public Service Co., Schotter No. 94
public Service Co., Schotter No. 94
public Service Co., Schotter Co., Everybody is Talking Pontiac!

15 miles or more to the gallon is what owners say the Pontiac Straight Eight gives them. And Pontiac continues to do so, even after thousands of miles of use.

Such operating efficiency can come from only one thing—and that is Balanced Design, which means that each part is scientifically balanced and related to all the others—so that all strains are equalized for uniform life and durability. This in turn means Balanced Value.

Come in for a demonstration. You'll agree then that Pontiac deserves its increasing sales.

Remember it takes all of these qualities: Economy-Durability-Comfort-Safety-Performance-Appearance (not only some of them) to make a modern car.

Ask for a copy of the FREE booklet-"What do you mean-Balanced Value."
