Trade your tires that Slip for tires that Grip!

Those smooth-worn tread means slipping—possible crashes, damage or injury. Why risk it—when you'll buy the mileage left in your present tires?

We'll give you, instead, new Goodyear All-Weather— the ONLY tires with those big, deep-cut, sharp-edged cross-hacks in the center. The "rip like cacti." Twenty winters have proved the All-Weather the safest and best non-skid tread. Far superior to tread with shallow indentations that clog up, or to tread with medium "sledder-run" ribs down the center.

Lowest Prices in 31 Years Highest Quality in History Lifetime Guarantee against any and all defects

Goodyear All-Weather tires are offered them at prices far below their actual worth. Fisher Sales, Duane Street, and complete accessories are but a few of their attractive features. See them for yourself—today!
