BILDEN GIESKE,
President of the Village of Barring
Cook and Lake Counties, Illis
Attested and filed this 17th day of July, A. D. 1963.

HIGHER PRICES Are Certain

Sharp advances in the cost of many of the paper stocks and the certain increase in cost of other lines make it advisable for our customers to anticipate their printing needs...

The paper jobbers tell us that the advance is directly caused by President Roosevelt program of increased salaries and the ir fluence he is exerting upon the producers or aw materials in many lines aside from pape products.

This firm is not adverse to increased salaries for the working man, but in view of the resulting higher paper costs, a rise in prices for commercial printing will inevitably follow. We earnestly advise you to anticipate your needs for printed supplies and place your order now in advance of the price climb.
