It tells the story of Lemuel Gulliver, a ship's surgeon, who is blown off course and lands in the land of Lilliput. The story is a satire on the politics and society of 18th-century England. The book is divided into four parts, each describing a different land Gulliver visits. The first part, "Gulliver's Travels into several remote parts of the World, in the Years 1699, 1700, 1701, 1702, 1703, 1704, 1705, 1706, 1707, 1708, 1709, 1710, 1711, 1712, 1713, 1714, 1715, 1716,
