

OAKLAND COMPANY
INCREASES SCHEDULE
OF CAR PRODUCTION

The Oakland Motor Car Company has announced that it will increase its production of cars to 100,000 a year. The company has been producing 75,000 cars a year for the past two years. The increase is due to the fact that the company has been able to secure a larger supply of raw materials. The company has also been able to improve its manufacturing process. The new schedule will be in effect from January 1, 1927. The company has been producing 75,000 cars a year for the past two years. The increase is due to the fact that the company has been able to secure a larger supply of raw materials. The company has also been able to improve its manufacturing process. The new schedule will be in effect from January 1, 1927.
