

ANNUAL CHAUTAUQUA CREATING INTEREST

All are Enthusiastic and Working Together for the Betterment of the Association

TALENT TO BE OF HIGHER GRADE

Junior Chautauqua Also Getting Into Line and Plan for Bigger and Better Season

The annual Chautauqua has become such a popular institution in Barrington, so well patronized, that its success is assured. The pioneers in the movement in this town are still actively interested and others have joined the local association to give their time and energies to promoting this summer school here for the betterment

and amusement of the whole country side. Year by year those who have lacked interest in the programs are falling in line and there are few dissenters left in the community.

Each year the talent sent by the Lincoln Chautauqua company to their circuits is of higher grade; the best entertainers, lecturers and musicians in this country who travel in the summer in professional engagements are being secured. Such people are well paid and as the talent this year is superior; just so must the price of en-

pare in many ways for the six days of "feasts of reason and flow of soul." Fifty per cent. of the single admission receipts now goes to the local organization, instead of the twenty-five per cent. of other years. The men who signed the contract last year are responsible for the financial success or failure of the Chautauqua, and if they run behind must go down into their own pockets for the deficit.

The junior Chautauqua, the second annual, will please the young people. Last Saturday afternoon the local junior committee of eight met at the school; it consists of the president and secretary from each of the four high school classes. The officers were elected: Miss Verdelle Richardson, president, and Nelson Hammond, secretary. The committee intend to make

retary. The committee intend to make the junior work a bigger and better success. The first advance agent was in town on Thursday, Friday and Saturday. He discussed business matters with committees and started the ball for the 1916 meeting a-rolling. He was Charles B. Rowe of Chicago, a member of the graduating class this year of Illinois university.

FUNSTON CALLS FOR SOLDIERS

Fifty Thousand Men Needed to Guard the Border, is His Message.

ALL BRANCHES OF SERVICE GO

Troops in Every Way Prepared to Meet All Emergencies—Mexican Government Proposes to Protect All Foreigners—Fighting Reported in Progress.

Washington, June 21.—The call from the border has already come. Major General Funston telegraphed to the war department that troops must be furnished him as soon as possible. The first demand is for not less than 50,000 men.

Details of the movement of the state troops were worked out at a conference between Maj. Gen. Tinker H. Ellis, assistant chief of staff, and Adj. Gen. H. P. McCain.

At the conclusion of the conference it was announced that the first contingent of troops will be made up from the following states:—

Illinois, Wisconsin, Ohio, New York, Pennsylvania, Massachusetts.

The contingent will include all branches of the service. The use of field artillery, as well as cavalry and infantry, is an indication that General Funston is convinced the duties will not be simply those of border patrol.

Fleet Moves to Mexican Coast.
San Diego, Cal., June 21.—Three United States cruisers and three destroyers are steaming under full steam for the coast of Mexico. More ships, from this port and Bremerton, Wash., are expected to leave after completing their sea trials.

The San Diego fleet, the fleet stationed at San Diego, is expected to leave after completing their sea trials. The fleet is expected to leave after completing their sea trials.

Bound for Ensenada, to pick up Americans, the destroyer Hopkins steamed at two o'clock this morning. There is a large colony of English-speaking people at the Lower California port.

The destroyers Hull and Truxton steamed at 8:30 o'clock for the south, destination not given.

Rear Admiral Putnam, commanding the Pacific reserve fleet, has received orders for the armored cruisers Pittsburgh and Colorado to proceed south.

Vera Cruz is quiet.

Key West, Fla., June 21.—The first and second torpedo divisions of the Atlantic fleet arrived here last night from Santo Domingo. The vessels are under orders to take provisions and mail instructions.

Yucatan Doomed Denied.
New York, June 21.—Governor Alvarado of Yucatan, in a cable message today, branded as untrue the report that reached Galveston yesterday that the Yucatan government had declared a "state of war" existed between Mexico and the United States and had expelled all Americans from Yucatan.

This report emanated from a man who arrived at Galveston from Progreso.

Refugees' Narrow Escape.
Negros, Ariz., June 21.—Adolph Schauer, a German resident of Colorado, Sonora, who arrived here with a party of American refugees, nearly lost his life in La Colorado Saturday at the hands of a mob incited by a Carranzista officer who is said to have been intoxicated. Schauer said a mob had been placed around his neck when officers on the staff of General Olesin interfered.

Few Americans Fail to Join Exodus.
El Paso, June 21.—While the situation develops the number of Americans from Chihuahua and Sonora continues. Men making their way to El Paso say that practically only "mexicanized" Mexicans—Americans who have married Mexican women and raised families—remain in the interior, and these will make no attempt to leave.

Guard Loose at Panama.
Panama, June 21.—The lack of the Panama canal is being guarded with increased vigilance as a result of the Mexican situation.

On Verge of Hostilities.
Columbus, N. M., June 21.—Carranzista troops and soldiers of General Pershing's expeditionary command south of New Mexico were on the verge of hostilities, according to reports from the field.

A wireless dispatch from Col. D. C. Cabell, General Pershing's chief of staff, said the situation of the Carranzistas was such that American motor truck supply trains were in danger of being fired upon.

Mexicans Mount Guns.
The Carranzistas were said to have mounted artillery in positions menacing the Americans, and dispatches indicated that with the two columns in close proximity the danger of a clash was increasing.

Ferocious rumors were current here that General Funston had split his command into three columns, each prepared to move in the event of hostilities, while others said that truck trains had been fired upon. No confirmation of the reports, however, could be obtained at military headquarters here.

Massacre is Reported.
Brownsville, Tex., June 21.—Passengers arriving at Matamoros, opposite here, reported that a rumor was current in Monterey that a party of Americans at Carranza, an isolated mining town of Nuevo Leon, had been massacred by Mexicans.

As far as known here there is only one American in Carranza, a man named Jim Hughes, and a Canadian named Warlock.

A woman arrival also reported that some Americans were taken from the train at the station and were reported to have been killed.

The body of William Brivine, a brother of Mayor Albert Brivine of this city, was found in the Rio Grande on the Mexican side ten miles south of Matamoros. Brivine is believed to have been murdered and the body thrown into the river.

Brig. Gen. James Tucker sent word to Consul J. Z. Garza at Matamoros to return to his post at Brownsville, seeing there had been no break in relations between the United States and Mexico. He guaranteed Garza full protection.

The quartermaster's department began building bodies for 600 small automobiles available here, so as to have them ready if needed for trucks. It is said to be the plan to give each regiment ten of these automobiles.

American War Dead.
Laredo, Tex., June 21.—All persons found on the Mexican side of the border with arms who attempt to enter the United States will be immediately executed without trial, General de la Garza stated. He issued a proclamation to this effect, he said, in the name of the de facto government. Officers will be named in the proclamation that failure to execute such armed persons will result in the execution of responsible officers without recourse to superior authority.

Detention in Mexico.
London, June 21.—Cable messages received here from Mexico state that conditions in Mexico City and throughout the country are appalling. There is no money. The people are resorting to barter. Food supplies are limited. The anti-American feeling is very intense.

Americans Kidnapped.
San Antonio, Tex., June 21.—Florentino Valdez and Manuel Lopez, American-born Mexicans, were taken from their homes 10 miles west of San Antonio by a band of six armed Mexicans and forced to accompany them. They declared they were organizing an expedition that had for its object the killing of "gringos." A sheriff's posse pursued them into the wild country of Atzacua county, adjoining this country, where the trail was lost.

Will Protect Foreigners.
Mexico City, June 21.—The foreign office has issued the following statement: "Several Americans have presented themselves before General Nogales, governor of the state of Tabasco, declaring that they have no intention of leaving this country, even in case the United States should declare war upon Mexico. They further stated that they are not in accord with this policy under any circumstances."

The war department wired to the governor of Tabasco that the Americans may remain within the territory of that state and in any event should be shown every safeguard and guarantee for their persons and property. All other foreigners will receive similar protection.

American Flag Fired On.
Douglas, Ariz., June 21.—The American flag flying over the hotel in which was located the office of American Consul W. A. Julian, at Campoj, Mexico, 50 miles southwest of here, was made the target of hundreds of Mexican bullets during the anti-American demonstration last Saturday night, according to American refugees arriving here today. After daylight, when the demonstration ended, the bullet-stained flag still flamed in the breeze.

Panama bullets struck the hotel, endangering the guests, who were nearly all Americans. The mob shouted imprecations against the "gringos."

After firing the flag with holes, the mob directed its fire at the flag pole, but was unable to cut it, although the staff was badly splintered.

Up to Date.
"I hear they have abolished the lock-step in Sing Sing prison."

"And introduced the fox trot, I presume."

Later they will live in Barrington. Mr. McBarney is bookkeeper for the Hawthorne Farms company.

The Orpet case drags on in the Lake county court attended by hundreds of people who seem to regard this murder trial as a sort of a show. A glance over the court room crowd shows many faces lacking in mental balance and the numbers of women drinking in the social details of the evidence is amazing. The case touched Barrington again this week when Mrs. Stanley Kennedy was called by the state as witness. William Orpet once spent a night in Barrington, sleeping in the Methodist parsonage when he visited the Yecker family.

SELECT WILSON AND MARSHALL TO LEAD THEM

Democrats Name Their Candidates at St. Louis Amid Scenes of Wildest Enthusiasm.

AVOID THE FRIDAY "HOOODOO"

Nominations Were Made Only Few Minutes Before Midnight on Thursday—President Wilson at Once Notified of the Conventional Choice.

St. Louis.—By strenuous suppression of oratory and rushing proceedings the Democratic national convention dodged Friday as the day on which it renominated President Woodrow Wilson and Vice President Thomas Ill. Marshall.

The superstitious party engineers bent the clock by only a few minutes, but it was enough to avoid the hoo-doo.

Wilson Named at 11:52 P. M.

Mr. Wilson was nominated by acclamation at 11:52 p. m. Thursday.

Mr. Marshall was only a trifle behind crossing the line at 11:55.

In this lightning sprint Mr. Marshall made a record. Senator Kern was due for a nominating speech.

Seeing the approaching midnight he threw his eulogy on the floor and simply said: "I renominated Thomas Ill. Marshall."

Somebody moved to make it by acclamation. And it was done, the whole job of nominating a vice presidential candidate taking up just 150 seconds.

Friday Superstition Averted.

Thus the ancient superstition against Friday nominations was averted, although President Wilson had made it known that he regards Friday as his "lucky day."

Dramatic scenes attended the naming of the ticket. William Jennings Bryan in an impassioned speech placed his O. K. upon the president and his administration.

The Nebraska, who resigned from the cabinet, was not a delegate to the convention, but he was called to the platform by unanimous consent.

The lauded Wilson to the effect of leaving the nation out of war, lauded the Wilson Mexican policy and extolled the economic legislation from tariff to currency act.

Bryan at times spoke under the strain of emotion. It was the first convention in 27 years which he has not been an active figure, but the ovation and the outburst that punctuated his remarks indicated that he is still a powerful force behind the scenes of the party he once dominated.

Westcott Names Wilson.

The Nebraska through his speech, John W. Westcott of New Jersey placed Mr. Wilson in nomination.

As the time grew short Westcott, cutting short his peroration, shouted:

"I nominate Woodrow Wilson."

Then followed a great demonstration that lasted 40 minutes. Delegates and galleries were roused to a high pitch of enthusiasm and emotion.

They yelled and shouted and cheered and sang. Some of them wept in an ecstasy of feeling.

Harmen Secures Wilson.

Former Governor Judson Harmon of Ohio, who was a candidate for the presidential nomination at Baltimore four years ago, made the first acclamation speech for President Wilson.

The next was by Gov. H. C. Stuart of Virginia.

Senator Hughes of New Jersey moved that the rules be suspended and the nomination made by acclamation. The motion was carried with a tremendous roar.

The only objection came from Robert E. Burke of Chicago, the only anti-Wilson delegate in the convention. He shouted "No."

Senator James declared President Wilson nominated at 11:52 p. m.

Kern Names Marshall.

Senator John W. Kern of Indiana then was recognized. He moved that the nomination of Vice President Marshall be made by acclamation.

No nominating speech was made.

Vice President Marshall was declared nominated four minutes after the nomination of President Wilson.

Numerous seconding speeches which had been prepared were not made.

Former Gov. Martin H. Glynn was made chairman of the committee to notify President Wilson of his nomination.

Roger C. Sullivan presented a resolution expressing thanks to former Governor Glynn, Senator James and other officers of the convention.

A resolution was adopted giving state committees authority to all va-

lue the word "boom," as applied to a political movement, so far as known, was first used by the editor of a Republican newspaper in St. Louis, Mo., pending the return of Gen. U. S. Grant from the trip around the world undertaken by him in 1877, immediately following his retirement from the

presidency of the United States. The term was used so persistently and so cleverly that it soon began to lodge in popular thought, and to take in the meaning which the editor intended to convey when he declared that the movement looking to a third term for Grant was "booming," or when he employed the expression in a noun and spoke of the "Grant boom."

The idea had come to him from a common expression used by the people along the Mississippi river. When that stream was at flood tide it was

sweeping everything before it and was said to be "booming." The St. Louis editor aimed to convey the thought that the movement for the nomination of Grant for the presidency in 1870 was like the onward sweep of a great river under such conditions, and therefore a boom. The term soon came into general use, and has been applied in the United States ever since, like the spontaneous and preconcerted or organized movements known as the "Populist boom" or some other boom in an office of importance, not

necessarily, but generally, the preconcerted.—Christian Science Monitor.

Poor Man!

"And what is that monument to the public square?" asked the young lady from the East.

"That monument," said the old man, "marks the last resting place of Three-fingered Jim Nugent. He was the best sheriff this county ever had, and I'd be with his boots on!"

"Dear me!" exclaimed the visitor, "How very uncomfortable."

St. Louis.—Senator "Tom" Taggart, Indiana's popular citizen, was one of the most conspicuous men in the convention. Delegates who wanted "just one more ticket for a friend" went to him for a word.

Taggart, newspaper men wanting favors of all kinds sought him out; officials worried about arrangements poured their troubles into his ears, and the crowd of it all is that none went away dissatisfied. The Hoosier alone found time and means to grant every request, or at least, pour enough oil upon the troubled waters to send his visitors away smiling.

Before the nominating speeches began at the evening session the Demo-

crats indulged in a love feast in which the advent of harmony in their ranks was celebrated. The leader of this demonstration of good will was William Jennings Bryan.

Wilson Praised by Bryan.

Mr. Bryan was cheered enthusiastically as he entered the press section with Mrs. Bryan shortly after eight o'clock. A few minutes later, upon the motion of Senator Thompson of Kansas, the convention suspended the rules and tumultuous good feeling and invited Mr. Bryan to the rostrum.

Mr. Bryan launched into a speech lauding the administration of the president.

Following Mr. Bryan's address the convention got down to the real business for which it had been convened and the renomination of President Wilson and Vice President Marshall was quickly put through as related above. The convention took a recess until eleven o'clock Friday morning, when the report of the committee on resolutions was presented and the platform was adopted with little discussion and practically no opposition.

"TOM" TAGGART PROVES TO BE CONVENTION RESCUER.

St. Louis.—Senator "Tom" Taggart, Indiana's popular citizen, was one of the most conspicuous men in the convention. Delegates who wanted "just one more ticket for a friend" went to him for a word.

Lewis' Speech, His Shortest.

Senator James Hamilton Lewis of Illinois was invited to the platform to make an address at 12:32 a. m. "I do not like to impose upon your time," said Senator Lewis. "I beg you will excuse me and I express my sincere thanks."

It was the shortest speech of his career.

Senator Hughes reported to the convention that the resolution committee had failed to complete its work in the platform. The convention then adjourned at 12:32 a. m. until eleven o'clock Friday morning.

Forty-five minutes of sheer enthusiasm and emotion followed the naming of President Wilson. The minute Mr. Westcott had yielded to the situation of his audience and had spoken the name "Woodrow Wilson," the galleries and the delegates were on their feet.

Details of the Night Session.

St. Louis.—While the convention was in session for the night session to nominate President Wilson it became known the Nebraska delegation planned to withdraw the vice presidential candidacy of Governor Mor-

land.

Before the convention was called to order the Coliseum was so full that the fire department took charge of the entrances and permitted no more to come in. William J. Bryan was stopped at the door. Senator James learned of the Nebraska's plight and rescued him. The Nebraska got his usual uproarious reception.

Chairman James moved the convention to order.

Rey. W. J. Hardisty, chaplain of the Missouri senate, offered prayer.

Senator Thompson then moved a suspension of the rules to permit Mr. Bryan to speak. When the motion was put there were some "Noes," but the chairman ruled two-thirds had voted in favor.

Senator James introduced Mr. Bryan as the outstanding citizen of the world and America's greatest Democrat."

In spite of the distracting influence of the mob at the doors and the laughs that rose occasionally when a bedraggled leader finally found his way into the convention hall Mr. Bryan held his audience.

Amplious was frequent and thunderous. He spoke for forty-five minutes, finishing at 10:07.

Glynn Is the Keynote.

In a hall gay with flags and bunting and with pictures of party leaders, past and present, looking down upon them from medallions around the balcony, the delegates to the Democratic national convention assembled on scheduled time Wednesday. The proceedings were formally started when William F. McCool, chairman of the national committee, accepted the platform and rapped for order. He invited the first burst of enthusiasm of the convention when, in a short address including the temporary chairman, he predicted victory for the party in the fall.

The keynote speech was delivered by former Gov. Martin H. Glynn of New York, the temporary chairman. He was frequently interrupted by applause when some point in his speech drew the enthusiasm of the delegates. His eulogy of President Wilson started the biggest demonstration of the day. Following Governor Glynn's speech, committees on credentials, permanent organization, rules, and resolutions were announced, and that day's work was done.

The delegates were a little slow in assembling for Thursday's session, and it was almost noon when Temporary Chairman Glynn called the convention to order. Permanent Chairman Otis Wilson was escorted to the chair and introduced. He immediately launched into his address. He lauded the president and defended his policies, particularly in regard to the controversy with Germany over the submarine warfare and our relations with Mexico. An enthusiastic demonstration greeted his praise of President Wilson, which lasted more than twenty minutes. At the close of Chairman James' speech the convention took a recess until nine o'clock in the evening.

Before the nominating speeches began at the evening session the Demo-

crats indulged in a love feast in which the advent of harmony in their ranks was celebrated. The leader of this demonstration of good will was William Jennings Bryan.

Wilson Praised by Bryan.

Mr. Bryan was cheered enthusiastically as he entered the press section with Mrs. Bryan shortly after eight o'clock. A few minutes later, upon the motion of Senator Thompson of Kansas, the convention suspended the rules and tumultuous good feeling and invited Mr. Bryan to the rostrum.

Mr. Bryan launched into a speech lauding the administration of the president.

Following Mr. Bryan's address the convention got down to the real business for which it had been convened and the renomination of President Wilson and Vice President Marshall was quickly put through as related above. The convention took a recess until eleven o'clock Friday morning, when the report of the committee on resolutions was presented and the platform was adopted with little discussion and practically no opposition.

"TOM" TAGGART PROVES TO BE CONVENTION RESCUER.

St. Louis.—Senator "Tom" Taggart, Indiana's popular citizen, was one of the most conspicuous men in the convention. Delegates who wanted "just one more ticket for a friend" went to him for a word.

Taggart, newspaper men wanting favors of all kinds sought him out; officials worried about arrangements poured their troubles into his ears, and the crowd of it all is that none went away dissatisfied. The Hoosier alone found time and means to grant every request, or at least, pour enough oil upon the troubled waters to send his visitors away smiling.

WANTS MORE SHIPS

WILSON ASKS CONGRESS FOR TWO DREADNAUGHTS AND SIX CRUISERS.

BIG NAVY INCREASE ASKED

Secretary Daniels Requests 20,000 More Men for War Vessels—Full Crews Wanted in Case of Blockade Against Mexico.

Washington, June 22.—President Wilson wants a bigger battleship building program authorized by the present session of Congress than that provided in the house navy bill which is now in the senate committee on naval affairs.

At a conference with Secretary Daniels and Senators Tillman and Swanson he indicated he would approve a program of eight capital ships, two dreadnaughts and six battle cruisers. The house bill provides for five battle cruisers and no dreadnaughts. The three additional ships would add at least \$20,000,000 to the heavy navy budget.

Senators Tillman and Swanson agree with the president and the senate committee is certain to add at least two dreadnaughts to the house program. It is believed the house committee on naval affairs and the house itself in view of present conditions, will agree to the enlarged program.

Following the conference with the president and Secretary Daniels, Senator Tillman, chairman of the naval affairs committee, held a meeting of his committee and the navy bill was referred to a subcommittee consisting of Senators Tillman, Swanson and Lodge, all big-game men for expansion and a report to the general committee. This subcommittee is expected to get the bill out with little delay.

The senate committee also approved the house bill authorizing contractors who are building fleet submarines to turn them out with a maximum speed of 10 instead of 20 knots an hour.

Secretary Daniels, backed by the administration, urged congress to authorize a sufficient increase in the enlisted personnel of the navy to permit the training of every war vessel now in reserve or out of commission.

The increase called for is approximately 20,000 men, with almost all of the increase brought to the president to add an additional 20,000 men in the event of war or other emergency. The present authorized complement of the navy is 51,500, but not including recruits. The number now enlisted, including recruits, is 54,000 enlisted men.

The administration asks for an increase bringing the total up to 74,700 men, and in the event of a war emergency to 87,800.

The purpose of this action is to enable the navy department to place every reserve ship in commission.

GERMANS HALT RUSS DRIVE

Troops Check Line North of Lutz, But Silesia Continue Advance Toward Lemberg.

London, June 22.—The Russian drive westward from Volhynia and northward from Czernowitz swept the Austrians farther back, opposed the Sereth river at several points and brought new peril to Lemberg by the capture of three cities on the way to the Galician capital.

Gilboka, Zadorva and Stretznetz fell before the Russian hosts, but northward from Lutz the Russians suffered the first serious setback of the present offensive.

The defeat of the Russ came at the hands of the Germans. The German successes were won between the Kovel-Lutz railroad and the Tura river. The resistance of the Russians was especially stubborn in the region of Nisslen, 25 miles northwest of Lutz.

HOUSE CONVICTS MARSHALL

New York District Attorney Will Be Sentenced Today for Criticizing Committee.

Washington, June 22.—The house by a vote of 208 to 85 on Thursday found District Attorney H. Snowden Marshall of New York guilty of contempt of the house of representatives because of Marshall's criticism of a subcommittee of the judiciary committee appointed to investigate impeachment proceedings against him.

Speaker Clark will issue a warrant today for Marshall's arrest, and he will be brought before the bar of the house to receive such punishment as the house shall direct.

The case grew out of the neutrality investigations conducted by Marshall.

RUSS IN CZERNOWITZ

PETROGRAD AND VIENNA ANNOUNCE FALL OF CAPITAL OF BUKOVINA.

SLAVS ENTER CITY AT NIGHT

Austria Says Troops Retired Before Concentrated Fire of Greatly Superior Forces—Town Reported Destroyed—Germans Repulse Attacks.

Petrograd, via London, June 20.—The capture after little fighting by the Russians of Czernowitz, capital of the Austro-Hungarian crownland of Bukovina, was officially announced by the Russian war office. The official statement follows:

"General Lechinsky's troops captured by assault the bridgehead at Czernowitz, on the left bank of the Pruth. After desperate fighting for the passage of the river, where the enemy had destroyed the bridges, we occupied Czernowitz.

"The Germans furiously attacked the village of Schindeln, on the north bank of the Strypa. We repulsed the attack, notwithstanding the fire of the enemy's armored train.

"According to the latest particulars of the fighting from the 5th to the 17th, General Kaledines has taken as prisoners, 1,300 officers, 10 surgeons and 70,000 men and 30 guns, 230 machine guns, and an enormous quantity of material.

"On the front of General Brusilov's army the enemy maintains his resistance, making repeated counterattacks, which our troops repulsed successfully, pressing the enemy more closely in various directions and taking prisoners and booty.

Petrograd, via London, June 20.—The evacuation of Czernowitz by the Austrians after the Russians had forced the passage of the Pruth and penetrated the city was announced by the official statement says:

"The garrison of the bridgehead at Czernowitz withdrew before superior enemy fire. During the night the enemy at several points forced a passage of the Pruth and penetrated Czernowitz, which we evacuated."

The statement claims the remnants of Russian counterattacks in Volhynia and the gaining of ground north of Corohoff, north of the Lipa, with the capture of 100 Russian prisoners and three machine guns.

It reports the Germans successful to the north of Torga, where 11 Russian officers, 3,440 men, one gun and ten machine guns were taken.

Petrograd, via London, June 20.—Czernowitz, the capital of Bukovina, has been almost completely destroyed in the fierce battle that has been raging there, and the Austrians forces are being fast annihilated. Russian troops which are cutting them off from their Bukovina army.

GEN. VON MOLTKE IS DEAD

Chief of German Army Staff Stricken With Apoplexy While Attending Mourning Service in Reichstag.

Amsterdam, via London, June 20.—Lieut. Gen. Count Helmuth von Moltke, chief of the supreme general staff of the army, died of apoplexy during a service of mourning in the Reichstag on Sunday for the late Field Marshal von der Goltz, according to a telegram received from Berlin.

General von Moltke was born May 22, 1858, in Gersdorf, Mecklenburg. He took part with distinction in the war against France, being decorated with the Iron Cross of the second class in 1881 and was assigned to the general staff of the army.

He was appointed chief of the general staff February 10, 1904, and resigned in that capacity until late in 1914.

DARIO RESTA WINS RACE

Defeats Ralph De Palma in Contest at Maywood, Ill.—Averages 94 Miles an Hour.

Maywood, Ill., June 20.—Dario Resta clinched his title as American speed champion when he defeated Ralph De Palma in two straight heats—one at 50 miles and the other at 24 miles at Speedway park on Sunday. Incidentally, Resta broke the 50-mile American speed record, doing the distance in 31:37.2-5, a rate of 94 miles an hour.

De Palma's record time was 32:18, or 83 miles an hour. The fastest lap of the day was in the twenty-first of the 50-mile race, when Resta turned the track in 1:00.3-5, which is at the rate of 103.1 miles per hour.

Dario Resta won the 50-mile heat, covering the distance in 31 minutes 57.2-5 seconds, at the rate of 94 miles an hour.

CLEVELAND, LEADER.

WARNS U. S. TROOPS

CARRANZA SAYS A MOVE SOUTH WOULD MEAN WAR.

General Trevino, Serving Notice on Pershing After Receiving Order From "First Chief."

Chihuahua City, Mex., June 10.—General Trevino, commanding the Carranzista army of the north, advised General Pershing, American expeditionary commander, that any movement of American troops from their present line to the south, east or west would be considered a hostile act and a demand for immediate withdrawal.

General Trevino acted upon specific instructions from General Carranza. El Paso, Tex., June 10.—Mexican troops crossed the border 12 miles west of El Paso and entered the small town of Noria, N.M. A battle followed. One Mexican was reported killed. There were no American casualties, according to a report from the sheriff at Noria received by General Bell. Three automobile trucks with a detachment of soldiers have been rushed to re-enforce the civilian guard.

Gen. George Bell, Jr., commander of the brigade stationed here for the protection of El Paso and the border in the immediate vicinity, issued orders to assemble the entire force. The only explanation for the order was that unusual activity on the part of the Carranza garrison at Juarez had been noticed throughout the day.

General Gonzalez, the Juarez commander, has posted an order calling all Mexicans over seventeen years of age to the barracks for military instruction. Five thousand additional Mexican troops have been brought to points along the Mexican Central railroad north of Villa Ahumada, presumably as reinforcements for the Juarez garrison.

The total number of troops in General Bell's command is approximately 1,500. Including several pieces of heavy artillery. He is satisfied that the situation can be controlled without serious danger to life or property in El Paso.

It was asserted that the expeditionary command is amply prepared to care for itself in any emergency.

AIRMEN SHOT DOWN

GERMAN AND BRITISH AEROPLANES BROUGHT DOWN ON WESTERN FRONT.

TWO AVIATORS ARE CAPTURED

Paris Says Enemy Air Squadron Dropped Bombs on Village and Killed Several Germans—Guns Roar at Dead Man Hill.

London, June 21.—Extensive aerial activities are reported in Monday's accounts of fighting along the western front.

One German aeroplane was brought down inside of British lines, near Doullens, the occupants being made prisoners. Two British fighting planes encountered two Fokkers in the vicinity of Lens. One hostile machine was driven down damaged; the other, shot down, crashed to earth from 4,000 feet. In other air fights two more German machines were driven down in a damaged condition, and another was brought down near Wiegles.

Hostile reconnoissances which crossed British lines in force were attacked and dispersed by aeroplanes. One of the British pilots reports seeing two hostile machines hit by anti-aircraft fire.

As the result of the air combats two British machines were brought down in the enemy's lines.

Paris, June 21.—The official communication issued by the war office reads:

"Between the Arras and the Oise two enemy detachments, after a spirited bombardment attempted to approach 'our lines'; they were repulsed by ground troops.

"On the left bank of the Meuse the artillery action was intermittent. On the right bank there was a violent bombardment north of the Thimur, most furthest work and in the sectors of Vaux, Chaptre and Souville.

"An enemy air squadron dropped numerous projectiles on a village south of Verdun, where a camp of German prisoners was located. Several of these prisoners were killed or wounded.

Berlin, June 21.—The following statement on military operations was issued by German army headquarters:

"Western front—South of the Belgo-French frontier, as far as the Somme, French continue to advance.

"Explosion of a German mine of La Ville Mort height in the Argonne gave good results.

"On the Meuse region (Verdun front) the firing increased appreciably toward evening and during the night it attained great intensity on Dead Man hill to the west of the hills as well as in the sector of the front from Thimur west to Fort Vaux.

"As previously reported during the night of the 17th an enemy attack at Talmont was repulsed.

"Several attempts at night attacks by the enemy in Fumla were completely repulsed by hand grenade engagements.

"One British biplane fell near Lens and another north of Arras after aerial battles. Two of the occupants were killed."

"One French machine was shot down west of the Argonne. A German air squadron attacked the railway and military factory establishments at Baccourt and Reon d'Etape."

ARMY APPROPRIATION BILL

Measure Reported to House Fails to Take into Account 175,000 Authorized by Congress.

Washington, June 10.—The army appropriation bill, carrying \$157,323,000, an increase of \$35,000,000 over last year, was reported on Friday in the house by Chairman Hay of the military affairs committee. Estimates on which the appropriations were based aggregate \$209,000,000.

The bill contains provision for the organization of the council of executive information for the co-ordination of military and naval activities for the national security and welfare.

Although the army reorganization bill authorizes increases in the regular army of 175,000 men, the appropriation bill provides pay for only 105,000, exclusive of the staff corps.

Aviation receives \$1,222,000, summer army training camps \$500,000, soldiers and men of the National Guard \$9,755,000 and mobilization of industry in case of war \$200,000.

Believes a Man Finds His Own Level

THE ever present belief that promotion is due to money, family and a new paper man and student of men who lecture here on opening day of the Chautauqua. For fourteen years he has edited a newspaper in an eastern manufacturing city with some skilled mechanics employed in three large factories. From his close association with this exceptional body of men and his extended observation in every state in the south, east and middle west he has built a great lecture which he calls "The Almighty Dollar." Money, he says, does not bring happiness. His plan is for a success worthy of the best ability and thought and effort we can give. He emphasizes the value of work, training and duty, not only in the home, but in the world, and the value of the bright side, fitting for something better, avoiding vice, reverencing God, and finally, being satisfied with what we receive, for in the end man finds his level and receives all he is worth. His highly instructive subject is "This New Age."

Meeting of Milk Producers Association
The Milk Producers' association at a meeting held at Village hall last evening decided to purchase from William Peters and Henry Lageschulte the old creamery building situated at the corner of Williams and Liberty streets. The consideration is \$2,000. The building was bought by Peters and Lageschulte and used by the association during the milk strike. They are selling it for the same price paid.

Home Boys Called to Springfield
The national call for troops reached our village Monday, ordering several of our boys to Springfield.

South Hawley street who have been working in the munition factory in Woodstock joined Company C, Illinois 2nd Regiment, in Woodstock before Christmas.

Arthur Meyer, son of Mrs. Martin Gerda, who lives southeast of the Baptist church, was called from his position in the C. & N. W. offices in Chicago. He joined the above company last summer.

John Wiley, foster son of John Thies of Grove avenue, who has worked recently in the Ideal garage, is a member of the same company.

Fred Rogman of Franklin street joined company C last August. He has been absent from going to Springfield at present by the recruiting officer from the state who is in town Tuesday, because he is said not to be well.

William Manson of Chicago, who has spent part of his summers on his father's farm north of town, went with Battery D which he joined this winter.

Melord Here from Colorado Springs
Mr. and Mrs. P. A. Hawley, their son, James Hawley, and their niece, Miss Alice Horn, of Harvard, arrived in their automobile Sunday evening about eight o'clock from Colorado Springs. They left that city on Wednesday morning, June 14, at seven o'clock and reached Elgin at half past six Sunday evening. The distance is 117 miles; the first day they traveled 340 miles and on Sunday came in from Cedar Rapids, Iowa. The Hawleys left here on November 5 and have had a delightful winter, they are improved in health and have a record of 17,000 miles traveled in the new car which they purchased shortly before starting west. Miss Horn went to Colorado about two months ago.

To Give Closing Recital
The closing recital of Miss Alameda Plazze's piano pupils will be given on Wednesday evening, June 28, instead of the date first announced.

The public is invited to the Salem Evangelical church to enjoy the program and an admission of twenty-five cents is asked.

There will be about thirty students in place who will play solos, duets and two piano numbers. Three vocal pupils of Miss Elva Cyprian will take part and during last night, also fifty shares of stock were sold at the same time.

Card of Thanks
We wish in this manner to express our most sincere and heartfelt gratitude to the many friends and neighbors who so kindly volunteered their help, sympathy and acts of kindness during the illness and since the death of our dear mother. May the Father return to you your kindness an hundred fold.

SCHOOL CHILDREN TAKE INTEREST IN FLOWERS

The wild flower exhibit was held at the school building Wednesday afternoon, June 14, in which all of the grades took part. Fifteen little people of the first and second grades had made collections. William Cannon carried away the first ribbon on his splendid exhibit of sixty different flowers. Edward Gleske won the second ribbon and Anna Bierman third.

Twelve pupils of the third grade entered the contest. Eva Lytle won the blue ribbon, Cora Schwenn the red, and Elida Klugeberg the blue.

A large number of the fourth grade had flower booklets, many of which had been started before the school Welfare committee of the Woman's club offered ribbons on the best work. Justine Spangler, with a collection of fifty-seven different flowers, won the blue ribbon; Johanna Gerda took the red ribbon and Anna Peck the white.

Five pupils of the fifth grade entered the contest. Emma Walbaum won the first ribbon, Erik Smith the second and Eva Abbott third.

There were six pupils in the sixth grade who had made collections of the wild flowers. Clark Harrower, with over fifty different flowers, took first; Esther Berlin second and Kith Cannon third.

In the seventh grade four pupils entered for ribbons. Constance Calkins with seventy-four flowers, the largest collection in the building, took the first ribbon, Estelle Butler with a collection of fifty-five took second and Adele Walbaum with the same number took third.

Two pupils of the eighth grade entered the contest. Rosa Walbaum's collection took the blue ribbon and Ruth Dorvald's took the red.

The work as a whole was nicely done and the task of judging was difficult. The pupils have shown much interest in this work and it is the aim of the School Welfare committee to make this a much larger and better exhibit at the close of the next school year.

New Business Building for Barrington
John C. Plazze will build a new brick building to the fast improving business district of Barrington. Work of tearing down the frame building which he bought of Philip Hawley will be begun by workers Monday and by July fifth the brick layers will take charge.

It will be a modern one story structure with plate glass and pressed brick front. An opening will be constructed into the main Plazze building.

The old building has always been a center of business in the town. It was put up by the firm of Ormsby and Wilmer about 55 years ago. They conducted a general store there for several years and then rented to Leroy Powers who occupied it thirty six years, during about ten years of the time he was postmaster and the post office was kept in the building. The old letter box in the corner can still be seen. Philip Hawley bought the store nearly ten years ago.

Artificial Flowers for Sale
These flowers are large and showy, and, considering the workmanship, the quality of tissue used in the manufacture of same, our prices are exceptionally low. They may be had in any color desired. Send samples and prices at the home of L. E. Murphy, Main street.

AT THE CHICAGO THEATRES

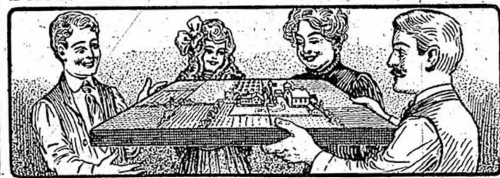

COLONIAL.
The wizardry of the stage has transformed all those delightful characters in Robert Louis Stevenson's "Treasure Island" into real flesh-and-blood men, and they appeared at the Colonial Theatre, Chicago, last Monday night.

There can be no gaining that it adds a lot to one's enjoyment of a play to be thoroughly familiar with the story. Probably there is no other tale of adventure which has ever been told, better known than "Treasure Island," and the playwright, Jules Eckert Goodman, has had the good judgment to stick pretty close to his Stevenson.

For four acts the attention of the large audience was riveted upon the familiar scenes which were passing on the stage. There was no need of reference to the program.

Charles Hopkins, the producer, did not stop with his efforts to give "Treasure Island" the most lavish scenic investiture. He gathered together a company of exceptionally high merit.
