## SCHOOL TO OPEN MONDAY

Diphtheria: Epidemic Which Caused Scars Was not Very Hard—Few Homes Still Quarantined.

**CHILDREN ARE TO BE EXAMINED**

Dr. W. A. Shearer, Health Officer, Will be at School House Monday—One New Case This Week

School will open Monday morning but no other public gatherings for children will be permitted until the Board of Health has inspected the throats of the students at the school. It is still prudent to watch the light epidemic of diphtheria here; precautions have been unnecessary.

The Wichmann, Scheifel and Petersen homes are out of quarantine, but the Albert Robertson, E. S. Smith, H. P. Castle and George Nightingale homes are still quarantined. The school building has been thoroughly disinfected by Dr. W. A. Shearer and Janitor Meier has placed "everything in sanitary condition."

Residence

During the last seven years the Barrington church and its members have been greatly by the presence and work of Dr. and Mrs. W. A. Shearer, who have helped pastor and wife.

They have lived a quiet, modest life among us, and have always been a source of comfort and the rites of Christian maturity. Each has supplemented the work of the other.

Dr. Matisson has presided over the parsonage, making the interior, care and needs of the church members his chief concern, and his touch all with his kindly, helpful spirit, ever looking to the interests of the kingdom of God in our midst.

Dr. and Mrs. Matisson have lived what they have taught. Their lives have been the best kind of sermon, as it is in the life of the church, when they love, and making an impression on our church life and upon the community which will not soon be forgotten.

It was, therefore, with pleasure that the following statement was received from Dr. Matisson, which states that it was the desire of himself and Mrs. Matisson to retire from active pastoral work, after forty-seven years of service.

We, the members of the Quarterly Conference of the Methodist Episcopal Church of Barrington, do hereby express our sincere appreciation of your faithful, efficient and useful service during the past seven years.

With best wishes by one of the Quarterly Conference.

EMAN S. SMITH  
GEORGE NIGHTINGALE  
CHARLES E. YONKER  
Committee.

New Methodist Pastor

Supervision of the financial and personnel of the local church is the responsibility of the Board of Trustees of the Methodist church closed Monday in Austin.

Rev. J. C. Yonker has been assigned to the pastorate of the church. He has been here Sunday. He has held the pastorate at Lake Bluff. The family will arrive Saturday evening from their home in Lake Bluff.

Rev. Mr. Yonker is a preacher is clear, lucid, fearless and forcible. Barrington people will be in full sympathy with every good cause.

THURSDAY, OCTOBER 15, 1914.

In a few short weeks the winter nights will be upon us, and our thoughts will turn again to the comfort and to their form of amusement.

But there is a "drive" which we should keep in our minds—which should have a place in our thoughts—first call upon our time and our energies—which should be afforded as greater fun than all others combined.

The Theatre of God!

What forms of amusement are good and should be encouraged. They are necessary to a proper development of mind and body.

But the Theatre of God is essential to the proper formation of the character—the creation of zeal in the ideals of honor and justice in the hearts of all people.

Other theatres come, and thrice, and pass away.

But the Theatre of God loves forever. It can never die.

Others afford us amusement for the hours, relaxation for the moment.

But the sets of the Theatre of God are not for us to amuse at merely. Let us not in a Godless life to the routine of vice and jay.

It is good that we enjoy life—but we seek recreation—what we find honorable means of driving shall care away.

But it is even better that we include in our program weekly visits to that abeath which is the essence of all goodness, of all greatness, and of every kind.

In mapping out our course for the winter months let us set aside each Sunday for a visit to the greatest of all theatres, the Theatre of God.

And much wisdom, and joy, and contentment will be in our earthly reward.

There is room for us all, and no ticket is required at the door.

#### WHO CAN DIG IT OUT?

Farmers today are poor to their wins ends to know how to keep the farm men in the country.

None seems to be able to solve the problem. The farms are depopulated or a few years more will see the farms almost completely depopulated.

And the nation is dependent upon the farms.

Young men are leaving the farms day by day because the life is too dull for them.

They are intelligent, ambitious and full of high spirits, and crave a more active existence.

They rush into the cities in the hope that fortune awaits them there. But equality—of every hundred become simple cogs in the great commercial wheel, making barely enough to keep body and soul together, and never saving a dollar.

There is a reason somewhere—some man certainly exists for keeping our

country in the country.

Howard M. Waller  
Baritone

Has settled in Barrington and wishes to announce that he is prepared to teach vocal music.

He is a pupil of Eugene Woodhams, for five years vocal instructor in Hillsdale College, Hillsdale, Michigan, formerly of New York and Steinway Hall, London.

Mr. Waller was under his instruction nearly four years while at Hillsdale, taking the work almost entirely for the purpose of teaching and is fully competent to teach all lines except opera. He has also had much training and practice directing choirs.

Work taken under his instruction is based on the methods used by the Italian school of training the voice. From the method, in use by all the great singers of the day, comes range, power to sustain and agility. The study of interpretation of songs and ballads in German, Italian, American and English comes.

For further information, he will be at home after 7:00 p.m. at Mrs. Nellie Robertson's on Cook street.

DeWitt Taylor of Palatine, well known here, has suddenly and suddenly disappeared. His home on the street in North Chicago has Wednesday evening on his way to organize a new court for the Court of Honor judge. It was his home in the Palatine Hospital in the town, and he was seriously ill all night. He was taken home the next day and is now recovering.

MISSING PERSONAL THINGS

The Illinois state convention of the W. C. T. U. will be held in Waukegan in 1918 which is the place selected by the state convention in session last week in Clinton. The state members will be in Waukegan October 7 and 8.

Lake county is assisting in supplying the state with horses from the least than one hundred horses from this year's convention.

The eastern mists, it is said, are taxed to their utmost capacity and some of the orders may be turned over to the Waukegan plant.

Rev. A. Boyer, pastor of St. Mary's Catholic Church in Waukegan, died suddenly after a short illness. Funeral services were held yesterday morning at the church, the Rev. Bishop Heffernan officiating. Father McCormick of St. Ann's attended.

Frank White & Son, the owners of Groveside Stock Farm, 2 miles south of Waukegan, have sold two members of their famous herd to Nathan Dickerman of Lake Geneva, at \$1,000 each. This is said to be the highest price ever paid for cows in Lake county.

Richmond will not give electric lights convenience the coming winter.

Funeral services were held yesterday morning at the church, the Rev. Bishop Heffernan officiating. Father McCormick of St. Ann's attended.

**1515-Buick Cars-1915**

The Car of Power, Speed, Dependability and Durability

the Buick Line of Fours and Sixes for 1915—the greatest line of Cars the Buick organization has ever built. 1914 Buick success has been the talk of the motor world—a reputation merited by an abundance of power—faultless design—perfect performance and reliability. The new car is the result of increased engineering of the Buick line for 1915, up to the promise to all buyers of Buick cars—and make certain a continued satisfaction and uninterrupted use.

The 1915 Buick models actually offer greater interest than the previous year's models. The new methods of business, the improved factory methods, specialized labor and one more year's knowledge of the car in this great factory, are new conditions, contributing to the success of the car.

The Distributor of the Buick, High Speed, with an increased generating capacity of 35 per cent and automatic gear advance.

Single steel valves. Carburetor supplied by Stewart-Warner greatest feed system.

Controls completely automatic. Instruments board in the cowl.

High grade line bodies, hoods and radiators.

These are but few of the great improvements, regardless of price, that are offered in the 1915 Buick. The car is built to last and will guarantee the Buick Valve-In-Head motor to develop more power than any type of automobile motor of equal size, America or foreign make.
