Read the advice on measles published

Joining the Red Cross does not mean  
that you must give active service in the  
trenches or in the field; it gives mean-  
ing to you as a part of that flow, strong  
organization of which President Wil-  
son is the head, whose trained staff is  
available at all times to give aid and  
comfort in any catastrophe, such as  
earthquake, epidemic or flood.

women of the city to come forward and  
take positions in their factories which  
will be vacant when the Woodstock  
company of the national guard is  
called into service. In addition to the  
making of typewriters, the Oliver com-  
pany is engaged in manufacturing  
goods for the government.

The Red Cross society is not a new  
thing, but a very old movement. We  
have all neglected its good work too  
long. It is the leading institution of  
the times over for women. It means  
national service, "doing your bit." Bar-  
rington is to be congratulated for its  
solid, established and a God-fearing  
Red Cross auxiliary. Other suburban  
towns, much larger in population, are  
not making room for a smaller and less  
useful to go to that city, but the man-  
agement was referred to the Chicago  
headquarters. Our women are  
well for their reputations as loyal  
Americans.

**Finishing a Telephone Talk**  
IT is always good practice to finish  
your telephone talk by saying  
'good-by.'  
If you hang up the receiver without doing so,  
the party to whom you are talking may continue  
to talk or at least remain at the telephone, wasting  
his time and keeping the line from being used  
by somebody else.  
The 'good-by' at the end of a telephone talk is  
an infallible signal to hang up the receiver without  
delay—it terminates the telephone talk graciously  
and effectively.

## ITEMS OF INTEREST TO LOCAL PEOPLE

**Happening of the Week** Will be short paragraphs—Walt's Deling in and Near Our Hoisting Village.

William Mames of Chicago came to Wednesday to inspect his farm north of town.

John E. Caylor, of North Harley street is out this week after two weeks illness with pleurisy.

A number of sets of Burroughs' Nature Studies have been purchased by the library committee and placed in the library for public use.

Mrs. Anna Sandness, niece of Fred Sandness of this street, will be graduated this morning from the training school nurses of the West Side hospital, Chicago. Her cousin, Miss Marie Meyer of Wisconsin will also be graduated in the same class. Among those who will attend are Misses Amanda Sandness and Emily Gilly of this village.

A great many women of this village do not seem to understand that the Red Cross organization belongs to everyone who cares to take a member, or who cares to help with the work of the organization. If you are a patriotic woman, volunteer to join or work for your country's soldiers or for the relief of suffering in our land. The Red Cross is nearly three decades old and has done much good everywhere in times of trouble, but of course war times makes it more useful by the great numbers of people. They don't want to be "labeled" in join, or shamed into it, has dropped in for your interest and assist in all little affairs and lodge and club duties are not as important today and women should know that the Red Cross is more serious than is realized in this inland town.

**Salen United Evangelical Church.**  
The rain last Sunday morning kept quite a number away from this Sunday school and Percie's Day services at the Salen United Evangelical church. But those who were present enjoyed the special program. In the evening a good service was present to enjoy the excellent songs by the excellent choir of the church.

The services in the Salen United Evangelical church, Sunday to which the readers of The Review and their friends are heartily invited, will be 9:15 a. m. Sunday school, song and preaching service, in the English language.

11:00 a. m. preaching in the German language by Rev. A. Huelsen, pastor of the Congregational church who now resides in Barrington. All are cordially invited to hear him.

All the members are urged and friends are to be present at the use the three prayer meetings held on Thursday evening, of each week at 7:30.

"For my house shall be called houses of prayer for all people."

"The church with our members constantly in prayer."

"And when the day of Pentecost was come, they were all together in one place."

**CLEAN UP AND PAINT UP TO REMEMBER "FOR REAL" Signs**  
President E. J. TERRY  
L. B. BAKER

It is not surprising that houses which are for rent should be without tenants, because in most cases such houses are unattractive, the steps are unclean and the porches not in repair.

The number of vacant houses on any street is due to the negligence of the landlord himself. It costs him nothing to try to find for them a desirable or a new house. He can rent it, it was not his fault that anything is out there, either on his own lot or on the little of other real estate firms, and these ladies were not existing in the hands of the landlord. A few houses of the desired type, but the houses were not in good condition. It is true that some of the landlords are trying to make certain repairs for a good tenant, but it has been my experience after years in the business, that it is better to make a better type house than and you will surely get a tenant. Houses that are kept repaired and painted not only rent better, but they greatly improve the looks of the city.

Mathias, it develops, wrote to the President, saying:

"I am unable to say whether I am a friend of Mr. Richard C. Lutz or a lunatic. Come and get me. I ought to be locked up."

Mathias was met by President Wilson protesting against this country participating in the war. Some of the letters were signed "R. B. B."
