## Noted Authority on Poultry Will Speak in County

Farm Bureau Meeting at Lake Zurich on Tuesday, Feb. 28

Educational meetings of special interest to poultry raisers, and to which the public is invited, will be held Sunday, Feb. 28, at the grade school auditorium, Grays Lake, at 1:30 p. m. and at the Lake Zurich high school, Lake Zurich, at 8 p. m. It has been announced that Prof. Walter B. Krueck, formerly of Purdue university, has been engaged as speaker, and will discuss poultry problems. Professor Krueck is widely known as an authority on nutrition and is a very forceful speaker with a real message.

Arrangements have also been made to give an educational film entitled, "The Father's Pledge." This is said to be an unusually interesting and instructive picture.

These meetings are being sponsored by the Lake County Farm Bureau in cooperation with the Lake County Farm Supply company, Grays Lake and Lake Zurich.

Since 1927, Professor Krueck has conducted extensive educational meetings in 27 different states, and he has become widely known for his interesting lectures on many different agricultural subjects. He has written many articles for the press and answers thousands of letters from farmers, who write and ask for his help on their poultry and livestock problems.

## Insult Bank in Mundelein Is Sold to Home People and Is Fully Reorganized

The State Bank of Mundelein is now a strictly home owned bank as the result of sale of all Insult holdings to residents of the community in which it is located. The sale was brought about through the assistance of Cardinal Mundelein of Chicago.

Samuel Insult's holdings in the bank, which had been gradually reduced, were gradually reduced. At one time the Insult family farm owned 125 per cent and consequently was the largest of the bank's stockholders. Insult owned a bank, a wholesale gasoline and oil business and also other enterprises.

Proceeds from the sale of bank stock were retained in the bank. A new set of officers and a new board of directors were elected.

## Treatment of Acne

Acne is an infection of the skin, usually affecting the face and back. It is often due to infection with the germs known as "staphylococci" and "streptococci." Infected tonsils may be contributing cause for the condition. The treatment for acne should be carried out under the direction of the physician. It includes the use of antiseptic solutions or salves, regulation of the diet, and sometimes X-ray and ultra-violet ray treatments.

## Fish Not Disturbed by Noise

Contrary to popular belief, says a dispatch, noise does not disturb fish, and anglers do not need to keep quiet while fishing.

## American Citizens

## County Clerks Still Refuse to Give up Ballots for Investigation by Weber

The battle to gain possession of the ballots cast in the tenth congressional district at the general election, November 8 continues with county clerks hanging on to those in their possession.

Although a subpoena was issued by Frank T. Fowler, designated as a commissioner by Charles H. Weber, a democratic candidate, ordering County Clerk Lew Hendie to give up the ballots, the Lake county clerk refused to do so.

Hendie stated that his position would be the same as County Clerk Robert M. Sweitzer of Cook county who refused to produce the ballots on the advice of South Trimble, clerk of the house of representatives.

Hendie did, however, produce the poll books, tally sheets, and the record of the canvass. These were identified as exhibits and the wards of Cook county representing Weber and James Simpson Jr. of Wadsworth who was elected on the basis of the official canvass, appeared to scrutinize these records.

The Southern cross is a constellation situated near the Antarctic circle. It consists of four bright stars. The two brilliant stars, which mark the summit and foot have nearly the same right ascension. The constellation, therefore, is almost vertical when passing the meridian, and these two stars act as pointers to the Antarctic circle. The constellation becomes visible at about north latitude 30 degrees, but haze and fog near the sea horizon will usually obscure it until a latitude six or seven degrees farther south has been reached.

## To Take Action Against

Off Companies Failing Tax

Attorney General Otto Kernar has made plans for immediate legal action against all motor fuel distributors who have failed to pay the state tax in accordance with the law. All uncollected taxes have been turned over to him by Director Joseph J. Rice of the finance department. Examinations will be made of the companies' books and the finance department aims immediately to cancel the license of any dealer who fails to pay the tax.

## Long Service for Employees

Thirty-nine persons in the employ of Vickers-Armstrong of Newcastle, England, have had more than 50 years' service with the concern and are still working. Two brothers now serving on the airline or board have a total service of 132 years.

## Bury Their Heads

At night birds bury their heads in the feathers on their shoulders, but never put their heads under their wings. Most birds sleep on their feet, squatting down, but a few sleep standing on one leg, with the other drawn out of sight.

## Wants Hospital Bill Paid From Accident Policies

R. G. Criswell, member of the house of representatives, from Murphysboro, has introduced a bill for an act in relation to contracts of insurance of persons against bodily injury, disability or financial loss resulting from accidents. This bill is for the protection of hospitals and other institutions that are forgotten when personal injury insurance is paid. This payment is generally made after the patient leaves the hospital and the patient quite often neglects to pay the hospital bill after he has recovered.

## Bill to Eliminate Religion in Teachers' Qualifications

## WOMAN LOST 20 POUNDS IN 4 WEEKS

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 years old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and further more I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFEST, harmless way to reduce as tons of thousands of men and women know.

For your health's sake ask for and get Kruschen at any drug store—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.

## CANST THOU BEAT IT?

Consider the editor! A child is born unto the wife of a merchant in town. The physician getteth 35 plunks. The editor writeth a stick and a half and telleth the multitude that the child tippleth the beam at nine pounds. Yea, he lieth even as a centurion. And the proud father giveth him a Cremo.

Behold the young one growth up and gradueth. And the editor putteth in the paper a swell piece. Yea, a peach of a notice. He telleth of the wisdom of the young woman and of her exceeding comeliness. Like unto the roses of Sharon is she, and her gown is played up to beat the band. And the dressmaker getteth two score and four iron men. And the editor gets a note of thanks from the sweet girl graduate. (Maybe!)

And the daughter goeth on a journey. And the editor throweth himself on the story of a farewell party. It runneth a column solid. And the fair one remembereth him from afar with a picture postal card that costeth six for a jiltney.

Behold, she returneth, and the youth of the town fall down and worship. She picketh one and lo, she picketh a lemon. But the editor calleth him one of the promising young men and getteth away with it. And they send unto the editor a bid to the wedding, and behold the bids are fashioned in a far city.

Flowerly and long is the wedding notice which the editor printed. The minister getteth his bit.

The editor printeth a death notice, two columns of obituary, three lodge notices, a cult of poetry and a card of thanks. And he forgetteth to read proof on the dead, and the darned thing cometh out "Gone to Her Last Roasting Place."

And all that are akin to the deceased jumpeth on the editor with exceeding great jumps. And they pulleth out their ads and cancelth their subs, and they swing the hammer even unto the third and fourth generations.—Eagle, Delano, Minn.

## A FEW BUM CUSTOMERS

We have heard several complaints from fellow business men recently about ungrateful credit customers who threaten dire results when pressed for the money they owe. We appreciate just how the merchants feel because we have transacted business with undesirables of the same type; but our advice to others in credit lines is "operate your store on a business basis and do not worry over bad after effects."

One grocer complained about an account he had carried six months. The customer's income had been cut to the bone but he still had an income. The grocer pressed his customer for part payment of the account. The latter stopped trading with him, threatened to inform all of his friends and neighbors about said grocer's "unreasonableness," and incidentally failed to pay the account. A hardware dealer wrote a strong letter to one of his customers urging part payment on an eight months' old account. The customer answered with an insulting letter in which he threatened to do all of his business somewhere else in the future and to let his many friends know of the high handed methods employed by Mr. Hardware Dealer.

Neither the grocer nor the hardware man have anything to worry about in these cases except the possible loss of the money owed them. Citizens of the above described type are in small minority in Barrington and have little or no influence with their friends. The large majority of people who trade in Barrington are honest, appreciative, and are willing to cooperate to the fullest reasonable extent with every merchant who gets their business.

## OUR WASHINGTON LETTER

By National Editorial Association  
(Special to The Review)

CONGRESS has been talking considerably about the control of production in industry and in the control of crops in agriculture. Various proposals have been submitted at this session and others are in the offing for the special session. As a sideline of the control of crop production is the boycott of various foreign products now carried on under a propaganda campaign called "Buy American." This activity is largely predicated on the theory that America is self sufficient, and that home-made goods should be purchased to the exclusion of foreign products. There are many arguments in favor of the plan. Unfortunately science has progressed to such an extent that substitutions are now available for many articles—a factor which would break down stabilization of prices. There is a wide divergence of opinion as to the effect of control of production on unemployment. The troublesome matter will probably be threshed out at the next session.

REACTIONS from the attempted assassination of President-elect Hoover forebode the tightening of restrictions against aliens and liberty in providing expenses for secret service. This special government agency is one of the hardest working groups and probably underpaid considering the importance of their activities. There are few more in the secret service whose pay is about \$2000 a year. Aside from the protection of the president and his family the secret service operates as a counter force against the suppression of counterfeiting and the handling of narcotics. Morgan told the house appropriations committee recently that he was economical of the president and his family. Seven men after July 1, although he really needed 20 new operatives. The Miami trophy will undoubtedly increase in the future.

THE REPUBLICAN ORGANIZATION is preparing for its new role as a minority political party. On Monday next the G.O.P. chieftains will divide on the strategy they will adopt when they are shown of their power on March 4. The national committee will meet to discuss the rebuilding of their national political machine. There are several vacancies in the national committee, which will probably be filled. Attention will be given, particularly, to the publicity program.

THE CONFERENCE of the new president with the governors of the various states is expected to have definite results. The exchange of ideas between the chief executive of the nation and the state executives will probably feature taxation problems. Multiple tax levies by the state and federal governments in the same line and scramble for revenue are regarded as a real deterrent to economic recovery. Apparently, the conference is expected to bring about a better understanding among officials.

BUSINESS LEADERS of the country who were summoned to testify before the senate finance committee are wondering whether any of the ideas they advanced will be incorporated into legislation. The opinions of these national figures were sought by the senate in an effort to provide additional revenue might be raised by taxing the local business houses for license.

There are two groups of property tax payers in Barrington—those who pay taxes on their homes and those who pay taxes on their business properties. Some men are in both groups. Business property is assessed higher than residential property, both as to real estate and personality. Thus a man earning a living in Barrington is already paying additional taxes for the privilege of earning a living here.

The business section of Barrington carries a material part of the burden of supporting the schools, police department, fire department, etc. What folly it would be to kill the goose that lays the golden egg.

## NOT SO BAD

Commercial failures for the year 1932 reached the high record for all time in both number and amount—but even that high record consisted of less than two per cent of the mercantile concerns in the United States.

In other words, more than 98 per cent of the commercial concerns in this country have weathered the most severe depression in modern history.

This is convincing evidence of the rugged strength and the determination of the American business man to succeed.

for the depression. The difficulty in writing the age coupled of these veteran leaders into legislation is the unwillingness of some legislators to accept outside advice. They would prefer to have the world believe a successful method of dealing with the depression originated in their own fertile brains. This attitude has been largely responsible for the scuttling of worthy reconstruction measures. The bankruptcy bill has been delayed largely because of a few senators.

LESS THAN TEN DAYS remain before the gavel falls on this session of congress. The calendars are cluttered with thousands of bills, which have little or no chance of enactment. The authors of various measures which they regard important either to themselves or to the country are scurrying around to make deals, which will insure a vote. There are indications that filibusters will develop effective when a definite action on vital legislation.

PASSAGE of the prohibition repeal bill in the senate was unexpected. The real fight now shifts to the states where it must be ratified by convention within seven years. The belief is expressed in some quarters that the senate's action was taken too late this session to permit certain state legislatures giving consideration to the measure. The scheme of state ratification is also confusing.

## State News

The annual Lincoln dinner of the Peoria Bar association was held Friday evening, Feb. 10 at the Peoria Marquette hotel in that city. Total Barrington Taxes for '31 Are Cut 15 Per Cent

Personal Property Bills Mail-ed Out; Collection of \$17,000 Reported

Personal property taxes totaling \$17,000 were asked for in notices sent out this week by J. C. Plager, deputy collector of Barrington, when the board of assessors met in regular session. This board of taxes due on personal property is more than \$7000 less than the total based on 1930 assessment in spite of threatened increase in assessment on personal property. The total reduction in personal property taxes in Barrington township is \$2000.00.

The personal property and real estate taxes for the last two years follow:

1930 1931

Personal property taxes \$17,000.00 \$14,247.78 \$2,752.22

Real estate taxes \$24,000.00 \$24,000.00 \$0.00

Total \$41,000.00 \$38,247.78 \$2,752.22

The above represents the total reduction in the taxing authority. A decrease in tax rate alone or a decrease in assessment alone does not represent anything definite to the taxpayer, but a decrease in assessed value and in the amount of taxes paid are of almost importance. The decrease of \$2,752.22 represents a 6.7 per cent cut in total taxation.

The local collector has been "paid" to collect the 1931 real estate taxes on April 15 and the personal property taxes on April 1. If the bills are paid prior to those dates the expense of going to Chicago to pay taxes will be saved. The date on which the taxes become delinquent may be later than the date on which the taxes become due. It has not been determined definitely. A one per cent per month penalty is added to the taxes if they are not paid by the date on which the taxes become delinquent. If the taxes are unpaid beyond the date of delinquency, the date of delinquency is added to the taxes. Today only about \$17,000 of 1931 tax collections have been made. This is a small figure considering the fact that personal property tax books have now been sent for more than two weeks. It is expected that the second installment due in July. Personal property taxes are payable in single payments.

Country Meeting at Lake Zurich Tuesday Reported Successful

The poultry meeting conducted last Tuesday at Grayslake and Lake Zurich by the Lake County Farm Bureau and Lake County Poultry Association, was very successful.

H. C. Gilkinson, farm adviser, reported the need of sanitation in the poultry business, especially starting with the laying chicks. He emphasized the need of having quality chicks rather than poor chicks. He showed slides of a portable brooder house which he said could be moved to fresh ground every few days and to fresh chicks more readily.

Professor Walter Kruck discussed the poultry industry and pointed out that it was not the most profitable business for a year that interested the farmers which he was interested in. The Lake County Holstein breeders' association are also interested in the poultry business and poultry growers will hold a meeting at Franklin's restaurant, Libertyville, on Monday, March 6, beginning at 10 a. m.

Professor R. E. Rhodes of the Daily Herald's department of the University of Illinois, will be the principal speaker of the day. A very interesting program has been arranged.

Police Warn Auto Owners of Mar. 15 License Deadline

March 15 has been set by state officials as the final date on which automobile owners may be used on the highways and cities and cities with 1933 state vehicle license plates.

William Gallagher, newly appointed highway police officer, has received instructions to make arrests of all motorists driving cars without the new plates after March 15. On the weekend of the month, traffic police will be distributed along highways through villages and towns and officers to arrest all drivers of cars with 1932 plates. This practice was followed last year and despite the fact that many arrests were made, the number of cars without the new plates did not decrease. The practice of making arrests of all motorists driving cars without the new plates after March 15 is a very important one. Mr. Gallagher has called attention to the deadline, so that legal auto owners will make preparations to buy license plates and avoid possible arrest and court costs later.
