Nobody likes to be a fur-nace drudge. And not even the most skilled and loyal fireman can equal the comfortable heat of an Automatic ABC Oil Burner.

When you want a light, you flick a switch. But you can get heat easier than that—a temperature control flicks the

switch for you without the slightest attention or thought. ABC will give you twenty four hour heat, even, quiet, clean.

The purchase of an ABC

Oil Burner is true econo-my within the means of every home owner. The cost of ABC heat is much less than one would glad-ly pay.

Home Ownership

A New Idea

Careful planning and engineering by these manufacturers, or experts retained by them, have reduced the cost of the small house and improved its value. Neree before could one own a home with less invested and with smaller maintenance bills. All the value of these manufacturers' research knowledge and turrers' research knowledge and

more Pontiacs than any other ca in Pontiac's price range! Why Because they have found that this big, modern Straight Eight excels on all counts . , . as you will find when you see and drive it.

You get power in a Pontiac-more power than you'll find in an other automobile at or near in price—delivered far more smoothly by Pontiac's 77-horse-power Straight Eightvengion.

You get more speed, too-78 actual miles per hour. Yost
Pontiac bolds the road betterrides more comfortably-because
it's a big car, with 115-inch
wheelbase and well-distributed weelbase and well-distributes weight (3265 pounds, curb weight, for the 4-door Sedan). And it's the only car in its pricr range with the Fisher Ventila-tion System—greatest comfort factor since the development of the closed body.

There just isn't anything to com-pare with Pontiac at its prict. In Fisher Body beauty—in con-fort—in Straight Eight perform-ance. That's why America it buying Pontiacs. That's wh you'll prefer Pontiac, too.
