Sugar Without Lumps
It has been recently discovered
that addition of about 1 per cent of
tricalclum phosphate to sugar will
not only prevent it from forming in
lumps as it readily does under certent atmospheric conditions, but adds
calclum is the element which supplies material for bone forming
which is deficient in the modern
ofour milling process so it makes
a very welcome addition to the dict.

lovented Wallpaper
The Chinese are credited with
having invented this household decoration. They first printed or painted it by hand. Later they developed a system of making it with
printing blocks. Some of the finest
wallpapers are still made by the
Chinese.
