

Just Between You and Me

By Leslie B. Paddock

Now is the month of March and the birds are here to stay. We are determined to make the library a village institution, the next important step is the selection of a board of library trustees to control the property.

The time when trustees for such a board will be publicly named is not far distant.

In their selection one important fact should be borne in mind. That is, the women organized the library and have been the chief force for a number of years. In their skillful hands it has grown from the embryonic stage to a well recognized, public institution with an established place in the community.

What more fitting than that the new library board should include at least three members of this Women's Club.

Astute from the fact that they are entitled to the honor, if honor it be, let us remember that they are the ones who have labored so long in the library and that there will be no groping in the dark if several experienced members of the club continue to have a voice in the management of its affairs.

FARMERS SUFFER IN FREDERICK COUNTRY LOCAL VICTOR SAYS

Donald G. Gill, Bank of Fred Trip to India, Commemorates His Birth Here and There

Mr. and Mrs. Daniel C. Gill returned Tuesday from Patriot, where they had been visiting Mr. Gill's brother, Charles, for several weeks.

One of the things which impressed Mr. Gill was the great change in the part of the country. Farmers there are not as numerous as in the country where the principal industry is feeding live stock which makes the price of meat high. The sharp decline in prices brought about this fall and winter.

He found that the feed lot yards summer and then had to dispose of their live stock at a premium price. Farmers are not apt to their farms to liquidate themselves, Mr. Gill stated.

Local farmers who are complaining about the low price of milk have not much to complain of, this is due to the fact that they have not had a rise in the market.

He found that the feed lot yards

GET RIGHT OF WAY FOR CHICAGO ROAD

Davis Awarded \$1,664
Acres of Land

ONLY ONE HOLDING OUT

Settlement Has Been Made With All Other Property Owners

Price, 1918

The last obstacle to the securing

of right of way for the Northwest highway from the village to the town was removed Tuesday when a jury in Judge Rutherford's court awarded \$1,664 to the plaintiff, A. Davis, for the one acre of land owned by him which will be taken for the right of way.

It is felt that obstacles are removed. It is highly to be desired that this verdict, for Mr. Davis, has appealed the case, it is understood.

Settlements have been made with other property owners and the one who has the right of way will pay without resort to court action.

— Where Road Will

The owners, amount of land taken and amount paid for the same are as follows:

Louis Eittrick, 2,153 acres, for which he will be paid \$54,675.

Charles Helm donated 695 of an acre for which he will be paid \$1,664.

John N. Miller donated 1,100 of an acre for which he will be paid \$1,664.

John N. Miller will receive \$1,664.00 for the 5,537 acres of land taken.

The property owners, with Davis, are all in Palatine township, and the highway will run through the center of the county where the principal industry is feeding live stock which makes the price of meat high. The sharp decline in prices brought about this fall and winter.

FARMERS MAKING BLANKETS FROM WOOL THEY POOLED

Wood Hunt to Market at Fair Price Is Being Utilized by Owners for Making Blankets and Robes

This year's outcome of the Illinois Agricultural association wool pool is good. Farmers are not reverting to the old days when grandmother shelled her worsted and the baby was shelled in a shawl woven by the farm folk.

The wool marketing department of the I. A. A. is taking orders from farmers who want to make their own blankets and robes.
