Stop wasting costly HEAT

Keep warm these frigid mornings! Line your attic with this unique "Wool" from Wool.

COLD, drafty, dry heat this frigid weather—no warm cozy no matter how wintry it is... Which kind of house is yours?

Here's a simple way to protect your home from winter weather and the wind. Simply tuck in this thick, flexible Balsam-Wool between the top story ceiling joists or roof rafters.

Balsam-Wool is the most efficient house insulation known. It actually approaches sheep's wool in warmth.

Installing Balsam-Wool is not a remodeling job. A few hours work and the job is protected for many years. Your attic will require. Come in today.

Do You Know This Man?

HE served the colors honorably during the late war. Is now a respected citizen of your community. Was a member of your American Legion Post last year. As a Legionnaire he identified himself with those great programs of Disabled Veterans Relief, Care of Widows and Orphans, Community Service, National Defense and Better American Citizenship. His power for good is great. As a man and a veteran he will continue this good work, as a Legionnaire. The American Legion needs this man. He must be found for early re-enrollment.

His 1931 dues are now DUE. He should PAY them—NOW—proudly and voluntarily. Cut out this advertisement and put it where he will continue to see it. HE IS YOUR.

Bring him in!
