**An analysis contents give its in the rest of the state of about the price of a quart of milk) will run an electric refrigerator more than 30 Hours QUAR WHAT CONVENIENCE ... safe, carefree refrigeration coming from an electric outlet in the kitchen! And what a bargain! Only 9 cents -about the price of one quart of milk-keeps an electric refrigerator operating, keeps foods of all kinds SEE THE NEW dependably fresh, for more than 30 hours in the average home. REFRIGERATORS Switching on your electric service is so simple a thing, it is easy to overlook all the convenience it brings. Certainly your electric service is one of the cheapest items on your budget. For less than 6 cents it lights the

average living room and runs the radio for an entire evening. For less than 1 cent it vacuum-cleans the whole house. For less than 3 cents it speeds through a week's washing. For less than 1/5 of a cent it beats up a cake . . .

Can you think of a single thing you buy for your home that brings more convenience for so little money?
