck to keep the water and pus from running down my body. I wrote for a sample of Cuticura Soap and Ointment and in a few days I received these and washed my face with the Cuticura Soap and put on some Cuticura Ointment and the next morning my face felt cool and somewhat relieved. After using the sample I bought some Cuticura Soap and Ointment at the drug store. I followed this treatment just twenty-six days and after using one cake of Cuticura Soap and two boxes of Cuticura Ointment I was cured." (Signed) George Miller, Jan. 21, 1912.

al Christian believer in the present time. God is refining and purifying every one of us who is truly his through faith in his dear son, and the close of the old year and the opening of a new one, is a good time to consider some of the ways in which he does it.

1. He refines us by the example of that son. He sets him before us in his word as one who was always well-pleasing in his sight. Obedient to his earthly parents, faithful as a workman at his bench, content in poverty and obedient to his master, lowly in heart, kind and tender to his fellow-men, reviled, but reviling not again, truthful, hopeful, loving, holy always and without sin—as we gaze upon him in his inspired portraiture in the gospel, how we long to be like him, if we possess his spirit at all, what a refining and purifying power there is in the story of his life!

2. He refines us by his providences. How wisely, how patiently, and how lovingly God deals with us every one, who loves him. David, the King of Israel, said, that his "gentleness" made us great (2 Samuel 22:36). "Whom the Lord loveth he chasteneth" (Heb. 12:6), but think what this chastening has meant to all who have served him—Jacob, Moses, David, Daniel, Paul. But these are joyous providences, as well as grievous ones, and they are refining and purifying too.

3. He refines us by his sufferings.

How wisely, how patiently, and how lovingly God deals with us every one, who loves him. David, the King of Israel, said, that his "gentleness" made us great (2 Samuel 22:36). "Whom the Lord loveth he chasteneth" (Heb. 12:6), but think what this chastening has meant to all who have served him—Jacob, Moses, David, Daniel, Paul. But these are joyous providences, as well as grievous ones, and they are refining and purifying too.

4. He refines us by his providences. How wisely, how patiently, and how lovingly God deals with us every one, who loves him. David, the King of Israel, said, that his "gentleness" made us great (2 Samuel 22:36). "Whom the Lord loveth he chasteneth" (Heb. 12:6), but think what this chastening has meant to all who have served him—Jacob, Moses, David, Daniel, Paul. But these are joyous providences, as well as grievous ones, and they are refining and purifying too.

5. He refines us by his words.

We recall the testimony of the psalmist. "They word have I hid in my heart, that I might not sin against Thee" (Psalm 119:11). The intercessory prayer of Christ for his disciples, "Sanctify them through thy truth, thy word is truth" (John 17:17). The teaching of Paul to the Romans, where he says (6:17, 18) "God has thanked, that ye were the servants of sin, but that ye have obeyed the word that former doctrine which delivered you from sin. Being then made free from sin, became the servants of righteousness." Where could we find a clearer statement of the refining power of the word of God? First, by nature, we were servants of sin. Then, we heard the word of God, "the form of doctrine," as Paul calls it, the message of the gospel. This we obeyed, we believed in him of whom it spoke, and we began to inquire about his will and did to seek it. Immediately we became servants of God, and we became the servants of our own flesh, from sin. No longer did it continue to hold the old power over us, but instead we became "servants of righteousness." Like our holy exemplar, we could say, "I delight to do thy will, oh, God!"

6. He refines us by his spirit. The holy spirit is a divine person, the same as the father and the son, and he dwells within every true believer in Jesus Christ. "If any man have not the spirit of Christ, he is none of his" (Romans 8:9). His office work in the believer is to sanctify him, to lead and guide him in all truth, and to take the things of Christ and show them to him (John 16:13, 14). Of course, this means that he uses the Bible, the word of God, and hence the necessity that in all our reading and study of that word, we be continually in prayer for the spirit's aid. But, oh, what wonders he works in us, what a case! "Be not deceived," says the Christians at Corinth, "that the kingdom of God is not righteousness, nor wisdom, nor knowledge, nor discipline, nor extortions, nor extortions, shall inherit the kingdom of God. And such were some of you; but ye are washed, but ye are sanctified, but ye are justified in the name of the Lord Jesus, and in the spirit of our God" (1 Cor. 6:13-11). What a testimony, and yet how often has it been repeated in the history of the saints from that day until this! Verily, God is a refiner and a purifier. Let us follow him, let us obey his word. Let us follow the example of Jesus Christ, and "walk as he walked." Let us yield ourselves to his spirit, that he may be glorified in us. Let the year that is just ahead of us, if we live, and if the Lord tarries, be one in which

ANOTHER GOOD YEAR IN WESTERN CANADA

MANITOBA, SASKATCHEWAN AND ALBERTA HAVE SPLENDID CROPS.

The results of the threshing throughout Western Canada show a more wonderful yield than usual of wheat, oats, barley and flax, all of which were harvested and threshed in perfect order. Not only was the average yield excellent over the entire country, but the quality was of the highest standard. Without going into figures, it is sufficient to say that wheat graded almost universally very near the top. Reports are to hand showing yields of wheat from many fields which averaged forty bushels per acre, and weighing 65 pounds to the measured bushel. Oats were very heavy, running from fifty to one hundred bushels per acre. Barley also was a very heavy yielder and kept up the reputation of Western Canada as a producer of that cereal. In many parts of the country the yield of flax exceeded the earlier expectations, but in other parts, there was some loss on account of winds blowing on the boll. Hundreds of farmers who have only been in the country three or four years, with but little means when they arrived, will, out of the crop of this year, clean up all their debts and have a good crop to sell.

I have given two jars of salve but it kept getting worse. It was something like a running sore, because every time I used some of the salve I had to wrap bandages around my neck to keep the water and pus from running down my body. I wrote for a sample of Cuticura Soap and Ointment and in a few days I received these and washed my face with the Cuticura Soap and put on some Cuticura Ointment and the next morning my face felt cool and somewhat relieved. After using the sample I bought some Cuticura Soap and Ointment at the drug store. I followed this treatment just twenty-six days and after using one cake of Cuticura Soap and two boxes of Cuticura Ointment I was cured. (Signed) George Miller, Jan. 21, 1912.

Cuticura Soap and Ointment is a speedy, reliable remedy for lameness in horses and farm stock. Here's how:

I had a horse sprain his shoulder by pulling, and he was so lame he could not stand. I washed him with Sloan's Liniment and put it on front times, and little by little he showed lameness at less and less. (Signed) Peter E. Murphy, La Salle, Ill.

For Sheep and Lambs:

"Sloan's Liniment is a speedy, reliable remedy for lameness in sheep and lambs. It makes the third horse I've cured. Have had no trouble with it. I have had a good many lambs and they have all been well. I have never had a crop failure. Instances of this kind could be repeated over and over again.

There is a Dane, named Key, east of Saskatoon, whose oats this year went 110 bushels to the acre, and his wheat 85 bushels. He has paid off the mortgage on his farm, and is contemplating a trip to Denmark to visit his old home. He has no more cares or worries, but is anxious to have more of his people settle in that part. It is not only the farmer with limited means and small areas of land who is doing well, and has done wonderfully in Western Canada this year, but the man with means, the man who is able to conduct successful farming on a large scale and many opportunities offer for such in Western Canada. The farmer here is his best customer, and the best customer is the best customer."

A farmer in Southern Alberta raised 350,000 bushels of grain in 1913, and made almost a fortune out of it. In Saskatchewan and in Manitoba it is to be heard the same story of what has been done by the farmer working a large area, which he is able to do successfully, by the use of improved farm machinery, enabling him to cut hundreds of acres a day, and plant the land in a short time.

No better recommendation could be given to the country than the fact that during the past year, upwards of 400,000 settlers arrived in Canada, the greater number of whom went to the farms. There are still many thousands of homes still available, capable of producing such herds as have made rich men out of the thousands whose experience could be reproduced it is necessary—Advertisement.

A cough that bothers you continually is one of the danger signals which warns of consumption. Dr. King's New Discovery stops the cough, loosens the chest, relieves fevers and you sleep peacefully. The first does not give the symptoms and gives prompt relief. Mrs. A. F. Martz, of Glen Ellyn, Iowa, writes: "Dr. King's New Discovery cures a consumption after six months of doctoring failed to help it." Try it, as we will do the same for you. Best medicine for coughs, colds, throat and lung troubles. Always in stock and recommended by the doctors.

Form Ministerial Alliance.

The pastors of the Zion, German, Baptist and Methodist churches have organized themselves into a ministerial union, to meet on the second Monday of each month from 7:00 to 8:00 o'clock p. m., at the different pastoral residences in rotation. The object is for discussion of matters of common interest in connection with their work, and also for good fellowship and brotherly love.

The next meeting will be with Rev. W. C. Mattison on Monday, December 8, at 7:00 p. m.

At the meeting on Monday evening at the Salem parsonage, several matters of importance were considered and recommended for future action.
