Worthwhile Ideas for Ambitious City in Canton's Story

By LESTER D. COLBY

Illinois, Oct. 24.—When I wrote in the story of Canton I forgot to have at hand some sample ideas. For two years I have been traveling about the country from Calvo to Rockford and from Quincy to Danville seeking materials that may be recited and reprinted in the "Story of Illinois." But I somewhere have found a story of great human interest or one that I believe will be of wide interest. I have the story. I have a copy of Canton. I seem to have found an epoch of the human mind; a question of what a chance can be created with united effort.

Canton was one hundred years old this year. The city contains 10,000 people in a wide, sparsely populated, semi-rural, semi-homestead, semi-farm-homestead, semi-simply and with stream names—these suddenly to start from bloom? It didn't seem possible.

It was a rainy, nearly turn-of-the-century, wonderland that still smells of the forest. I found them on every turn. Some seemed to have come from the Orient. One could not understand the variety of purpose which could do a thing like that. I sought and found it out.

Canton Wakes Up
I do not hope here to be able to tell all the things that have been taught me. I can only tell a few in brief, in articles that pose as a past era or question their motives or reactions. But I do hope to tell all the things that have found a newer and better way. It is important to record that Canton, after 100 years, has had an amazing awakening.

Canton this year wanted \$15,000 to that everything might be done to make the city a better place to live in. It got it. Canton wanted \$45,000 for its Y. W. C. A. and \$29,000 for its M. C. C. It got both. Canton does not want to have an acre park, an eighteen-acre athletic field, a baseball diamond, a large concrete, a wading pool, a park house, playgrounds and a place set apart for a playground. It is believed that Canton, after 100 years, has had an amazing awakening.

We presented the name of this city, Canton. It can't be caught—not any more.

Col. B. M. Chiperfield, who has been active in "selling" the people of Canton on the parks and playgrounds and swimming pools as investments in placed business make comment:

"I am glad to see that it is 'Our Own' in the 'Cats.'

Schools Musical Groups Entertain

The Barrington public school presented the work of the band and orchestra and glee club in an entertainment last Friday evening which was witnessed by an audience almost filling the school auditorium to capacity.

The band, under the leadership of W. N. Sears, and the orchestra, under the direction of Mrs. John P. Young, played several numbers, some being played by the glee club, some glee club numbers were demonstrated by the students.

The audience was apparently very much pleased with the entertainment and the school administration expressed satisfaction over the facilities afforded for such entertainments by the new school auditorium.

Asylum Patient Killed by Auto

J. C. Hanson, a patient at the state asylum, who while family members recently moved into the James M. Gray farm in Cuba township, was found dead in the Fox River Tunnel, Monday morning.

Hanson was a paroled patient, assigned to the farm cottage at the asylum, and it is believed that he wandered away and was struck by an automobile.

Coroners decided that it wanted paving. So it got, this summer, 22 blocks of concrete at a cost of \$100.

CERNOCKY'S OPENING DANCE WELL ATTENDED

Louis Cernocky resumed Saturday night dances at his attractive new dance hall, the Cernocky, with a reopening party last Saturday night which was very well attended and was a pleasureable affair. Music was provided by Frank, the old pipe orchestra of Elgin, which is proving very popular with dancers and spectators. This second opening from Cernocky is to be present at Louis' re-opening, and in a letter to the Review, Cernocky expresses his thanks for their attention and states that he hopes to see them then during the season.

Mr. Cernocky announces a big Halloween dance for the coming Saturday night.

Suhr's Observe Golden Wedding

Rev. and Mrs. Theodore Suhr, El Cajon, Calif., recently celebrated their golden wedding anniversary. They are the parents of Rev. T. C. Suhr, missionary to China, who, with his family spent the past year in China, and the elder, the Rev. Mr. Suhr, who is a pastor of a Baptist church in Barrington.

Rev. Suhr has a large circle of friends and acquaintances here who will be interested in the following report of their golden wedding, taken from a California newspaper:

EL CAJON, Calif., Oct. 12.—The golden wedding anniversary of the Rev. and Mrs. Theodore Suhr, was observed in a very beautiful manner at the church Sunday afternoon and in a reception which was held in the parsonage at 5 p. m., at which relatives and intimate friends were present and a large number were held in the hall of the church. The reception was held in the parsonage and the bride and groom exchanged their oaths which the public was invited. Mrs. Pauline Eaton of Angelus, Los Angeles, was the maid of honor.

Rev. Suhr, a graduate of the University of Illinois, and Mrs. Suhr, a graduate of the University of Illinois, were married in 1895.

The audience was apparently very much pleased with the entertainment and the school administration expressed satisfaction over the facilities afforded for such entertainments by the new school auditorium.

County Adopts Rules Governing Subdivisions

Wide highways are to be preserved, generous sized lots and building setbacks provided and a stern and vigorous enforcement of the rules are to be assured in Cook county as a result of the county commissioners adopting a set of regulations governing subdivisions of land.

The county already has adopted a set of regulations which are to be effective in the fall of this year.

President Anton Colton and the Cook county commissioners voted to adopt the regulations at a meeting held yesterday.

It is the first time that the county has adopted regulations of this kind.

Under the new rules, the width of the roads will be at least 40 feet.

Section lines also are reserved for this minimum 40 foot width, and a half mile away the half section roads will be at least 30 feet wide.

Widths of 60 feet, 70 feet and 80 feet are also provided for in the regulations.

Under these regulations, all state roads are to be at least 40 feet wide, and state aid roads 30 feet wide.

Clubs and Societies

About thirty-five Epworth League were in attendance at the Fellowship Hall and devotional meeting last Sunday evening. A delicious luncheon was served. A delightful afternoon, Mrs. E. F. Kirby of Lincoln avenue was chairman of the entertainment committee.

WORLD NEWS IN BRIEF
Twelve citizens of C. L. Hazelton, Cannon-Gaudy, W. V., all having some bearing with the "Liberals," Lester, Louis, Laura Lee Leinen, Lillian, Luther, Louise, Lucille, Lawrence and Lenora.

In an attempt to blow the safe of a lumber concern at Lamont, Ill., an uninvited yeggman was killed by the police.

In the first of the Deutschlands arrived in New York from Germany were 20,000 canaries imported for the Christmas trade.

Sunday evening Fellowship will be as usual. An excellent program will be presented together with excellent refreshments. The devotional meeting will follow.

McCreary will talk on the subject, "The Epworthian's Good Times—Anne's His Friend." A find topic and a good one.

Those interested are cordially invited to attend these meetings.

The Monday Legion meets on the second Monday of each month at a strictly business affair, according to Commander Cummings of the Presbyterian church of that city. Miss Leonie Marce, daughter of Mr. and Mrs. Fred and Fritzie Evanger of Rock Island were witnesses.

The bridegroom and his brother, Mr. William Marce, are in the meat packing business at Rock Island. Mr. Marce, before his marriage, was a partner in the business for the past three years in the Chicago offices of the Standard Oil Co.

Party at Hillcrest
An informal party held by Mrs. Anna and Miss Jessie Hartman of Hillcrest Saturday evening, last night, was quite a success in spite of the inclement weather. Among those attending were Mr. and Mrs. John W. Douglass, Mr. and Mrs. Gottlieb Kuhns and Mr. and Mrs. Edward Kuhns.

Surprise Party for Mrs. Engel
Eight Barrington residents surprised Mrs. Clarence Fogel of Main street with a surprise party for her birthday yesterday. They played "hot and cold" and had lunch.

Mrs. Catherine Smith, 70, returns to England from this country, declared that in America "it's nothing but a struggle and you have to work hard."

Worthwhile Ideas for Ambitious City in Canton's Story

(Continued from page 1)

and that is an integral part of business, though the ownership lies in the hands of the City of Canton. Mr. Vice, president in manufacturing, came down to Canton a few days ago and found himself a

little surprised at the amazing and rapid change in the public spirit of Canton, among many other things. He is the president of the local manufacturing secretary of the mentioned Chamber of Commerce, and to the work of the chamber he gives a high sign of commendation.

He says, to sell the public on the idea of the business on the solid basis of good, practical sound business, hasn't taken much time.

He says, "I think I'll have

the most judicious remark I

had in Canton was from a lawyer

who said,

"I am so busy and built our

public playgrounds there wasn't

a damn thing to do."

In that regard I felt that I got a

knock straight into the Canton that

as a example of what Canton

had been like. Canton

had and had noted that so many

of the things that go to put cheer in life are not to be found in Canton.

It was not pointed out to me, I saw it.

Such things usually develop slowly,

but they do. Here they

were to have come quickly, sudden.

That was why I asked questions.

In these twenty-six weeks of in-

vestigation I have learned a few

things about why they do

and I have found that why they do

I have found that they do

because in the heads of the average

resident of an industry are

not enough. That sort of life I'd

like to live in?

Will people be happy and

content here?

It is a good place in which to

raise a family?"

Happiness of mind and body,

and the overpowering importance

in city building, welding even greater influence than freight rates

and the like.

That's why I

believe the awakening of the

United States is friendly to

us and it can be an inspirational lesson to all of us.

It was Canton's, continental,

its hundred year of existence planned

to a mighty birthday party that

was to be a great celebration

park for a gala three-day celebra-

tion, that was the grand

grandeur for centennial incorporation

in everything it affects us.

So it starts off one of its sec-

ond century. Canton has written on

Gifted Trio Is Coming to Barrington Next Wednesday

EUROPE IS TAKING MORE OF OUR AUTOMOBILES

Washington, D. C.—That all of our automobile production is indicated by the figures just released by the Department of Commerce to the effect that there is an increasing demand for American passenger automobiles and automobile trucks. During the month of August, when the figures are not complete just \$29,234,456 worth of automotive products were exported from the United States. At the same time, the value of \$100 million dollars worth of automobiles.

The expert figures are above those of June and July and indicate very favorably, with the figures for the spring months, when the automobile business is always greater.

The United States and Canada shipped 1,000,000 passenger cars and trucks during August, the number being greater than the number to be shipped during the same month over the shipments in June and July was over forty per cent.

Argentina took the greatest number of automobiles, but there is a big increase in the number from Italy, Denmark, Great Britain and Belgium. The only countries which

showed a decrease in our automobile business were Mexico, Cuba and New Zealand.

Josephine Patti, who was in a child's foot race in Los Angeles at the age of 10, advises those who would live long to "work hard and eat little."

Jack Radcliffe, arrested at Freeport, Ill., after robbing a bank, had in his pockets a revolver, explosives and a woman's powder puff.

After observing Fire Prevention Week, engine company, No. 2 of Jackson, Miss., let their fire station

burn.

De Willo Semerau, a recognized master of the concertina grande, will introduce his specially made instrument at the first of the series of recitals to be given at the Auditorium of the Chamber of Commerce, which will be presented at the Barrington school auditorium on Wednesday evening, Nov. 4.

The company, a group of three talented artists with years of concert, chautauqua, and concert successes to their credit. A soprano, a concert violinist of wide range, a pianist of exceptional ability and personality, and a concertina player of unique and original qualities.

The program will also give, promise of a pleasurable evening.

Those who will go to the concertina, which pleased him, will also give a number of bird and animal imitations, which please him, and other selections, duets, solos, and other numbers hard to describe, but easy to enjoy.

GO RITCHIE DENOUNCES RUPTURE OF RUSSIAN GOVERNMENT

The practices of granting federal subsidies to states and the absorption of functions of the states by the federal government are denounced by R. Ritchie, of Maryland, who declared that the subsidies alone during the past year have amounted to nearly \$100 million, or about thirty-four millions of dollars.

"It has already given the federal government supervision over state roads, state hygienic and vocational and infant hygiene and vocational education and rehabilitation. The new, and now asking \$100,000,000 a year from the federal government for that. In what tendency is to go?"

Ritchie, a member of the House of Representatives, said, "I am for the right of self-government, but I am not for the right of self-government in every state."

SENTRY NEWS

In English class we have been learning a poem, "Columbus," by Joaquin Miller. Each one is to tell something of the life of the author. We have read the poem, and the Jones' fond hope that we may reprise this poem with more feeling. Some have been quite good, but others have done so well.

Mr. Smith has divided our teams again. We don't know the reason for his doing, but some of us have a guilty feeling.

JUNIOR NOTES

The tests are falling thick and fast upon us, we have our report cards to issue next Monday. On Tuesday come chemistry, English III, and shorthand, mostly exams.

The girls are still at it, starting to work graphs. Although it is quite puzzling, we are much enter- tained by it. Most figures seem to turn eventually when the sum of my thought abedias and abysm mean the same thing.

The girls have quite a discussion concerning the Junior and Senior party. We have finally agreed to on-

FRESHMAN NEWS

The Freshmen, being in their first division to induce went on a field trip last week. The boys were most surprised at the agility of the girls in the various field exercises. We wonder why the girls enjoy going down to pole room every afternoon?

The Freshmen have been given extra classes on needles and pins for they threaten them with a test that may come in any day.

BOYS ATHLETICS

Saturday, October 17, Arlington Heights came to Barrington expecting a good game and they found it. The fourth quarter was the most exciting. No large goals were made through either line. The first quarter Allen, the right end, captured a pass which netted about twenty yards. He made a number of good tackles. The only way the team could gain was around the ends or by an early attack.

The substitutes were: Gleason for Sweeny; Ernst for Wewetzer; Meekins for Ross, and Schroeder for Gitter.

On Saturday, October 24, Coaches Smyth and Lott and the football squad journeyed to West Chicago, where they played the Indians. The Indians had a record of 10-0. The usual consisted of fourteen eligible players who put up a good fight. They are planning to show the Barrington team a good game.

The following day the Indians beat by beating Gurnee next Saturday on their home ground. The eligibles are on the road again.

MUSIC

Last Friday a concert occurred the first concert of this year. The band under the supervision of Mr. Sease, furnished some very good numbers.

Many favorable comments were received by these respective organizations. The gym work done by the students was excellent.

The AUTUMN KIDS' FEAST Time: One autumn day when the apples were ripe, reddest, the grapes on the vine, the beans in the pods, and the yellow leaves were falling on the littering ground. Their cloaks are of purple, actors edged with gold reflected the midday fall sun.

The throne reats upon brown tasseled. Guards stand about them, in their red oak leaf hats with acorn buttons.

Synopsis

The King and Queen of the harvest planned a great party which they intend inviting all of the fruits and vegetables. Then send Jack Frost, as a messenger, with their invitation.

FORD'S HIGH PEAK

The Ford Motor Company's production of motor vehicles reached a new peak during the last week. Figures given out by the company Saturday afternoon showed that for the week ending October 26, the automo-

tive production totalled 49,000 cars and trucks, a record for any six-day period.

The biggest day for the week, which reached a new record, was last Tuesday when 5,666 cars and trucks were produced.

Always interesting news in the classified column.

Newspapers Help Safety Campaign

Newspapers are given credit by Secretary of State Louis N. Emmerich for aiding in decreasing the number of automobile accidents.

Statistics show that the number of accidents per automobile operated is decreasing. Mr. Emmerich says, "It may be either that the automobile has been a factor in the actual decrease in the total number of automobile accidents."

"It may be in a large measure," he adds, "that the publicity given by newspapers to causes of accidents. The newspaper is the most effective single force in the interest of greater safety."

Business Notices bring results.

To Clean Commutator of Hors. Clean the commutator of the horse motor once a month. Hold a piece of clean cloth, moistened with a little machine oil, against the commutator. The horn is being held.

Value of Visibility. Great manufacturers give the user a clear view ahead. Even when you have a secondary windshield (rain visor) or windshield wiper which will prevent snow or rain from obscuring the driver's view.

If you want to buy property "Business Notices."

1 You can now save as much as \$40 to \$60 on the purchase of an Oakland Six on time.

2 GMAC Time Payment Rates, always the lowest in the industry, are now even lower. They include Fire and Theft Protection for the purchaser, for one year.

3 You can run your Oakland Six for two months or more at a lower monthly amount you have in buying on time, but the Oakland Sixways are now \$70 to \$100 lower.

have been especially strong this year. There will be an exhibit of recently discovered varieties of crops contributed by the various experiment stations, and the personal charge of Professor M. O. Peace of Purdue University, and the U. S. Department of Agriculture and the State Agricultural Colleges will be present. There will be displays with a wide range of subjects.

Two hundred champion club members will attend the National Boys' Livestock Show at the Illinois State Fair, December 1-5. The occasion of the demonstration will be a practical study of the dairy industry, and will gather in the field house at the Sears-Roebuck Agricultural Education a few blocks north of the Illinois State Fair. The demonstration will be a cartoon of how calves are raised by boy and girl club members all over the country, and will be conducted by the agricultural students who are fitted for the show at the National Royal Show at the Illinois State Fair, December 1-5.

The international Livestock Show in Chicago. These calves were all dropped between 100 and 150 pounds, and will weigh 1,125, 1,132, and 1,100 pounds at the time of the show, eight thousand pounds at Christmas time. Several of them will be shown in the show, and they demonstrate adequately the foundation slogan of "4 half tons of prime beef in 100 days."

The international show of the farmers who gather at the field house will be held at the Illinois State Fair, December 1-5. The show will be a competition of the best of the country. The Kuhne residence on Main street, where she recently purchased, will be in a few weeks.

BARRINGTON REVIEW, THURSDAY, OCTOBER 22, 1925

ILLINOIS FARM BOYS WIN GOLD IN DAIRY JUDGING

Urban, Oct. 26.—Farm boys of Illinois kept up their reputation as dairy cattle judges by taking second in the national dairy cattle judging contest for boys and girls' club members which was staged in the Hudson River district at Hudson, N. Y., Saturday.

Last year the Illinois team took tenth in the contest, while the year before the team from this state was first. This latter team later went to London, England, and won first in the international contest.

The team from Illinois was composed of R. C. Nelsen, Clifford Erickson, and De Kalb.

A special evening entertainment

was given at the Illinois State Fair, December 1-5.
