Maxwell-Briscoe Motor Car

Made at Tarrytown, N. Y. and New Castle, Ind., 1905 to 1913

Also to all Owners of Stoddard-Dayton, 1905 to 1914; Columbia Gasoline and Electrics, 1906 to 1914; Everitt Cars of Any Model; Brush, Sampson and Courier Care

THERE ARE THREE
GOOD REASONS why
you should have your car
overhauled now and worn
parts replaced.

parts replaced.

FIRST: The garage man can give you better service—and you can spare the car better now than later. No matter whether you are going to keep the car, osell or trade it in on a new one—it will pay you well to have it thoroughly overhauled, worn parts replaced by new ones and body repainted.

painted.

SECOND: We are able to furnish replacement parts for all models of above makes of cars within 48 hours from receipt of order. Have concentrated this branch of the business at Newcastle, Ind. (center of population of the U. S.) Here we have a \$1,750,000 investment in plant and stock. 45,000 separate bins of parts.

THIRD: And perhaps the best reason why you should secure your requirements now—we must increase prices 20% January 1st, when the new parts price lists will be off the presses.

NOW NOTE THIS—Never before in the history of this industry has a new concern, having bought the plants and assets of a bankrupt one, taken upon itself the obligation of furnishing replacement parts for the cars it never made.

THE MAXWELL MOTOR COMPANY DID. We considered it good business, even if not a moral or legal obligation.

WE FOUND 122,000 owners out in the cold, as it were—pleading for parts. Their cars laid up and useless in most cases.

most cases.

WE'VE INVESTED about
one and three-quarters millions (\$1.750,000) dollars in
a plant and stock of parts,
for over 150 different models, made by the concerns
that comprised the United

whose assets we purchased
