Gottschalk was elected representative to Grand Lodge for the term of three

The boys of the Baptist church have organized a club under the name of Baptist Athletic club for the purpose of participating in athletics of all kinds. They are going to give a basketball game Friday evening, April 19, for the

Ladies will please bring baskets. Don't forget the date, April 10. Be yourself, and if you can't come, say so to your friends.

A. was represented in the county convention held in Chicago yesterday the following delegates: T. H. C. C. W. Lytle, H. S. Meier, Will R. H. C. Frick and William Greenau. A meeting was held in the Y. M. C. building. The insurgents found they would not have a voice in selection of a chairman and the election of the thirty-five delegates to

Island May 1, so they bolted the convention and secured a hall at 167 Randolph street. Both factions elected a full set of delegates to the state convention where a lively fight on question of credentials, is predicted. Charles W. Lytle is one of the delegates elected by the insurgents.

How He Did It
A famous clergyman tells of a lay preacher's conference in which a new sermon described his method of sermon preparation.

CORN CAN BE GROWN ON CANADIAN PRAIRIES

Manitoba is now commencing to produce considerable corn, chiefly for feeding purposes. In some cases, where the crop can be matured into the dough stage, it could be used and would be a profitable investment.

According to the Farm and Ranch Review, a correspondent visited a field of corn in southern Manitoba on September 12. The corn then was up to the average eight and nine feet in height.

The corn had developed into the dough stage, and the crop would easily exceed 20 tons to the acre. At many places, a correspondent visited a field of corn in southern Manitoba on September 12. The corn then was up to the average eight and nine feet in height.

IN THE FATHERLAND

INTERESTING BITS OF NEWS FROM THE GREAT GERMAN EMPIRE.

WHAT'S DOING IN OLD HOME

Summary of the Most Important Happenings in the Land of the Kaiser—Twenty Items for the German Reader.

Hans Berliner, the German aviator, has been imprisoned at Kirchheim, Munich, since February 10, on suspicion of espionage. Berliner and two companions landed at Kirchheim on the 10th, and after a voyage of 47 hours from Hildesheim, Germany, setting a new distance record of 1,133 miles for spherical balloons. The Germans were immediately arrested and in spite of official protestations have been detained there ever since by the Russian police. Berliner is anxious to enter the race for the Gordon Bennett international aeroballoon trophy to be held in the United States in October. He fears, however, that he may not be released in time to make his entry for the aeroballoon contest for the selection of German representatives.

The systematic effort to spread German propaganda throughout South America was extended when it was announced that a party of German agricultural experts would leave for that continent in the autumn of a "study trip." The travelers are members of the German agricultural society and will be under the leadership of Prof. Alexander Backhaus of the University of Göttingen, who formerly was director of the agricultural high school at Münster. The party will pay particular attention to conditions in Brazil, Uruguay and Paraguay. The scheme is a sequel to the voyage of Prince Heinrich of Prussia, who on the way to South America.

The arrival of the Russian navy commander Polakoff during the carnival in Köln several weeks ago, when the German press assumed was due to a police blunder, now appears of more serious import than at first thought. According to the Kölnische Zeitung, the testimony of three reputable witnesses before the examining judge, contradictory of the charge of attempted theft against Commander Polakoff, was so strong that the judge could not do otherwise than hold him for trial. Commander Polakoff's protest of his innocence, but was unable to counter the testimony.

Kaiser Wilhelm had the last stone of the new royal library in the imposing edifice ceremonially laid when the court and the leading dignitaries had been invited. The Kaiser made the principal address and was followed by the secretary of education and Prof. Adolph Harnack the royal librarian. The library, which stands in Unter den Linden adjoining the University of Berlin, has been in course of construction eleven years and has cost \$1,700,000.

The activities of the Germans in the Balkans and Turkey what is really behind the talk of war between Russia and this nation. What the danger is not acute, it is feared there will be a serious crisis before another five years pass. The military classes in Russia and Germany believe that war is only a matter of a few months, while the Bolsheviks and allied classes declare they will prevent such a disastrous conflict from occurring.

German astronomers are already taking a lively interest in a total eclipse of the sun that occurs August 21. The city of Hamburg is fitting out an expedition at its own expense and Prussia will give assistance to an expedition headed by Professor Mehner of the Technological Institute in Charlottenburg. A number of German astronomers will attach themselves to American expeditions.

Britain—the conference of the transatlantic shipping companies broke up without reaching any settlement. The representatives of the British and continental steamship companies decided to adjourn until May 1, when they will meet again in Köln.

An unidentified three-masted schooner was sunk and its crew dropped through a collision in the North Sea with the North German Lloyd liner Kaiser Wilhelm der Grosse.

Kaiser Wilhelm will see the Kaiser of Austria and the king of Italy in a few days. It is probable that the future plans of the triple alliance will be fully considered.

To the development of athletic sports in Germany is traced in large measure the great reduction in beer consumption. Thousands of young men in and out of the army who are training for the Olympic games to be held in Berlin in 1913 with the hope of eclipsing American prizefighters in these classic contests have found that the first demand of their physical instructors is beer drinking, and athletic enthusiasm is such that the instructions are followed. Many have given up beer drinking altogether.

Uric Acid is Slow Poison

Uric acid is a slow poison, and it is in its approach, hard to detect in its early stages, and finally, in its later forms, uric acid poisoning is a disease of the most fatal kind.

Candidates for the office of president and members of the Board of Education are hereby notified that nominations for said offices can be made only by petition signed by 25 or more legal voters of the district petition must be filed with the clerk of the Board of Education, to be signed not later than April 8, 1914. Petitions to be filed with the clerk of the Board of Education, to be signed not later than April 8, 1914.

President Board of Education, to serve for one year.

Two members Board of Education, to serve for one year.

One member Board of Education, to fill vacancy, to serve for one year.

Howard P. Castle, Secretary, Board of Education, dated, March 24, 1914.

Simple Explanation. Mr. Howson—"What a lot I mean to have learned tonight! How I have benefited by this conversation with you, my dear Mrs. Davidson. Show how your intellect seems to expand to me. Are you a literary lady?" Mrs. Davidson—"No, I am a teacher in an infant school!"

AMERICAN MUSIC HALL.

The inauguration of a season of high musical comedy at the American Music Hall, with Koll and Dill as the stars of the company has proved to be the greatest achievement of the Chicago theatrical year. Koll and Dill, who have already made themselves famous on the Pacific coast of the United States, are now in Chicago, and the indications are that they will be running merrily along here for some time.

Koll and Dill are a pair of fascinating comedians. They are both of the "old school" type, and their style is of the "old school" type, and their style is of the "old school" type.

Their style is of the "old school" type, and their style is of the "old school" type, and their style is of the "old school" type.

Chicago Telephone Company

J. H. Conrath, District Manager

Telephone 300

The sound of a friendly voice is music to the ears of the convalescent.

Spoken words of encouragement and cheer often do as much as the doctor's medicines to hurry recovery.

When one cannot visit the distant sick friend in person, the Long Distance Telephone will carry the message.

IRRITATING COUGHS.

DISTRESSING, DEPRESSING COLDS.

Surely and quickly yield to Dr. King's New Discovery. It soothes the inflamed and irritated bronchial tubes, stops the cough, in many cases instantly restores the cold and aids expectoration. Don't be annoyed and suffer from coughs and colds. "Take Dr. King's New Discovery and be cured."

"Owing to a severe cough and lung trouble I could not work at all for several months," writes Lewis Chamblin, of Manchester, Ohio. "Two of the best doctors could not help me. My weight ran down to 115 pounds. Dr. King's New Discovery cured me, and I now weigh 160 pounds."

"I am an old lover of your most valuable medicine," writes Lewis Chamblin, of Manchester, Ohio. "For it cured me of a distressing cough of three years' standing. It was so bad that I would cough until I would be speechless; but, for the quick relief of your wonderful remedy gave me, it's worth more than all the remedies I ever used before."

Thousands have been helped in the same way, by Dr. King's New Discovery. It is not a new medicine, but one that has been used effectively more than forty-three years for the cure of coughs and colds. Your druggist will refund your money if Dr. King's New Discovery does not help you. Start taking right now. Sold by

Annual Town Meeting and Election

Notice is hereby given to the legal voters, residents of the township of Cuba, County of Lake, Illinois, that the annual town meeting and election of officers will take place Tuesday, the seventh day of April next, being the first Tuesday of said month.

The election will begin at the hour of seven a. m. and close at five p. m. in the place designated as follows: In the school building in the village of Barrington.

The officers to be elected are: One Supervisor, One Town Clerk, One Assessor, One Collector, One Highway Commissioner.

Notice is also hereby given that one will be taken at said town election for or against the proposition of abolishing poll tax.

The town meeting will open in the school building at the hour of seven a. m. and after choosing a moderator will proceed to hear and consider reports of officers, to appropriate money to defray the necessary expenses of the township, and to deliberate and decide on such measures as may, in the measure of law, come before the meeting.

Given under my hand this 25th day of March, A. D. 1914.

EMIL F. REICHARDT,
Township Clerk.

MAGILL ADDRESSES
STATE TEACHERSOne Thousand Attended Meeting in
Jacksonville.

OTHER PROMINENT SPEAKERS

New Officers are Selected at the First
Session of the Thirtieth Annual
Convention—A. Middleton,
President.Springfield—One thousand teachers
attended the thirtieth annual conven-
tion of the Central Illinois Teachers'
association at Jacksonville. Three per-
sonal sessions were held in addition to
high school, rural schools, interned-
state, primary and manual training sec-
tional meetings.Hugh H. Magill of Springfield made
the address of the greatest personal
interest when he discussed "Insurance
and Retirement Funds for Teachers."
Mr. Magill gave figures to indicate
how low is the average of teachers
and expressed his belief in the
need for pension fund legislation.President Philip of State Normal
university at Normal made an
address on "The Proposed School Bu-
vey of Illinois."Other prominent speakers were Dr.
W. W. Claxton of the University of
Missouri and Dr. Edward C. Elliott of
the University of Wisconsin.At the closing session the associa-
tion elected the following officers: Pres-
ident, Anthony Middleton, Peoria;
vice-president, Superintendent
W. A. Brown, Monticello; secretary,
Warren Taylor, Springfield; mem-
ber-at-large, Superintendent
F. D. Thompson, Springfield.The place for the next meeting will
be chosen by the executive committee.Dinner Talks on Good Roads.
The need of better roads in Illinois
was emphasized by Gov. Edward
Dineen, speaking before the Illinois
Highway Improvement association at
Chicago.The Illinois roads are a disgrace and
a scandal, said Governor Dineen.
"The state ranks twenty-third in per-
cent road improvement, with only
one per cent of the roads properly con-
structed."If any influence can help the situa-
tion, however, the next two years will
see this state take its place among
the leaders in road improvement.Governor Dineen made his address
in the third state in the
United States in population, wealth
and political and commercial impor-
tance.It is the premier agricultural state
of the United States. Its soil, on the
average, is three times as valuable as
the average soil in the rest of the
United States, and yet in this impor-
tant feature which gives value to the
farm, Illinois is last.The roads which are the backbone
of the state are in a deplorable
condition and the lack of good roads
is one of the greatest of the state's
problems.The roads which are the backbone
of the state are in a deplorable
condition and the lack of good roads
is one of the greatest of the state's
problems.Less Livestock in State.
An alarming decrease in the
number of livestock in Illinois,
undoubtedly, responsible largely for
the high cost of living, is shown in
the twenty-eighth annual report of the
Illinois livestock commission made to
Governor Dineen.A falling off of over a half million
head of hogs for the year 1932, in com-
parison of 1931, is shown in the report,
which also shows a large decrease in
the number of cattle for the same
year.High priced land and more intensive
farming is held to be responsible for
this condition of affairs.Comparative figures given in the re-
port are:
Horses—1932, 1,200,634; 1931, 1,232,
152.
Cattle—1932, 1,081,255; 1931, 1,149,
722.
Hogs—1932, 121,830; 1931, 174,049.
Sheep—1932, 63,411; 1931, 62,213.
Pigs—1932, 2,681,841; 1931, 3,009,
454.Farming of Boys' Corn Clubs Urged.
Farmers of Illinois are urged to in-
terest their boys in the growing of
corn in a better way than by Secretary
Middleton of the state board of agri-
culture. The letter urges farmers to
take advantage of the state's corn
clubs and have their boys enrolled as members
of the Boys' Corn club in the county
in which the boys live.County superintendents of the clubs
will receive copies of this letter. The
letter was written by Secretary Middleton, and
every boy over ten and under eighteen years
old is eligible for membership in the club.
All boys are urged to communicate
with their county superintendents
and become members of the club. The
letter was written by Secretary Middleton, and
every boy over ten and under eighteen years
old is eligible for membership in the club.An effort is being made to enroll in
the Boys' Corn club of the 100 coun-
ties in Illinois, at least one boy over
ten and not over eighteen years old
to represent each rural school in the
state.The matter of organizing boys' corn
clubs in Illinois by common consent
has been assigned to the county
superintendents of schools by the
available an efficient corps of assist-
ants and is assured of the hearty co-
operation of the teachers of the rural
schools.The great educational value has
been demonstrated of the efforts of
the members of boys' corn clubs to
obtain large average yields of corn re-
sulting from careful selection of seed,
fertilizing the soil, the thorough prop-
agation of the seed bed, the careful
planting and thorough cultivation of
the growing corn.The members of boys' corn clubs
will make him and the boys of
the neighborhood much better farmers
for life.The field of corn grown by the boys
holding the grand champion trophy of
Illinois for largest yield of corn per
acre was visited by the members of
the growing season, and his yield
of 160 bushels an acre would have
been much larger, but for injury of
the young corn from insects and a
heavy hailstorm that devastated the
state in August.The corn which is more impor-
tant or popular service to the organ-
ization of public culture to the organiza-
tion and promote an efficient boys' corn
club.In a number of counties in Illinois
the honor of the presidency of the
Boys' Corn club is given to the boy
having the best record in corn grow-
ing.You are invited to send this effec-
tive address of the officers of the
Boys' Corn club of your county, pres-
ident, vice-president, secretary, treas-
urer and the five members of the execu-
tive committee.Very hearty cooperation in the
above matter will largely increase the
corn crops of this state and add to
the practical education of the mem-
bers of the Boys' club of your county
and their associates.Will Punish Alleged Druggists.
The state board of administration
started a campaign to put out of
business druggists in the state who have
been selling cocaine, morphine, heroin
and other narcotic and narcotic drugs
in violation of the law.For Handy Boys and
Girls to Make and Do

REPEAL BILL WINS

ADMINISTRATIVE MEASURE—15
PASSED BY HOUSE—VOTE
267 TO 161.

SPEAKER CLARK HITS ACT

Washington, April 2.—The House bill
which repeals the Panama canal act
that permits American coastwise ves-
sels to pass free through the canal,
was passed by the house on Tuesday.
The vote was 267 to 161, a majority of
89 votes. The measure now goes to
the senate.Defending the economic policy of free
trade and citing court decisions of its
legality, Champ Clark, speaker of the
house of representatives, challenged
the policy of President Wilson in ad-
vocating the repeal of the Panama canal
act which permits American coast-
wise vessels to pass free through the
canal.The speaker declared that this
policy was a repudiation of the
platform of protection and de-
struction of the American coastwise
trade. He declared that the repeal of
the act would be a blow to the
faith proclaimed by their national con-
vention.He declared that he is not a candi-
date for the Democratic presidential
nomination in 1932. He declared that
the repeal of the act would be a blow
to the faith proclaimed by their national
convention.He declared that he is not a candi-

Trenton—Rev. F. J. Pether, fifty-
one years old, rector of St. Mary's
church, died.Litchfield—James Harrison, twenty-
four, a miner, was instantly killed by a
fall of stone in Paddy mine No. 14.
Galesburg—George Riley, aged thirty-
two, whose home was at Bushnell, was
killed while trying to jump on a freight
train near that city.Danville—Judge L. J. Jody sentenced
Caglan, a fifty-bell, to death. The
dog had been found guilty of biting
Oly Thayer, a mail carrier.Herringtonville—A. B. Herdman, sev-
enty-two years old, former representa-
tive in the Illinois legislature, fell
dead from heart disease.Mount Sterling—J. T. Bachman of
Chambersburg, fifty-five years old, and
Mrs. Maggie Hiley, twenty-five, fifty-
five, were married here.Ottawa—Starved Rock park will
probably be thrown open to the public
May 1. The park commissioners held
a meeting at which arrangements for
opening and other improvements
were decided upon.Jacksboro—The Passavant hospi-
tal in this city announced the opening
of a campaign to raise \$125,000, to
be used in the purchase of a new build-
ing and other improvements.Gena—"Ging for the mail"
Gena acts will be a diversion of
days gone by. The post office depu-
ties will be in the mail post office
that free delivery will be established
here in the near future.Menomoth—Mrs. Rena Walters of
Menomoth has a pet owl which is al-
lowed to sleep two beds apart. The bird
was caught seven years ago and has
become tame.Peotkin—Mrs. John Markham
was the nominal for the collector
on the Democratic ticket, defeating
two other women and five men for the
place.Homer—Dr. James B. Brown,
a prominent member of the State De-
partment, and also a leader in the
Prohibition party of central Illinois,
died here from cancer, aged fifty-
seven.Herringtonville—Dr. James B. Brown,

H. D. A. GREBE, Barrington, Ill.

mother and to apprehend whatever might contribute to her contentment and comfort. Greater devotion and fortitude for motherhood than was constantly practiced in this home. Frequently visitors came to find mother Berman in her chair with her little on her lap, portraying her habits as well as the spirit of her spiritual life and longings. For she often expressed herself in the family circle as being somewhat dissatisfied for the glory world in which she believed and for which her soul yearned. She now rests in peace. Her 60 years of life in this community has evidenced many changes to which she was witness. Blessed is the memory of her life.

The funeral services were held in the Salem church, Thursday at 2:30 p. m., and were conducted by her pastor, Rev. H. F. Thorne assisted by Rev. P. J. Gaudner of Chicago. Appropriate hymns were sung by the Salem choir, led by Miss Myrtle Plager.

GEORGE LANE SPENCER
George Lane Spencer, son of Mr. and Mrs. George W. Spencer of Lake street, died in Tampa, Florida, Monday evening, March 20, at 7:00 o'clock following a severe attack of pneumonia. He had recovered from that illness and on Saturday was much better with good heart action and no fever, but a reaction developed and the little boy could not survive. He had been invalid for several years and had not the strength to withstand further afflictions.

The Spencer family with a nurse went south in December to visit for the winter in Anna Maria, Florida. Directly a short visit was made to Cuba and while on their return to Anna Maria they were obliged to stop at Tampa on account of the boy's illness. It was expected that they will reach here Saturday and the funeral will be Sunday. However no definite arrangements were made at this time.

Lane was born in Chicago and would have been thirteen years of age on July 4, 1914. His parents and one sister, Justine, survive. Miss Eliza Spencer of Lake Zurich is an aunt. The boy was a fine scholar and much father advanced in his studies than the average child of thirteen. During his short life he has been a handicapped by ill health, he always showed great pluck and endurance, never complaining and always hopeful of recovery.

Mrs. Dorothy Frank
Mrs. Dorothy Frank, widow of the late William Frank, died at the home of her daughter, Mrs. Daniel Gilly in the town of Barrington Saturday, March 28 at the age of 73 years. She has been in feeble health for some time and old age is given as the cause of her death.

Dorothy Gelsow was born in Germany January 10, 1840. In 1869 she was married to William Frank. Five years later they came to America to seek their fortune and settled at Dundee where they resided until Mr. Frank's death in 1890. Since that time Mrs. Frank has made her home with her daughter, Mrs. Daniel Gilly, in the town of Barrington. She was the mother of eight children, one son and seven daughters. Those surviving are: four sons, William, Fred and Ernest Frank of Elgin, John Frank, Hamilton; two daughters: Mrs. Minnie Partridge of Elgin, Mrs. Reta Hutchinson, Oak Park and Mrs. Daniel Gilly of Barrington.

She was a member of the Lutheran church at Dundee for 45 years; was a devoted Christian and a good mother. The funeral was held from the Lutheran church at Dundee, Tuesday afternoon at 2:00 o'clock, Rev. Doolittle, pastor, officiating. Burial took place in East Dundee cemetery.

HENRY PECK
Henry Peck, of 112 Twentyfour Court, Elgin, formerly of Lombard and past-died at Elgin since last September, died at 12:15 o'clock Monday at the home of his son, Arthur M. Peck, 310 Division street. Death resulted from cerebral hemorrhage.

Mr. Peck was a retired Lombard farmer and was born in that village November 17, 1825. He was married March 20, 1867 to Miss Jennie Mitchell of Kitchellville. He was a member of the Holmes Woodman camp of Lombard and was well and favorably known in that vicinity.

He leaves besides his widow, four sons: Herbert S. of Thompson, Arthur H. of Elgin, Vernon H. and Glen C. of Los Angeles, California. Private funeral services at the home yesterday were followed by services at the Lombard Congregational church at 1 o'clock.

Mr. Peck was a member of Standard Peck of this village.

Mrs. John Lock, mother of Mrs. Emil Frick and sister of Mrs. Robert Frick and Mrs. Henry Buttorf died Wednesday of last week at her home in Maclester of pneumonia of the heart. Her daughter had gone to the hospital last Monday and on her arrival found her mother in a very serious condition and on Wednesday she passed away at 10:30 o'clock and five months old son, Mr. and Mrs. Robert Frick and Mrs. John Lock were present at the funeral which was held in the St. Louis Sunday. Accompanied by Mrs. Emil Frick they all returned home Sunday evening.

For Collector.
As no candidate received a majority of the votes cast for the office of collector at the primary held in the town of Cuba, Saturday, March 21, I have decided to be a candidate for that office at the election Tuesday, April 7. The support of the voters will be appreciated.

For Village Clerk.
I am a candidate for the office of village clerk at the primaries to be held Saturday, April 4, 1914. I have had some eight years' experience and the fact that my office is centrally located would make it convenient for those who have business to transact with that office. Your support is solicited.

For Village Trustee.
I am a candidate for the office of village trustee at the primaries to be held Saturday, April 4, 1914. I have had some eight years' experience and the fact that my office is centrally located would make it convenient for those who have business to transact with that office. Your support is solicited.
